ENGINEERING EXPERTS ARE NOW IN THE CITY

Following the Visit of the Traffic Heads of the G. T. P. the Construction and Location Officials Are Now In Prince Rupert--Chief Engineer Kelliher and the Government Head, Collingwood Schreiber Arrived Yesterday

There is an invasion of the city by engineers now, following the visit of the Grand Trunk Pacific heads a few weeks ago. In the natural sequence the engineering department would be the first to arrive, as they are the men upon whom devolves the duty of locating the line and constructing it. They are the pioneers and only after their work is completed does scope appear for the traffic managers. The Prince Rupert yesterday brought the chief engineer of the Grand Trunk Pacific, B. B. Kelliher, and the Dominion Government engineer, Collingwood Schreiber, who, for a period extending beyond the average life of a man, has been filling the position he occupies.

Mr. Schreiber is 82 years of age, but he looks no older than he did years ago. He, moreover, shows little or no loss of vigor. Among the railway officials throughout Canada, Mr. Schreiber is held in the highest respect. He is exacting in his inspection, but is never unreasonable. In consequence he numbers all of them as his friends.

Interviewed here, he expressed general satisfaction with the way the work was proceeding on the Grand Trunk Pacific. He, however, showed a disposition to want to see the work finished and the line in operation as a transcontinental one.

In this view he was seconded by Mr. Kelliher and C. C. VanArsdol, who expressed their desire to see the work finished. There is evidently a growing desire with all concerned, as the days for completion approach, a feverish haste being manifested to get the road in running order.

Mr. Kelliher says the work is progressing very satisfactorily. He will, when he visits the line now completed from this end, proceed along the route to the end of steel from the eastward and continue his inspection there. It is doubtful whether Mr. Schreiber will find it convenient to spare the time to make the trip over the route where the work is not completed. He will return and go south by the steamer.

From the other end of the line the work is proceeding well. Steel has been laid about fifty miles this side of Tete Jaune Cache and grading is in progress at various points far beyond that point. Mr. VanArsdol, speaking of the bridge that is to be constructed across the river near Fort George and which it has been reported would be a very heavy undertaking, says that there is nothing to delay work there. The bridge is not a difficult one to build. It can, in fact, be constructed if there is necessity for it in a very short time. The bridge will not hold up the work for any time it is evident.

Mr. Kelliher says that his visit is one of inspection. He had nothing special in view in connection with his trip. The chief engineer, however, appeared to be more than usually interested in finding out how Prince Rupert was progressing. He manifested the deepest interest in the place and was pleased to see how it was progressing. The completion of the railway, he felt, would see a wonderful awakening and Prince Rupert would be a surprise.

Accompanying the engineers north was V. G. Bogue, the harbor expert, who is charged with the preparation of the plans for the port. He has come here in connection with his work in that direction and will spend a few days here carrying out plans for the making of the great harbor that he has in view for Prince Rupert.

FEAR KIDNAPPING.

London May 14.—Fearing his child may be kidnapped by militant suffragettes, Hon. Winston Churchill and wife have the infant under constant guard.

FORESTRY CONVENTION.

Canadian Gathering Will Be Held in Winnipeg This Year—Programme Now Being Prepared.

Ottawa, May 14.—The Canadian Forestry Association have announced July 7-9 as the date of the Dominion Forestry Convention to be held in Winnipeg. Arrangements are under way for what promises to be one of the most representative and successful gatherings ever held in the West. Delegates from all parts of Canada, and from many of the States of the Union, will convene in the Industrial Bureau Hall as guests of the Provincial Government and the City of Winnipeg, to discuss the problems of the forest resources of Canada.

The farmer's plantation, windbreaks and other phases of prairie tree growing will naturally occupy a large share of the attention of the delegates, but the protection of forests from fire, and kindred topics, will also be taken up.

The programme which is now in preparation, will be a most interesting one, and of this and of the convention railway rates to delegates, particulars may be had from James Lawler, Canadian Building, Ottawa.

Remember that Harry C. Evans, the pioneer piano tuner, is in the city. Leave orders at Hayner's. tf

Guatemala Settles With Britain

Washington, May 14.—Following the despatch of a British cruiser from Kingston, Jamaica, the Government of Guatemala has agreed to a settlement of the long-standing British claim, according to private despatches received here. What has been the subject of long diplomatic correspondence covering years has thus been quickly brought to a head by the presence of the British warship.

