SPLENDID COMEDY AT WESTHOLME THEATRE

The "Seven Sisters" Proved A Great Success Last Night.

The Westholme Theatre has a splendid comedy which was shown last night and will be repeated tonight. This is the "Seven Sisters," with Marguerit Clark as the star. The play is one of Daniel Frohman's successes, and is clean throughout. It abounds in amusing incidents and is excellently staged. The play affords amusement from start to finish, and can be enjoyed by all.

In the Universal Gazette series, shown this week, there are some interesting scenes connected with passing events. A special feature for ladies, is that of the high-class gowns by famous makers that are shown.

TWENTY-ONE NEW DIVISIONS FOR CANADIAN ARMY

Toronto, Jan. 5.—Major-General Sir Sam Hughes, at a banquet here last night, announced that 21 new divisions will be raised in Canada for overseas service.

British Columbia will furnish 2, Alberta 2, Manitoba and Saskatchewan 3, Toronto 5, Eastern Ontario 2, Western Ontario 2, Quebec 3, and the eastern provinces 2. Each division will consist of 18,000 men.

At present, Canada has two divisions at the front; four in Great Britain awaiting the call to the trenches, and two in Canada completely trained and ready to sail. By the end of this month, Canada will have 250,000 men in uniform, and will, in addition, have 100,000 men manufacturing munitions.

MILLIONS IN INDIA WAITING TO SERVE WITH THE COLORS

Ten thousand delegates, representing all communities, were present at the opening of the annual Indian National Congress, in Bombay, which was notable for the loyal and patriotic utterances of the speakers.

"Millions in India are waiting to serve," was the keynote of the opening speeches.

"In the presidential address Sir Satyendra Sinhab said the supreme feeling in India was admiration for the self-imposed burden England was bearing in the struggle for liberty and freedom, and pride that India had proved herself not a whit behind the rest of the Empire in the assistance of the Mother Country."

Continuing, Dr. Satyendra express-

German Armed Steamer Captured By British On African Lake

London, Jan. 5.—The German armed steamer Kingani surrendered on Dec. 26 to the British Naval Expedition on Lake Tanganyiki, in Central Africa. The action, which resulted in the capture, lasted ten minutes only. All the German officers were killed.

The Kingani, despite the fact that she was in a sinking condition, was brought to port.

DIPLOMATIC SECRETS LEARNED BY WAITERS

Menials Employed By German Embassy To Spy On Officials.

That Washington is fairly honeycombed with spies employed by embassies of the Central Powers, and that one of the most dangerous is the use of espionage upon high government officials in their homes by means of the waiters, has just become known through the facts unearthed by operatives of the United States Secret Service. Six waiters working in the homes of prominent government officials are reported to have been found to be receiving pay from the Central Powers. Through this source, it is said, representatives of the Central Powers learn many State secrets, which were supposed to be so carefully guarded that none could learn them.

Much of the confidential official business of Washington is conducted over the coffee cups after dinner, as most of the time the members of the Cabinet are in their offices their time is taken up with callers and routine business. After each Cabinet meeting the members go to luncheon in groups, where their conversation is quite unrestrained. It is in overhearing these conversations that the spying waiters learn confidential matters of State, which they quickly report to the embassies which employ them.

In any other country means could be found to deal with these spies adequately, but there are no laws in operation in times of peace in this country to proceed against them. It it likely that enactment of such law will be urged upon Congress this winter.

Whether all of these spies, who are passing noislessly about the official dinner tables of the capital, taking in the confidences of Cabinet members when they think themselves secure from eavesdropping, have been located by the Secret Service is not known. But henceforth, waiters in Washington, speaking with a German accent will be regarded with more than suspicion. The names and description of six such waiters have been given to officials and these men probably will find themselves useless in this city from now on.

It is reported that some of these waiters were in the habit of seeking employment upon special dinner occasions. Whether any Washington caterers to official homes are suspected of complicity in the employment of these spies, is not divulged.

A report from New York several days ago said that an agent of Captain Boy-Ed, serving as a waiter, had overheard a conversation regarding a confidential naval report which had enabled the German Embassy to obtain a copy of it. Captain Boy-Ed had denied receiving this report. But the fact of the service of German spies as waiters comes, it is said, from so high an official source that it cannot possibly be doubted.

Premier Asquith Has Introduced Compulsory Military Service Bill

London Jan. 5.—Premier Asquith has introduced into the House of Commons his compulsory military service bill. Under its terms, all males between the ages of 18 and 40, who are bachelors or widowers without children dependent upon them, are liable for military service.

Ireland is excluded from the terms of the measure.

The Premier said that no case had been made out that a general compulsion bill could be supported by those opposed to conscription. He emphasized the fact that, during Lord Derby's campaign, 3,000,000 men had offered their services. Even deducting those who might be rejected from physical unfittness, the total was still in excess of 2,500,000.

They were unable, after making the largest possible hypothetical deductions, to consider the number of single men who had not recruited as anything but substantial or even of a considerable amount.

Ulster Unionists, at a meeting last night, presided over by Sir Edward Carson, the Ulster Unionist leader, declared that the exclusion of Ireland from compulsory service is an insult and humiliation to a patriotic population.

BRITISH BOAT OWNERS WANT SHIPS RELEASED

Those Interested Think Admiralty Could Spare Tonnage.

Acording to semi-official statements in the London shipping papers, the British Admiralty had up to the middle of November, 1915, commandeered 30 per cent. of the entire British mercantile marine, or about 6,000,000 tons gross. British owners are agitating for the release of about 2,000,000 gross tons of the total tonnage commandeered, asserting that careful investigation shows that the Government could very well manage its various military transport services with 4,000,000 gross tons. They point out that the release of 2,000,000 tons of shipping would be an enormous help toward reducing freights, reducing the cost of food, and increasing the amount of goods delivered at British ports, as raw materials for manufacturing operations.

PROVINCIAL SHIPS.

In connection with the proposal that the Provincial Government lend its aid to shipbuilding in the Province, it is being brought forward that the lumber industry is not the only one that lacks carrying facilities. The Government, it would appear, from the statements of Hon. Mr. Tisdal, wants to find if anything can be done locally to rescue the Province from its present plight owing to the lack of tonnage. Mr. Tisdall says that the need for increased tonnage is most pressing, and that it is not the lumber industry alone that is suffering. At the present moment potatoes and oats are a drug upon the local market in this Province, whereas they are in great demand and would be bought in large quantities, especially potatoes in the Antipodes.

WELL SATISFIED.

INCREASED TRADE IN LIQUOR AND TOBACCO SHOWN BY RETURNS

The receipts of the Inland Revenue Department for November totalled $2,383,094, an increase of $779,418, or 47 per cent. over November, 1914.

Of this increase $235,000 was produced by the war tax, the rest being due to increased trade in liquor and tobacco, which reflects the general improvement in conditions throughout the country as compared with a year ago.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.
