THE KING HAS GONE TO VISIT TROOPS IN FRANCE

CITY OF VENICE RAIDED BY AUSTRIAN AIRSHIPS

Violent Fighting Continues On The Champagne Front

Violent Fighting Has Occurred Along Champagne Front

Paris, Oct. 25.—An official report says: The enemy violently counter attacked our army in Champagne, along the whole front of the fortified position at Lacourtine. We remain in possession of the positions taken by us to the east and to the west.

The Germans have succeeded in re-occupying in the centre only some portions of the trenches. The battle continues there with grenades, the fighting being of a desperate character.

There is nothing of importance to report along the rest of the front.

Calm On Belgian Front.

A Belgian official report says calm prevails along the whole front there.

FORCES OF ALLIES EFFECT JUNCTURE WITH SERBIANS

Paris, Oct. 25.—The French troops in Serbia have scored a brilliant success in effecting a juncture with the Serbians at Krivolsk. They turned the flank of three columns of Bulgarian troops, while the Serbs attacked them in front, causing a Bulgarian retreat.

Attempt To Drag Hon. H. E. Young Into Scandal Fails

The attempt to drag the name of Hon. H. E. Young into a coal miner's case in Victoria, in other than a regular way, has proved a failure. Dr. Young is well known here and there was a general feeling among all who knew him that there was little chance of his being implicated in anything dishonorable. The facts connected with his receiving stock, as now fully explained, clears any doubt that might have existed.

In opening the case for the defendants, Mr. E. V. Bodwell, K. C., said in part:

"The promise to give Dr. Young an interest in something was made in 1906, when he was not a minister, but a member of the House. In 1909 the opportunity came to keep the promise and Arbuthnot kept his word. The shares were issued out of the holdings of the members of the syndicate and not out of the company's shares. With reference to the property we ought to bear this in mind, that the acquicition of coal lands under the Coal Mines' Act is not an executive, but an administrative act and in the East Kootenay cases the courts have held that the Minister of Lands is not the agent of the government and mandamus proceedings lie against him if the purchaser has complied with the act."

Fund Unnecessary.

Mr. Bodwell said the 1911 bill was a private act and what Mr. Mitchener called a corruption fund did not seem necessary in that connection.

While direct evidence of the transaction, which involved the much discussed 1050 shares in the Pacific Coast Coal Mines' bond issue of 1911 has been scanty, the testimony Mr. Luther D. Wishard of New York, one of the defendants, that he had been told that it was given for valuable services received in connection with he acquisition of coal lands, was

PITTSBURGH HAD A FATAL FIRE

THIRTEEN LOST THEIR LIVES—MOST OF THEM YOUNG WOMEN

A Thorough Investigation Will Be Held Into Cause Of Fire.

Pittsburg, Oct. 25.—Thirteen persons have been killed and eight injured by a fire in a four-storey building here today. The dead are all young women, except one. A thorough investigation has been ordered.

Many exciting rescues took place during the fire. Two men on the second storey were about to jump when they heard the cries of girls on the floor above them. The men told them to jump. They caught each one and lowered them as far as possible, then dropped them to the sidewalk.

BULGARIAN SEAPORT BEING DEMOLISHED BY ALLIED FLEET

London, Oct. 25.—The bombardment of Dede Agatch, the Bulgarian railroad terminal on the Aegean Sea, is being carried out by an Allied fleet of twenty battleships. Their fire, which is being directed by aeroplanes, has wrecked the barracks, docks and shipping, and the railway station. The bombardment started while the fortieth Bulgarian regiment was in barracks at mid-day meal.

The first shells demolished the barracks, burying the occupants in the ruins. There has been a total loss of over a thousand soldiers and ten civilians.

ANOTHER LOCAL MAN MET DEATH

ALEXANDER DONALD OF THIS CITY WAS KILLED IN ACTION

Steamer Prince George Showed Respect To Memory By Half-masted Flag.

Among the casualty lists received during the past day or two, is the name of Pte. Alex. Donald, of this city. He went from here with the second contingent that Prince Rupert turned out, and which was taken into the 48th Battalion. Formerly a member of the crew of the Prince George, that vessel on entering port yesterday showed respect for his memory, by flying the flag at half-mast.

His widow, Mrs. Jane Donald, who is a sister of Capt. Donald of the steamer Prince George, has received official notification of the death in action of her husband.

Another Casualty.

