RUSSIANS ADVANCE FAR INTO TURKEY

PRISONERS AND MUNITIONS ARE BEING TAKEN IN ARMENIA

Territory South Of The Black Sea Is Practically Captured.

Petrograd, July 28.—The Russians have advanced over one hundred miles in Turkish Armenia within a week and the capture of Erzigan allows the Grand Duke's army to obtain the benefits which an extremely fertile valley affords.

From Erzigan there is easy communication through Trebizond to the western and southern Caucasian armies and the latest success practically completes the Russian occupation of Turkish Armenia.

Hundreds of prisoners have been taken along with large quantities of munitions and eight hundred hospital beds.

WAR IS COSTING A MILLION A DAY

THIS IS THE SUM THAT CANADA HAS TO PAY ON ACCOUNT OF HOSTILITIES

There Is About A Thousand A Year Paid On An Average Per Man.

According to an official statement issued, the expenditure of the Dominion Government in Canada alone now exceeds $20,000,000 a month, or about $700,000 a day. The largest item in this huge expenditure is for pay and allowances for subsistence and assigned pay of the troops. It is running at the rate of about $12,000,000 a month. This is, of course, much more than is paid to the troops at present in Canada, who number less than half the total Canadian forces recruited for the war, over 200,000 having gone overseas. The pay of the overseas forces assigned to their families and dependents here and their separation allowances, also paid here, constitute a very large portion of the monthly war expenditure. The sterling exchange situation

FORCES HAVE TAKEN DE VILLE WOOD DRIVING OUT CRACK REGIMENT

German Preparing For Tremendous Counter Attacks Upon British.

London, July 28.—British troops have now entirely captured De Ville Wood, driving out the Kaiser's crack Brandenburg Regiment.

By capturing Pozieres, the British forces now have complete control in the Somme region. The entire party of Bavarian troops which was defending the concrete fort against the British attacks was killed with the exception of four men.

Preparing For Counter.

The Germans have transferred large reserves from Everdun to Pozieres Wood and the British anticipate tremendous counter attacks immediately.

Germans Beaten.

The Russian War Minister says Germany is now beaten. It is probable that the Germans, he says, will struggle on until next year.

GERMAN LOSSES HAVE BEEN HEAVY

IMMENSE NUMBER OF PRISONERS TAKEN BY THE RUSSIANS

More Men Will Be Called To Colors By The Czar's Authority.

Petrograd, July 28.—The Russians on the eastern front, between the 16th and 25th of July, captured 34,000 Germans and Austrians; forty-five cannon and seventy-one machine guns.

Discussing Russian preparations for a continuance of the conflict, General Chouvaieff, Minister of War, advises the people that, although the enemy forces are perceptibly weakening, it is unreasonable to expect a termination of hostilities immediately and explains that orders will be issued calling up men ordinarily exempt from military service in order to maintain immense reserve forces.

BANKS SHOW THAT MONEY IS SAVED

THRIFT PRACTISED BY CANADIANS REFLECTED IN THE FIGURES SHOWN

Deposits Are Now Going Up At Very Rapid Rate.

Ottawa, July 28.—The extraordinary prosperity of Canada and the thrift being practised by the Canadian people since the outbreak of war, is revealed in the bank figures. The figures for the month of June show that the Canadian public have today on deposit in the banks of the Dominion, nearly two hundred million dollars more than two years ago. The savings deposits last month were $767,598,130 as against $663,945,753 two years ago and $683,761,432 a year ago. The deposits on demand were $428,117,340, as against $355,006,229, over the same month of two years ago. For the month there was an increase of two and a-half millions in savings deposits.

MORE CANADIANS HAVE BEEN HONORED FOR WAR SERVICE

James Carruthers Well Known Investor In Many Different Lines Of Enterprise Arrived In City Last Evening From Montreal

There arrived on the train from the east last evening James Carruthers, of Montreal, millionaire grain merchant of that city, whose name is known all over the Dominion in various lines of investment. He is not making a long stay in the city, but leaves this morning for the south, to look into matters connected with business investments in the south. His mission south has to do, in fact with the law suit that has been on with respect to the affairs of the Pacific Colliers, in which he holds a controlling interest. There is a suit before the courts of the Province in this matter, with which the name of John Arbuthnot is associated. It has been tried before Mr. Justice Clements, and an appeal is now pending before the Appeallate Court of the Province. It is expected that the case will be taken to the Privy Council for final settlement.