STRIKE AGAINST THEIR JUDGMENT

MINERS OF NANAIMO MAKE STATEMENT THAT THEY STOPPED AT INSTANCE FOREIGN LEADERS.

United Mine Workers, Who Form Small Part of the Collieries, Dominate Situation at Mines.

J. D. McNiven, fair wage officer of the Dominion Government, with headquarters in Vancouver, has been investigating the circumstances connected with the strike called in the mines of Nanaimo district by the United Mine Workers. Mr. McNiven interviewed the officials of the union, who informed him they did not want an enquiry held under the terms and conditions of the Industrial Disputes Act, as the present dispute would have to be settled between the mine operators and the United Mine Workers of America. Employees, not members of the union, to the number of 500 have requested Mr. McNiven that an enquiry be held by him at once, and he will in all probability accede to the latter request.

A committee representing the men outside the union has issued a statement which they desire to be given the fullest publicity, as follows:

"In September, 1911, an agreement between the Western Fuel Company and their employees, representing in the neighborhood of 1500 men, was duly entered into and signed by the said company on the one side and the said employees, represented by a committee of five, on the other. Previous to this agreement being entered into, a holiday was declared and a mass meeting called for the purpose of appointing a committee, said committee to be known as the 'agreement committee,' whose duties were:

"First, to confer with the operators and draft an agreement satisfactory to all concerned. This first duty they duly performed and in due time they submitted their report and proposed agreement to the men. The report of the committee was accepted and the form of agreement balloted upon and adopted by a unanimous vote. The committee then had the agreement permanently drawn up and signed by the company's representatives and themselves as representatives of the men. That committee's remaining duties are to see that the conditions laid down in the agreement are carried out to the satisfaction of all concerned.

"The same conditions exist between the Pacific Coast Coal Company and the Vancouver-Nanaimo Coal Company and their respective employees, the agreements being identical with the exception that they expire on different dates.

"Now in the face of this we have a strike declared by an organization which on February 11, 1913, had only 200 members in this district in good standing. (This information is from the secretary of the Nanaimo Local, U.M.W., Mr. Arthur Jordan.)

"This strike was declared by Robert Foster, district president, on instruction given him by Frank Farrington, representing the International Union U.M.W. of A., who forwarded said instruction, using the authority of President John P. White. These instructions were forwarded from Seattle under date of April 30, and the strike was declared on the following day, May 1, a strike planned for us by a foreign organization and in a foreign country and forced upon us without our being given a voice in the matter.

"We appealed for a voice in the matter at their meeting on the evening of May 1, and what did we get? We were abused and insulted from their platform by a foreign agitator, and were whipped into submission by the use of the words 'scab' and 'sucker' if we dared open our mouths in our own defence; treatment that any man, if a man, must resent.

"*In spite of all this abuse and intimidation* we still maintained that we were bound to live up to our agreement and continue to work under the conditions of the said agreement until the time (two years) had expired, but rather than go to work in an unsettled, unsatisfactory manner we resolved to place the matter before the men and give them the opportunity to ballot as to whether we should abide by our agreement and go to work or not. We engaged a suitable place and procured the necessary ballots, and what was the result? We were again subjected to insults and abuse, so much so that hundreds who would have voted had they been allowed to do so peaceably, were so intimidated that they dare not go near the polling station. Consequently the ballot was small, the vote standing 432 for work and 44 against.

"In view of the small ballot we agreed to refrain from work and advised those who voted to govern themselves accordingly, and here is where we stand. We refuse to admit that we are willingly on strike and while we are in favor of a union we absolutely refuse to become members of an organization whose tactics are so disgraceful. The U.M.W. of A. has forced us into a strike, thus violating the law as it is laid down in the Industrial Disputes Act, which reads thus: 'Every employee who goes on strike contrary to the provisions of this act is liable to a penalty of ten dollars for each day or part of a day that the strike lasts.'

"We do not try to defend everything that is embodied in our agreements with the companies, but we maintain that these agreements were entered into in good faith, and with our eyes open, and should be kept sacred and inviolate till the term of agreement expires. And in the meantime if the mine workers, not only of Nanaimo and district, but of the whole of Vancouver Island, would unite themselves they should be able to satisfactorily attend to their own business without the need of foreign interference of which we have had plenty of sad and costly experiences in the past."

MINISTER IS TO VISIT THE COAST

HON. ROBERT ROGERS TO COME TO BRITISH COLUMBIA AS SOON AS SESSION AT OTTAWA CLOSES.

