Russians Are Gaining Headway In Direction Of Bagdad

Accidental Discovery Of Rich Ore Made At Alice Arm

British Troops In Dublin Reviewed By Premier Asquith

Russians Forcing Way Against Turks In Direction Of Bagdad

Petrograd, May 13.—The Russian force in Persia, during the past ten days completed the arduous task of traversing the mountain district separating it from the Turco-Persian frontier. Driving the Turks upon their strongly fortified base of Khanikin, they stand at the very threshold of Mesopotamia, and future developments in connection with the Russian expedition toward Bagdad are awaited with the greatest interest.

PREMIER ASQUITH REVIEWED TROOPS FROM ENGLAND

Dublin, May 13.—General Maxwell and Premier Asquith reviewed the British troops here today.

It is believed the restoration of civil law is imminent.

LIFE IN PRISON CAMPS OF GERMANY

SERGT WELLS WILL GIVE ADDRESS IN METHODIST CHURCH TONIGHT

Interesting Speaker Will Throw Some Sidelights On Subject.

Sergt. Wells, whose entertaining addresses on the war have been followed so closely during the week at the Westholme Theatre, will speak this evening in the Methodist Church. He will deal with some phases of the war not referred to by him in the illustrated lectures. He is going to deliver this address in the place of the regular sermon by the pastor.

The subject that Sergt. Wells will deal with is that of "Prison Life in Germany." He has very good reason to remember his life there owing to the brutality of his treatment while there.

The service begins at 7:30. Those wishing to avail themselves of the opportunity of hearing him should arrive early.

Baroda Loading One Thousand Tons Of Copper Ore Here

The barge Baroda, of the Griffiths fleet, in tow of the tug Commodore, arrived in port yesterday and proceeded to take on 1,000 tons of copper ore from the Rocher de Boule bunkers. The ore, which is to be taken to the Tacoma smelter for treatment, is conveyed from the bunker to the ship by means of a belt conveyor that is capable of handling 100 tons an hour.

The Commodore, after delivering the barge here, proceeded to Hedley, Alaska, to pick up another tow and will call here later in the week to tow the Baroda to Tacoma.

FEWER BOATS WERE IN YESTERDAY WITH FISH

The Grier Stirratt Brought In 33,000 Pounds.

Yesterday there were not so many halibut boats as usual in. The Grier Stirratt, of the fleet of the Canadian Fish & Cold Storage Company, came in with 33,000 pounds.

H. O. Roberts, of the San Juan Company, bought a carload yesterday. He got the Jessie, which had 18,000 pounds, and later the Lillian S, which had 4,000. The price paid was 6 7-8.

The Rose Spit, formerly the Pandora, came in yesterday with a good catch. Capt. P. Rorvick, who was in command, reports the weather cold and rough on the banks. He has made his first trip in this boat, bringing in about 3,000 pounds.

Methodist Church.

Special service in the morning on "Mother's Day." In the evening Sergt. F. Wells will speak on "Prison Life in Germany," instead of the usual sermon.

LIBERAL LEADER ON SHIPPING BILL

H. C. BREWSTER DOES NOT THINK THAT PROVINCE SHOULD RENDER ASSISTANCE

Mr. Manson, Of Comox, Takes More Hopeful View Of The Local Situation.

(Special Correspondence.)

Victoria, May 10.—Mr. Brewster, Mr. Manson, and Mr. Williams, members respectively for Victoria, Comox, and Newcastle, addressed themselves to the new Shipping Bill yesterday afternoon.

According to Mr. Brewster, as Opposition leader, extending aid to shipping was not in the purview of the Province in the first place, and then again, if any aid at all should be given by this Province, failing action on the part of the Ottawa authorities, such assistance should be provided by way of flotation of short terms bonds from the proceeds of which loans might be made to lumber companies so that they could build ships for carrying lumber. Mr. Brewster was pessimistic. He did not think that British Columbia should engage in any general assistance to shipping, either in building or operation; he seemed to think that there would be plenty of available ships after the war, and the wooden vessels to be built here would not be of any particular use then. He thought the Province should wait until there was tonnage for exportation before helping to provide bottoms. More than that, he thought the Province had sufficiently heavy burdens without trying to help ship-builders and ship operators. In any events, in his idea, there was nothing much to export except timber, and Agent-General McBride ought to be able to get the Admiralty to take care of the shipment of lumber to the United Kingdom. Mr. Brewster, while careful not to say that he did not believe in trying to encourage shipping on the coast, picked holes in the bill to the best of his ability.

