SPLENDID SHOWING OF THE CITY'S FINANCES

REBELLIOUS GRITS SAY BREWSTER FIBBED

Scott's Allegations Against Attorney-General Macdonald

OVER SIXTY-FOUR THOUSAND SAVED TO CITY THIS YEAR---NEARLY TWENTY THOUSAND OF THIS IN ADMINISTRATION

A very interesting return was presented by the Treasurer at the City Council last evening, on a resolution passed on motion of Ald. Casey, to show the savings effected under the various departments. The return, it was understood was to show the saving in the operating expenses of the departments, but Mr. Johnson went a little further and reduced the showing that would have been made in the utilities and made it include the cost of material, which has increased, and deducted this from the increased saving made in salaries and wages.

Under the showing, so made, a saving in the administration charges is shown to be $16,266.30. If the cost of material had not been included and deducted from the wage saving there would have been $1,864.40 additional saving shown under the Light Department; $572.28 under telephone; and $560 under water; making the total saving $19,592.74 for administration. The reduction was from $99,657.70 in 1915 to $80,054.96 in 1916.

The total saving in expenditure for the year is shown to have been about $64,300.

When the return, which is given below was presented, the Mayor explained that this report was coming out a little earlier than would have been the case under ordinary circumstances. It was called for by Ald. Casey. He said that the return showed that $64,000 had been saved. That was a saving to the taxpayers of the city.

It would be recalled, he said, that when Mr. Easton was here he made complaints against the cost of administering the city in proportion to the population. It was gratifying to have this showing, therefore. He took occasion to thank the council that had carried into effect such a saving.

Ald. McRae was sorry that Ald. Casey was not present. Ald. Casey had brought it up. He moved that the report lie on the table for one week. This would give Ald. Casey and other members of the council an opportunity to study it.

The motion carried.

The return was as follows:

December 18, 1916.

Dear Sirs:

In making this comparison I have based it upon a salary and wages basis, for all departments, excepting the utilities, i.e.—Water, Light and Telephone. In dealing with these I have included material and labor, for the reason that they are not taken into our annual budget for taxation. To compare these on a salary and wages basis would be, perhaps, misleading, for the following reasons:

In 1915 the total salaries and wages for Light Department were $23,293.00; in 1916 the salaries and wages will be $18,890.69—a saving of $4,402.31. During the first three months of 1915 the Hydro-Electric plant was more or less in the experimental stage, therefore, the labor costs were heavier. In 1916, while labor is considerably less, material has cost more for maintenance. You will note, therefore, by the table of savings made (which follows), our saving, taking in this extra material, will be only $2,537.91, instead of $4,402.31. The total wages paid for 1916 include the extra labor caused by faulty working of the governor, which amount we hope to collect from the company installing the governor.

The same applies to the Telephone plant. $780.00 was saved in wages, but material and maintenance is heavier, leaving only a net saving in the case of the Telephone plant of $207.72.

In both these cases the expenses include the extra cost of repairs brought about by the recent storm.

I cannot say definitely at this time what the final result of the operation of these utilities will be, not knowing the total revenue for the year, but there is every reason to believe that the result will compare very favorably with 1915 net surpluses. I have therefore shown street lighting as an actual saving, because an amount of $2,000.00 less than 1915 was raised in the estimates for taxation, of which $1,658.48 has materialized, since the reduction in the street lighting in June last, notwithstanding an increase in our street lighting to the extent of 15 incandescent standards.

As to the savings in the Engineering Department:

In 1915 there was paid out in salaries $3,215.00, but I have only taken the actual amount distributed to administration charges, as a basis, (that is, the proportion of salaries paid that cannot be charged to any particular work in progress). This amounts to $1,061.86. The same distribution of salaries this year amounts to $282.45, and the total salaries paid $840.00, the remainder being charged to Assessment, Water, Building and Plumbing Inspection. The total wages paid out by Public Works for the year 1915 was $31,834.64; for the year 1916 the total wages will be approximately $16,000.00.

Wing Of Vancouver Liberals Allege Brewster Deceived

Vancouver is to have the liveliest election in its history next Saturday when the by-election is held, consequent upon M. A. Macdonald and Ralph Smith having been called to the ministry. The interest centres around the new Attorney-General, who is being opposed by Mr. McTaggart, another leading Liberal of that city.

In connection with the campaign, there is a direct charge made by the opponents of the new Attorney-General that Premier Brewster has been guilty of deception. They even go further than that, and say he lied to them. It is alleged that the Premier gave assurances to Mr McTaggart, to Joseph Martin, K. C., and other Liberals that he would not assign to Mr. Macdonald the portfolio until an investigation had been held and the name of Mr. Macdonald cleared.