He Wishes to Acquaint Himself at First Hand With the Possibilities of This Part of the Dominion.

Hon. Robert Rogers, minister of public works, hopes to be able in a few weeks, immediately after the close of the present session of the Commons, to visit British Columbia points, with the object of acquainting himself first hand with the port requirements on the coast in view of the imminent opening of the Panama Canal.

In an interview with Mr. Rogers at Ottawa, he said in this connection:

"The Government fully appreciates the requirements of Western Canada, and especially do we appreciate this in connection with the very evident and immediate necessity for the development of our harbors at Pacific ports, in order that they may be able to take care of the rapid expansion of trade in view of the early completion of the Panama Canal and the increased probabilities for extended trade with our Pacific ports. Some delay has occurred in order that full consideration might be given with a view of making sure that when final plans are approved they will be such as will undoubtedly meet the requirements of all possible future developments for years to come."

HALIBUT CATCHES ARE EVER INCREASING

George E. Foster Brought In 175,000 Pounds of Fish Yesterday to the Canadian Fish & Cold Storage Company's Dock--The Work of Unloading and Taking Care of the Catch Will Occupy the Staff at the Work All of Today

With the largest catch on record in these waters, the steam trawler George E. Foster, of the Canadian Fish and Cold Storage Company, reached port yesterday with 175,000 pounds of halibut. Coming so close on the large influx of the past few days, the steamer remained alongside the wharf with her enormous cargo aboard until today, when it will be taken out of the storage quarters and packed away for future consumption.

The continued success that is attending the vessels engaged in the trade here is an assurance that the port of Prince Rupert is the proper location at which to centralize the fish trade. This is the largest catch that has been made by an individual fishing boat. The steamer used only eleven dories, so that the average taken shows that there was little time lost in taking in fish while on the banks.

The other vessels of the fleet at the Cold Storage and at the other local packing houses left last night for the banks and will begin the taking of fish.

The success which is attending the operations is most gratifying to all engaged in the business. All that is now needed is the completion of the railway line to allow of the shipping of trainloads of fish to the eastern markets.

ALLEGED POACHING.

Vancouver, May 14.—The halibut schooner Valiant, of Seattle, was captured by the Wm. Jolliffe, charged with poaching off Triangle Island. The prize was towed here.

PRAIRIE TOWN BURNED.

Saskatoon, May 14.—After fighting a prairie fire all day and night the residents of the town of St. Andrew have managed to save a portion of the town. The loss is estimated at $40,000.

WESTERN FRUIT MARKET.

Where the Demand Exists for the Various Lines That Are Produced in Canada.

Fruit growers in Ontario, British Columbia and Nova Scotia are all alike interested in the capacity of the market in Western Canada for apples, and from time to time estimates of varying degrees of accuracy have been made of the total quantity received annually by the provinces of Manitoba, Saskatchewan and Alberta. Last summer the Dominion fruit inspectors assigned to these three provinces were instructed to take notes as to the quantity of apples shipped into their several districts and make a report to this office at the end of the season. These reports have been compiled with the following results: The total quantity of apples marketed in these provinces tor the season of 1912 was approximately 495,000 barrels, of which Ontario supplied 238,000, British Columbia 75,000, Nova Scotia 18,000, and the United States 164,000.

In addition to the prairie provinces there is a large and growing market in New Ontario which will afford an outlet for increasing quantities of Ontario apples. If we consider the present population of Fort William, Port Arthur, Sault Ste. Marie, North Bay, Sudbury, the Cobalt district, etc., we shall find that 60,000 barrels is a conservative estimate for the quantity of apples marketed in this section during the past season. The proportion of the above total supplied by the United States would probably not exceed 10 per cent.

This week this branch is shipping from the port of St. John, N.B., about 1,500 boxes of apples for the Canadian exhibit at the International Exhibition, Ghent, Belgium. The apples will be stored in London and shipped across to Ghent as required.

"Why don't you take a wife, old chap?"

"Oh, I don't know."

"You must have a reason."

"Well, the fact is I couldn't afford a 1913 wife on my 1902 salary."

PEACE IN BALKANS.

London, May 14.—Peace in the Balkans will be signed within a week, is the opinion expressed here in diplomatic circles. All the Turkish delegates to the conference here have arrived. The representatives of the other states will arrive within two days' time.

Outing May 24.

