ALICE ARM REPORTS SOME RICH STRIKES LOCATED

Germans Failed In Latest Attacks On The Verdun Front

Carranza Ordered To Give Up Prisoners Held By Him

Reports Of Rich Strikes From Alice Arm Are Constantly Received

With the advance of the season there are most encouraging reports coming from the Alice Arm district in common with other mining areas in this northern part of the Province. One of the latest reports to be received in the city, is to the effect that on a part of what is known as the Spaniard group of claims there has been a very rich strike made.

It is reported that three men who have a working option on a part of the claim were able to take out $1,000 in eight hours a few days ago. Of these men, two are well known in this city. They are Messrs. Rochester and Macdonald. Details of the strike have not been received, but the men are working away on the property and do not believe that the end of the rich vein has been encountered by any means.

From the claims that are being worked by A. Lothgren, formerly of this place, the old Roundy property there comes also reports of rich looking ore. Mr. Lothgren went south from here the other night with samples taken from the property in a new strike that had been made. He is to have it assayed. At the time of leaving he had little knowledge of what the ore was worth and would venture no opinion. It was diff. .nt from what had been encountered in other parts of the workings.

DUKE OF DEVONSHIRE MAY BE GOVERNOR OF THE DOMINION

London, June 28.—It is announced that the Duke of Devonshire is to succeed H. R. H. the Duke of Connaught as Governor-General of Canada.

Send our Visitors away Boosting not Knocking, July 1st.

KELOWNA HAS MADE REDUCTION IN LIQUOR LICENSE

Very Substantial Decrease In The Amount To Be Paid By Hotels.

The City Council, of Kelowna, in response to a request for a reduction by the hotels of the license fee, owing to shortening of hours, have reduced the license fee for the six months commencing July 15th next, to the sum of $150. One hundred and fifty dollars—the minimum amount provided for in the License Act of British Columbia.

The population of Kelowna, B. C., is about 2,500. The city has three licensed hotels, the license fee up to the present time has been $500. Five hundred dollars per annumn for each hotel, or $250 for each half-year, just over half the amount each of the seven hotels of Prince Rupert have paid.

SERGT. KRAG, OF VIKINGS, IS RECRUITING HERE

Representative Is From The Schleswrig-Holstein Originally.

There is in the city now a representative of the Viking Regiment, the 197th, which is being recruited for overseas. Sergt. Krag is the recruiting officer and he has opened an office in the Hart Block. He will be pleased to talk enlisting with any who call.

The regiment is being recruited in the west, largely among those of Scandanavian blood, but any are accepted. Sergt. Krag is himself of Danish blood, belonging to the province of Schleswig-Holstein, now belonging to Germany. It is his antipathy to German rule that has led him to forsake his old home and come to Canada. He belongs to the same province as P. Lorenzer, the City Engineer, who likewise left that country with his parents when Germany conquered it.

King George has (rained) for six years, but leave your umbrella at home July 1st.

NORTHLAND WAS WRECKED UP NORTH

STEAMER THAT CARRIED ORE FROM HERE MET TROUBLE IN NORTH

The Vessel Can Be Salved Without Difficulty, It Is Expected.

The steamer Northland, of the Border Line Transportation Company, which on the tenth of this month loaded a consignment of ore here for the Tacoma smelter, has been lost on the Alaskan coast, where she went with a cargo of cannery supplies after delivering her cargo of ore at Tacoma.

Last Sunday, while off Koke, a cannery port fifty miles to the west of Petersburg, she encountered some heavy weather which caused her to list and founder. There was no loss of life, and as she sank in shallow water the task of salving her will not be difficult.

The Northland was a steel screw steamer, built by Moran Bros. at Seattle in 1908. She was 140 feet long with a beam of 27 feet.

Though the sky is not always blue, every cloud has a silver lining in Prince Rupert, July 1st.

CARRANZA MUST LIBERATE PRISONERS

ORDERS ISSUED FROM WASHINGTON SAYS THE ALTERNATIVE IS TO FIGHT

Demand Made By President Wilson For Giving Up Captured Men.

Washington, June 28.—General Carranza has been given one more chance to prevent an open break with the United States. A note sent him by Secretary Lansing demands that 17 American prisoners of the Carrizal battle, now held at Chihuahua, be released and that the Mexican Government place itself on record immediately concerning its future intentions toward the American forces now in Mexico.

Unless Carranza surrenders the American troopers, who are held prisoners at Chihuahua, President Wilson will ask Congress for authority to rescue them by force.

