City Market And Price Paid For Berries Subject Of Report

At the council meeting last evening the subject of the price paid producers for berries through the medium of the City Market was the subject of a report brought in by the Collector and Treasurer, through Ald. McRae the chairman of the Market Committee. The report read as follows:

The berry season opened on June 28 and closed on August 17, during which period 789 crates of berries were handled.

The total amount paid the producer was ...	$1,422.12
Total amount deducted for cartage, freight, express and commissions was	199.34
Average price paid producer pe crate	$1.80.24
Average cost deducted from producer	25.23
Average total price paid by consumer	2.05.47

The highest price paid producer was 3.84 net per crate early in the season.

The lowest price paid to producer was $1.07 net late in the season, and for only two small shipments which were damaged.

The price for last week of season would average $1.54 per crate net to the producer.

Ald. McRae said that the market clerk had called his attention to a press report which reflected upon him. This statemen was that the producer never got more than $1.25, while consumers paid never less than $2.50. That statement was false and libellous and should be retracted. The report produced showed the falsity of it.

In reply to a question from the Mayor, as to whether he wished to do anything further relative to the matter, Ald. McRae said he thought it might stand. He trusted the one making the false statement would retract it.

A report from the City Market for October showed that $2,247.25 worth had been received. The commission had been $178.

The reports were received and filed.

At the council meeting last evening the Mayor, Ald. Dybhavn and Ald. Casey were elected a Court of Revision on the voters' list for 1917. The court will sit December 11 at 2:30.

W. T. DONNELLY IS PLEASED WITH DOCK

DESIGNER OF BIG WORK IS NOW HERE ON TOUR OF INSPECTION

He Says There Is Ample Reserve Power Beyond That Used.

W. T. Donnelly, the designer of Prince Rupert's big floating dock, is here on an inspection of the work which is now completed and tested. He is well pleased with the way the dock is working. He is anxious now to see the ship-building end of the business in operation also.

Speaking of the lifting capacity of the dock, he says it has plenty of reserve behind it for greater than the tests to which it has been subjected.

He will spend only a few days here now.

SUPREME COURT SITTING THIS WEEK

MR. JUSTICE MORRISON WILL HOLD CIVIL SITTING IN THIS CITY

There Are No Criminal Cases To Come Before His Lordship.

Tomorrow the Supreme Court sitting opens here, with Mr. Justice Morrison on the bench. There are no criminal cases to come up this time, but there is a long list of civil cases. The list includes the following:

Lauchy J. Mackay vs. The Canadian Fish & Cold Storage Co., Ltd. This is a claim for damages for personal injuries received at the plant of the company.

J. E. McEwen vs. R. J. Abbott, et al. Action is taken for interest on a $7,000 mortgage on the Baptist Church here.

G. R. Naden vs. D. M. McGregor. In this case $503.46 is claimed as being due under an agreement in connection with the Continental Trust Company.

Eliza Lillian Robinson vs. Geo. Robinson. This is a divorce action, the parties being Indians.

C. G. Harvey vs. H. Bretzens and A. H. Morten. This is a claim for commission on sale of Debenture Group of mineral claims.

Robert M. Burns vs. Albert Johnson. A partnership accounting is sought. The former is a hotelkeeper at Telkwa and the latter is a hotelkeeper at Prince George.

Rorvig Fish Company, Ltd., vs. Canadian Surety Company. This is a claim for $1,362.05 under a surety bond, covering the opeations of an agent in Winnipeg. The defense is that the difference is a matter of accounting.

D. C. Gibb vs. Claude P. Ellis and R. J. Marshall. The cancellation of an agreement to purchase 160 acres in the Bulkley Valley is sought, and damages for misrepresentation.

J. L. Coyle vs. J. J. McNeil. This is a claim for damages of $12,599 in connection with the seizure of goods under sheriff's sale order.

C. G. Harvey vs. R. J. McDonnell. Aclaim for $3,768 under an agreement and for an accounting.

E. P. Spalding and A. M. Spalding of Spokane, vs. C. H. Munro et al. Action for specific performance under an agreement of sale of mining properties.

