Verdun Offensive Crumbling Proving Gettysburg Of War

Hun Destroyers Fled Before British Boats Off Belgium

Russians Are On Offensive Against Austrian Forces

Verdun May Prove To Be Gettysbury Of War Offensive Crumbling

Paris, March 21.—The offensive before Verdun is crumbling. The check is an immense disaster to the Germans. It is the Gettysburg of the great war. Henceforth Germany will be on the defensive.

Verdun marks the turning point in the war. It is, as a high French official of the war office expressed, the latest inside opinion of the great battle.

The German forces again made violent attacks on Verdun section west of the Meuse last night.

An official report says, in Belgium an enemy reconnaisance along our lines north of Pont Bosinghe was at once driven back by a counter attack.

In Argonne our artillery has been very active along the southern boundary of Cheppy Wood.

West of the Meuse the Germans several times renewed their attacks against our front extending from Overcourt to Malancourt, where the bombardment with shells of large calibre was continued without interruption. The attacks were accompanied by flaming liquid. In spite of heavy losses, inflicted by our fire, the enemy was able to take possession, after hand to hand fighting in the southeastern part of Malancourt Wood.

MINISTER OF MINES RETURNED TO THE CITY

Hon. Lorne Campbell Was Successful In Ottawa Mission.

Hon. Lorne Campbell, Minister of Mines, has arrived back in Victoria from Ottawa, and during the forenoon had a conference with the Premier. It is understood that he was successful in inducing the Dominion Government to lend assistance to the Provincial Government's shipbuilding project.

RUSSIANS FORCED AUSTRIANS BACK

THE ENEMY WAS OBLIGED TO EVACUATE USCIECZKO BY RUSSIA

Advantage Gained, And Dneister Crossed By Allies.

London, March 21.—Austrian troops operating northwest of Uscieczko, on the Dneister River, were forced by the pressure of the Russians to evacuate bridgehead fortifications. They had to abandon transports under cover of night, and succeeded in reaching Austrian forts northwest of Zale Szczyky.

The Russians crossed the Dneister at Uscieczko.

PRINCE GEORGE MEN SAILED SOUTH

CAPT. HALSEY REACHED HERE WITH FORCE OF MEN LAST NIGHT

Excellent Body Of Troops For The 102nd Came In By Train.

There arrirved by train last evening from Prince George a fine body of men from the interior point, who have been trained under Capt. J. Charles Halsey. Capt. Halsey arrived in charge. The men transferred to the steamer Prince John and left for Comox camp a few minutes later.

The Prince George contingent was a magnificent body of men, drawn in large part from the ranches of the

(Continued on Page Four.)

The Opposition Shown Up In Its Tactics To Gain Advantage

Legislative Press Gallery, Victoria, March 16.—Every day brings further references to the alleged elections between the Liberal party and the liquor interests. Dr. McGuire, Vancouver, claimed in the House this afternoon that a man high in the councils of Liberalism, and at one time cadnidate for them in this Province, had addressed a meeting of liquor men in Victoria. Mr. Brewster flatly denied that anyone having any official connection with the Liberals had addressed any organization of hotelmen to make arrangement whatever. Dr. McGuire went on to say that the boss or ex-boss of the Liberals was an owner of a large distillerator here. Reading from an interview with Mr. M. A. Macdonald in a coast paper, he pointed out that Mr. Macdonald was reported to have said that the liquor men would be able to take court action to tie up Prohibition enforcement on the ground that the Legislature is rightfully out of existence at the present time. From this statement Dr. McGuire took the view that the Liberals were none to anxious to have early Prohibition, and there was good ground to believe that there was some arrangement with the hotel interests to delay Prohibition as long as possible. He produced copies of the Toronto Globe to show, that while in the east recently, Mr. Brewster had apparently told the people there that British Columbia was in the hands of the pawn-brokers, and that everything which could be removed from the Province had been taken; in fact there was nothing left but the mountains, the glaciers and a few streams.

Claim For Lumbermen.