Pending the release of those prisoners the United States will not consider any measure of mediation. General Carranza has not yet acknowledged the American note.

The communication disclosed that General Carranza had admitted, in a note received by the State Department, issuing orders to General Trevino to attack American forces moving in any direction except toward the border. In carrying out these orders the attack of Carrizal occurred. Consequently the American Government now considers the de facto president responsible for the attack and gives him a final opportunity to change his attitude.

Show the Visitors a little bit of Life, not Funeral Marches July 1st.

CANADIAN CATCH SOLD AT HIGH PRICE

CONSIDERABLE HALIBUT AND SALMON WAS IN PORT YESTERDAY

How The Fish Were Disposed Of By The Different Vessels.

Owing to heavy receipts and other causes, both halibut and salmon sold yesterday at lower prices than have prevailed here since last May. At a protracted session of the local exchange yesterday afternoon the halibut catches of seven vessels were disposed of as follows: The Nellie 10,000 and Stranger 13,000 pounds were taken by the Pacific Fisheries at 6 7-8 cents. The Mayflower 8,000, Bravo 9,000, Dolphin 9,000 and Liberty 27,000 pounds went to the Cold Storage Company at 6 3-4 cents, and the Nautilus at seven cents. The latter being the only Canadian boat in the lot commanded a higher price, as fish were required for the Canadian market.

Capt. Henry Edenshaw, of Massett, with the Wigwam, brought in 16,000 pounds of spring salmon, which he sold to the Cold Storage at six cents a pound. Several smaller shipments of salmon sold to different buyers at the same price.

GRANBY'S PROFITS OVER $3,000,000

RESULT OF YEAR'S OPERATIONS IN DIFFERENT PARTS OF PROVINCE WERE GOOD

Interesting Figures Given Relative To The Work Being Carried Out.

The Granby Consolidated Mining, Smelting & Power Company, with mines at Hidden Creek and Phoenix, B. C., and in Alaska, and smelters at Anyox and Grand Forks, B. C., on June 21 declared the regular quarterly dividend of $1.50 the share and an extra dividend of 50 cents the share, a total of $299,970, payable August 1 to stockholders of record July 14. This will make the payments for the current year $749,924, and will increase the grand total to $6,476,847. No official announcement has been made as to plans for permanently increasing the quarterly disbursements, but local stockholders are of the opinion that from now on until there is an appreciable decline in copper prices, Granby will continue to pay $2 per share, or eight per cent. annually on the outstanding capitalization, 149,985 shares at $100.

Net profits of the Granby Company for the last quarter of 1915 were $1,026,745. For the first quarter of 1916 they approximated $1,200,000, and during April were estimated at $600,000. For the fiscal year ending June 30 they will considerably exceed $3,000,000 being more than $20 a share of issued capital stock. In the same period there will have been disbursed only $6 a share, the first dividend at the 8 per cent. rate falling in the first quarter of the next fiscal

(Continued on Page Four.)

Attacks Made On Verdun By Germans Has Failed To Succeed

London, June 28.—The German attack upon Verdun has again failed. It is believed there is a fresh attempt to be made to break through the lines of the heroic French defenders.

Nearing Exhaustion.

Paris, June 28.—At a secret session of the Reichstag in Berlin, Von Bethmann-Hollwegg, the Chancellor, made the statement that the situation in Germany is bad, but that they might be able to hold out for a few months longer. He added that, if the people did not look for too great results, Germany might hold out until March, 1917. The statement was published in the Paris Journal, and is looked upon as being highly significant.

DUKE OF CONNAUGHT MAY BE SENT TO IRELAND NEXT

Ottawa, June 28.—According to information from a high source at the Capital, the Duke of Connaught, when he leaves Canada in October, will be appointed Viceroy of Ireland. He will represent his nephew, King George and the Royal authority in the opening of the new era for Ireland under the new Home Rule arrangement. Legislation giving effect to the Lloyd George compromise on Home Rule is expected to be passed by the British Parliament, so as to become operative in October and His Royal Highness will, it is believed, be acceptable to all parties in Ireland as the representative of the Crown.

WESTHOLME THEATRE HAS HIGH-CLASS ORCHESTRA

Paul C. Daugherty, Pianist, Made A Decided Hit Last Night At Opening.

The Westholme Theatre has added to its high-class pictures by providing for the advantage of its patrons an excellent orchestra. Paul C. Daugherty, formerly of Montreal, is the pianist in charge. The selections played by the orchestra were enjoyed to the utmost. It is the intention to continue his attraction.

Marguerite Clarke in "Mice and Men" won the applause of the audience at many points. The Westholme continues to hold its popular name.