In the early days of the G. T. P. enterprise Mr. Carruthers took a deep interest in this port of the Province. He was identified with a number of enterprises connected with this city and it is a pity that he is not associated with more of them at this time, for he is a game investor and a first-class business man. Before he leaves here this morning he will investigate the workings at the Canadian Fish & Cold Storage Company of which he was one of the original investors and in which company he still holds the position of Vice-President. The James Carruthers, of that fleet, is named after him, and while he does not take a very active interest in the concern at this time, he has by no means forgotten it.

Speaking last evening of the G. T P. Mr. Carruthers paid a compliment to the excellence of the road-bed, and he sees no reason why, with the return of normal conditions, there would not be a good development along the line and make it and the City of Prince Rupert prosperous. There were conditions connected with the construction of the eastern section of the road, the Government end of the line, that made it impossible for the company to operate that at a profit. At the same time the line was a good one and should be a paying investment later on.

During his short stay in the city Mr. Carruthers will visit the dry dock and make investigations into all lines of business connected with the place as far as that is possible to do in the limited time that he has at his disposal in the city. In the matter of drydocks he is more or less interested, for he is one of the heaviest investors in the water transportation business in Canada.

He is the President of the Canadian Steamship Lines, which controls practically the whole of the carrying trade on the St. Lawrence and the Great Lakes, with the exception of those lines that the C. P. R. owns The St. Lawrence trade is in the hands of this company and the Northern Navigation Company that runs from Detroit to Duluth and Fort William is also owned by that company.

Mr. Carruthers' interests are all the time being extended, and now, within the past few months, he has become interested in the ship-building syndicate that is to take advantage of the Provincial Government subsidy and manufacture vessels in the southern cities.

While he would not admit that he was interested in any way in the matter of ship-building here, Mr. Carruthers may become interested before the work of construction is begun. If he does it would certainly be to the advantage of this place, for he is a man who is able and always ready to make any investment and to see it through.

The principal business that the name Carruthers is identified is that of grain buying. With headquarters in Montreal, he has had a house in

RETURNED SOLDIERS.

H. C. Brewster, Liberal leader, is taking much credit to himself, for evolving what he evidently believes is a new policy—that of giving returned soldiers places in the civil service. Mr. Brewster can find that policy in operation in Prince Rupert since the first soldier returned to this city from the battle front. There have been places found in the government service for all returned soldiers, able to undertake work. It is true that the openings have mainly been found in the Dominion Government departments, since the Provincial Government has, in following a policy of retrenchment, reduced the staffs in all departments possible, or have made no new appointments to vacancies since the war. That, of course, should merit the approval of Mr. Brewster. And should the Liberals come into power in the Province there will be fewer civil service positions to fill by appointing returned soldiers or civilians, for are not the Liberals pledged to great reductions in the civil list of all departments.

JAMES CARRUTHERS.

Winnipeg and another in New York. Some idea of the extent of the business that is carried out by the company of which he is the controller may be gathered from the fact that last year the three branches handled over 100,000,000 bushels of wheat. The immense crop made this possible and Mr. Carruthers says that the outlook at the present time is for another big crop this season. The next few weeks will tell the tale. At present it looks like a fine yield. If it comes as anticipated, he believes that the country as a whole will get out from under the depression that has prevailed. It should, he thinks, bring prosperity to the whole of the country.

Speaking of the conditions that prevail here, he said last night that there was no need to feel in any sense specially despondent. It was a condition that prevailed all over the country and would take a little time to rectify. Prince Rupert was not in any worse shape proportionately than many other places, and he instanced some of the prairie cities as being quite as bad and even worse than this city. The wild investments in land had upset conditions, but with the reaping of another bumper crop there should be no question about the return of prosperity.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

At the Majestic Theatre last evening Blanche Sweet appeared in "The Ragamuffin," a five act production by William C. De Mille. The play is a fascinating one from start to finish. Besides this feature there was two comedies entitled "Arthur Truman's Ward" and "Over and Back," which created much amusement. As usual, a high-class musical programme was rendered. The programme will be repeated this evening, with a matinee this afternoon at 2:30 p. m.

