French Liner Rochambeau On Fire On Way To Halifax

French Liner With Passengers And Munitions Is Afire At Sea

New York, Nov. 8.—The French Line steamer Rochambeau has reported that a fire has been discovered in her coal reserve bunkers. She is steaming for Halifax.

Aboard the menaced steamer are approximately 650 persons, of these 421 are passengers and 230 constitute the crew.

She carries a large cargo of war supplies, including 2,541 cases of cartridges and 136 bales of cotton. The captain reports there is no danger.

DEEP INTEREST IN PICTURE SERIAL

WESTHOLME THEATRE HAS A SPLENDID PROGRAMME THIS WEEK

ar Pictures Shown With "The Diamond From The Sky."

The Westholme Theatre drew a good crowd last night with a high class programme of pictures. "The Diamond from the Sky" is as entertaining this week as in the past, and those who have seen the preceding chapters could not afford to miss the serial.

In addition to this there is a fine series of war pictures, which are always attractive. Included in these are pictures of Canadian cavalry. The whole programme is a clean one with music of the highest order supplied by the orchestra.

REPORTED DISCOURTESY ON PART OF EMPLOYEE

Ald. Casey At Council Meeting Last Night Made A Complaint.

At the council meeting last evening Ald. Casey brought up in a letter written by him a complaint as to the behaviour of a civic official in the Treasurer's Department. He gave a conversation which he had had over the phone on Thursday, when he contended that very discorteous conduct was evidenced. He felt that if the public was treated similarly it was something that should be looked into. He asked for the appointment of a committee to go into this.

Ald. Beveridge favored the Mayor naming a committee. If this was the kind of conduct meted to the public it should be investigated.

Ald. Nicol seconded this which carried.

The ayor named the Finance Committee to investigate.

MAJOR J. W. WARDEN IS IN THE CITY

OFFICER WHO WILL COMMAND NORTHERN BATTALION HERE

He Is Looking Over The Situation Preparatory To Enlisting.

There arrived yesterday in the city Major J. W. Warden, who is to command the new northern battalion which will be formed. He is leaving this evening by the Chelohsin for the south, but will return shortly to start active recruiting. The present visit is to look over the situation and get at first hand information as to the recruiting.

Today in company with Lieut. Christie of the Irish Fusiliers, he will visit Metlakatla for the purpose of seeing what might be advisable in the matter of securing an Indian band for the new regiment. Bands are now allowed on the strength and the idea of having an Indian band has appealed to him as being something worth considering as it would be distinctive.

COUNCIL SELECTS A LINE CHIEF

P. A. PHILLIPPS OF NEW WESTMINSTER HAS BEEN APPOINTED

Considerable Discussion Over The Matter By The Aldermen.

The council has made choice of a line chief for the Telephone Department. This was done last evening and called for some discussion. The telephone system will remain under the charge of T. C. Duncan as at present. Choice was finally made of P. A. Phillipps, of New Westminster, who comes highly recommended by the engineer of the Northern Electric Company, whose advice was sought by Mr. Duncan.

The council was just on the point of adjourning last evening when Ald. Montgomery asked what was being done towards filling the post.

The Mayor explained that no meeting of the committee had been held as arranged in the afternoon, but it was proposed to have the committee

London, Nov. 8.—The British steamers Buresk and Glenmore have been sunk. The crews of both vessels are reported to have been saved.

HERRINGS PLENTIFUL IN THE NORTH NOW

It Is Expected There Will Be Local Ones Soon.

Already the herrings are being watched for in the harbor. In Alaskan waters they are to be found already, which indicates that they may soon appear here.

From Petersburg, G. W. Mekerson received a message last night stating that the schooner John P. had corralled a lot in Seymour Canal.

STEADY ARRIVALS OF FISH BOATS

NINE CARLOADS LEFT YESTERDAY FOR THE EASTERN MARKETS

Albatross Brought In 45,000 Pounds —Halibut Is Being Held.

Halibut continues to arrive here regularly, and yesterday morning a special train of nine refrigerator cars left for the east. On Sunday the Polaris arrived with 12,000 pounds and the Magnolia with 8,000. These with the 30,000 brought in by the San Jose the day before, were sold to the National Independent Company, represented by O. Bernhoff.

Yesterday morning the Albatross reached port with 45,000 pounds. This was not sold, the captain awaiting the result of today's market, hoping for some advance.

Premier Pachitch Of Serbia Manifests Greatest Optimism Respecting Balkan Situation And Anticipates Deciding Move

Paris, Nov. 8.—Premier Pachitch, of Serbia, in a statement which he made public today, says he hopes the moral forces of the entire Serbian people and the army will remain undisturbed. Notwithstanding the present aspect the result of the Austro-German, Bulgarian invasions against which our troops have been fighting for a month, indicates that our enemies are not succeeding in the purpose they are seeking. The German advance has not yet been marked by the success expected.

The army headquarters, the Government and the people, he says, may be persuaded that as soon as the Allied troops arrive in sufficient numbers to begin action the escape from attack will follow and success will be constant.

Moreover, he added, we are convinced that this success will mark the beginning of the general war.

Serbs Fight Stubbornly.

London, Nov. 8.—The Serbians are holding their position in the Babuna Pass and all Bulgarian onslaughts have been repulsed. The Pass is choked with Bulgarian dead.

Allies In Fight.

Paris, ov. 8.—The French, aided by British re-inforcements which have been pouring into Serbia, have captured Plevenar Pass, driving back the Bulgars with heavy losses.