D. M. McGregor vs. G. R. Naden et al. Action to recover $4,350 paid under an agreement made with the Continental Trust Company.

F. W. Holler, Superintendent of the Surf Inlet mines, is in the city.

GRAND CONCERT TO BE ON TONIGHT

PUPILS OF THE SCHOOLS WILL GIVE ENTERTAINMENT FOR BELGIANS

Orphans Of Belgium Will Get The Proceeds Of The Concert.

At the request of the Governor-General and of the school authorities of the Province the pupils of the Prince Rupert schools, in common with those elsewhere throughout this country, will put on a concert as a benefit for the orphans of Belgium. The entertainment will be given here in the Westholme Theatre this evening.

The programme is a good one, upon which the teachers and pupils have put a lot of work. It will include patriotic songs, selections from Shakespeare, dialogues, club swinging, pantomines, tableaux, etc.

BREWSTER MAKES DENIAL OF OFFER TO GOSDEN

He Is Willing To Go Into Box And Make Unqualified Denial.

H. C. Brewster's name has been drawn into the plugging charges in Vancouver by a statement drawn from Gosden at his trial, that Brewster offered to pay him (Gosden) $1,000 to leave the Province.

Mr. Brewster is endeavoring to take the stand to give rebuttal testimony at the Gosden trial to deny the latter's allegation of a thousand dollar offer to leave the Province.

Mr. Brewster said: "I certainly have offered my testimony but understand there is some difficulty regarding its admissibility.

"It has come to the point now where that extra bit of perjury from Gosden should not be allowed to go unchecked. I would like an opportunity to put my oath against his, if that is necessary, but the lawyers tell me that such testimony from me might be inadmissible."

Discussing the accusation made by Gosden, Mr. Brewster disclaimed any conversation at any time with accused, and intimated that he has affidavits dealing with Gosden's statements, which portend further trouble for the accused should he be acquitted on the present charge.

WALES DOES NOT WANT PEACE TALK AT PRESENT STAGE

Cardiff, Wales, Nov. 13.—A conference in favor of the opening of peace, negotiations, arranged under the auspices of the National Council of Liberties, was held here.

The meeting was broken up by a crowd of several thousand patriotic demonstrators. James H. Thomas and Ramsay MacDonald, members of the House of Commons, made speeches, but when Thomas attempted to rally his forces when the crowd became troublesome, he was unceremoniously dragged from the platform. The crowd obtained full possession of the hall and waved flags and sang "God Save the King."

Tonopah-Belmont Company To Start Development Work On Porcher Island

It is quite within the range of possibility that a gold mine may soon be in operation close to the city, on Porcher Island, which lies off the entrance to the harbor. Reference has before been made through the columns of The Journal to the prospects there, and the fact that one of of the largest companies operating on the continent has become interested in it. There is no justification just at the moment to herald the prospect as a world-breaker, but the Tonopah-Belmont Company, which is now operating the Surf Inlet mines, has thought it worth while from the showings to spend several thousand dollars proving up the possibilities of it.

Engineers from the Tonopah Company have gone carefully over the ground and have reason to believe that there may be a mine there. They have taken an option on it, through local residents, and will prove out what there is there. The work will be started today and will be carried along all winter in order to get at the real worth of the prospect.

The Tonopah Company has had its engineers on the coast most of the summer seeking out prospective mines. The claims on Porcher Island were taken up after many, many were turned down in Alaska and elsewhere.

There will be a general hope that the prospect turns out well, and that a big mine will be opened up so close to Prince Rupert. If it so proves it will mean immense things for this city in an industrial way.

The work that will be carried out now will be confined to about three or four men. It is simply a test to prove whether the property warrants large investments or is too small for such a company as theirs.

NEW GOVERNOR OF DOMINION HAS ARRIVED

Halifax, Nov. 13.—The Duke of Devonshire has arrived and has been sworn in as Governor-General of Canada.

