Port Essington Murder Trial Is In Progress In Assize Court

The trial of Nagano and Ohara, charged with the murder of John Pitman at Port Essington on July 30, is now in progress in the Assize Court sitting here, with Mr. Justice Macdonald presiding. Yesterday morning the hearing opened. Application was made by P. N. Shoebotham, of Vancouver, counsel for Nagano, asking for the trial of the two accused men separately. The application was refused. L. W. Patmore represents Ohara, having been named by the court to do so, the accused man having no counsel. W. E. Fisher appeared for the Crown.

The jury was selected as follows: Geo. McColl, (foreman) Samuel Harrison, R. E. Benson, J. W. Potter, P. Linzey, C. T. Heward, Frank Brochn, V. Basso-Bert, John Bainsley, H. J. Blake, W. Grant and T. J. Davidson.

The evidence of Mr. Birehall was taken relative to formal matter connected with the case. He testified as to the location of the Oriental Cafe where the trouble arose.

Cross-examined by Mr. Shoebotham, witness said the view was unobstructed from the street.

To Mr. Patmore, he said that you could look into the restaurant from the street without going onto the platform in front.

R. V. Lees, a police officer at Port Essington, gave evidence as to the location of the Oriental Cafe. The place was lighted by a gasoline lamp, hanging in the centre of the building.

Questioned by the court, he said that he would not be sure it was not acetyline gas.

Witness told of the arrest of Nagano. Taking him to jail, he came across the body of Pitman. He arrested Ohara later. He described the room and surroundings, and identified parts of the crutches and cook's clothing found by him. He found a clever on the meat block and two knives also. A third knife was found at the end of the counter.

Nagano had a white coat and white pants and white hat. He had a white apron. There were blood stains on the clothing.

Ohara had a grey sweater. There was a blood mark on the sleeve. He had dark pants.

It was 288 feet from the cafe to where Pitman's body was found. It was 23 feet 8 inches from the door of the cafe to the centre of the street. Following a line marked by blood stains, the distance from the door to where the body was found, was 289 feet, 9 inches.

Cross-examined by Mr. Shoebotham, witness said he was called after he went to bed, about 11:30. A Japanese called him. He had Nagano, whom he was taking to jail, and Murphy whom he was taking to the hospital on a truck when he found Pitman. Later he came back and got the body of Pitman, arresting Ohara and Komeda. Mrs. Komeda was there at the time.

The next morning, about 5 o'clock, he started to examine the ground for blood marks, and to search the whole place.

He found Murphy to the left of the door of the cafe. There was a lot of blood there. To the right, as you went in, there was considerable blood.

Witness saw Angus and Murphy in the court house in the morning. Angus was up on a charge of vagarancy and Murphy was a witness.

Cross-examined by Mr. Patmore, witness said he was at the Caledonia Hotel when called. He saw Angus at the body of Pitman. Angus was bleeding, his face being covered. It was possible that Ohara might have got the blood stain on his boot as he went along the street where there was blood.

Harry Murphy testified to going into the Japanese restaurant with Angus and Pitman. Carlson was having a bowl of soup. Carlson said he could not pay for it, and witness offered to pay Ohara for it.

There was a disturbance and some went out. Carlson, Komeda and Ohara came back in, Carlson was bleeding. Komeda took one of the crutches from witness. Then Nagano picked up a stool to fight. Witness tried to get out but could not, all were fighting. He came back and sat on the stool, as he could not walk without his two crutches. He fell off the stool on the floor and Komeda jumped on him. Ohara came to the assistance of Komeda. Witness called for help. Bob Angus came and started throwing dishes. The two Japanese went out through the back window. Things were then quiet. The crutches witness had were all broken.

They all started to go out. Witness was in the doorway. He turned and saw the three Japanese coming with knives. Nagano and Ohara had had knives such as cooks use. Komeda had a clever in his hand. Witness was hopping along. He had just crossed the door sill when someone

Russian Artillery Held Back Germans Attacks On Front

Petrograd, Dec. 6.—An official report from the western Russian front says in Dvinsk region last night the Germans maintained a heavy bombardment upon our trenches without result.

On the Styr the Germans took the offensive again in the cemetary near Kozlinitch. They were stopped, however, by our artillery fire.

There has been no change in the situation at other points on the west.

On the Caucasian front there has been no change to report.

SALE OF WORK.

The Morning Journal delivered to your home at 50 cents a month.

Turkish Shipping Suffered From British Submarine

MORE LIGHT URGED BY SOME ALDERMEN

The Question Of Additional Lights At Cameron Bay Raised Trouble.

When a report in favor of putting in some additional lighting at Cameron Bay, and in the direction of Davis Boathouse last evening trouble was raised.

Ald. Beveridge thought the city was entitled to more light than it had. It was a disgrace to have a city lighted up as poorly as it was.