Mr. Williams scolded along to the extent of an hour and a-half.

Mr. Manson was somewhat more helpful in his remarks. He drew attention to the fact that there would probably be great demand for vesesls for the next five years, and rates would be high. Taking it for granted that there would only be outward cargoes for a considerable length of time, he said, wooden ships built here to carry one and a-half million feet of lumber and making three trips a year to such a point as Sydney, Australia, would pay sufficient to meet all operating costs and also the proposed subsidy offered in the bill. He commented on the importance which the construction of ship-building plants and ships would mean to the lumber industry and to the cities of the B. C coast. To ship the amount of lumber which B. C. mills could cut every year would require a fleet of seventy such vessels making three trips a year each. While he agreed that the Dominion Government ought

(Continued on Page Four.)

MISSING SOLDIERS MAY BE PRISONERS

LETTER RECEIVED BY FRED PETERS TOUCHING UPON THIS SUBJECT

Hope Is Held Out That His Son Jack iS Still Alive.

Fred Peters, K. C., has received from Mrs. Peters, who is now in England, a letter which indicates that there is good reason for hoping that their son Jack may still be alive, but held as a prisoner of war.

The letter is one written on request of Mrs. Peters by W. Bullen in England. The latter had, in a letter to the Daily Mail, sought information as to prisoners of war being anywhere where they did not get the opportunity to write. His letter is self explanatory, and is as follows:

Bidston
Birkenhead
March 9, 1916.

Dear Madam,

The information supplied to me as a result of my letter in the Daily Mail amounts to this:

(1) There are, without doubt, a great many prisoners of war in Belgium and North France. The Prisoners of War Help Committee, 5 Southampton Street, Strand London, W. C., publish a long list of camps and hospitals where British prisoners are interned. There are several hospitals in Belbium and North France, but only two camps there.

(2) As a rule prisoners in Belgium and North France are not allowed to write to their relatives, but an informant knows of one officer in a hospital at Valencieene who is allowed to write home.

(3) Prisoners in Germany are, generally speaking, allowed to write, but here again I have heard of one officer who is not—though his friends know he is in a hospital camp in Germany.

(4) The enclosed copy letter—one of the best I have had—gives the name of the Bureau at Zurich which may be of some assistance.

(5) One statement is made that there is a secret camp in Belgium where there are hundreds of British officers, but it is not sufficiently verified to warrant me putting it forward as a fact.

(6) An extract from a letter has been sent me from a member of the Flying Corps, who was forced to descend behind the German lines and was taken prisoner. He says he has seen many of the "missing, believed killed" of our casualty lists, but he is unable to write any names.

My son, Sec-Lieut. W. F. Bullen, 10th Scottish. Bat. King's Liverpool Regiment, is missing since the 16th June, and although he and some twenty of his men were seen captured and marched off I cannot hear anything of him, hence the reason of my inquiry and I am clinging to the hope that he is alive somewhere in Belgium.

"A lady in Dinan, France, writes

(Continued on Page Three.)

German Attacks At Douaumont Repulsed Without Gaining

London, May 13.—In the Douaumont region on the Verdun front, where the Germans for more than two months past have been held fairly close to the line of their original advance in the February drive, is again the scene of desperate fighting.

There was a violent bombardment of the French positions in that sector yesterday. This was followed by strong attacks in which, according to the afternoon bulletins from Paris, the Germans suffered heavy losses and failed to gain any ground.

Miss Aldine Bowen, who has been a resident of this city for some time, and Mr. Thomas Thompson, of Portland, Ore., were united in marriage at the Methodist Parsonage Friday, the ceremony being performed by the Rev. J. F. Dimmick. Mr Thompson was a resident of Prince Rupert in the early days. The happy couple left for Portland this morning on the Prince Rupert.

FRENCH LOOK TO COMING TRIUMPH

LEASES FOR PROPERTY IN PARIS RESERVE RIGHT TO MAKE DISPOSITION AT TIME

Evident Plans For A Grand March When Victory Finally Comes.

Paris, May 13.—The French confidence in victory is shown by the fact that a clause is now being inserted in all leases of houses or apartments facing the Champs Elysse, "the landlords reserve the right to let or otherwise dispose of all windows or balconies overlooking the streets on the day when the victorious armies of the French Republic and Allies march past in triumph."