The Baptist Brotherhood will provide an outing on May 24. Launches will leave the Government Slip for Bishop's Bar, Metlakatla, at 12:30, 2:30 and 3:30. Men's tickets, $1.00; boys, 25 cents; ladies, with baskets, free. A most enjoyable way to spend the holiday on the sandy beach. tf

RAINBOW'S CREW BEING PAID OFF

THE VESSEL WILL THEN BE TURNED OVER TO GOVERNMENT OFFICER AWAITING ORDERS.

The Number of Men on Board the Cruiser Is Now Only 120—Service Not Popular on This Coast.

Victoria, May 14.—Within the next two weeks the complement of men of the cruiser Rainbow, numbering 120, will be paid off. The vessel will be turned over to a Government officer awaiting further orders.

The Rainbow's crew has been steadily diminishing and when it was not considered advisable to have the cruiser sail to Vancouver to meet him owing to the fact that the complement of men was not sufficient.

Empire Day Excursion

Per S.S.

Prince Albert

To Port Simpson

Saturday, May 24th

Under auspices of St. Andrew's Society

A delightful sea trip. Games, music and dancing. An unique opportunity of seeing the beauties of the North.

Tickets $2.25 up to May 22; 50 cents extra after that date.

Children accompanied by parents free. Tickets may be obtained at the principal stores.

EARLY COMPLETION.

While there is an evident desire on the part of the officials of the Grand Trunk Pacific not to build up too strong hopes in the breasts of the citizens of Prince Rupert with respect to the early completion of the railway, it is also evident that they see every prospect that the line will not be long delayed now. Everything is going forward well. The whole of the remaining section between the ends of steel is now under way, having been graded and made ready for the rails. If nothing out of the ordinary happens the citizens have very few months to wait for the through trains.

PROTECT THE IMMIGRANT.

The steps taken by the Hon. T. W. Crothers, acting minister of the interior, for the better protection of the immigrant, cannot but meet with general approval. Hitherto unscrupulous employment agencies have waxed fat on the fees extracted from immigrants ignorant of the conditions of the country, and, in many cases, of the language. The regulations which have been adopted in council will enable the immigration department to handle employment sharks with a firmer hand. Every employment agent must now display on his premises a license from the superintendent of immigration and keep a register of all immigrants placed, with particulars of wages promised, work to be performed, price for board, etc., and this register is to be open at all times to the inspection of immigration officials. The agent must not send immigrants to a position without having the written order of the prospective employer, giving full particulars. No order shall be filled if over two months old and all orders shall be open to inspection. No licensed employment agent shall charge more than one dollar, and the penalty on summary conviction for violation shall be a fine not exceeding $100, and in default imprisonment for not more than three months. These regulations were highly necessary to protect the fair name of the country. Nothing is more apt to dissatisfy and disgruntle the new arrival than to be roped in and bled by the waiting employment crook, who is wily enough to evade criminal prosecution for false pretences and against whom civil process is waste of money.

Meteorological Report.

May 14, 5 p.m.—Bar., 29.721; max., 48.0; min., 44.0.

W. J. Elmendorf and wife were passengers by the Prince Rupert. They are on their way to Stewart, where Mr. Elmendorf has interests.

SUPERINTENDENT OF WIRELESS HERE

E. J. HAUGHTON, WHO HAS CHARGE OF GOVERNMENT SERVICE ON COAST, IS IN THE CITY.

He Has Come on a Tour of Inspection of the Service—His Stay Here Will Be Only a Short One at This Time.

Among those who reached the city yesterday by the Prince Rupert was E. J. Haughton, superintendent of wireless stations on this coast. He is here on a tour of inspection and today is at the station on Digby Island. He expects to leave for the south by the Prince Rupert on Friday morning.

Mr. Haughton, who makes his headquarters in Victoria, served in the regular telegraph service for years before the introduction of the wireless system. He transferred to the new system with the opening of the stations on this coast by the Dominion Government and was finally given the post of superintendent on the Pacific. In this capacity the Government stations all come under his supervision.

Mr. Haughton is an enthusiast in the matter of the wireless and in no small measure it is due to his management that the system on this coast has been brought to the condition where it is to be relied upon at all times. The wireless has, therefore, been readily called into requisition when any wire trouble exists, and with good results in every case. The charge, moreover, is the same as by the land wire.

The new station at Alert Bay, Mr. Haughton says, is a model in every respect. It has all the latest improvements and is very satisfactory in its work.

WANT LARGE INTEREST.

Mackenzie & Mann Make Claim for $650,000 Worth of Assets in Mines.