A division of 25,000 Bulgarians is attempting to envelop the French force in the Valandavo region.

Kitchener's Conference.

Lord Kitchener conferred with General Joffre and the French Premier, Aristide Briand, on his way to the Orient. It is understood that his mission includes an effort to coordinate the general staffs with a view to making a strong effort to force the Dardanelles and to cope effectively with the Balkan situation.

ORIENTALS CANNOT BE PREVENTED BUILDING

City Solicitor Reports On The Subject To Council Last Night.

The city solicitor in a report to the council last night dealt with a petition presented to the council against permission being granted to allow the erection of a building in Section 2 by an Oriental.

The solicitor reported that there was nothing to prevent Orientals or any other people from erecting a building provided the building bylaw was complied with.

CITY LIGHT AND THE COST QUESTION

Ald. Casey Is Moving For As Low A Rate As Possible.

The city council last evening had a report from the city electrician dealing with the cost of electric power. This arose out of a proposal made by Ald. Casey before.

Ald. Casey said the report was rather technical for him. He proposed that the committee take this up again. He pointed out that the city was using only about one-sixth of its power there. He would like to know if a plant like the Cold Storage could not be made a consumer of the city's.

Ald. Kerr said that at 1 cent a kilowatt the Cold Storage would be getting its power cheaper than by using coal as now. It would cost about $13,000 to alter the plant there and this cost the city was asked to assume.

Ald. Edge believed Mr. Clayton who proposed to put in a plant was not dissatisfied with the rate.

After further discussion it was decided to refer this back to the committee, the Mayor proposing to have the Cold Storage go further into this with the idea of arranging a basis of settlement.

QUESTION OF BONDS FOR MARKET CLERK

It Will Likely Be Reduced From $5,000 To $2,000—Referred To Committee.

F. Holland, the market clerk in a letter to the council last evening complained that the bond for $5,000 as specified would cost $50. This was too much for him to pay. He would pay about half that.

The subject was discussed at some length, the solicitor inclining to the belief that $2,000 would be sufficient.

Ald. Montgomery asked who paid for the bonds of other officials.

Ald. Montgomery wanted to know why a man drawing smaller pay should have to pay his own.

The matter was referred to the Finance Committee.

COUNCIL SELECTS.

(Continued from Page One.)

deal with it at once.

Ald. Montgomery protested against the committee dealing with this matter. Theree were many married men who wanted positions and unmarried men got the jobs. This was not fair. There were too many married men out of work.

Ald. Beveridge agreed with this. He thought it was time the city took this up and made provision for the married men.

The Mayor said that he believed Ald. Beveridge in committee agreed to the man whom Ald. Montgomery referred to.

Ald. Beveridge said that if the reference was to the recent appointment made in the city hall, he wanted to state that he thought the man was a married man.

Ald. Dybhavn said efficiency had to be considered as well as this matter of married men.

The Mayor said that in the city this year married men had had the preference in all cases.

It was then decided to take up the applications then in council. The applications included one from James N. Wilson, formerly of the staff who offered to come at $150, with full charge of the department. It also included an application from Ernest Love, who offered to return for $150. He would accept the post under the present arrangement as to its head. The other applicants were at the advertised rate of $135. They were J. Foster, H. S. Emannels and P. A. Phillipps.

During the discussion a letter written by T. C. Duncan to the engineer of the Northern Electric Company was asked to recommend a good man for the post. In reply he recommended Mr. Emannels and especially referred to Mr. Phillips as well qualified for the position.

Ald. Casey favored Mr. Love, who was a capable man, who had put the system in, who was married and whose brother had gone to war.

Ald. Montgomery thought they should decide first before voting whether $150 was to be paid or not.

Ald. Edge was agreeable to giving Mr. Love the $150 which Ald. Montgomery agreed with.

The Mayor thought at this late date in the year would look strange to start in raising salaries over what they were.

Ald. Kerr said they asked for a wire chief and not a superintendent. He moved that $135 be paid.

The Mayor was afraid that if old officers were brought back there might be a tendency to segregate the telephone and the electric light. They had brought the two together and wanted to continue this.

Ald. Dybhavn thought the city would gain by getting a new man in the system rather than get back former employees.

After some discussion it was decided to strike out the applications of Mr. Wilson and Mr. Love. Mr. Phillipps was selected on the first ballot.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

AN EISTEDDFOD.
(Continued from Page One.)

ings was to encourage bardism and general literature. The term "Eisteddfod" is of very ancient origin and means a session or sitting.

During the Middle Ages interest in Eisteddfods waned considerably, but at the close of the Napoleonic wars a great revival of Welsh nationalism took place. Since 1819 they have been held without intermission. Minature Eisteddfods are becoming a common occurrence in many parts of Great Britain.

At the Methodist Church, Friday, November 26, 1915, an Eisteddfod, on somewhat similar lines will be held. It is purely competitive and consists of five sections, music, literature, art, sewing and cooking. Each section is subdivided into a number of competitions to suit varying abilities. A prize of $2.00 will be awarded the winner of each competition. Everyone eligible for entry, fee 25c

Competitors for the music, elocution, impromptu speeches and answers will compete on the night of the 26th, when also the decision of the judges of other competitions will be announced.

Those desirous of entering the competitions may obtain programmes, tickets and entry forms from Mr. E. W. Ling, Parkin & Ward's; Mr. M. M Stephens, 623 Third Avenue; Mrs. Lancaster, 220 Second Avenue; Rev. J. F. Dimmick, 632 Sixth Avenue, east.
