Strong Campaign Force Organized In Interests Of Hon. William Manson

The smoker given last evening in the Railwaymen's Hall, in honor of Hon. William Manson, resolved itself before the close into a meeting for the perfecting of the organization on the part of the supporters of the Minister of Agriculture for the ensuring the return of him at the polls. The meeting was a splendid one, presided over by J. H. Thompson. The hall was well filled, and while the plan of it was not to introduce the regulation campaign speeches, Hon. Mr. Manson delivered a splendid speech upon the questions of the day. In addition to that there were a number of songs rendered, and at its close the local candidate was cheered lustily by the audience.

Before the meeting closed it was decided to elect from the floor a committee that would act as a central one in looking after the campaign locally. This committee met immediately afterwards and proceeded with the work. From now on regular meetings of the Central Committee will be held. W. E. Fisher was elected Chairman of the Central body with J. Doig as Secretary. The other members of the committee are: H. Douglas, G. D. Tite, John Vierick, A. W. Edge, D. McCorkindale, Capt. Freeman, Walter McLeod, George Sweet, G. A. Woodland, Geo. Munro, T. Cartwright, M. Albert, J. G. Scott, Geo. P. McCall, J. H. Thompson, W. L. Howell, G. N. Sinclair, Mr. McNeice, Gus Anderson, A. R. Phillips, Mr. McCartney, C. Blyth and Fred Shaw. This committee will arrange all the matters connected with the campaign and will appoint the necessary sub-committees that may be required.

Hon. William Manson was given an enthusiastic reception on being called upon to speak. He dealt with some of the tactics adopted by the Opposition during the present campaign. On the trip into Omineca he had had a sample of this from Alex. Manson, who persisted in attacking the Government, and when faced with the proposition of what he had to offer in the way of policy he refused to say what would be done. Such a course was not, he felt sure, going to recommend the Liberal party to the electorate.

This was a condition that prevailed all over and was being met with all through the country. The Liberals hoped in this way to catch votes, but he knew that the people of the Province would not be so easily caught.

Mr. Manson also dealt to some extent with the plugging in the by-election. The Liberals were making a lot about the fact that Scott, who was so intimately connected with the plugging, was not allowed immunity. Mr. Manson said that his advice to the Premier was that if Scott had committed a serious offence like what was urged that he should not be immune from the law. The Premier had looked on it in that way also.

The local member spoke of his trip through the other parts of the Province in company with the Premier, when he had excellent opportunities of studying the conditions that existed. The sentiment throughout the Province was decidedly in favor of the Conservative party and the Government will be returned with a good big majority.

The speaker took up the representations that had been made by M. A. Macdonald relative to miscellaneous expenditure, and which Alex. Manson had also dealt with a few evenings before. The Liberal candidate took the ground that the system of book-keeping by the Government was all wrong. There was nothing in the contention that was put forth he said. He dealt with the expenditure under the head of miscellaneous and showed that it covered an immense number of items, some of which he enumerated.

Mr. Manson said that there were many points connected with party politics that he would not attempt to take up that evening, but would deal with them at a public meeting later on.

During the evening there were excellent songs rendered by members of the Association who were present. Those who took part in this part of the programme were: G. N. Sinclair, Geo. P. McColl, Babe Fortin and Mr. Nicol, while W. S. Davis presided at the piano.

After singing "God Save the King" ringing cheers were given for Premier Bowser and Hon. Wm. Manson.

HON. J. H. TURNER FORMER AGENT-GENERAL DEAD

Well Known Resident Of The Province Has Passed Away.

Victoria, Aug. 14.—Former Premier J. H. Turner is dead. Hon. J. H. Turner, who was Premier of this Province for a short period, was for many years Agent-General for this Province in London, who recently resigned.

Miss Phillis Jenns left for the south yesterday to attend the Normal School.

TIMBER SCALING FOR THE MONTH OF JUNE

Returns For The Forestry Departmnet For Month.

Victoria, Aug. 14.—The timber returns for June, issued by the Department of Lands, show that the total scale of sawlogs for the Province amounted to 120,023,869 ft. board measure, in addition to 375,905 lin. ft. of poles and piles, and 28,840 cords of ties, shingle bolts, etc.

The sawlogs scaled in the various forest districts include Vancouver, 78,439,270 ft.; Cranbrook, 12,744,444 ft.; Island, 11,333,874 ft.; Vernon, 7,339,997 ft.; Kamloops, 4,938,074 ft.; Nelson, 4,288,647 ft.; Prince Rupert, 629,736 ft., 160,236 lin. ft. of poles and piles were scaled in the Nelson district; 70,619 lin. ft. Prince Rupert; 56,178 lin. ft. Hazelton; and 55,080 lin. ft. in the Vancouver district.

Of the ties, bolts, etc., 20,196 cords were scaled in the Vancouver district, 5,225 cords in Cranbrook and 2,298 cords in the Nelson division.