Vancouver, May 14.—A case is being heard in which Mackenzie & Mann are claiming $650,000 worth of the assets in connection with the recent purchase of the Dunsmuir coal mining interests.

REPORT OF ROYAL BANK.

Comprehensive Review of the Financial Activities of the Whole Dominion.

A comprehensive review of the financial activities of the whole Dominion during the past year is contained in the forty-third annual report of the Royal Bank of Canada, which has just been issued. The subject dealt with, under the head of Dominion statistics, include the clearing house returns for the past year, a resume of the world's wheat crop, and of the exportation of wheat from Western Canada, reports of the business transacted by building societies and loan and trust companies, traffic returns, immigration figures, and a mass of other valuable information.

In the directors' report it is stated that the arrangement, approved by the shareholders on July of last year, to take over the assets of the Traders' Bank, had proved entirely satisfactory. After a thorough investigation the business of the bank was taken over on September 3. The directors further report that they had purchased the business of the Bank of British Honduras, Belize, B.H., on advantageous tedms.

Included in the report is a full list of the bank's agencies in Canada, the United States, England and the West Indies.

A. C. Flanders returned by the Prince Rupert yesterday.

M. Albert, of the Westholme Lumber Company, returned to the city yesterday.

GOVERNOR WILL SIGN LAND ACT

CALIFORNIA'S PRESERVATION, SAYS THE HEAD OF STATE, DEMANDS THE LAND MEASURE.

Japanese Delegate Has Left Tokio for the United States to Go Into the Question That Is Involved.

Sacramento, May 14.—Governor Johnson of California has replied to the United States Secretary of State, Hon. W. J. Bryan, to the effect that he cannot compromise California's Anti-alien Land Act, stating that it is his intention to duly sign the measure, which he claims is demanded for the preservation of the State.

Baron Juichi Soyeda, delegated by the Japanese-American Association of Japan to visit the United States to investigate conditions which have resulted in the passage of an anti-alien land bill in California, has sailed for San Francisco, according to a Tokio cablegram. A great crowd assembled at the railroad station to bid him farewell. It included several cabinet members and the mayor of Tokio.

The Liberal party has issued a long statement denouncing the California land law, and bitterly attacking the officials of the Japanese Foreign Office because of their alleged inability to meet the California situation.

SPORTS

BAYLEY HONORED.

Joe Bayley, lightweight champion pugilist of Canada, was honored by his friends and former fellow workmen, the members of the Shinglers' Union of Victoria, the ceremony taking the form of a presentation, says the Victoria Colonist.

Early in the evening Bayley was hailed into the midst of a gathering of the shinglers, whose mysteriously-guarded actions bespoke an undertaking of no mean importance. Being entirely in the dark as to the nature of the affair, Bayley was naturally much surprised when one of the older members of the union, with nervous suddenness, burst forth into an eloquent panegyric, of which Bayley was the subject. The speaker hoped that Bayley would maintain the high reputation he had already gained in the ring and would some time in the near future become the champion of the world. Closing his speech with the expression on behalf of the union of an earnest hope that Bayley would be successful in his next contest with Ernie Barrieau, of Vancouver, the speaker produced a handsome traveling bag, fitted with a magnificent toilet set, and handed it to Bayley. The initials "J.B." are inscribed in gold on the bag.

Bayley was overwhelmed with pleasure at this demonstration of the esteem in which he is held, and could hardly find words to express his thanks. He hoped that he would always merit the friendship of such fine fellows as the shinglers.

BARRIEAU'S WEIGHT.

Some exception has been taken by Joe Bayley's manager to a statement which has several times appeared in Vancouver papers to the effect that Barrieau and Bayley will weigh in at 135 pounds five hours previous to their bout of May 24. The articles expressly state that they shall weigh in at 133 pounds four hours and a half before the contest.

BETTING ON THE DERBY.

Latest betting on the Derby, run at Epsom, June 4, is as follows: W. Raphael's Louvois and H. Cholmondeley's Craganour, 9 to 2; D. R. Browning's Shogun, 8 to 1; Lord Savile's Aldegonde, 100 to 7; Lord Rosebery's Sanquahar, August Belmont's Vulcan and N. A. Aumont's Nimbus, 20 to 1, and His Majesty's Anmer, 25 to 1.

Angus Stewart arrived home by the Prince Rupert after a trip to the south.

PUBLIC NOTICE.