The Mayor thought that this question might have been brought in. This matter had come up because it was reported that men had fallen in the water from the lack of light.

Ald. Beveridge said he was away for four months. Ald. Montgomery brought this up and little attention was paid to it.

The Mayor thought these matters should be brought up in committee; if they were not dealt with there then they could bring it up in the council.

Ald. Beveridge would just as leave bring these matters up in council.

The Mayor said Ald. Beveridge had been treated very considerately.

Ald. Kerr rerferred to taking Ald. Beveridge around to "the dark points" in the city just after election, and he thought the dark parts had been well looked after.

Ald. Nicol contended that there were many points not well lighted. He felt that before a reduction had been made there should have been more lights provided.

The report to provide the lights recommended carried.

London, Dec. 6.—The Turkish torpedo boat destroyer Yar-Hissar has been sunk in the Sea of Marmora by a British submarine. A supply steamer and four sailing vessels were also destroyed by the submarine.

SEDITION CASE IS HELD OVER FOR MURDER TRIAL

After Disagreement On Saturday It Will Wait For Few Days.

The sedition case, in which Charles Hamid is charged with having uttered seditious language, will have to stand over for a few days. The Port Essington murder trial has been given precedence over it, having been originally set down for yesterday.

The new trial, in the sedition case, is due to the fact that the jury disagreed in it on Saturday.

New designs in Dinnerware, 97 piece sets at Geo. D. Tite's. Special Holiday Discounts.

Excitement In Quebec Over Fire Breaking Out In Citadel

Quebec, Dec. 6.—Considerable excitement was caused at the Citadel here today from a fire which broke out in the stores department. The fire threatened to spread to the powder magazines nearby.

The military firemen were unable to control the blaze and the city brigade had to be called in. The situation quickly improved upon the apparatus from the city arriving. The damage will be comparatively light.

LIVELY ENCOUNTER AT THE COUNCIL

MAYOR AND ALD. MONTGOMERY FAIL TO SEE EYE TO EYE

Financial Questions Gave An Opportunity For Flare Up.

At the council meeting last evening the Mayor returned somewhat to his old form when he first went into the council. At the instigation of Ald. Montgomery he became very jealous of his reputation again, and after a wordy battle of some minutes the belligerents ceased, each declaring the other was prevaricating.

The incident arose in connection with the report of the city treasurer on the subject of the serial bond proposition. Ald. Dybhavn thought more could be accomplished in a private meeting of the board.

Ald. Montgomery wanted an open meeting.

Ald. Casey conceded that he did not know much about the thing. He had asked a lot of questions of the treasurer, and he felt that an ignoramus like himself, by asking perhaps foolish questions, might bring out a lot of facts. He had no use for private meetings, as he attended one such meeting of the council when they met to discuss.

Ald. Beveridge said that he had the fullest confidence in Mr. Johnson, the treasurer. They had to depend upon Mr. Johnson and Mr. Peters on this point.

All was proceeding well, but of a sudden a bomb dropped. It was at the hands of Ald. Montgomery. He wanted an open meeting, because he said the policy of issuing Treasury certificates in 1912 was a mistake. The aldermen were pledged then to keep the mission to Victoria a secret. He alone did not pledge himself. If the public had been taken into confidence they would not have endorsed the project. The city had lost about $100,000 in consequence of it.

The Mayor said that the statement that the council of 1912 was pledged and they fell for the loss of more than one hundred thousand dollars was absolutely incorrect. It was a

HERRING SOUGHT BY LOCAL DEALER

TRAINLOAD OF HALIBUT LEFT YESTERDAY FOR EAST

Good Catch Made By The George E. Foster A Local Trawler.

The fish industry continues to expand here and new avenues of trade in that connection are constanly opening. Now herring is in great demand, and N. S. Fisher, of C. D. Rand & Company is clamoring for all he can get up to 5,000 tons. These will be smoked and cured in various ways for the New York market. Before the winter is far advanced with, the usual run of herring in these waters, there should be marked activity in that direction.

In the halibut line the George E. Foster, Capt. Waters, of the Canadian Fish & Cold Storage Company, brought in 130,000 pounds, having been out only eleven days. The Agnes B., Capt. Nels, brought in 3,000 pounds yesterday.

Yesterday morning a special fish train left for the east ahead of the regular passenger train. There were eleven refrigerator cars sent out by express.

SAY COPPER METAL PRICES WILL SOAR

Domestic Demand Is Becoming As Important As War Demand.