Another speaker today was Mr. H. E. Forster, representing Columbia. Mr. Forster was painstaking in his efforts to treat both Government and Opposition alike. He claimed that the Government was too hard on the lumbermen and taxed them too heavily; he thought the Water Act contained too much red tape; he urged that mining legislation be provided to prevent wild-catting; he wanted the Government to restore the Poll Tax for all of those who paid no other taxes. He sugegsted the creation of uniformed mounted policemen under dicipline and the elimination of the present Provincial Police Force. He attacked the

(Continued on Page Three.)

Premier Bowser Met Criticisms Of Opponents In Able Speech Delivered In The Legislature Double Action Of Opposition Was Shown Up

(Special to Journal.)

Victoria, March 21.—Any assertions which the Liberal workers may have made that Premier Bowser was failing both physically and politically must have been rudely shocked yesterday afternoon when the Provincial Conservative leader made his first extended speech of the session in the House.

Premier Bowser spoke for over an hour, dealing with the political issues which have been used by the Liberals during the past two months for the manufacture of so much political capital. The Premier was in good voice and showed no signs of fatigue. A large crowd sat in the gallery and heard Mr. Bowser score the Liberal party for its blue ruin policy. Premier Bowser gave some interesting details regarding the recent conference with the Opposition over contentious measures. He told the House that Mr. Brewster had at times demanded that agricultural credits matter be laid over for this session, apparently Mr. Brewster's idea of that, in the event of winning the election, he would be able to make the thirty-six appointments contemplated by this act.

"For the purpose of getting thirty-six jobs for the hangers-on of the Liberal party, and Mr. Brewster has hundreds of them today," said the Premier "the leader of the Opposition would make the farmers wait for their money. I may say that it is the intention of the Government to proceed under this act without delay. On account of the war we are unable to get the amount of money we would desire, but we are now calling for tenders for one million dollars, which we will be able to borrow, I am informed, at less than six per cent., and can lend to the farmers from thirty to thirty-six years at 1 per cent. additional.

Dealing with the financial situation, the Premier produced figures to show that in the fiscal year ending March 31, 1915, the Government had retrenched over a million and a-half from assessments for the year, that is to say, it had not spent within that amount of money of the total estimated at the beginning of the year.

"The independent voter at this time is badly affected by political revelations in other provinces," declared Premier Bowser.

"And the people in British Columbia think that possibly there may be something rotten in the state of Denmark as far as this Government is concerned. That is one of the reasons why an Opposition was returned at the recent by-elections for the purpose of investigating the records of the administration. We now give the Opposition every opportunity to delve into public accounts. If the Liberals do not find this corruption they have so freely charged us with, we will see different results when the general election comes.

"The Opposition followers have been shedding crocodile tears about me, they have said that I am in a dying condition, but I can tell them that I am neither dying physically or politically."

The Premier said that supply would probably be brought in next week, and night sessions would be held to get it through as early in April as possible, as the present fiscal year will end on March 31, and new supply must be voted to carry on the

(Continued on Page Four.)

British Destroyers Chased German Boats Into Port With Very Small Loss

London, March 21.—Yesterday morning four British destroyers sighted three German destroyers off the Belgian coast. The German destroyers at once turned and ran for Zebrugge, chased by our own destroyers.

Shots were exchanged during the short running fight. Two of the enemy boats were observed to have been hit. Our casualties were only four men wounded.

Zeebrugge Suffered.

Rotterdam reports that great damage was done to Zeebrugge and many were killed in the great air raid on Sunday. A squadron of British monitors continued to shell the Belgian port after the fleet of aeroplanes had retired.

GLYCERINE AND BARK PREVENT APPENDICITIS

The simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka, astonishes Prince Rupert people. Because Adler-i-ka acts on BOTH lower and upper bowel, ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-i-ka is astonishing. C. H. Orme, the Pioneer Druggist. g-1

FISH SHORTAGES IS.

(Continued from Page One.)

pounds), valued at $9,972,530, or an average of $4.34 per cwt., as compared with 6,926,241 cwt., $14,475,843, and $2.09, in 1914, and 7,267,328 cwt., $18,168,320, and $2.50 in 1913. The shortage in the catch as compared with 1914 thus amounted to 67 per cent., and in the corresponding value to 31 per cent., while the average price was more than doubled.