TENDERS will be received by the undersigned up to Tuesday, June the 10th, 1913, at 5 o'clock in the afternoon, for the purchase of Lot 1214, Queen Charlotte Islands, situate in the vicinity of Cape Fife and containing 160 acres.

An unset price of Six Dollars ($6.00) an acre has been fixed upon the lands embraced in said Lot.

Each tender must be enclosed in an envelope securely sealed and marked "Tender for Lot 1214, Queen Charlotte Islands," and must be accompanied by an accepted cheque for 25 per cent of the amount set out in the tender.

The cheques of all unsuccessful tenderers will be returned to them.

The highest or any tender will not necessarily be accepted.

Plot of the survey of said Lot 1214, Queen Charlotte Islands, may be seen at the office of the undersigned.

No commission of any kind will be allowed.

J. H. McMULLIN,
Government Agent.
Government Agent's Office, Prince Rupert, B.C., May 6th, 1913. j8

NOTICE TO CONTRACTORS

Masset Lock-up.

SEALED TENDERS, superscribed "Tender for Masset Lock-up," will be received by the Hon., the Minister of Public Works up to noon of Tuesday, the 20th day of May, 1913, for the erection and completion of constable's quarters and lock-up at Masset, Graham Island, in the Skeena Electorial District.

Plans, specifications, contract, and forms of tender may be seen on and after the 21st day of April, 1913, at the office of Mr. J. H. McMullin, Government Agent, Prince Rupert; the Provincial Constable, Masset; and the Department of Public Works, Victoria.

Intending tenderers by applying to the undersigned can obtain a copy of the plans and specifications for the sum of ten dollars ($10), which will be refunded on their return in good order.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Hon. the Minister of Public Works, for a sum equal to 10 per cent of tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fails to complete the work contracted for. The cheques or certifcates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

J. E. GRIFFITH,
Public Works Engineer.
Department of Public Works, Victoria, B. C., April 17th, 1913.

NOTICE TO CONTRACTORS.

Terrace Lock-up.

SEALED TENDERS, superscribed "Tender for Lock-up at Terrace," will be received by the Hon. the Minister of Public Works up to noon of Friday, the 23rd day of May, 1913, for the erection and completion of Constable's quarters and Lock-up at Terrace, in the Skeena Electoral District.

Plans, specifications, contract, and forms of tender may be seen on and after the 16th day of April, 1913, at the office of Mr. S. H. Hoskins, Government Agent, Hazelton, J. H. McMullin, Government Agent, Prince Rupert, Mr. T. W. S. Parsons, Provincial Constable, Terrace; and the Department of Public Works, Parliament Buildings, Victoria, B. C.

Intending tenderers can obtain one copy of plans and specifications for the sum of ten dollars ($10) on application to the undersigned.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Hon. the Minister of Public Works, for a sum equal to ten per cent. of tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenders will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelope furnished.

The lowest or any tender not necessarily accepted.

DOCTOR CANNOT ENFORCE CLAIM

CASE HEARD BEFORE JUDGE YOUNG YESTERDAY INVOLVING BILL FOR PROFESSIONAL SERVICES.

The Liability of the Defendant Was Not Proved to the Satisfaction of the Judge—Action Was Dismissed.

Dr. Cleaves, of Seattle, who has a claim against G. Robinson for professional services to Mrs. Skelling, a daughter of his, found in court yesterday that he could not collect it from the father. The case came up before Judge Young.

Dr. Cleaves had performed an operation in Seattle upon Mrs. Skelling and looked to the father to pay the bill. The woman was over 21 years of age, but the doctor was satisfied that the father had become responsible for the debt. The case was first heard in Vancouver before Judge McInnis, but the point was there raised that Robinson, the defendant, lived in Kitimaat the most of his time, and therefore the case did not belong to the Vancouver court.

It was then entered here and local firms took the case up for their agents in the south. At the trial yesterday the evidence of Robinson was that he did not become responsible for the debt. The doctor had no written guarantee to pay, but testified that the defendant expressed his willingness to pay if the daughter did not do so.

The judge felt that in view of the evidence and the fact that there was no written understanding to the effect that the defendant was to pay, that he could do nothing but dismiss the case, although he felt that someone should have paid the doctor. C. V. Bennett acted for the plaintiff and W. E. Williams for the defendant.

BREED BLACK FOXES.

British Columbia Company Has Purchased 175-acre Tract Near Nanaimo.