We want our American friends to think the same of our National Day as they do of their's, July 1st.

CORPORATION OF PRINCE RUPERT.

Cleaning Up Week.

The attention of the citizens is called to the cleaning up week, which has been fixed for the week commencing July 3rd, and their hearty co-operation is requested. Pile all refuge, tin cans, etc. so as to be easily accessible by the Scavengers.

Help beautify our city by cleaning up your lots and backyards.

By Order,
HEALTH DEPARTMENT.

CANADIAN CASUALTIES HAVE BEEN VERY HEAVY LATELY

Ottawa, June 28.—The total casualties during the past month of fighting by Canadians on the Ypres salient amounted to between eight and nine thousand.

As approximately 28,000 casualties have previously been reported, this means that in number the casualties equal the first Canadian contingent which sailed from Quebec in the latter part of October, 1914. It is likely the lists will continue to be heavy for a few days yet, and that before all the names of those who suffered in the recent German offensive and the succesful counter-attack are in they will exceed 12,000.

MAP RELATIVE TO PEACE RIVER LANDS

Government Has Issued Very Full Information Through Medium Of Map.

The new edition of the Northern Alberta Homestead Map, which has just been published by the R[illegible]y Lands Branch of the Depart[illegible] the Interior, shows that the homesteader is seeking the north. From the publication we find that settlers are grouping around McMurray, Fort Vermilion, Fort St. John, Hudson's Hope and farther south at Round Lake, Sawridge and Mirror Landing. The older settlements have increased considerably and patches of color can be observed, indicative of extensive settlement at Peace River Crossing, Dunvegan, Spirit River, Grande Prairie, Grouard, Lac La Biche, etc. The Peace River block also contains good land which settlers are occupying as soon as surveyed.

Railway facilities have greatly improved since the last issue of the publication. Spirit River settlement and Grande Prairie, both to the north-

COMMISSION TO SUBMIT REPORT

RESULT OF INVESTIGATION INTO INDIAN AFFAIRS WILL BE PUT IN

The Governments Will Receive Formal Presentation From The Body.

Victoria, June 28.—Within two or three days the report of the Royal Commission on Indian affairs, for the Province of British Columbia will mail its report to the Dominion Government, by which body it was appointed. The report is very bulky, occupying several volumes in addition to the 15 volumes comprising the transcript of evidence.

Duncan Campbell Scott, Deputy Superintendent General of Indian Affairs, who was in Victoria a few days ago, spent some time in consultation with the members of the commission discussing their report and expressed himself as satisfied and pleased with the system adopted and with the nature of the whole report and what has been done.

PRINCE RUPERT PEOPLE GET INSTANT ACTION

Those who have used it in Prince Rupert are astonished at the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. Because it acts on BOTH lower and upper bowel, ONE SPOONFUL Adler-i-ka relieves almost ANY CASE constipation, sour stomach or gas. It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. C. H. Orme, Pioneer Druggist.

NOTICE OF ASSIGNMENT.

Creditors Trust Deeds Act And Amending Acts.

NOTICE is hereby given that William Lionel Barton carrying on business as a manufacturer of lumber at Port Clements in the Province of British Columbia has, by Deed of Assignment dated the Seventeenth day of June A. D., 1916, assigned all his real and personal property, credits and effects which may be seized and sold under execution to me Alfred Williams, Consulting Engineer of Room 414 Credit Foncier Building, Vancouver, British Columbia.

AND FURTHER TAKE NOTICE that a meeting of the creditors of the said William Lionel Barton will be held at the office of the Assigne, Room 414 Credit Foncier Building, Vancouver, British Columbia, on Monday, the 10th day of July A. D., 1916, at 2:30 p.m. for the purpose of discussing estate affairs.

All creditors are further required to file with me duly verified particulars of their claims and the nature of the securities (if any) held by them, a srequired by the above Act, on or before the said 10th day of July, 1916, after which date I, as Assigne will proceed to distribute the estate, having regard only to such claims as shall then be before me.

Dated at Vancouver, B. C. this 26th day of June, A. D., 1916.

ALFRED WILLIAMS,
Assigne.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior

And take notice that after the expiration of one month from the date of the first publication of this notice the Surf Inlet Power Company Limited will, under Section 7 of the said Act, apply to the Minister of Public Works, at his office in the City of Ottawa, for approval of the said site and plans and for leave to construct the said wharves and power house.

