PRINCE RUPERT SHOULD BE OF GOOD CHEER

Roy Bullen Of Minneapolis Says This City Looks Exceedingly Good To Him---Many Inquiries Are Made Of Him Concerning This Place And Its Business Prospects

An interested visitor to the city over Christmas was Roy Bullen, of Minneapolis, the general agent of the G. T. Railway system and the G.T.P. in that city. He arrived by his private car on Thursday night, accompanied by Mrs. Bullen and their little daughter and by A. Bullen, of Red Deer, the father of the Minneapolis visitor. On Christmas Day in company with G. A. McNichol, industrial and colonization commissioner, Mr. Bullen tramped over a large part of the city. When seen on Christmas night after his tramp he expressed his delight with the city and with the climatic condition.

Coming through the Prairies to here with the temperature down to 20 degrees below zero and even much colder than that he was in a position to appreciate the mild conditions here which allowed one to stroll about without an overcoat.

Mr. Bullen says that not a day passes at Minneapolis that he is not asked about Prince Rupert and the western section of the G.T.P. line. This was what induced him to make this first trip to the coast. He will return prepared to give exact information. That his reports will be most favorable no one could be left in doubt about who talked with Mr. Bullen.

When it was suggested to him that Prince Rupert would yet be a good city he met the statement with the assertion that it was a good place right today. He felt there was a splendid air of business about the city and he seemed specially pleased that there was no attempt to boom the place.

Leaving here yesterday morning for his home, he took a liberal supply of "chicken halibut" in his ice apartments. All his friends in the interior city had requested him to bring such a fish to them. He is keeping his promise to the fullest extent. Prince Rupert as a fish centre is being very fully famed. It is recognized as the source from which the fish supplies will come for the future.

LORD KITCHENER, WHOSE ADMINISTRATION OF THE ARMY AFFAIRS IN BRITAIN LEAVES LITTLE TO FEAR THAT ALL WILL BE WELL CARRIED OUT.

INDIAN TROOPS SECOND TO NONE

FIGHTING ABILITY OF THE ANGLO-INDIANS IS WARMLY PRAISED.

They Have Learned to Save Themselves by Experience of War.

The great endurance and fighting ability of the Anglo-Indians who have come to take part for the first time in history in a war against white troops on European soil, have astonished those against whom they have been pitted, as well as all the allied commanders except the British.

The only question which arose in the British officers' minds was whether the Indians would be able to stand against artillery fire, which they had never been subjected to in frontier warfare. This had been answered in the affirmative, and they have proved as steady under shrapnel fire as the best of their white comrades in arms. Not only this, but the commanders of the allied armies aver that they show dash and fearlessness to a remarkable degree, and have on many occasions displayed great initiative under the most difficult circumstances.

In a suburb of Boulogne before the entrance of a great field covered with many regular rows of tents stood a bronze figure as still as a statue. It was a Sikh in his uniform of khaki guarding the sanatorium in which some hundreds of his slightly wounded or ailing comrades from the battlefield of Flanders were recuperating. These warriors from the Punjab and Bengal, as their fellow soldiers, the little hardy Gurkhas and Porthans and Jats from the mountains on the Afghanistan frontier, generally bear the variations of climate with the greatest fortitude. They declare they are fighting for their "Raj," or Emperor, and it is not for them to complain.

(Continued on Page Four.)

REDUCED GERMAN REVENUE AS A RESULT OF WAR

Cessation of Importation Removes Huge Government Income of Over 200 Million.

The cost of the war, although not yet making itself apparent, must have an important bearing on the results, and in the way of revenue, Germany is suffering much more seriously than any of the other nations, with the exception of Austria. The last is largely in the same position as Germany, as business with foreign countries, which ordinarily brings in a constant stream of money of great proportions, has practically been cut off.

The cessation of imports into Germany, if it continues long, will cut off a Government income from customs duties, which amounted in 1911 to $212,000,000, and would be more than that this year. The greater part of the Imperial income, or at least half of it, is derived from other sources, such as various excise taxes and the income of the Imperial railways in Alsace and Lorraine. The cost of the recent expansion in the size of the army has been met by levying special taxes on the German States and on the property holdings and incomes of individuals. A prolonged cessation of commerce will cut off a considerable total of private and banking income through the interruption, or loss, of interest on foreign loans and investments, and this loss will lessen the taxpaying capacity of the people.