Ottawa, Oct. 25.—Captain Curry, of the 42nd Battalion, was shot through the head and killed, two minutes after he had entered the trenches for the first time.

Captain Curry was a resident of Victoria, B. C., where he was highly respected as an efficient and capable officer.

EARLY CLOSING BYLAW AMENDED

GROCERY STORES IS STRUCK OUT FROM THE WORKING OF IT

Action Will Be Considered Next Week On The Grocers.

At the council meeting last evening the early closing bylaw was amended by striking out the grocery stores from its operation, in view of the decision against that class being regularly included.

A petition by retail salesmen, signed by twenty-five of them, was presented praying for early closing.

The city solicitor advised the final passing of the amendment before anything was done in the matter of a new bylaw covering grocery stores. This subject will come up next week likely.

WILL KEEP CITY HALL OPEN FOR REGISTERING

From 7 To 9 Each Evening This Week Names May Be Taken.

Each evening for the remainder of the week the city hall will be open from 7 to 9 to receive names of those who wish to register as householders or as license holders.

The city solicitor offered to be present tonight and tomorrow night. Ald. Casey, who proposed the move, suggested the Mayor and the city clerk should take the other evenings.

A. R. Steacy, wife and family of South Fort George, is in the city. They arrived by last night's train.

Venice Raided By Austrian Fleet Of Aeroplanes

Rome, Oct. 25.—Another air raid on Venice occurred this morning. Three Austrian aeroplanes dropped several bombs on the city. Three persons were injured slightly. The damage done was insignificant.

Italians Advancing.

An official report says the Italians have scored an important success in taking by assault Monte Nordica, thus completing their advance along the Ledro Valley.

They have also captured a fort in the Corderole Valley and have advanced along the entire front.

On the Carso front, they have advanced towards San Martell, taking over 1,000 prisoners and sixty officers with seven guns and a quantity of munitions.

BRITISH SUBMARINE SANK GERMAN ARMORED CRUISER

Petrograd, Oct. 25.—A British submarine has sunk the German cruiser Prince Adelbert near Libau in the Baltic. The Prince Adelbert was an armored cruiser 394 feet long, had a displacement of 8,858 tons and carried a crew of 557 men.

The King Has Gone To France To Visit British Army On The Field

London, Oct. 25.—King George is now in France, whither he has gone to visit the British army. He hopes also to see the Allied troops while there.

Appeal For Recruits.

King George's appeal to his subjects to come forward voluntarily and aid Great Britain in her fight against the Germanic Allies is being readily responded to.

The message of the King follows:

"To My People—At this grave moment in the struggle between my people and a highly organized enemy, who has transgressed the laws of nations and changed the ordinance that binds civilized Europe together, I appeal to you.

"I rejoice in my Empire's effort, and I feel pride in the voluntary response from my subjects all over the world, who have sacrificed home and fortune and life itself in order that another may not inherit the free Empire which their ancestors and mine built. I ask you to make good these sacrifices.

"The end is not in sight. More men, and yet more, are wanted to keep my armies in the field, and through them to secure victory and an enduring peace. In ancient days the darkest moments has ever produced in men of our race the sternest resolve. I ask you, men of all classes, to come forward voluntarily and take your share in these fights.

"In freely responding to my appeal you will be giving your support to our brothers who, for long months have nobly upheld Great Britain's past traditions and the glory of her arms."

J. D. Scott, of Vancouver, a well known business man, arrived by the G. T. P. train last evening.

DISCUSSED THE MUNITION WORK

ALD. CASEY WANTED MOVE MADE IN EFFORT TO GET IT

The Subject Was Allowed To Rest On Assurance Given By Mayor.

At the council meeting last evening the question of securing work for Prince Rupert in the line of munitions of war was introduced.

Ald. Casey thought the council should take steps to induce the undertaking of this work. The council might even do something in the way of bonus in the line of power.

The Mayor said that he had taken this up about two or three months ago, when the Minister of Militia reported that all the necessary contracts had been made. Mr. Donnelley, on leaving a few weeks ago, was going to press for work here.

It was decided to allow the matter to stand for the present.

MINING PROPERTIES LOOK EXCELLENT

THE PROSPECTS ARE EXCELLENT FOR ACTIVE SEASON IN MINING

Party Of Mining Men Arrived Last Evening From Interior.

The prospects in the interior in the way of mining are excellent. The coming season cannot fail to be a busy one. Already interest is even on the increase.