Now the matter will be fought out at the polls, many Liberals being convinced that the Attorney-General is implicated.

BYLAW INTRODUCED TO PROVIDE FOR A RESERVE FUND

At the council meeting last evening a bylaw was introduced to provide for the creation of a reserve fund for the city. This will have to be voted upon by the people at the election.

The creation of the fund will not work any hardship on the taxpayers. It means that certain money that has in past years been borrowed from the General Fund and have been levied in other ways should form the nucleus of this reserve. The money would be held available to meet the semi-annual payment on the Serial Bond issue if it ever becomes necessary to so use it, pending the regular revenues not being available.

Scott's Confession Implicates Macdonald Says Joe Martin

The by-election in Vancouver, in precipitating a split in the Liberal party there, has brought out a part of the confession of Scott, who is now a fugitive from justice and who played such an important part in the plugging escapade. Joseph Martin, K. C., has given the following information as to Scott's confession:

"Mr. Scott handed me a copy of his affidavit; and also a copy of certain questions which had been put to him, as I understand, by Mr. Brewster, and the answeres to these questions which he, Scott, had forwarded to Mr. Brewster.

"For my own satisfaction I went into the matter in detail with Scott and closely cross-examined him as to the statements contained in the affidavit and other papers.

"Amongst other things, Scott told me that since he had gone to Seattle he had on two different occasions sent letters to Mr. Macdonald demanding money in the shape of fifty-dollar Union Bank of Canada bills—this money having been handed to him by Mr. Vanderveer, a Seattle lawyer, who had been retained by someone to advise him there.

"He also stated that some of the fifty-dollar bills had been received by him at a time that C. B. Patterson had come down to Seattle to see him, as he understood, in connection with the letter he had sent Mr. Macdonald asking for money. The money that he had asked for was, he said, for his living expenses in Seattle.

"Scott's story to me was that he and Macdonald had arranged to get men in Seattle to come up at the by-election to vote for Mr. Macdonald on the names of other persons; and

NEW MUNITION ORDERS HAVE BEEN PLACED IN CANADA

The Financial Times is informed on reliable authority that when Mr. J. W. Flavelle, Chairman of the Imperial Munition Board, returned to Canada from his recent trip to Great Britain, he brought war orders to the extent of $250,000,000.

These orders were brought for Canadian companies, but it is doubtful if the capacity of these companies will be sufficient to handle the new business in addition to the contracts already on hand.

From the stock market point of view the significance of the latest developments in political and munition circles is almost beyond the power of calculation. It seems that the Imperial authorities look to Canada to work as earnestly and as feverishly at munition output as the British manufacturers are themselves doing. Canada is recognized in England as not only part of the fighting Empire but part of the industrial forces.

The Imperial Munition Board at Ottawa has received instructions from London to speed up the munition output. This gives an assurance of a ceasless activity throughout the greater part of 1917.

OVER SIXTY-FOUR THOUSAND.

(Continued from Page One.)

To this might also be added the saving in interest. During the year the city has only borrowed $10,000 on temporary loan, and this for only five months, paying interest therefor $121.75, against which we will have earned from the bank, here and in New York, interest outside our sinking funds, approximately $4,700, as against $2,632 in 1915.

In 1915 the city raised by taxation $224,308.05, and spent $216,251.45. This year our total tax levy, less rebates allowed, was $147,459.56, of which 63 per cent. was collected.

We have also received from licences, etc., $28,540.44, making the total taxation for 1916, $176,000, and, after careful analysis of all our liabilities for this year, I estimate our total expenditure will not exceed $160,000. The total saving in expenditure for the year will therefore be approximately $64,300. Out of General Revenue I have advanced $12,000 to short term Local Investment sinking fund, on account of shortage by arrears. $25,870 of these debentures have been redeemed. All interest payments have been met, both on Sinking Fund Bonds and Serials, in addition, with the aid of Reserve Fund, established this year, the liabilities for interest and redemption of Serial Bonds due on April 1, 1917, amounting to $77,008.81, are now on deposit with the bank, earning interest.

At this early date the figures in several cases are necessarily only approximate, but I have carefully considered all possible expenditure, and therefore think these expenditures will not be exceeded.

Respectfully submitted,
E. D. JOHNSON,
City Treasurer and Collector.

that the arrangement had been carried out by him—that during the whole time Mr. Macdonald and he kept in close touch with regard to the proceedings, and that Mr. Macdonald was aware of all that had occurred.