The greatly reduced landings of herring were mainly responsible for the decreases, herrings representing 61 per cent. of the total catch in 1913 and 63 per cent. in 1914, and only 30 per cent. of the markedly diminished total last year. The actual figures for herrings are 4,449,321 cwt. in 1913, 4,383,235 cwt. in 1914, 699,389 cwt. in 1915, with the corresponding values $10,160,050, $6,516,419, and $2,138,175.

The total quantity of whitefish, excluding herrings, mackerel, and other pelagic fish landed during the year, was 1,522,471 cwt., as against 2,435,017 cwt. in 1914 and 2,735,252 cwt. in 1913; the value was $7,714,128, as against $7,819,030 and $7,945,836.

Eye Troubles Corrected

Mr. Bulger has had over ten years experience in sight testing and fitting glasses, and last mid-summer took a post graduate course, which included the latest discoveries in the science of optometry or eye measuring. One of the most important is dynamic skiametry. The new method of Prof. A. J. Cross, of New York, in which the eye is measured by a beam of reflected light and any error is recorded.

But we do not simply rely on one method; each eye is tested separately, in three different ways, besides trying the muscular balance, together and the nervous acuteness.

We use the new drugless methods, no drops in the eye and no heavy frame resting on your face; ours swings from the wall by a bracket.

MR. HARRY HANSON, "The Reliable Plumber," Prince Rupert, B. C.,

Prince Rupert, B. C., April 9, 1914.

I have great pleasure in certifying to the excellent hot water and heating system that you installed in our parsonage, and that after six months of operation through the winter months it has given every satisfaction.

The system heats a thirty gallon tank of water to boiling temperature in one hour after the fire has been started; it in no way interferes with the oven for baking purposes. In addition to this, the wall radiator which you placed in dining-room and connected with the range boiler has given us splendid satisfaction, supplying us with ample heating throughout the winter, saving us the cost of a stove and fuel.

I most heartily testify to the satisfaction and efficiency of your system and gladly recommend it.

Yours very truly,
(Signed) (Rev.) J. F. DIMMICK.

DOMINION ARRANGING FOR ANOTHER AMERICAN LOAN

Canadian Five Ten And Fifteen-Year Bonds To Be Floated In New York In Two Weeks.

According to the Montreal Gazette the Canadian Government loan in the United States will take the form of five, ten and fifteen-year bonds, bearing interest at 5 per cent. and a public offering of the issue will be made by a prominent banking group of underwriters about April 1. The price will vary according to maturities of the bonds, but it is understood will be slightly below par, giving a yield of a trifle better than five per cent.

It is generally believed that the arrangements between the Government and New York bankers are virtually completed, the one detail remaining being the assent of Parliament to the Finance Minister's resolution. A group headed by J. P. Morgan & Co., Brown Bros. & Co., and Harris, Forbes & Co. had been in negotiations with the Dominion authorities, covering a proposed issue of Dominion bonds.

That the recent short term financing can now be replaced by an issue of longer maturity, five to twenty years, will no doubt be viewed as a highly favorab'e development, reflecting confidence on the part of American bankers in the Canadian position as well as improvement in general investment quarters in the United States. Of immediate importance will be the favorable effect which the loan should exercise on Canadian and New York financial circles.

BRITISH BLACKLIST COMPRISES 125 SHIPS

Thirteen Vessels Flying The American Flag Are Included—Whole Wagner Fleet On It.

London, March 21.—The latest blacklist of neutral shipping proscribed to British charterers by the Trade Division of tht Admiralty, on the charge that they either represent Teutonic capital or have indulged in unneutral activities, contains the names of 125 ships and includes thirteen vessels flying the American flag.

The bulk of the American vessels on the blacklist still is represented by boats owned by tht American Transatlantic Company, of which Richard G. Wagner is President, the ships of that company barred numbering eleven. The only American additions to the list are the schooner Edgar W. Murdock, owned by Carleton, Norwood & Company, of Rockport, Me., and the steamship Maverick, owned by J. F. Craig, of San Francisco.