Last evening a party of mining men from the interior reached the city. They included D. H. Harris, who has been such a persistent worker for the industry in the interior; B. McCrea and Capt. John McLeod, railway contractor.

The latter is very optimistic of the various centres in the interior. He says the Silver Standard, he believes, will be giving employment to about 35 men during the winter. Its prospects are very bright.

Near Houston, he says, there is a property held by local men which it is prophesied will be a second Treadwell mine. It is in reality a mountain of free milling gold. The whole country is rich, he says, and should turn out well in a mining way.

FISH ARRIVING IN PORT SLOWLY

THE SCHOONER CONSTANCE BROUGHT IN 70,000 POUNDS ON SUNDAY

Two Smaller Catches Arrived In Port Yesterday Afternoon.

On Sunday there arrived in port the fishing schooner Constance, Capt. Carroll, with 70,000 pounds of halibut aboard her. The fish were sold to the National Independent Company, through the local representative, O. Bernhoff. This went forward to the eastern market by yesterday's train.

Yesterday two small catches were brought in and sold to the Canadian Fish & Cold Storage. These were the Alameda with 7,000 pounds, and the Rolfe with 3,000.

The new electric hoist installed by the National Independent Company on the Government Wharf has now been put into use and works well.

fairly explicit.

The Dunsmuir interests and the Pacific Coast Coal Mines were both applying for certain lands in Malcolm Island belonging to the firm of Garesche-Green. The foreshore rights were in question and the case had gone to the Provincial Executive and a decision had been given in favor of the Pacific Coast concern. He was not sufficiently expert in the conditions of the granting of coal lands in Canada to express an opinion as to whether or not this was valuable service, but he had rested fairly satisfied with the assertions of other members of the syndicate that this was so.

Were Old Friends.

Mr. John Arbuthnot, of Victoria, was examined. Mr. Brodwell brought out the fact that the promise made to Dr. Young of an interest in the first thing Mr. Arbuthnot took up in British Columbia dated back as far as March, 1906. Witness asserted that the issuance of the block of stock which went to Dr. Young was in pursuance of the pledge and not as a result of any political influence whatsoever.

It was stated by Mr. Arbuthnot that he had known Dr. Young since 1883 or 1884, when they were together on the C. P. R. They had spent a year in Michipicoten Harbor, at which time Dr. Young was in charge of supplies for the C. P. R. and he (witness) was with the contractors.

From his diary, witness found that he had come to Victoria on Sunday, March 4, 1906. He had made the visit to look around. He was first shown his present residence, "Robleda," Rockland Avenue, on the following Monday. On Tuesday, March 6, he had met Dr. Young and had had dinner with him that evening and he had stated in the course of conservation that if there was anything that interested him in the country and he took it up he would take Dr. Young in for a bit of it. At the time the Suquash property was secured he had informed his associates of his promise, explaining how it had happened to be made, and that it was his intention to let him in.

Did Not Ask Favors.

Mr. Bodwell—Why was that interest not taken in Dr. Young's own name?

"At the time it was agreed that none of that stock should be allowed to go to outside holders or be put on the market until the company was completed and on a paying basis. This was on the same basis as our own stock. It was not any secret among the members of the syndicate. Wishard knew all about it, and was quite agreeable; made no protest. Political purposes were never mentioned."

"You never asked Dr. Young to do anything for you?"

"I never asked Young or any other man to do anything for me that was not legitimate and right."

"Has Dr. Young done anything for you as a public man?"

"No, he has not, in any manner or way."

FORBIDS MUSKEG GOING IN ALLEYS

CITY COUNCIL LAST EVENING WENT AGAINST BOARD OF WORKS

It Was Argued That Such Feeling Would Give Trouble.

At the council meeting last evening the question of dumping muskeg in the alleys came up. An application had been received from V. Casley, who wished to do some excavating at the Empress Hotel, for permission to dump in the alley in a hollow behind the Vienna Restaurant. The acting engineer believed it would not give trouble there, and the Board of Works recommended permission be granted.

Ald. Dybhavn thought the policy of two years time should be followed, against dumping muskeg in lanes. It should be used on the school grounds.

The Mayor explained that there was a hole at this particular point 20 feet deep. The Board of Works thought it would be wise to fill it. Times were none too promising for building.

Ald. Nicol thought it was unnecessary to force the hauling of the muskeg away.

On motion of Ald. Dybhavn it was decided to disallow the privilege of dumping in the lane.