"He also told me that he got a number of men in Seattle and sent them up here, and that some of them voted. He told me that money, to the extent of about $2,500, which he had used for this purpose, had been handed to him by a man whom he did not know, but whom he described, and who had met him on Hastings Street and handed a package to him.

"He also told me that he had received, I think, the sum of $500 from Macdonald personally — $250 of which he had paid to Annance. He said that Mr. Macdonald told him, when he gave him this $500, that it was for the purpose of paying debts which he had contracted while working as organizer for the party, but that was a mere form, as Mr. Macdonald intended the money to be applied in connection with the plugging transaction."

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Teritory, the Nothwest Teritories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Aplications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights re not being operated, such returns should be furnished at least once a year.

The lease wil' include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

LAND REGISTRY ACT.

(Section 36 and 134.)

Re Application No. 90,591.

TAKE NOTICE that application has been made to register HAROLD C. EDMUNDS of Prince Rupert, British Columbia, as owner in fee under a Tax Sale Deed from The Collector of the City of Prince Rupert, bearing date the 30th day of September, 1916, of ALL AND SINGULAR that certain parcel or tract of land and premises situate, lying, and being in the Municipality of Prince Rupert, (Assessment District), more particularly known and described as Lots Six (6), Thirty-One (31), and Thirty-Two (32), Block Forty-Six (46), and Lot Eleven (11), Block Forty-Eight (48), all in Section Eight (8), Map 923.

You are required to contest the claim of the tax purchaser within thirty-five days from he date of the service of this notice (which may be effected by Personal Service or otherwise), and your attention is called to Section 36 of the "Land Registry Act" with amendments, and to the following extract therefrom:—

"and in default of a caveat or certificate of lis pendens being filed before the registration as owner of the person entitled under such tax sale, all persons so served with notice, . . . and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be for ever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes, and the Registrar shall register the person entitled under such tax sale as owner of the land so sold for taxes."

AND WHEREAS application has been made for a Certificate of Indefeasible Title to the abovementioned lands, in the name of HAROLD C. EDMUNDS:

AND WHEREAS on investigating the title it appears that prior to the Fourteenth day of Sepember, 1915, (the date on which the said lands were sold for overdue taxes), you were the Registered owner thereof.

FURTHER TAKE NOTICE that at the same time I shall effect registration in pursuance of such application and issue a Certificate of Indefeasible Title to the said lands in the name of HAROLD C. EDMUNDS unless you take and prosecute the proper proceedings to establish your claim, if any, to the said lands, or to prevent such proposed action on my part.

Dated at the Land Registry Office, Prince Rupert, B. C., this Second day of November, A. D. 1916.

H. F. MacLEOD,
District Registrar of Titles.

To CHARLES PLANITZ,
d-8 Box 731, Edmonton, Alberta.

Production and Thrift

"CANADA from her abundance can help supply the Empire's needs, and this must be a comforting thought for those upon whom the heavy burden of directing the Empire's affairs has been laid. Gain or no gain the course before the farmers of Canada is as clear as it was last year—they must produce abundantly in order to meet the demands that may be made, and I believe this to be especially true in regard to live stock, the world's supply of which must be particularly affected in this vast struggle. Stress and strain may yet be in store for us all before this tragic conflict is over, but not one of us doubts the issue, and Canadians will do their duty in the highest sense of that great word."—*HON. MARTIN BURRELL, Minister of Agriculture.*

"MODERN war is made by resources, by money, by foodstuffs, as well as by men and by munitions. While war is our first business, it is the imperative duty of every man in Canada to produce all that he can, to work doubly hard while our soldiers are in the trenches, in order that the resources of the country may not only be conserved, but increased, for the great struggle that lies before us. *'Work and Save'* is a good motto for War-time."—*SIR THOMAS WHITE, Minister of Finance.*

THE CALL OF EMPIRE COMES AGAIN IN 1916

TO CANADIAN FARMERS, DAIRYMEN, FRUIT GROWERS, GARDENERS

WHAT IS NEEDED? THESE IN PARTICULAR—

WHEAT, OATS, HAY,
BEEF, PORK, BACON,
CHEESE, EGGS, BUTTER, POULTRY,
CANNED FRUITS, FRUIT JAMS,
SUGAR, HONEY, WOOL, FLAX FIBRE,
BEANS, PEAS, DRIED VEGETABLES

We must feed ourselves, feed our soldiers, and help feed the Allies. The need is greater in 1916 than it was in 1915. The difficulties are greater, the task is heavier, the need is more urgent, the call to patriotism is louder—therefore be thrifty and produce to the limit.

"THE AGRICULTURAL WAR BOOK FOR 1916" is now in the press. To be had from The Publications Branch, Department of Agriculture, Ottawa.