Dated at Vancouver, B. C., this 29th day of May, 1916. j2-jly2

THE SURF INLET POWER COMPANY, LIMITED.

the older and mature student and the impetuous young hero who comes back from the war covered with glory. The question is, will hero-worship and youthful impressionability conquer over the strong sense of gratitude which Peggy feels for the man whose unselfish devotion has lifted her from the obscurity of a number in the Foundling Home to her present enviable position in the social world.

The talented little star has among her supporting cast such distinguished players as Marshal Neilan, Clarance Handyside, Charles Waldron and Robert Conville.

Let us have lots of that stuff. WHAT? Good-feeling and Good-fellowship July 1st.

MAP RELATIVE TO.

(Continued from Page One.)

west of Edmonton, are now accessible by rail, while in a north-easterly direction the track is laid as far as Christina Lake. Last year the Athabaska, the Peace River end and the Fort McMurray steamers were all operating regularly, the two former Hudson's Hope to Fort Vermilion, the latter from just below the Vermilion Chutes to Fort Smith, where it connected with the steamship Mackenzie River which goes as far as Fort McPherson. Five small boats operated very successfully on Smoky River taking passengers on incoming trains from the settlement to Peace River Crossing.

It is interesting to read from the map what surveyors and explorers say of the unsubdivided portions of the Province. Now that there are better transportation facilities, investigations into the biuminous sand deposits of the Athabaska River will be of great interest. Bituminous tables have been grown successfully at many remote points. There are districts which have been reported as valuable for grazing purposes, and others for their timber. It is, of course, a well known fact that the north country abounds in game and fish and that the fur trade will for a long time to come prove a valuable asset to the Province. The country is traversed by numerous rivers which in titme should become important commercial thoroughfares and do much to help colonization.

An additional map of the southern half of the Province will be issued shortly. Copies of the northern sheet may now be procured without charge upon application to the Superintendent of the Railway Lands Branch, Department of the Interior, Ottawa.

GRANBY'S PROFITS.

(Continued from Page One.)

year. At January 1, the company's surplus stood at $962,104. By June 30, it should be in the neighborhood of $3,000,000.

Granby's plant at Grand Forks is capable of caring for the output of the Phoenix mines, besides handling custom ores, but the Anyox plant is being enlarged to accommodate the rapidly increasing production at Hidden Creek. The Anyox production of copper matte amounts to 3,000,000 pounds monthly, and nearly every steamer that docks at the port carries away a part of a cargo of the metal. At present the mechanical equipment of the smelter is being actuated by a hydro-electric station, but during the winter this source of energy is uncertain, and the company now is installing an auxiliary steam power plant that will cost about $750,000.

Suggestions for Successful ADVERTISING

The Best Time To Use Advertising Space

While the successful advertiser makes all times his own, their must of necessity be occasions when there are special advantages in presenting live facts about your goods to the public.

Advantages In Strenuous Times

Did it ever occur to you that in times when money is specially "tight" that the average buyer, and especially the thrifty housewife makes it a point to buy where the best can be got for the money expended? Have you an advantage to offer? Your advertising it will give you far better results than when times are better.

Buying Values Are Investigated

The value of money is appreciated now. Values count and are investigated by the public. This is the time to get full results from those who have good values to offer the public in any line of consumption.

Advertise In The Journal.

Eye Troubles Corrected

Mr. Bulger has had over ten years experience in sight testing and fitting glasses, and last mid-summer took a post graduate course, which included the latest discoveries in the science of optometry or eye measuring. One of the most important is dynamic skiametry. The new method of Prof. A. J. Cross, of New York, in which the eye is measured by a beam of reflected light and any error is recorded.

But we do not simply rely on one method; each eye is tested separately, in three different ways, besides trying the muscular balance, together and the nervous acuteness.

We use the new drugless methods, no drops in the eye and no heavy frame resting on your face; ours swings from the wall by a bracket.

MR. HARRY HANSON, Prince Rupert, B. C., April 9, 1914.
"The Reliable Plumber,"
Prince Rupert, B. C.,

I have great pleasure in certifying to the excellent hot water and heating system that you installed in our parsonage, and that after six months of operation through the winter months it has given every satisfaction.

The system heats a thirty gallon tank of water to boiling temperature in one hour after the fire has been started; it in no way interferes with the oven for baking purposes. In addition to this, the wall radiator which you placed in dining-room and connected with the range boiler has given us splendid satisfaction, supplying us with ample heating throughout the winter, saving us the cost of a stove and fuel.

I most heartily testify to the satisfaction and efficiency of your system and gladly recommend it.

Yours very truly,
(Signed) (Rev.) J. F. DIMMICK.
