GRAND CONCERT GIVEN BY SCHOOLS FOR ORPHANS

School Children Held Most Successful Patriotic Entertainment

The school children of Prince Rupert gave a grand patriotic concert last evening in the Westholme Theatre. The capacity of the house was taxed to its utmost and then many could not gain admission. Throughout the entertainment was of the very highest order and was thoroughly enjoyed by all in attendance.

Principal Brady of the High School, before the close of the concert expressed on behalf of the teachers and children the deep appreciation felt for the response made. He spoke in praise of the Prince Rupert boys and girls, and said there were none better and none who deserved more than they did.

A tablean vivant was put on by the Borden Street School as an opening number. It represented Belgium in distress in the first part. Children in destitution huddled up to their mothers and other want scenes were all depicted by the children of the school. The next rise of the curtain was the "Allies to the rescue," in which the boy scouts in uniform and in arms were shown in a position defending the helpless. In the next part Red Cross nurses were shown at work among them. The last part, the Grand March of the Allies, showed the boy scouts as representing different armies marching past.

This was loudly applauded.

The King Edward School pupils sang the Belgian National Anthem massed on the platform. A very pretty drill by the Borden Street School was staged and won unstinted applause.

A pretty scene from Shakespeare's King Henry V. was put on by Misses Katherine Pillsbury, Madeline Nelson and Margaret Morgan of the High School. The Borden Street School sang the Russian National Anthem and Master M. Syrotuck rendered a violin solo in excellent style, with the accompaniment played by Miss Georgia Hunter, both of the King Edward School.

Part two was introduced by a pageant entitled Britannia, played by the King Edward School. Britannia occupied the centre, with representatives of the different parts of the Empire ranged on either side holding minature battleships. Behind was massed the army and navy, duly represented with cannon frowning. They sang "Rule Britannia."

LABOR SCARCE IN PRAIRIE PROVINCES

ALD. MONTGOMERY, WHO ARARIVED HOME LAST EVENING, SO REPORTS

He Has Been Working In The Harvest Fields And Threshing.

Ald. W. H. Montgomery arrived home last evening after spending several weeks on the prairies assisting in the harvesting and threshing there. He has been at work steadily since leaving here, being engaged south of Moose Jaw, not far from the international line.

He says that there is general scarcity in the prairie provinces. There is a general demand for labor on all sides and good wages are being offered by farmers for labor during the winter. As high as $45 a month for the winter with board is being offered for farm hands. This is three times as high as has been paid in many years past.

Edmonton seemed to him to be the quietest city he visited. Yet there were placards all over calling for labor.

Mrs. George E. Mitchell of Telrace, arrived by last night's train.

RUBBER HAS BEEN AT LOW PRICE

POLICY OF BRITISH GOVERNMENT HAS KEPT USEFUL COMMODITY WITHIN REACH

Plantations Were Established As Far Back As 1893.

At a time when wherever we go we are told about this and that class of goods that has gone up in price, it is gratifying and interesting to learn what the British Government has been able to do in keeping down the price of rubber. The statistics that are being published are remarkable. Despite the heavy demands that the war has made on this commodity, crude rubber is now selling at 67 cents a pound, where just before the war it brought $1.25 and in 1910 brought $3.

The explanation is the policy decided upon by the British Government as far back as 1893, when it established rubber plantations on a large scale in its tropical colonies. Ceylon, Sumarta and the Malay States. It financed and directed these and as a result it markets and controls 75 ver cent. of the whole rubber production of the world. In 1893 Brazil had it practically all; now its share is but 23 per cent.

So low, as compared with leather, is the price and so easily is leather ruined by water that rubber is being largely substituted for the more expensive article. People will be much more disposed in order to preserve costly boots in slushy weather, to wear rubbers and overshoes. If there is a slight increase in the price of the latter, it is due to the larger cost of chemicals and fabrics that enter into their manufacture and to the higher wages paid to labor. But it is very slight and will not alter the fact that it is economical to wear them.

The humblest citizen, as well as the possessor of a motor car and others who are interested in a large way in the price of rubber, have thus reason to regard the successful enterprise and foresight of the Imperial authorities with satisfaction. This policy of developing the resources of the Empire in a systematic way is likely to be applied in connection with many other commmodities after the war. The rubber experiment is but the forerunner of many others of a similar nature.