Timber sales recorded during June cover an estimated total of 6,195,500 ft. sawlogs; 19,800 lin. ft. poles and piles, and 300 cords of bolts, etc., to produce an estimated revenue of $10,206.

RUSSIA IS STILL KEEPING UP HER STRONG OFFENSIVE

Petrograd, Aug. 14.—Von Bothmer's army has evacuated the entire front along the Stripa River without resistance and the Austrians are desperately attempting to escape from the Russian trap, and are assuming positions on a line through Zlochoff.

The Russian drive in Galicia is continuing unchecked and the Czar's forces have reached Mariampol, seven miles from Halich. The entire region which formed the winter camp of the enemy, from Tarnapol to Buczacz has now fallen into the possession of the Russians.

GERMANS SURRENDER TO BRITISH FORCE ALONG THE SOMME

British Headquarters, France, Aug. 14.—The British infantry have renewed their offensive along the Somme, making important gains.

North of Pozieres the British ascended a ridge, and, driving the Germans down the slope, the enemy was unable to retain their positions intact owing to the fierce gunfire of the British.

Daylight revealed the sight of a number of Germans holding up their hands bandaged with handkerchiefs in an attitude of surrender.

No Change Will Be Made In Fees Charged At The City Market

There will be no change made in the commission which the city will charge for goods sold at the City Market. Ald. McRae's bylaw to provide for 2 1-3 per cent. additional to the 7 1-2 per cent. now charged, the former to go to the city was defeated, the most of the council feeling that the better policy would be to allow the prevailing conditions to continue for the rest of the year at least.

The bylaw got to the committee stage last evening, but after discussion the committee rose, thus killing the bylaw.

Ald. McRae said there was $787 worth of produce sold in February; $713 in March; $725 in April; $1,378 in May; $1,459 in June and $2,141 in July. The receipts to the market clerk was about $90 a month on an average. The cost of operating had been about $34.30 a month. He believed the market should stand on its own legs, as in a business proposition.

Ald. Casey said that the city had invested $2,004. The items of water, light and power of $210 a year was paying from one pocket to another. The city was actually paying only about $201 out of this. The farmers outside the city were of more importance to the city than the real estate men loaded with muskeg. The citizens want to see the resources of the district developed.

Ald. McRae contended that at the beginning of the year Ald. Casey was in favor of the conduct of the market at a loss of $75 a month. It had been brought down to a loss of only $34.

Ald. Montgomery thought it was wise to carry along the market as at present.

Ald. Nelson did not think that the farmers could very well afford to pay this additional charge. He preferred to go slowly and try out the present.

Ald. McClymont proposed to have this laid over for three months to see how it worked out, but Ald. Nelson proposed that the committee rise, which carried.

Liberals Realizing Now What A Mistake Was Brewster's Writ

(Special to The Journal.)

Victoria, Aug. 14.—An interesting political development at the capital is the fact that the Liberal press and Liberal candidates are disposed to drop all reference to the Brewster writ aimed at tying up the business of the country, while the highest courts in the realm thrash out the point as to the constitutionality of the acts of the last session of the Legislature. They apparently recognize that their leader's action is bound to prove a deadly boomerang against the party, and would like to "forget it."

But the Conservatives are not losing sight of the fact that it is to their interests to continue to call public attention to the inquiry of Mr. Brewster's action, and through the press and in their speeches they are "rubbing it in" to the Liberals. They point out that if Mr. Brewster succeeded in his action, it would prevent the payment of a single dollar out of the public treasury; all salaries to civil servants and government employees would stop; the Province would make default in its interest payments and be forever discredited; the schools of the Province would be closed; all public contracts would be suspended and the contractors would have claims against the Province for heavy damages; the administration of justice could not be carried on; the public hospitals would have to be closed; the whole public service would be interrupted—in other words, the King's Government could not go on. Mr. Brewster asked for an injunction and an injunction would immediately lead to these results.

If the injunction were granted every act passed during the last session of the House would become temporarily inoperative, and remain so pending the decision of the final court of appeal. Among the acts which would become inoperative would be the Ship-building Act, the Workmen's Compensation Act, the act to provide for a referendum of prohibition, the act to provide for a referendum on Women's Suffrage, the Election Act. No new election could be held until after the suit was finally determined, for no one could say what is the election law of this Province.

The Conservatives point out that Mr. Brewster has said that if he were returned to power he would secure from the new Legislature an act validating what he now claims to be invalid, and they ask, has he thought what this means. What right would a Legislature, elected under a law that may be declared invalid, to validate anything? When could a valid Legislature be elected? What would happen pending the promised validation?

The Conservatives are thus putting it straight up to Mr. Brewster and his followers of the Liberal party, and no wonder that the Liberal press and Liberal speakers would like to forget all about the famous writ.

LOGAL REGIMENT NOW IN FRANCE

THE 102ND BATTALION LEFT FOR ACTIVE SERVICE ON SUNDAY

Word Received That Latest Body To Leave Here Is Now In France.