Since the issue of the preceding list twenty-four vessels have been removed. The Spanish and Brazilian flags are no longer represented. Sweden still heads the list, and the other Scandanavian countries are liberally represented. The number of Dutch ships listed shows a considerable increase. The new list, unlike the preceding ones, contains starred exceptions, with reference to which the following is appended:

"This vessel to be considered temporary removed from the blacklist while engaged in trade between the United Kingdom and France."

The American steamer Genesee is starred as follows:

"This vessel, captured, at present is engaged in the Government service, pending the decision of the prize court." Similar notes follow the names of the American steamers Hocking and Kankakee. Other ships are starred on account of having been chartered by English firms, because they are trading between the United Kingdom and Holland or between the United Kingdom and the Plate River.

The blacklist represents a total tonnage of 88,634.

GLYCERINE AND BARK PREVENT APPENDICITIS

The simple mixture of buckthorn bark, glycerine, etc., known as Adler-i-ka, astonishes Prince Rupert people. Dated this 2nd day of February, A. D., 1916.

J. FRED RITCHIE,
w-f-9. Agent.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior

LAND REGISTRY ACT.

Notice Under Section 36.

TAKE NOTICE that an application has been made to register Mitchell Albert, of Prince Rupert, B. C., as the owner in Fee-simple, under two Tax Sale Deeds from the Collector of the City of Prince Rupert, to Mitchell Albert, bearing date the 10th and 15th day of September, A. D., 1915, in pursuance of a Tax Sale held by said Municipality on or about the 9th day of September, 1914, of all and singular certain parcel or tract of land and premises situate, lying, and being in the City of Prince Rupert, in the Province of British Columbia, more particularly known and described as: Lots One (1) and Two (2), Block Forty-five (45), Section Seven (7), and Lot Thirty-eight (38), Block One (1), Section Eight (8), Map 923.

You and those claiming through or under you, and all persons claiming any interest in the said land by descent whose title is not registered under the provisions of the "Land Registry Act" are required to contest the claim of the tax purchaser within forty-five days of the service of this notice upon you. Otherwise you and each of you will be for ever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register the said Mitchell Albert as owner in fee.

Your attention is called to section 36 of the "Land Registry Act" and amendments, and especially to the following extract therefrom which relates to the above notice:—

"And in default of a caveat or certificate of lis pendens being filed before the registration as owner of the persons entitled under such tax sale, all persons so served with notice, or served with notice under subsection (6) of section 155 of the "Municipal Clauses Act, 1906," or section 293 of the "Municipal Act," or section 139 of the "Assessment Act, 1903," or section 253 of the "Taxation Act," in cases in which notice under this Act is dispensed with as hereinafter provided, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be for ever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes."

Dated at the Land Registry Office, at the City of Prince Rupert, Province of British Columbia, this 3rd day of January, A. D., 1916.

H. F. MacLEOD,
District Registrar.

To Celia Chesterfield, John Hagaman, Fred Kuyath. f-19-1-m.

NOTICE.

SHERIFF'S SALE OF LAND.

IN THE SUPREME COURT OF BRITISH COLUMBIA,

BETWEEN: C. L. Queen, Plaintiff;

AND

The Pine Creek Flume Company, Limited, Defendant.

Pursuant to the order of the Honourable Mr. Justice MacDonald made herein, I will offer for sale at my office in the Court House, Prince Rupert, B. C., on Thursday, the 20th day of April, A. D., 1916, at the hour of 11 o'clock in the forenoon, the following lands and leases: —

Lot 254, Group 1, Cassiar District, Province of British Columbia; and three hydraulic leases, known as "Dynamite," "Dewdney" and "Vancouver," all being situate and lying on the North side of Pine Creek, Province of British Columbia.

The only charge appearing against Lot 254 is a conveyance in fee by way of mortgage to secure debentures to the amount of Ninety-eight hundred ($9,800.00), and the Judgment herein for Sixteen hundred and ninety-five ($1,695.00), and costs, filed the 14th day of June, 1915, under number 202.

Further particulars may be obtained at my office.

JOHN SHIRLEY,

THE OPPOSITION SHOWN UP

(Continued from Page One.)

