Sunnyside Cannery Has Beginning Of New Order On Skeena

The Sunnyside Cannery on the Skeena River marks a new order of things as far as this district is concerned. It is in reality the first cannery on the river that can be regarded as being local in its character. This is true in view of the fact that the Sunnyside is under the control of the Gosse-Millerd Company that the management of F. Strang has recognized that there is such a place as Prince Rupert.

The remainder of the canneries on the Skeena owned by interests in the south have never recognized Prince Rupert as being in existence. All the business done by the canneries has been transacted in the south.

Capt. Gosse as the head oof the Gosse-Millerd Company where he obtained a license to do business here pursued a different course. He rerecognized that Prince Rupert was the centre of the Skeena district and accordingly he did his business wherever possible with local firms. The result was that the Sunnyside spent more money in Prince Rupert this season than all the other canneries on the Skeena combined spent

The cannery started work on tthe buildings very late in the season. Many never dreamed that the Company would put a pack up this season for the outfitting o the different canneries already built here commenced before the Gosse-Millerd Company started letting contracts for driving the necessary piles at the new site.

Those who know Capt. Gosse however know that he is not easily stopped on anything he undertakes. He made up his mind to get started this season on the Skeena and he did soo. Within a little over two weeks from the time he let the contract for the driving of the piles the cannery with Mr. Strang in charge was canning fish.

Not a moment was lost during the season and the result has been that between 15,000 and 16,000 cases of salmon have been put up by the company. The season is now finished and the cannery will be closed up in a few days. It is gratifying to know that the cannery is by no means the low one on the river this season.

The Sunnyside stands out distinctly as a Prince Rupert propoosition in view of the fact that the local merchants have been recognized by the company in all commercial dealings. It will remain as such as long as the coompany continues to follow that policy.

The controllng Coimpany has canneries all along the coast, on the Fraser, at Bella Coola, Rivers Inlet, and on the Skeena. The Company is one of the strongest in the business at the present. Its reputation earned from this opening season's work on the Skeena places it in a very proud position and local merchants will hope for continued success to the Sunnyside.

DIRECTORS OF GRANBY ELECTED

JAY P. GRAVES HAS RETIRED FROM THE BOARD BY HIS OWN REQUEST

Good Surplus Shown At End Of The Year By Company.

Jay P. Graves has retired from the Board of Directors of the Granby Consolidated Mining, Smelting & Power Company, which he made one of the great copper corporations. He retains the same interests he has had.

At the annual meeting, held in New York City, the Board of Directors was re-elected, except that Henry Bruere takes the place of Mr. Graves. It is understood that Mr. Graves has desired to retire as much as possible from active participation in the affairs of the corporation.

"It often has been difficult to get a quorum of the directors," said Mr. Graves, "and as I seldom attend the meetings, placing some one else in my stead will make it much easier to get the board together. There is no significance in the change. I retain the same holdings."

Mr. Graves is one of the heavy stockholders of the company, and more of the stock is held in Spokane than in any other place in the west.

William H. Nichols was re-elected President, and the other officers and directors elected are: E. P. Earle, W. H. Robinson, Edwin Thorne, F. M. Sylvester, vice-presidents; Mr. Sylvester, managing director; G. W. Woover, treasurer; Northup Fowler, secretary; Henry Bruere, E P Earle Northup Fowler, J. B. F. Herreshoff B. Hochschild William H. Nichols, Wiliam A. Paine, Sanford H. Steele, F. M. Sylvester and Edwin Thorne, of New York, W. H. Robinson, of Granby, Quebec, M. K. Rogers, of California, and G. W. Wooster, of Vancouver, B. C., directors.

This company has a surplus after paying its dividends, of $2,919,384 on June 30, 1916, compared with a surplus one year before of $929,138. There are 149,985 shares issued. The par value is $100 a share, and the market value recently has been between $90 and $100 a share. The prperties are in British Columbia and Alaska, with smelters at Grand Forks and Anyox, B.C.

CANADIANS HAD SEVERE FIGHTING

CASUALTY LISTS IT IS FEARED WILL BE HEAVY AS A RESULT

Regiments from Dominion Acquitted Themselves Well at Front

Ottawa, Oct. 13.—A cablegram from London to the Militia Department announces that the Canadians have been engaged in particularly desperate fighting on the Soomme front. The encounter has lasted almost incessantly all week and the British and Canadian forces attacked along a frontage of thirty one hundred yards.

They captured several German trenches but were driven back into the barbed wire entanglements, where the enemy directed a terrible machine gun fire into the ranks of the Canadians.

The men from Canada again advanced and succeeded in penetrating the German trenches and inflicted severe casualities upon the enemy

It is feared that the Canadian casualties are heavy, the battalion from Ontario, Manitoba, Alberta and British Columbia being the greatest sufferers.