Word received in the city on Sunday by A. Carss gives information that the 102nd Battalion that left here is now in France. A message indicated that they crossed over on Sunday. This was received from Lieut. Adair Carss.

This is the regiment that went out under Col. Warden and which was expected to get quick despatch to the front.

MANY RECRUITS LEAVING TO JOIN THE ARMY

Every Train And Boat Takes Out A Quota Of Men For Active Service.

Many have been leaving during the past two days to join various regiments for service. The Princess Maquinna carried John Kalills, R. Frow, J. W. Nield, Alex. Yule, Maynard Mustard, H. Clapton, R. W. Lupton, J. F. McInnis, Geo. Hampstead, H. Cobb, P. Mason, L. Stewart, John Duff, Capt. L. J. Bay, J. Harnett and J. C. Callahan. These were for the Foresters Battalion mostly.

Yesterday morning W. Lake left to join the Railroadmen's Battalion and W. Barton, formerly of Port Clements, and W. Keith left by the train for the Foresters. The Vikings had Pte. Sigurdson and P. Dominead among the passengers by yesterday's train.

STONEMASONS IN POLITICS.

On the recent trip taken by Alex. Manson through the Omineca he took exception, it is said, to the qualifications of Hon. Alex. Stewart, of Victoria, as a Minister of Finance, in view of the fact that he had been a stone mason. It is true that Mr. Stewart was a stone cutter and made well at it. This latter fact suggests that he is probably well qualified for the post. The presence of stone masons in public life in Canada is not new. Alex. MacKenzie, formerly Liberal Premier of Canada, was a stone mason. It will at once appeal to one as quite as likely that a mason might fill a cabinet position as well as a lawyer will represent a farming and a mining one.

VOTING ON RAINBOW.

The Wade wing of the Liberal party pretends to be very much annoyed at the treatment accorded the Liberal scrutineer who was not permitted to do canvassing in the polling place on H. M. S. Rainbow.

It may be that the returning officer did not allow canvassing within the polling place. That would be according to custom. Representatives of the parties had all the rest of the ship and of Esquimalt to occupy for the purpose of explanaions. But whatever happens there is no doubt that all was fair and just as between parties. Here is an account which shows it:

When Returning Officer Saunders declared the poll closed Capt. Henderson, representing the Peoples' Prohibition Party, moved that a vote of thanks be passed to the returning officer for the able manner in which he had conducted the poll and expressed his satisfaction at the fairness shown by that official. Mr. Moore, on behalf of the Liberal party, seconded the motion and added words of praise which were supported by the other representatives present. A vote of thanks was also tendered to the officer in command of the ship for his courtesy to those interested in carrying out the proceedings.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

MR. HARRY HANSON, "The Reliable Plumber," Prince Rupert, B. C.. — Prince Rupert, B. C., April 9, 1914.

I have great pleasure in certifying to the excellent hot water and heating system that you installed in our parsonage, and that after six months of operation through the winter months it has given every satisfaction.

The system heats a thirty gallon tank of water to boiling temperature in one hour after the fire has been started; it in no way interferes with the oven for baking purposes. In addition to this, the wall radiator which you placed in dining-room and connected with the range boiler has given us splendid satisfaction, supplying us with ample heating throughout the winter, saving us the cost of a stove and fuel.

I most heartily testify to the satisfaction and efficiency of your system and gladly recommend it.

Yours very truly,
(Signed) (Rev.) J. F. DIMMICK.

Suggestions for Successful ADVERTISING

The Best Time To Use Advertising Space

While the successful advertiser makes all times his own, their must of necessity be occasions when there are special advantages in presenting live facts about your goods to the public.

Advantages In Strenuous Times

Did it ever occur to you that in times when money is specially "tight" that the average buyer, and especially the thrifty housewife makes it a point to buy where the best can be got for the money expended? Have you an advantage to offer? Your advertising it will give you far better results than when times are better.

Buying Values Are Investigated

The value of money is appreciated now. Values count and are investigated by the public. This is the time to get full results from those who have good values to offer the public in any line of consumption.

GLYCERINE AND BARK PREVENT APPENDICITIS

The simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka, astonishes Prince Rupert people Because Adler-i-ka acts on BOTH lower and upper bowel, ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-i-ka is astonishing. No Need To Send Away For Jewelry

If Prince Rupert people will deal at home they will find our price about the same as elsewhere for equal quality, as our freight bills are not heavy, and home dealers will be encouraged to keep proper stocks.

Let us compare, for instance, Eaton's price, $5.70 on a 7 Jeweled Waltham. Our Price is $6.00, but it is worth the 30c to see what you are getting when you want it, and have it guaranteed right here.

Take also the highest priced Waltham, a 23 Jeweled Vanguard at $44.60. Our Price is $45.00. Not very much difference.

Many articles, of course, are not so easily compared, and are made in many qualities and often look big for the money in the catalogue.