J. S. Bache & Company, of New York, in diagnosing the market situation at the present time comment upon the minute scrutiny directed toward the affairs of each company having stock on the market. "It can, oc course, be argued," they say, "that these performances are engineered by tips and statements that an upward movement is about to begin and that then immediately concentrated buying follows and the predicted advance comes; but, in fact, there must be more than this, back of such movements to make them go. It is that acute investigation of conditions which is nowhere in the world carried on with more energy and ability than in Wall Street; and which thoroughly probes conditions and weighs probabilities rarely missing in its definite conclusions as to future results—it is these investigations that are at the foundation of such movements. And from these sources attention is directed and light turned on to one after another of the groups. It is like a searchlight at night, sweeping the shores of the river, bringing one point of interest and then another into intense prominence.

"The copper field is, at the moment, in the limelight. The movement has good foundations and looks like continuing for some time, because in addition to increasing war requirements, domestic demand has sprung up and should grow with the progress of business revival.

"In fact, domestic demand is getting to be as important as war demand, if not more so. The use of the metal here was down to about 60 per cent. of normal, but in the last few weeks this has begun to increase rapidly. The continuation of the war will probably see copper metal prices much higher. In view of the large margin between cost of production and even the present price of copper, and the enormous production which is possible and which the increasing demand will bring about, an era of heavy earnings for the companies, with a tendency to increase dividends is ahead of us.

HOW RUSSIA FEELS.

In the Petrograd "Zoo" there is a notice to this effect:

"The animals ask you not to speak of the Germans as 'animals.'

"Animals only kill when they are in need of food. They do not slaughter or mangle for pleasure."

A necessary reminder, and an instructive straw to show how Russian sentiment blows.

CITY WILL PUT IN WATER PIPE ON PARK AVE.

Ald. Beveridge Was In Critical Mood Over The Question.

"Joe" said. He was opposed to anysays there have been artillery actions upon the question of putting in a water main on Park Ave. He proposed to meet the demands by putting in an 8-inch cast iron pipe for 910 feet, to cost $1,030, including hydrant and connections. The Finance Committee concurred in this.

Ald. Beveridge asked if this would have formed part of the work to Digby Island.

The Mayor thought if the Government went on with the work it might be taken over by the Government.

Ald. Beveridge thought it was a pity that there were those who held up the work that pertained to the city alone. He referred to a statement by Ald. Maitland, about what

At the council meeting last evening thing of that kind where outside people interferred.

PORT ESSINGTON MURDER.

(Continued from Page One.)

stabbed him in the back of the neck.

After he was stabbed he fell down about six stairs. He hollered for help. He was stiffening, being paralyzed. Two men came to his assistance but were chased away. He was still calling for help when Ohara passed and kicked him in the ear. Komeda passed with a flash light, but did not come to look at him. Dodd came to him and Komeda came and said he was badly hurt.

Cross-examined by Mr. Shoebotham, witness said he was not living in Port Essington. He had only known Pitman and Angus that day. He met Mr. Perkins that day. He paid for their meals before he, (Perkins) went out. Witness had been drinking beer that day. Carlson was quite drunk. He staggered out the first time. He did not see Carlson get out the second time. There were only four Japanese that he saw. If there had been more he would have seen them. The fourth one did not do anything. He was minding his own business.

Cross-examined by Mr. Patmore, witness said that when Komeda took his second crutch he fell down.

Mr. Patmore read from the depositions of Mr. Ratchford, who watched the trouble from the outside. Ratchford had said that Nagano and Komeda got knives and came after the white men. Ohara followed later.

Witness denied that this was what occurred.

Witness had had about seven or eight drinks of beer that afternoon. He took them to find how much he could take. Angus was perfectly sober.

When he fell off the steps he lay in a position where he could not see what was taking place.

Dr. R. W. Large had examined the body of Pitman. He found he was dead. He had a wound on the cheek and extending down the neck to the chest. He was wounded on the wrists. When he found he was dead he turned his attention to the other men who were wounded. The wound on Pitman would cut the most of the deep arteries of the neck and cause death very quickly.

Asked how far a man could go after the severing of the arteries, witness did not think a man would be likely to go more than about one hundred yards.

He had examined the place and told of finding blood stains just below the steps, slightly to the right of the entrance to the restaurant. There were smaller splashes until they came to the place where there was a large splash of blood.

Witness believed that a man might have gone from the steps to the place where the body was found, after an artery had been cut.

Cross-examined by Mr. Shoebotham, witness said the bones did not appear to have been broken. Shown the clever, witness said that he would not say that the wound could not have been inflicted by that. He thought that the other knives produced would be more likely to have caused a wound like this.

He had examined the place about 3 o'clock that morning.

To go the 288 feet after being wounded, the man would have to make pretty good speed, and have held the wound tight.

The court adjourned at 5 o'clock, until 10:30 this morning.

PERSONALS

J. Y. Rochester arrived from the south yesterday.

* * *

Mrs. W. H. Vickers has gone to Victoria on a visit.