Accidental Discovery Was Made Of Good Body Of Silver Ore

George Frizzell has returned from Alice Arm where he put in a good cold storage and general meat store to serve the interests of that part. He returns with similar optimism as to the camp, the same as all the other visitors to the place.

Mr. Frizzell tells of a peculiar discovery that was made before he left. It was the unearthing of a most promising silver deposit. This is located on a claim held by J. E. Smith, one of the pioneer prospectors of the country. As the roadway was being cut out for the Dolly Varden mine this find of silver was made.

It was followed up the mountain side for about 95 feet and promises to be a very valuable deposit. The owner will put in work upon it to test it out. George R. Naden, of this city, has property adjoining it.

A peculiar feature connected with the discovery made is that it lies alongside a pathway along which Mr. Stark and all others who visited his cabin passed day after day. The discovery was never made, however, until the rock was blasted out for the roadway that is being constructed.

The deposit is practically on the water, making the question of transportation a very simple one.

NATIONALIZATION MAY INCLUDE C. P. R. AS WELL AS OTHER LINES

There are rumors at the Canadian Capital that the investigation as to nationalization of railways will include the Canadian Pacific Railway as well as the Canadian Northern and Grand Trunk Pacific.

Rather cryptic statements made by Hon. R Rogers in the House lent color to the rumors. Mr. Rogers stated that the Board would inquire into the possible nationalization of the C. N. R. and G. T. P. and "other railways." What he meant by other railways he did not make clear. He may only have been referring to the Quebec and Saguenay, but many thought that he was hinting at the C. P. R.

"MOTHERS' DAY."

Today is being observed in the various churches of the continent as "Mothers' Day." The day has not been honored for any length of time. It is essentially modern in its origin, but it is certainly a day that might well be regarded as of the greatest importance on the calendar. On this occasion the idea is that more than ordinary attention will be devoted to the noble mothers' whose self-sacrifice has meant so much to most of those who have attained any prominence.

At no period in the history of the world has the heroism of women come more to the front than right now. The women of the land are with commendable fortitude offering up the dearest sacrifice that the human heart can conceive of—the sons of the women of the country. No class in the world today is suffering as the mothers are, because the relation between a mother and her child is more close than any other probably. Throughout practically the whole world today mothers are having their hearts lacerated as a result of the scenes that are being daily enacted.

But nobility of character in suffering and sacrifice for duty is not confined to the present times. He is an unfortunate man indeed that cannot look back perhaps to the sainted memory of one who in her devotion to her family was willing to make any sacrifice without murmuring. The memory of the mothers may well be made to be the inspiring thought for one Sunday in the year at least.

STRENGTHENED POSITION.

When the session opened there were a great many who looked forward to real fireworks from the newly elected Liberals, and they started out with a great blow of trumpets. In every investigation, however, they have failed to unearth any tittle of evidence of corruption on the part of the Government, and instead, now that the Conservatives forces have opened up the situation in Vancouver, it is made evident that the Liberals themselves are in great need of house cleaning. Premier Bowser, it is confidently believed, will go before the country for the next election with every charge against his Government exploded. More than that, his programme of useful legislation, designed to encourage every form of legitimate industry, will do much to dispel the only other feeling which might militate against the administration, that is to say the strain of hard times.

MINERAL ACT.

(Form F.)

Certificate Of Improvements.

NOTICE.

Blue Bird Mineral Claim, situate in the Skeena Mining Division of Cassier District. Where located: On Glacier Creek, Goose Bay, B. C., about 2 miles from mouth.

TAKE NOTICE that I, J. Fred Ritchie, Free Miner's Certificate No. 90,071B, acting as agent for Arthur C. Crookall, Free Miner's Certificate No. 94,053B, intends, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under section 85, must be commenced before the issuance of such Certificate of Improvements.

Dated this 2nd day of February, A. D., 1916.

J. FRED RITCHIE,
w-f-9. Agent.

GARDEN COMPETITION.

The Provincial Department of Agriculture is offering cash prizes for City Gardens as follows:

Three prizes in each class.

CLASS I.

House Garden where occasional labour is employed for the work.

1st. 2nd. 3rd.

CLASS II.

House Garden where all work is done by occupant and family.

1st. 2nd. 3rd.

CLASS III.

Ordinary lot, without house. Area cultivated to be not less than (1,000) sq. ft. (i.e. 22 ft. by 50 ft.; 30 ft. by 33 1-2 ft.; or 40 ft. by 25 ft.)