A larger loss in taxable resources will come from a prolonged cessation of the industries that depend on the export trade. Germany imports all her raw cotton and silk and a considerable part of her wool for manufacture. The early cessation of the textile industries is therefore inevitable, and this will add hundreds of thousands of idle people to the great numbers thrown out of work by the failure of the export trade.

TO OUR CUSTOMERS.

WE THANK YOU FOR YOUR PATRONAGE DURING THE YEAR AND WISH YOU ALL THE COMPLIMENTS OF THE SEASON.—GEO. D. TITE.

TO PROVIDE COMFORTS FOR THE OVERSEAS CONTINGENT

At a meeting of the committee of the local branch of the Canadian Patriotic Fund Association it was decided, in line with the example set by many other towns of the Dominion, to ask the people of Prince Rupert to assist in providing an additional fund for extra comforts and necessary emergency expenses for the members of the Prince Rupert Light Infantry.

The attendance at the first entertainment will indicate to the committee whether the move is a popular one or not and will be a guide to future efforts in this respect.

This movement is under the direction and patronage of the above committee but is entirely independent of the general objects of the Association in the sense that all moneys realized will be devoted solely to the one object mentioned.

It is not intended to solicit subscriptions. On the contrary the committee has decided to provide a series of entertainments and fix the admission fee at fifty cents each.

The first entertainment will be given in the Empress Theatre on Wednesday evening the 6th of January, 1915, commencing at 8 o'clock. Canon Rix will deliver an address on "The Flag." In addition there will be insrumental music, songs and recitations. Remember the date.

The moneys realized will from time to time be forwarded to the officer in command of the company wherever it may be located, and disbursed by him as the members of the company may direct and for the purposes mentioned.

ANTWERP FELL FROM TREACHERY

BELGIANS WHO HAVE ARRIVED ON COAST TELL OF EXCITING ESCAPE.

It Will Take Years to Right the Damage That Has Been Done in Belgium.

A family of Belgian refugees who fled from Antwerp during the bombardment by the Germans and who decided to seek new fortunes in British Columbia, far away from war's alarms and from the shadow of German militarism, arrived in Vancouver. The party comprises Mr. and Mrs. Omer Conturier, their 14-year-old son, and married daughter, Mrs. Jules Poupaert, and her husband. The latter is the only member of the party who can speak English with any degree of fluency, and he speaks it without a trace of foreign accent.

Fled from Antwerp.

After having their homes destroyed in Antwerp, the party fled to Holland and after a few weeks there secured passage to England. There they were the guests of a family in Surrey until their departure for this city. They fled from Antwerp with only the clothing on their backs, a few blankets and some money. They propose to secure a small cleared farm not far from this city and engage in poultry raising and market gardening.

A representative of the News-Advertiser called on them and found them a cheerful party in spite of the many tribulations they had gone through and of some natural anxiety as to whether they would find conditions here in line with their hopes. It was significant that during a long conversation with Mr. Jules Poupaert he made no complaint in regard to the condition, and no aspersions against the Germans who have reduced their happy and prosperous country to ruins. A brave acceptance of their fate was apparent in all, and already hope was picturing a happy life in this new land of adoption.

REGIMENTAL ORDERS.

68th Regiment.

Orders by Major J. H. McMullin, commanding, for week ending 2nd January, 1915:—

A Co. will parade at the Exhibition Building on Tuesday at 8 p.m.

B Co. will parade at the Exhibition Building on Monday at 8 p.m.

W. A. PETTIGREW, Lieut.
Acting Adjutant.

BOY MET WITH SERIOUS ACCIDENT YESTERDAY

Son of R. A. White Fell From Wharf Onto Scow.

An accident which might have resulted in the death of the young son of R. A. White, of Eighth Street, took place yesterday afternoon at the waterfront. The boy fell over the edge of the wharf onto a scow that lay moored below. The drop was for a distance of about twenty feet.

The boy was badly shaken up and his condition is being watched with the greatest care lest more serious complications may develop as a result of the fall.

JAPANESE REOPEN TSING TAU TO TRADE

Those With Permits From Military Authorities Being Admitted.