* * *

Lieut. Halsey left yesterday morning for Prince George to start the work of enlisting men for the 102nd Regiment for overseas service.

GOOD PROGRAMME AT WESTHOLME THEATRE

Splendid Series Of Films In Connection With "The Diamond From The Sky."

At the Westholme Theatre last evening patrons had the opportunity of sailing up the Clyde and seeing the interesting sights in connection with shipbuilding there. This is especially interesting at this time, in view of the part the British navy is playing in the war.

In "The Diamond from the Sky" is shown a set of pictures quite in keeping with any so far shown in the series.

A timely play is that of "Sally Castleton, Southerner." It is a story of love and plot at the time of the American rebellion. It introduces the times in the south of that day and is very absorbing in its interest.

ITALIANS HAVE.

(Continued from Page One.)

In Globua and middle Isonzo they were counter attacked and put to flight. A short bit of dashing advances by our infantry has given us some advantage in the Carso region.

Sale Of Work.

The ladies of the Anglican Church W. A., will hold their annual sale of work in the church on Wednesday next. There will be a good assortment of plain and fancy work, home cooking and candy. Tea will be served and in the evening there will be an attractive programme of music, recitations and a bright and witty dialogue. tf.

CADET ORDERS.

All members of the Cadets and boys over 12 and under 18, and not under 5 feet, are requested to attend a meeting to be held in the Borden Street School on Monday evening, Dec. 6th, at 7 p.m. The object of the meeting is the re-organization of the Cadet Corps in this city. It is to be hoped that parents will see that their boys who are eligible for enrolment will be in attendance on that evening. All Cadets having rifles, pull-throughs, oil bottles, hats and belts will turn them in at this meeting.

J. C. BRADY,
Instructor.

LIQUOR ACT, 1910.

(Section 19.)

NOTICE is hereby given that, on the First day of December next, application will be made to the Superintendent of Provincial Police for the renewal of a licence for the sale of liquor by wholesale in and upon the premises known as Beaver Wholesale Liquor Company, of Prince Rupert, Limited, situate at 708 Fraser Street, Prince Rupert, B. C., upon Block (32) Section (1) City of the lands described as Lot (15-16), Prince Rupert, B. C.

Dated this 18 day of September, 1915.

THE BEAVER WHOLESALE LIQUOR CO., OF PRINCE RUPERT LIMITED,
GEO. A. SWEET,
Manager, Applicant.

LIVELY ENCOUNTER.

(Continued from Page One.)

most "damnable" thing to come here and make statements like this, after three years in harness. This was "damnable and unfair." Ald. Montgomery said that the council was forced to do things. If that were so, it was because the previous council had not sold debentures and had obligated the city for $1,000,000. Things were done on the square.

Ald. Montgomery said that the bank requested the Mayor to pledge the council not to say anything about the situation financially, until the Mayor went to Victoria. At that time he did not understand Treasury certificates. He knew more about them now.

Ald. Nicol said that this was 1915.

The Mayor said he would not sit under this imputation. He contended that Ald. Montgomery had come to him on Centre Street and asked him to give all the facts as to what had taken place in Victoria.

Ald. Montgomery said that was not correct. He never asked for the confidence of the Mayor.

The Mayor contended he was correct.

And so it ended, the council taking up the consideration of the report.

WILL NOT MAKE CHANGE IN ELECTRIC STAFF

The Question Of Making Room For Mr. Bradbury Came Up.

At the ocuncil meeting last evening the question of appointing Mr. Bradbury to a position on the electric light staff came up again on a report from the committee. The report was signed by Ald. Kerr and Ald. Casey, and it recommended no change being made, considering it unwise to do so.

Ald. Beveridge wanted to know in what way the committee considered it unwise to appoint Mr. Bradbury.

Ald. Casey said if the change were made it would be against the wishses of the superintendent. Mr. Duncan was well satisfied with the services of Mr. Sheppard. Mr. Duncan was a responsible head of the department. He had to answer all charges.

The report was adopted.

Thanks Of Red Cross.

The Red Cross Society wish to thank Mrs. F. N. Blance for the sum of $16.20, which was handed in as the proceeds of a concert held by the Ladies' Guild of St. Peter's Anglican Church at Seal Cove. The concert was held Nov. 29 for the Red Cross work, with this most gratifying result.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior

HIGH CLASS STOCK TO CHOOSE FROM

Corner Third Avenue and Sixth Street

Notice! The Latest!

By persistent experimenting I have now evolved a system of heating two rooms in a residence with your kitchen range, besides supplying hot water for domestic uses, regardless of the position of the range boiler. By the turning of one valve you turn your stove into a house heating system. I am now trying to improvise a thermostic automatic valve which will do away with the handling of any valves.

Now in use and on exhibition at my shop, 139 Second Avenue.