SIR SAM HUGHES HAS RESIGNED POST

THE STEP WAS TAKEN ON THE REQUEST OF PREMIER BORDEN

Minister's Letters Did Not Meet With The Chief's Approval.

Ottawa, Nov. 14.—Sir Sam Hughes is no longer Minister of Militia. He has resigned that office at the request of Premier Borden. The retirement of Sir Sam is partly the outcome of the establishment of a Ministry of Militia Overseas, the active figure in which is General Sam Steele, and partly the assumption by Sir Sam of powers in judgment of the actions of the Premier, which can only be exercised by the Government as a whole.

Sir Sam's replies to correspondence from Premier Sir Robert Borden will show that his resignation was requested on account of the tone of a letter written by him on November 1, showing that the Prime Minister made misstatements, which assertion the Premier promptly proved to be incorrect.

B. C. REGIMENTS HAVE WON MANY PRIZES IN ENGLAND

In one of the windows of the Agent-General for British Columbia's offices in London, England, there is a display of ten handsome cups won by Bitish Columbia battalions, which is attracting much attention from Canadian as well as British visitors. The following were awarded to the 72nd Seaforth Highlanders: The Davidson cup for musketry; a rose bowl won on April 1; cup for tug-of-war; cup for relay race; Allen cup for inter-company tug-of-war; Glover cup for physical drill; Lord Brooke cup for highest average in musketry; the C. O. cup for bayonet fighting, and the May Blair cup won by Platoon B. The remaining prize is the Allan cup for gaining the most points in St. Patrick's Day sports this year, won by the 121st Battalion. No wonder the B. C. soldiers are proud to be seen looking into the window.

SELDON E. STEBBINS WELL KNOWN HERE MET HIS DEATH

Seldon E. Stebbins, a well known electrician who lived here for some years, met his death at Anyox last Saturday. The full details have not been received. He had been working at the Granby mines as an electrician for sixteen months past. He was a member of the International Brotherhood of Electrical Workers.

For about four years and a-half he had been employed at the drydock here. His father has been communicated with at Lowell, Vermont, relative to what shall be done with the remains. The deceased was not married. He was probably a little past 30 years.

Tanks Department Is In Possession Of Grand Trunk Offices

One of the latest victims to the rapacity of the Munitions Department is the Grand Trunk Railway Building on Cockspur Street, in the centre of the steamsnip quarters of the west end of London, and the tenants thereof, most of whom represent Canadian firms and organizations. For the present the Grand Trunk will retain the use of the ground floor, with its magnificent frescoes by Frank Brangwyn, but the first floor heretofore used for board meetings and the reception room for Canadian visitors has been taken over, also the floor occupied by Canadian Townsites and The Toronto Globe.

There is no grumbling, however, for the seizure has been made to house the new "Tank" Department; in fact, it is thought the tenants are very glad to be disturbed for so excellent a reason.

Mr. Clougher of The Toronto Globe, who was seen in the throes of moving, expressed this sentiment when he said: "Yes! it is a terrible confusion, but it is for the benefit of the "Tank" Department, and we will undergo any amount of inconvenience to enable this department to send more 'Tanks' to the front." The Globe has aranged to have offices in the same building, on one of the floors not yet absorbed by the Munitions Department. For the convenience of its visitors the Grand Trunk has fitted up temporary accommodation on the ground floor.

SOUTHERN CITIES ARE MOVING AGAIN EVEN IN REALTY

D. M. McGregor, H. W. Leyens and Wm. Steers of Vancouver, are here to attend court which opens this morning. They are interested in the cases in which the Continental Trust Company appears.

Speaking of conditions in the south, they say there is quite a decided revival. Another feature mentioned by Mr. Leyens is that there are interests from the other side already buying property.

INDUSTRIAL SCHOOL FOR INDIAN BOYS

ROMAN CATHOLIC CHURCH WILL ESTABLISH INSTITUTION IN INTERIOR

Rev. Father Bunoz Has Been Looking Into The Question.

Rev. Father Bunoz reports that at Fort St. James the Catholic Mission is establishing an industrial and boarding school for the Indian boys and girls.

For the present the mission buildings will be utilized. They are being remodelled to suit this work. There is one long building which will accommodate about fifty, sufficient for a start. The organization and preparation work is in charge of Father Allard, formerly of this place. He has had considerable experience in that work and the new school will get away to a good start.