Judging will be done chiefly from the standpoint of utility.

1st. 2nd. 3rd.

An entrance fee of one dollar will be charged.

Final judging to be done about end of August (dependent on season).

Plots must be staked or clearly defined in some way.

Competitions open to all citizens of Prince Rupert.

Apply by letter to
A. R. NEALE,
Department of Agriculture,
City.

Any literature or information in connection with the work may be had by applying to the same office.

All those desiring to enter will please send in their applications as soon as possible.

LAND ACT.

TAKE NOTICE that F. W. Holler, os Surf Inlet, occupation mine superintendent, intends to apply for permission to purchase the following described lands:

Commencing at a post planted about 150 feet South of the Northwest corner of Lot 11, Range 4, Coast District thence South 20 chains; hence West 20 chains more or less to the shore of Surf Inlet; thence following the shore line Easterly and Northerly to the place of commencement, containing 40 acres more or less.

February 18th, 1916. f-a-24
FREDERICK A. HOLLER.

LAND ACT.

Skeena Land District, District Of Coast, Range 4.

TAKE NOTICE that Frederick Bradshaw, of Tonopah, Nevada, occupation mine manager, intends to apply for permission to purchase the following described lands:

Commencing at a post planted about 200 feet Easterly from the Northwest corner of Lot 40, Range 4, Coast District; thence North 20 chains; thence West 20 chains; thence South 20 chains more or less to the shore of Surf Inlet; thence following the shore line to the place of commencement, containing forty acres more or less.

February 18th, 1916.
f a-24 FREDERICK BRADSHAW.

POSTAL NOTICE.

Postmasters are informed that the exchange of Money Orders with Denmark, Holland, Norway and Sweden, which was suspended on the 8th August, 1914, has been resumed, and Money Orders may be issued on these countries at the same rates of commission as formerly.

TIMBER SALE X 611.

Sealed tenders will be received by the Minister of Lands not later than noon on the 31st day of May, 1916, for the purchase of Licence X 611, to cut 4,969,000 feet of Spruce and Hemlock on an area adjoining Lot 1,548, Shannon Bay, Queen Charlotte Islands District.

Two (2) years will be allowed for removal of timber.

Further particulars of the Chief Forester, Victoria, B. C. m8-4w.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior

LITTLE EVIDENCE IN VICTORIA CASE

MAGISTRATE JAY EXPLAINED TO COMMITTEE WHY HE REFERRED CASE TO MILITIA

He Thought It Would Simplify Matters To Have The Officers Deal With It.

Victoria, May 10.—The Victoria committee which is the one asked for by the Liberals presumably in an endeavor to stem the tide of disclosure in the Vancouver case by turning public attention in another direction, sat yesterday morning and examined Magistrate Jay, of Victoria.

M. A Macdonald acted as chief inquisitor. The magistrate told the committee that he had handed Messrs. Slavin and McBride over to the military because he felt that in this "blind pig" case it was better to have the military authorities, through a court martial, deal promptly with both the two soldiers, who are alleged to have sold liquor on election day here and as well with the soldiers who bought from them. To keep the case in the police court might have meant a delay, and as the military authorities desired to deal with the soldiers themselves, he concluded that it was better to give Slavin and McBride over to their superior officers rather than to go on with the "blind pig" case against them in a civil court.

This explanation appeared to satisfy the majority of the committee. Messrs. Brewster and Macdonald, however, professed to have other evidence to bring forward and the committee will sit again.

Insofar as is generally known there is nothing beyond this particular case to be brought before the Victoria committee, whose functions therefore are not by any means so important as are these of the Vancouver committee now engaged in investigating what is described as the greatest political debauchery in the history of Canadian politics.

Suggestions for Successful ADVERTISING

The Best Time To Use Advertising Space

While the successful advertiser makes all times his own, their must of necessity be occasions when there are special advantages in presenting live facts about your goods to the public.

Advantages In Strenuous Times

Did it ever occur to you that in times when money is specially "tight" that the average buyer, and especially the thrifty housewife makes it a point to buy where the best can be got for the money expended? Have you an advantage to offer? Your advertising it will give you far better results than when times are better.

Buying Values Are Investigated

The value of money is appreciated now. Values count and are investigated by the public. This is the time to get full results from those who have good values to offer the public in any line of consumption.