Tsing Tau was opened to commerce the day before the Sado Maru left Yokohama for this coast. Only those armed with permits from the military authorities are being admitted.

"Tsing Tau as it is at present is believed to be not so promising as it was given out by some of the writers on that subject," says a Japanese newspaper. "Only with the railway connection with the Peking-Hankow line completed can the value of that place be fully realized. The Germans have been trying to make this connection, but the work is now to be carried out by Japanese. There

GERMAN REPORTS ARE INVENTIONS

THE FIGHT IN POLAND IS IN FAVOR OF THE RUSSIANS NOW.

The Offensive Movement of the Enemy Has Been Stopped.

The New York World has received the following Petrograd dispatch from General W. A. Soukhomlinoff Russian minister of war and adjutant of the Czar:

"All information given out by the Germans about their so-called brilliant victory in Poland is sheer invention.

"The partial displacements of our armies recently effected between the Vistula and Warthe rivers have not and can have no bearing upon a prospect that might have been inflicted upon us by the enemy in the course of a battle extending over an enormous front. Such occurrences in either direction are inevitable. Retreat at one point is compensated for by an advance at some other.

"Thus in the line of Warsaw the enemy is exhausting himself in vain attacks on our Bzura positions, uselessly sacrificing considerable numbers of troops.

"The right bank of the Vistula has been entirely cleaned up. The enemy, after a serious defeat in the region of Mlawa, was thrown back upon his own territory.

"In South Poland and in Eastern Galicia the German offensive has been stopped absolutely.

"All efforts of the garrison of

(Continued on Page Four.)

WAR FINANCED BY GREAT BRITAIN

Mr. Lloyd-George Points Out That Britain's Monthly War Expenditure Is Much Greater Than France's.

In an interview given to the London representative of the Paris Humanite, Mr. Lloyd-George, chancellor of the exchequer, says: "Before spring half a million fresh British troops will join those already in France and Belgium. England has at present more than two million men under arms.

"Although our army at the front is now scarcely one-sixth the size of the French army our monthly war expenditure is $225,000,000, which is a larger amount than France's total. In addition to the enormous resources which we shall command through the new income tax we are turning into the war treasury a new loan amounting to the colossal sum of $2,200,000,0000."

Wire Trouble.

Owing to the C.P.R. wire being interrupted the usual telegraphic news was not received by The Journal last night.

THE PACIFIST.

Rev. Dr. Chown, general superintendent of the Methodist Church in Canada, told a Toronto audience this week that he had once been president of a society for the preservation of peace between Great Britain and Germany. "What fools we were!" he exclaimed. "As if one could build heaven on the mouth of hell!"

This information we glean from the columns of the Toronto Globe. says the Montreal Mail, which continues as follows on it. It reflects much credit upon Rev. Dr. Chown. Some will probably take the view that 'is better to have been a pacifist and a fool than never to have been a pacifist at all. We do not.

Pacifists are harmful and a nuisance. Pacifism is an unnecessary weight on the back of tired statesmanship. But there are honest, sincere men and true patriots amongst the pacifists and Rev. Dr. Chown has shown by his frank confession that he is one of them. In doing so, he has struck a blow for world peace. Every time a pacifist stands forth as a sane patriot, the cause of pacifism is moved closer to reconciliation with patriotism and common sense.

We are moved to pay so much attention to clerical pacifists because there is a close relation between the demands of citizenship and the demands of the Christian religion. If a man who has been living in sin realizes that fact, he is expected to seek the penitent bench, and if a citizen has been living in the sin of a false doctrine and realizes it, he is expected to do the same. Therefore, clergymen who cling to pacifism in the face of a demonstration of its obvious silliness are convicted on self-evident testimony of hypocrisy in its meanest form. They refuse to do what they ask others to do. Intent on saving their own souls, they jeopardize the soul of their country by using unfairly the influence they possess as spiritual leaders to hamper the efforts of statesmanship.

In countries where church and state are separate, clergymen have nothing directly to do with the work of statesmen. Indirectly, they have a lot to do with it. Their business is to keep the ideals of public opinion high. If they do that honestly and efficiently, they have their reward in this world or in the next. If they stray from the straight and narrow path, their assumption of high dignity and prestige gives them an unusual and unexampled opportunity to display hypocrisy in its most odious form. Let the feeble condemnation of this world prepare them for the punishment of the next. They are of the tribe of Judas. It were better for them that they had never been citizens.