The British Columbia Black Foxes, Limited, with an authorized capital of $250,000, has just been incorporated for the purpose of breeding black foxes and other fur-bearing animals in captivity. Its headquarters will be located on a 175-acre farm with an elevation of 800 feet above the sea and distant seven miles from Nanaimo. The directors are messrs. Fred Ryan, a director of a *similar company in New Brunswick*, George E. Macdonald, J. Haydn Young, Charles S. Meek and Captain George Anderson, all of this city.

Six pairs of pedigreed silver-black foxes will be the nucleus of the proposed stock farm near Nanaimo. An equal number was recently purchased from the Dalton breeding farm on Prince Edward Island on behalf of the Russian Government for $120,000, it is said.

The highest grade of black foxes *for 1913 delivery cost from* $15,000 to $20,000 a pair. It is asserted that $30,000 was recently offered for a four-year-old pair, but the owners refused to sell at any price. The profits of the existing companies in New Brunswick and Prince Edward Island are claimed to be 100 per cent. yearly.

KILLED ON TORPEDO BOAT.

Heligoland, May 14.—Four German sailors were killed here today when the pressure cylinder of a torpedo boat burst.

ANTI-CIGARETTE MEASURE.

The introduction in the Dominion Parliament of an anti-cigarette bill as a Government measure, with no less a sponsor than Right Hon. R. L. Borden himself, was the surprising event foreshadowed at the convention of the Hochelaga County W.C.T.U. held at the First Baptist Church, Montreal, a few days ago.

The matter came up quite unexpectedly through the passage of a resolution thanking Hon. Mr. Borden for his promise to introduce this legislation, which has been vigorously advocated and sought after by the W.C.T.U. for several years past.

Mr. Robert Bickerdike, M.P., who was about five years ago father of an anti-cigarette bill which met defeat in Parliament, has promised to second Mr. Borden's bill when it is introduced.

IN THE SUPREME COURT OF BRITISH COLUMBIA.

IN THE MATTER OF THE ADMINISTRATOR'S ACT, AND IN THE MATTER OF THE ESTATE OF JOHN FLANAGAN, DECEASED.

TAKE NOTICE that tenders will be received by J. H. McMullin, Administrator of the above Estate, for the purchase of Lots 25 and 26, Block 19, Section 5, Prince Rupert, B.C., up to Thursday, the 5th day of June, 1913, at five o'clock in the afternoon.

The highest or any tender not necessarily accepted.

Dated the 6th day of May, 1913.
J. H. McMULLIN,
j8 Official Administrator.

EXAMINATION FOR AN INSPECTOR OF STEAM BOILERS AND MACHINERY.

Examinations for the position of Inspector of Steam-boilers and Machinery, under the "Boilers Inspection Act," will be held at the Parliament Buildings, Victoria, commencing June 9th, 1913. Application and instruction forms can be had on application to the undersigned, to whom the former must be returned, correctly filled in, not later than May 22nd, 1913. Salary $145 per month, increasing $10 per month per annum to a maximum of $200 per month.

JOHN PECK,
Chief Inspector of Machinery,
m8-21 New Westminster, B.C.

IN THE SUPREME COURT OF BRITISH COLUMBIA.

IN THE MATTER OF THE ADMINISTRATOR'S ACT, AND IN THE MATTER OF THE ESTATE OF ARTHUR E. COX.

Port Edward, B.C.

Prince Rupert's Industrial Annex

This industrial addition to Prince Rupert comes now at a time when opportunity is greatest. Prince Rupert and the entire great Northern British Columbia country are on the eve of a tremendous movement. Values will go up remarkably during the present year and the years immediately following. Port Edward prices are low now. This is the time to buy.

WEDNESDAY, MAY 21.

Departing—Prince Albert for Port Simpson, Masset and Naden Harbor, 8 p.m.
Departing—Venture for Granby Bay and Naas points.
Arriving— Prince George from Vancouver, Victoria and Seattle, 9 a.m.

NEW LIGHTHOUSE.

Within about two weeks the first shipment of material for the new first order light to be constructed by the Dominion Government on Cape St. James will be taken by the steamer Leebro, Captain Hunter. Instructions have been received from Ottawa for the commencement of the work on this important aid to navigation, and before the summer has advanced very far it is expected that the big undertaking will be well under way. It will probably be well on towards the close of next year before the light is ready for operation.

Simultaneous with the receipt of orders to start on the big lighthouse came instructions for the establishment of three new acetylene beacons One will be placed at Green Point Rapids, Cardero Island, Johnston Straits; the second on Triple Island, Brown Passage, and the third on Aiskiew Island, Granby Bay. The work on these three beacons will be started very soon and the Marine Department hopes to have the new aids working before the summer has passed.