LIBERAL LEADER.

(Continued from Page One.)

to do something to help out shipping on the coast, nevertheless British Columbia should not stand idly by if Ottawa failed to do anything.

There was a vast quantity of low grade lumber which this Province could market in the Far East, low rates could be provided so that even after the period of abnormal rates ceased there would be plenty of work for a fleet of lumber carrying vessels, he contended, and in time with the bottoms here ready for business no doubt other exportable goods would come. Further, the increase in the movement of exports by vessels would mean an increase in business on the railway lines in the Province, thus lessening the liability of the Province with regard to bond interest payments for such lines as the Canadian Northern and the P. G. E.

The House went on with the Workmen's Compensation measure, and another sitting or two will probably find this valuable piece of legislation through the committee stage. The Opposition has not made any serious attack upon the bill, knowing full well the popular sentiment which is favoring such an advanced measure. Most of the criticism has been in respect to minor phases of some of the less important clauses.

MISSING SOLDIERS.

(Continued from Page One.)

me that two or three times a week in the French papers, L'Ouat Eclair or Le Matin are notices that soldier who has disappeared since August, 1914, or later has just written for the first time, that she has heard a lady read a letter which her son had written to his wife, there was neither signature nor address, and she only recognized the hand-writing. He told her she must not expect to hear from him again as it was only by luck that he managed to get his letter posted. He said there were 1,800 prisoners there and none were permitted to write to their people.

Yours truly,
(Signed) W. BULLEN.

Eye Troubles Corrected

Mr. Bulger has had over ten years experience in sight testing and fitting glasses, and last mid-summer took a post graduate course, which included the latest discoveries in the science of optometry or eye measuring. One of the most important is dynamic skiametry. The new method of Prof. A. J. Cross, of New York, in which the eye is measured by a beam of reflected light and any error is recorded.

But we do not simply rely on one method; each eye is tested separately, in three different ways, besides trying the muscular balance, together and the nervous acuteness.

We use the new drugless methods, no drops in the eye and no heavy frame resting on your face; ours swings from the wall by a bracket.

MR. HARRY HANSON, "The Reliable Plumber," Prince Rupert, B. C., — Prince Rupert, B. C., April 9, 1914.

I have great pleasure in certifying to the excellent hot water and heating system that you installed in our parsonage, and that after six months of operation through the winter months it has given every satisfaction.

The system heats a thirty gallon tank of water to boiling temperature in one hour after the fire has been started; it in no way interferes with the oven for baking purposes. In addition to this, the wall radiator which you placed in dining-room and connected with the range boiler has given us splendid satisfaction, supplying us with ample heating throughout the winter, saving us the cost of a stove and fuel.

I most heartily testify to the satisfaction and efficiency of your system and gladly recommend it.

Yours very truly,
(Signed) (Rev.) J. F. DIMMICK.

Production and Thrift

CANADA'S CALL FOR SERVICE AT HOME

Produce More and Save More — The Empire needs food. If you are not in the fighting line you may be in the producing line. Labour is limited—all the more reason to do more than ever before. Grow food for the men who are fighting for you. The Allies need all the food that you can produce. Every little helps. You are responsible for your own work. If you cannot produce as much as you would like, produce all you can. Work with the right spirit. Put fighting energy into your effort and produce now when it counts. The more you produce the more you can save. Producing and saving are war-service.

Make Your Labour Efficient — In war-time do not waste time and energy on unimportant and unprofitable work. Economize labour. Put off unproductive work till after the war, and, if possible, help in producing something needed now. Let us not waste labour. Canada needs it all. If possible help to feed the Allies. Make your backyard a productive garden. Cultivate it with a will. Make your labour count for as much as possible.

Do Not Waste Materials — There should be no waste in war-time. Canada could pay the annual interest on her war expenditure out of what we waste on our farms, in our factories, in our homes. Every pound of food saved from waste is as good as a pound of increased production. The way for a nation to save is for every individual to save. France is strong to-day because of thrift in time of peace. The men and women of Great Britain are not only "doing" but are learning to "do without."

Spend Your Money Wisely — Practise economy in the home by eliminating luxuries. Wasting our dollars here weakens our strength at the Front. Your savings will help Canada to finance the war. Save your money for the next Dominion War issue. There can be no better investment.

THE GOVERNMENT OF CANADA 5

THE DEPARTMENT OF AGRICULTURE — THE DEPARTMENT OF FINANCE