Pacifism has added materially to the horrors of this war. It has made the world poorly prepared for the grim realization that world peace is, as yet, a dream. As a result of its sordid activities, the bloody truth has been heartlessly thrown in the faces of deluded men and women who have trusted in false prophets and who should have been braced to withstand the shock.

We congratulate Rev. Dr. Chown on his frankness as heartily as we condemn certain noisy advocates of national suicide and international pretense.

ANTWERP FELL.

(Continued from Page One.)

Lived in Basement.

"For six days, during the bombardment of the outer rings of defences of Antwerp," Mr. Poupaert stated, "we were forced to live in the basement of our houses owing to the flying shells from the big German guns. As long as the outer forts held, the civilians of Antwerp remained in the city, but when the storming of the city itself began we were ordered to leave at once. My house was among the first to experience shell fire and soon sprang into flames. We had to get out hurriedly and the only effects we could carry were a few blankets and a little food for use on the march on foot to Holland. We were three days and two nights in making the journey to the Dutch frontier and it was a sad and yet exciting journey. Thousands of people, old men, women and children, made that eventful journey.

Under German Influence.

"We arrived on Dutch soil safely but found there a very lukewarm welcome. The people of Holland appear to be largely under the influence of the Germans and fear a British invasion of the River Scheldt. They also appeared to resent the cost imposed in taking care of the Belgian refugees. We decided to go on to England at the first possible moment and this was the feeling of nearly every Belgian. Probably three-fourths of the Belgian refugees are in England and Scotland today and they are still coming from Holland.

"Our reception and treatment in England was in marked contrast to that of Holland. England has thrown open its homes and its purses for our use and as long as Belgium exists it will never be forgotten. On our arrival in London we were taken in charge by a Miss Gray who has a home in Surrey, near London. We stayed there for two months and during all that time we were not asked to pay a cent. We were even assisted to come to Canada when we had decided to start life anew on the Pacific Coast.

"It will take years to bring about the repatriation of the Belgians in their own land and I believe many of my fellow-countrymen will never return. Germany is fortifying herself to hold Belgium and it will take a long time to dislodge unless Russian pressure is very strongly exerted on the eastern border. The Germans have mined Brussels, Antwerp and other cities and as soon as the Allies try to dislodge them they will destroy what is left of these cities. The Germans are also holding many prominent Belgian citizens as hostages when the time for reprisal comes. Antwerp is partially destroyed and of its 600,000 population, not over 6,000 remain there now."

Treachery in Antwerp.

Mr. Poupaert said that the easy capitulation of Namur and Antwerp had been due to treachery. The Germans had bought up a number of prominent Belgian citizens and officers in the army. Proof of the treachery among officers at Antwerp had been found and twelve of them had been shot at Ostend shortly after the fall of Antwerp.

WATERFRONTAGE LEASES.

All persons interested in the acquiring of leases on the waterfront owned by the Provincial Government are requested to communicate in writing with the special committee of the Board of Trade, Board of Trade Rooms, 2nd Ave., giving full particulars of what they require, the use they intend making of the waterfront obtained, and the amount of improvement proposed. All applications should be in by the 26th inst., in order to allow the committee time to compile such information received in time to submit to Col. R. H. Thompson, representative of the Provincial Government on his return to Prince Rupert in the near future.

THE METHODIST CHURCH

Parsonage: 632 6th Ave. W.; Church: 6th Ave. and Musgrave Place. British Columbia Conference; Rev. J. F. Dimmick, Pastor.

Prince Rupert, B.C., April 9, 1914.

MR. HARRY HANSON,
"The Reliable Plumber," Prince Rupert, B.C.:

Dear Sir,—I have great pleasure in certifying to the excellent hot water and heating system that you installed in our parsonage and that after six months of operation through the winter months it has given every satisfaction.

The system heats a thirty-gallon tank of water to boiling temperature in one hour after the fire has been started; it in no way interferes with the oven for baking purposes. In addition to this the wall radiator which you placed in dining room and connected with the range boiler has given us splendid satisfaction, supplying us with ample heating throughou the winter, saving us the cost of a stove and fuel. I most heartily testify to the satisfaction and efficiency of your system and gladly recommend it.