Fish Day To Be Observed On Last Day Of October As Elsewhere In Dominion

Tuesday, Oct. 31st has been declared Fish Day throughout Canada. On that day it is expected that every step be taken to do what is possible to spread the fame of fish as an article of diet in Canada. It is recognized as beyond explanation that so few fish are used in Canada in spite of the fact tha it is the real home of the halibut.

A meeting was called yesterday afternoon of the entertainment company of the Board of Trade for the purpose of seeking some means of honoring the day.

It is proposed to have in Prince Rupert as is to be done elsewhere, a banquet in which fish will be prominent in the menu card. The entertainment committee of the Board of Trade will take the matter in hand and will try to have something done along this line.

The serving of a banquet will not constitute the whole function of the day. It is intended to have the importance of fish brought to the mind of the citizens. With this a few addresses will be delivered upon the subject.

To Prince Rupert as to few other places on the Pacific coast at least the day is full of significance. Fishing is probably the greatest industry as far as Prince Rupert is concerned. It is fitting therefore that the day set aside as Fish Day should be duly observed here.

ITALIANS ARE ON MOVE IN DIRECTION OF TRIESTE

Rome, Oct. 13.—The Italians are moving steadily in the direction if Trieste and have captured additional points of vantage and seventeen hundred and seventy one prisoners.

On the Carso Plateau, the enemy made heavy counter attacks against the positions recently captured by the Italians but they were repelled on each occasion.

Since August 6th, the Italians in the fighting in the Julian Alps have captured nearly thirty-one thousand Austrians.

F. A. Wretrich of the B.C. Equipment Company is in the city. He has come here in connection with starting up of work at the Drydock.

GETTING ROAD IN TO SHIP ORE OUT FROM TELKWA MINE

Jefferson and Doockrill have started work with a gang of men on the construction of a road from Telkwa ed Howson Basin to provide an outlet for the product of the mineral holdings up there says the Interior News published at Smithers. They already have large quantities of ore on the dumps and extensive shipments will be made during the coming winter. The new road will be rushed to completion as rapidly as possible.

BRITISH ARE GOING FORWARD ALONG SALONIKA FRONT

London, Oct. 13.—The British have reached the outskirts of Seres, on the Struma, northeast of Saloniki, and are driving the enemy from the outlying districts.

Seres is a strongly fortified town and the garrison is likely to put up a stubborn resistance. The Germans have been forced to extend their line for twenty thousand yards and have had to coonstruct additional trenches. The Serbains, on the left wing have captured Brod.

Concert Company Coming.

The Peat Concert Company will give a concert in the Empress, Saturday, October 14 at 8 p. m. Mr. Peat, who is a returned soldier, has been lecturing all through Canada on his experiences with the First Contingent. Mrs. Peat, who was with the London Chronicle, and was Superintendent at a munition factory will also lecture on "Women's Help in the War." Trooper Jerrett also furnishes humorous sketches. Part of the proceeds will be given to the Prince Rupert Returned Soldiers' Association. Admission 50 cents.

The G.T.P. Drydock at Hays creek is getting started and local residents will hope that the commencing of operations next week will but mark the beginning of steady work there. Yesterday a party of about twenty two master mechanics arrived from the south to get the dock ready for taking in a big ship next week. The capacity of the dock is 20,000 tons. The vessel to enter is according to report of about 16,000 tons. It is said that the work will keep the dock busy until well on to the new year.

The Prince Rupert dock which is the largest on the Pacific coast is in reality the only one that is capable of taking care of the vessel that is coming.

The docking of the ship will afford the opportunity of testing out the capabilities of the works here. For the next week there will be a busy time within the yards getting all of the works ready for the active operations.

THE SKEENA CANNERIES

The close of the season as far as fishing is concerned brings into relief the fact that the Canneries that have existed on the Skeena are of very little benefit to Prince Ropert. This year the Sunnyside Cannery came into existence and at very considerable expense got into the game this season. Capt. Gosse recognized upon the very outset that Prince Rupert was entitled to business and according pursued a course in direct contrast with the other canneries of the Skeena. The result was that the Sunnyside spent more money in Prince Rupert during the season than all the other canneries combined. It is gratifying to know that the cannery has had a good year. The sympathy of the residents of Prince Rupert will always be with the Sunnyside as compared with the other canneries. It is to be hoped it will prosper.

PRINCE RUPERT PEOPLE GET INSTANT ACTION

Those who have used it in Prince Rupert are astonished at the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. Because it acts on BOTH lower and upper bowel, ONE SPOONFUL Adler-i-ka relieves almost ANY CASE constipation, sour stomach or gas. MANY IN PRINCE RUPERT TRY SIMPLE MIXTURE

Many Prince Rupert people are surprised at the QUICK action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. This simple remedy acts on BOTH upper and lower bowel, removing such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. A few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-i-ka is astonishing. C. H. Orme, Pioneer Druggist. g-s.