Liberals for their endeavors to bring about immediate dissolution of Parliament on a purely technical point, and said that as they were elected to investigate the Government they should be willing to have the Legislature continue until they had time to do some investigating. He pointed out that the Liberals appeared to have no constructive policies; then he ended up by saying that the people were tired of both parties and wanted to have patronage done away with and public work put under a commission.

Favored Compensation.

Mr. W. R. McLean, of Nelson, spoke briefly, devoting most of his attention to mining development in the Kootenary. He stated that it showed signs of a satisfactory increase; he referred particularly to the mines of the Nelson district and at Rossland, and to the Trail Smelter with its new zinc reduction plant; he stated that Kaslo was showing greater proportionate mining growth than practically any other district. Mr. MacLean thought the time not yet ripe for a vote on Prohibition; he thought that the Government should wait until after the soldiers return from the front. If Prohibition were voted on, however, and passed, he believed that some compensation should be given hotels, seeing that they had been forced to make heavy expenditures under the rigid provisions of the Bowser Liquor Law, and most of them had not made a cent for the past two years. Mr. MacLean favored the policy for the building of wooden ships; he also discussed the growth of the lumber industry and the possible features of the new Workmen's Compensation Act.

Opposed Agricultural Bills.

It was not generally known until today that one of the chief sources of dispute between Premier Bowser and the Opposition during the recent conference upon the proposed dropping of contentious legislation lay in the Agricultural Credits Act of last session. The Government has invited offers for the purchase of a million dollars of bonds, which it proposes to float under this act. The intention is to obtain money for farmers at under 7 per cent., loans to be made to them early this summer. It is the intention of the Government to bring down an Order-in-Council within the near future putting last year's act into force by creating the necessary commission and other machinery. Mr. Brewster, in his conference with the Premier, claimed that this matter of agricultural was contentious, he said the act of last year provided for over thirty commissioners and officials. He thought the number too great. Premier Bowser explained that he desired to make the loans to farmers as soon as at all possible; if this matter was laid over as desired by Mr. Brewster, there was no telling when the project could be gone on with. Mr. Brewster, however, was insistent that the matter of loans to farmers, as provided for in this particular act, was a contentious matter, and should therefore be left over until after elections. He is reported to have said that if the Liberals were elected they would give the matter consideration at the next session; thus meaning, no doubt that some legislation would be passed then, and if the granting of loans to farmers was contemplated the agriculturists might expect to receive aid from the Liberals next year, or perhaps later. The Premier utterly declined to accept this view, and he now proposes to go ahead with his plans.

To Aid Mining.

A matter of considerable interest to mining sections was brought up at a meeting of the Legislative Mining Committee today. The committee proposes to meet Hon. Lorne Campbell, Minister of Mines, upon his return from the east, and will lay before him a plant to attract further interest in mining development in this Province. The committee intends to gather together all available data in the mineral areas of British Columbia, with the intention of publishing a complete mining pamphlet, this pamphlet will contain maps showing all old gravel channels in mineral areas, will also indicate where deposits of potash, etc. are located, and, in fact, will present complete information regarding the location of all minerals to be found in the Province. It is hoped that this will be the means of stimulating the interest of prospectors and outside investors who may feel inclined to join in the awakening activities now noticeable in many mining sections of British Columbia.

The Songhees Matter.

The Public Accounts Committee is now investigating the Liberal charges that money received by Mr. J. S. H. Matson in connection with the Songhees Reserve purchase in 1911 were improper. Mr. M. A. Macdonald, Liberal member for Vancouver, is the chief inquisitor. Mr. Matson has filed a complete statement on the question, showing details of expenditures made from the seventy-five thousand which he received as a percentage commission in putting through the deal. He shows, that of this sum, he was able to retain less than $25,000 for himself, the remainder having gone in various expenditures, including payments to several friendly Indians and to others who assisted in the transaction, which required many long and tedious negotiations. Mr. Matson flatly denied that any portion of the money had ever gone to any member of the Government or Legislature, or any civil servant, nor did he himself use any of the money for political purposes. The Songhees Reserve, now owned by the Provincial Government, is almost in the heart of Victoria and is worth millions. The Province made a good deal when Mr. Matson bought the Reserve.