Sincerely yours,
(Signed) (REV.) J. F. DIMMICK.

Rexall TRADE MARK

The Rexall Stores of Canada

CONTRIBUTE TO

The Canadian Patriotic Fund

THE Rexall Stores of Canada, 400 of the leading Drug Stores in Canada have unanimously agreed to contribute to the Canadian Patriotic Fund, FIVE PER CENT. of their total purchases of all Rexall Toilet Goods, Rexall Remedies and other merchandise manufactured or sold by he United Drug Company, Limited, Toronto, from October 15th o December 31st, 1914.

This action of the Rexall Drug Stores of Canada has been undertaken co-operatively, because as a co-operative organization, they realize ow much more can be done unitedly than individually, and it has been taken for two reasons—to fulfill a humane duty in raising a fund for the relief work of the Canadian Patriotic Organization, and a patriotic duty in an endeavor to keep a large staff of Canadian employees busy.

The 400 Rexall Stores of Canada make an appeal to your sympathy and support in their doubly worthy cause for increasing the funds of th Canadian Patriotic Organization and for the support o Canadian workmen because:—The fund that would be raised on the basis of last year's business can be tremendously increased if every man and woman in Canada will help a little by the simple process of purchasing Rexall Goods at the Rexall Stores.

No need to give space in this announcement to emphasize the high quality of Rexall Toilet and Medicinal goods. Sufficient to say that 7,00 of the leading Drug Stores in Canada, Great Britain, and the United States place their personal and collective reputations behind them; that the public in these countries endorse them to the extent of several million dollars worth of purchases a year.

Better goods are not made, and you take no risk in buying, for every Rexall Store will return you your money if any Rexall Product is not entirely satisfactory and do it, too, without the slightest objection.

There's a full list of Rexall products waiting for you at the Rexall Store in your town.

Ask for it—kindly pass he word along to your friends. It is the collective purchases of all that will make this Rexall Store Fund for the Canadian Patriotic Organization work a big one.

The Fund will be collecte from each Rexall Store in Canada by the United Drug Company, Limited, Toronto, and will be paid by them direct to the officers of the Canadian Patriotic Organization, and the amount so collected will be published in this paper when paid over.

REXALL GOODS ARE MADE IN CANADA and you can procure them in your town only from

PERSONALS

F. T. Congdon, formerly governor of the Yukon, was a visitor in the city on Christmas. He came from the north, taking the G.T.P. Express yesterday morning for the east.

Won Doll.

The doll premium given by Wallace's was won by N. Lind, the winning number being 3572.

True Christmas Spirit.

A resident of the city disguised most effectively as Santa Claus made a tour of the city on Christmas Eve with a very large supply of toys for the children. His presence was very welcome in many homes, but the donor of the gifts did not reveal his identity.

INDIAN TROOPS.

(Continued from Page One.)

Just as well drilled and disciplined as the soldiers of any European power, they go into battle with the full assurance that they will be victors. When they first went into action they disdained the protection of the shelter trenches and darted across the open at their opponents with their bayonets and knives, much to their cost. They have since learned like all other troops engaged in this war of rabbit warrens, to bore their way through the earth to get at their foes, and they have proved even more adept at this kind of fighting than their European comrades.

GERMAN REPORTS.

(Continued from Page One.)

Przemysl to force the blockade have been defeated.

"Under these circumstances, there can be no question of allowing Warsaw to fall into German hands.

"The untruths which the German general staff are trying to spread may find their excuse in the necessity of giving heart to the German people and of influencing public opinion in neutral countries in favor of Germany.

"Neither the proceeding nor its employment is new. The civilized world has been able to gauge their worth."

Budweiser

175,000,000 Bottles Yearly

That was the demand for Budweiser last year.

The Anheuser-Busch Plant covers today more than 142 acres—equal to 70 city blocks. It gives steady employment to 6,000 people, and to 1,500 more in its branches.

Every process, every room, is immaculate. Every bottle is Pasteurized and inspected. This Quality-Plant, started nearly 50 years ago, is a model of modern facilities.

The hundreds of visitors who go through every day know that nothing of its kind could be made any better than Budweiser.