The Dominion Government has decided to establish the big first order light at Cape St. James, following an examination which has proven *that it is the only logical point* to mark the southern entrance to Hecate Strait. Deep-sea liners going through to Prince Rupert will proceed via the outside passage and after losing sight of the big light on Triangle Island, the next star in the aids-to-navigation firmament to be picked up will be Cape St. James.

Within a few years it is forecasted that almost as many vessels will be using the outside passage as ply up and down the inside waterway. The Government has as a result decided to have the coast well lighted, so that navigation may be rendered far less difficult and the danger of accidents reduced to a minimum. The lights on the outside passage will not be so numerous as those in operation in the inside route, owing to there being more water and fewer treacherous rocks.

Next year it is expected that work will be started on the new Bonilla Island lighthouse, which will also be one of the guiding lights in Hecate Strait. The lighthouse tenders will have an exceptionally busy year keeping pace with the enormous amount of work which is to be undertaken. The new steamer Estevan will be of great assistance and will relieve the pressure greatly.

PRINCE RUPERT ARRIVES.

The Grand Trunk Pacific steamer Prince Rupert reached port yesterday on her regular schedule. She will leave this morning for Stewart. The passenger list was quite a large one, including the following:

E. J. Haughton, G. Williams, J. W. Newman, W. J. Elmendorf and wife, Mrs. Johnson, Miss Elmendorf, Ed Krauss, John Nelson, Mrs. Pool, L. Cushman, W. Edgeworth, J. W. Morris and wife, Dr. H. F. Cleaver, Grover H. Smith and wife, A. C. Flanders, R. Scebbord, Jr., Mr. Hazelton and wife, Mr. Salsbury F. A. Warren, Sr., F. A. Warren, Jr., Fred B. Streiff, Geo. Newcombe, Mr. Van Zanten, Carl Johnson, J. L. Smith, Mr. Woodland, H. T. Webster and wife, J. L. Christie, Mrs. Porteous, Mr. Crawford, J. L. Barker, C. F. Barker, H. Grizzard, H. G. O'Dell, C. L. Allan, W. T. Bury, Mr. Kelliher, V. G. Bogue, J. G. McLaren, Geo. Robinson, Mrs. Skelling, Mrs. D. Donald, A. W. Hughes, F. W. Gay, T. G. Wall, M. G. McLeod, Lili Barrington, Annie Boyd, C. Hairsine, W. Giskie, John Wallace, A. McKechnie, J. M. Fraser, C. A. Lyford, G. M. Bairne, Geo. M. Taylor, E. D. Clayburn, J. F. McAulay, J. D. Toomey, F. Johnson, J. L. McIntosh, Mr. Lawrence, A. Strachan, A. Nelson, O. Strand, Mr. Dunsford, W. S. Henry, R. F. Bullard, B. Reid, C. T. Murray, J. A. Toombs, W. C. Sparks, wife and two children; W. H. Spiller, W. J. Gould, Thos. Holland, Mr. Bender, M. Albert, J. Kennedy, A. M. McBorland, Angus Stewart, C. W. Peck, Miss Mathewson, Mrs. Edgar, A. W. Walmsley, A. Barry, Alex McAra.

LEFT FOR BANKS.

The Borealis, of the Atlin Fisheries, and the Andrew Kelly, of the Canada Fish & Cold Storage Company, got away last night for the halibut banks. With the run of fish such as it is, little time is being lost in clearing for the fishing grounds after the discharge of the catch here.

CARRUTHERS LEAVES.

The James Carruthers, of the Cold Storage fleet, left last night for Masset in order to look after spring salmon that is reported to be running there. She will secure what is offering and return here with them to be mild cured for the market.

GOES ON QUADRA.

Wireless Operator McDonald, at the Digby Station, is to take the post of operator on the Government steamer Quadra. He has been stationed here for some months, having been at Point Grey previous to that.

Forming a Preceptory.

A preceptory of the Knights Templar is to be formed here in connection with the Masonic Order. J. J. Millar, of Vancouver, Provincial Prior, will visit the city in the course of a week or two for this purpose and he will be accompanied by a number of others. W. C. Ditmars, as D.D G.M. of the Masonic Order, will pay an official visit to the local lodges at that time and be present at the formation of preceptory. Prince Rupert has a number of Knights Templar.