The Westholme Theatre pesented a very strong programme last evening. In the Universal Weekly scenes from the Irish Rebellion were cast upon the screen. Maude Feeley made her first appearance at the Westholme in "Kathleen the Irish Rose," a beautiful Irish romance. Besides these two features were the 14th Episode of "Graft," and "The Winged Messenger." All of which made up an excellent programme. This evening "A Knight of the Range" will be the leading feature, being a Red Feather Film.

WAR IS COSTING.
(Continued from Page One.)

has had much to do with bringing about the payment in Canada of so large a portion of the pay of the overseas forces.

As nearly as can be estimated Canada's present war expenditure in Canada and in Britain, including the maintenance of the troops actually at the front, is at the rate of about $30,000,000 a month, or $350,000,000 a year. This averages about $1,000,000 day and is equivalent to about $1,000 per annum per head, as the total enlistment is about 350,000 men. Of these there are now in Canada about 140,000.

Out of the revenues of the government for the year it now seems probable that a large amount of the principal of the war expenditure will be paid, as the budgets of 1915 and 1916 are both working out most satisfactorily. The balance of Canada's war expenditure this year will be defrayed partly from the funds of the domestic war loan issued in November last and from the war borrowings.

WATER NOTICE

Use and Storage

TAKE NOTICE that Granby Consolidated Mining, Smelting & Power Co., Ltd., whose address is Anyox, B. C., will apply for a license to take and use 100,000 gals. per day, and to store 2,500,000 gals. of water out of West Branch of Hidden Creek, which flows southerly and drains into Granby Bay about one half mile west of Anyox.

The storage dam will be located about two and a half miles from the mouth of Hidden Creek. The capacity of the reservoir to be created is about 2,500,000 gals., and it will flood about two acres of land. The water will be diverted from the stream at a point about 450 feet south of north line of Maypole M.C. Lot 1676, and will be used for domestic and mining purposes upon the land and mine described as Hidden Creek Mine and Mine Townsite.

This notice was posted on the ground on the 15th day of June, 1916.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914," will be filed in the office of the Water Recorder at Prince Rupert, B.C.

Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

If Prince Rupert people will deal at home they will find our price about the same as elsewhere for equal quality, as our freight bills are not heavy, and home dealers will be encouraged to keep proper stocks.

Let us compare, for instance, Eaton's price, $5.70 on a 7 Jeweled Waltham. Our Price is $6.00, but it is worth the 30c to see what you are getting when you want it, and have it qualified right here.

Take also the highest priced Waltham, a 23 Jeweled Vanguard at $44.60. Our Price is $45.00. Not very much difference.

Many articles, of course, are not so easily compared, and are made in many quantities and often look big for money in the catalogue.

"The Reliable Plumber,"
Prince Rupert, B. C.

I have great pleasure in certifying to the excellent hot water and heating system that you installed in our parsonage, and that after six months of operation through the winter months it has given every satisfaction.

The system heats a thirty gallon tank of water to boiling temperature in one hour after the fire has been started; it in no way interferes with the oven for baking purposes. In addition to this, the wall radiator which you placed in dining-room and connected with the range boiler has given us splendid satisfaction, supplying us with ample heating throughout the winter, saving us the cost of a stove and fuel.

I most heartily testify to the satisfaction and efficiency of your system and gladly recommend it.

Yours very truly,
(Signed) (Rev.) J. F. DIMMICK.

Suggestions for Successful
ADVERTISING

The Best Time To Use Advertising Space

While the successful advertiser makes all times his own, their must of necessity be occasions when there are special advantages in presenting live facts about your goods to the public.

Advantages In Strenuous Times

Did it ever occur to you that in times when money is specially "tight" that the average buyer, and especially the thrifty housewife makes it a point to buy where the best can be got for the money expended? Have you an advantage to offer? Your advertising it will give you far better results than when times are better.

Buying Values Are Investigated

The value of money is appreciated now. Values count and are investigated by the public. This is the time to get full results from those who have good values to offer the public in any line of consumption.