The mission has a half-section of agricultural land and another half-section adjoining can be used later on if required. The first courses to be taken up will be the ordinary school course and agriculture, and other trades will be added as time goes on.

The territory to be served by the school is that lying between Prince George and Hazelton. At first it is likely that only boys will be admitted and the formal opening will be New Year's Day.

SILVER STANDARD MINE SHIPPED LARGE TONNAGE

The Silver Standard mine has shipped to Trail smelter this year 510 tons of silver-lead ore, according to The Omineca Miner.

An effort is now being made to have the local ore shipped to Trail as silver-zinc ore and be treated by the electrolytic process. This would save several hundred dollars per car freight and also give greater returns from the metal.

WINNERS OF BEAUTY CONTEST WERE IN CITY LAST NIGHT

The centre of attraction for all other travellers on the G. T. P. train last night, two winners of a beauty contest from Winnipeg, arrived last evening and intend going south this mornin.

They are Miss Brenton and Miss Tulloch, They are travelling with Mrs. A. Brenton as chaperon. Some local travellers on the train classified the visitors as almost as good looking as some of the Prince Rupert girls.

BRITISH CAPTURED SEVERAL THOUSAND GERMAN PRISONERS

London, Nov. 14.—The British forces made a great surprise attack on the Germans along a five-mile front on the River Ancre last night and captured the hamlet of Beaumont in the St. Pierre division. Four thousand prisoners were taken. The Germans had held these positions for the past two years, and had come to regard them as impregnable.

SCHOOL CHILDREN.

(Continued from Page One.)

The boys of the High School gave a pretty exhibition of club swinging. The King Edward School followed with a pretty flag drill that won a great share of applause. Following that came the pupils of the High School massed on the platform, who sang "The Marsaillaise" in French. This received a clamorous encore and they sang in reply "Britain's Flag."

The Cadet Bugle Band rendered selections, followed by cadet drill and physical drill with arms, which was very much enjoyed.

The school children massed sang "O' Canada," followed by "God Save the King."

During the evening the Westholme Orchestra rendered patriotic selections, and between the parts a programme of moving pictures was put on. Miss Marguerite Kilpatrick of the High School, acted as accompanist for some of the drills.

Production and Thrift

"CANADA from her abundance can help supply the Empire's needs, and this must be a comforting thought for those upon whom the heavy burden of directing the Empire's affairs has been laid. Gain or no gain the course before the farmers of Canada is as clear as it was last year—they must produce abundantly in order to meet the demands that may be made, and I believe this to be especially true in regard to live stock, the world's supply of which must be particularly affected in this vast struggle. Stress and strain may yet be in store for us all before this tragic conflict is over, but not one of us doubts the issue, and Canadians will do their duty in the highest sense of that great word."—*HON. MARTIN BURRELL, Minister of Agriculture.*

"MODERN war is made by resources, by money, by foodstuffs, as well as by men and by munitions. While war is our first business, it is the imperative duty of every man in Canada to produce all that he can, to work doubly hard while our soldiers are in the trenches, in order that the resources of the country may not only be conserved, but increased, for the great struggle that lies before us. *'Work and Save'* is a good motto for War-time."—*SIR THOMAS WHITE, Minister of Finance.*

THE CALL OF EMPIRE COMES AGAIN IN 1916

TO CANADIAN FARMERS, DAIRYMEN, FRUIT GROWERS, GARDENERS

WHAT IS NEEDED? THESE IN PARTICULAR—

WHEAT, OATS, HAY,
BEEF, PORK, BACON,
CHEESE, EGGS, BUTTER, POULTRY,

CANNED FRUITS, FRUIT JAMS,
SUGAR, HONEY, WOOL, FLAX FIBRE,
BEANS, PEAS, DRIED VEGETABLES

We must feed ourselves, feed our soldiers, and help feed the Allies. The need is greater in 1916 than it was in 1915. The difficulties are greater, the task is heavier, the need is more urgent, the call to patriotism is louder—therefore be thrifty and produce to the limit.

"THE AGRICULTURAL WAR BOOK FOR 1916" is now in the press. To be had from The Publications Branch, Department of Agriculture, Ottawa.