REMEDIAL STEPS TO HIGH PRICES

MOVE MADE BY DOMINION GOVERNMENT TO KEEP DOWN COST OF LIVING

Order-In-Council Gives Municipalities Power In The Matter.

The Dominion Government for some time has had under consideration an Order-in-Council with regard to the high cost of living, and the remedial steps which are necessary to meet the situation. The order has been re-drafted, and in its final form is expected to pass the Cabinet Council immediately.

It is proposed that the remedy should be placed in the hands of the Federal Government, through the Minister of Labor and the municipalities. Any combination or agreement to increase the price of necessities of life will be classified as a criminal offence, punishable by a fine of $500 or imprisonment for two years.

Under the Combines Act it is already criminal to combine to unduly increase prices. In the new Order-in-Council the word "unduly" is left out as regards the price of food, and any agreement to increase prices, to any extent, is made an offence.

The Department of Labor as well as the municipalities will be given conditions of food supply, and the reasons which underline abnormal prices. If the situation can be traced to any combination or agreements rather than to general conditions of supply and demand, the machinery provided by the Order-in-Council will be adequate to meet the situation. In their final form the new regulations will be more drastic than at first thought.

INTEREST IN MINING.

There is a maxim among mining men on his coast that nearly every mining excitement or what is more commonly known as a "mining boom" comes in the winter. That season is not the one when the best results can be obtained, nor is it the season when such "booms" should take place, but the miners, following the records of the various camps contend that that is the usual time for such an excitement.

It would almost appear that in many parts of this district such is to be the case, and the different centres are likely to follow the general rule. There has, during the past month, been more interest evident in mining properties than has been the case throughout the summer.

RUMANIAN FINANCES.

An interesting resume of the financial relations between Germany and Rumania is provided by Mr. N. Basilesco, Professor of Law at the University of Bucharest. German loans to Rumania make a total of $400,000,000, says The Toronto News. German investments in Rumanian industrial paper are not less than $200,000,000. In the main this money has earned usurious rates. For example, in return for a loan of $2,400,000 the German bank took as security the revenues of the cigarette paper monopoly. The profit during the continuance of the loan was no less than $9,400,000. Rumania is anxious to get rid of bloodsucking finance, and Germany is just as anxious to conserve its opportunities.

JAPANESE ARE NOW REFINING THEIR ZINC INSTEAD OF IMPORTING

The zinc refining industry in Japan is of recent origin. Up to 1910 all the zinc required was imported. The zinc refinery as an industrial enterprise in Japan owes its origin to the founding of the Mitsui Zinc Refinery in Miike, Kyushu, in March, 1910. In the same year the Osaka Zinc Refinery Company, in Osaka, and the Nippon Zinc Electric Refinery Company in Isojima, Niigata, prefecture, were started. Since the outbreak of the European war, with the stoppage of the usual foreign sources of supply, the output of the three companies mentioned has increased to a total of 20,000 tons, or two-thirds of Japan's requirements. About 10,000 tons are being imported at present. It is said that there are rich veins of zinc ore in all parts of Japan. Up to 1910, ore containing less than 40 per cent. of zinc was thrown away, and only the finer grades containing more than 40 per cent. were exported.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Teritory, the Nothwest Teritories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Aplications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights re not being operated, such returns should be furnished at least once a year.

The lease wil' include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

Production and Thrift

"CANADA from her abundance can help supply the Empire's needs, and this must be a comforting thought for those upon whom the heavy burden of directing the Empire's affairs has been laid. Gain or no gain the course before the farmers of Canada is as clear as it was last year—they must produce abundantly in order to meet the demands that may be made, and I believe this to be especially true in regard to live stock, the world's supply of which must be particularly affected in this vast struggle. Stress and strain may yet be in store for us all before this tragic conflict is over, but not one of us doubts the issue, and Canadians will do their duty in the highest sense of that great word."—*HON. MARTIN BURRELL, Minister of Agriculture.*

"MODERN war is made by resources, by money, by foodstuffs, as well as by men and by munitions. While war is our first business, it is the imperative duty of every man in Canada to produce all that he can, to work doubly hard while our soldiers are in the trenches, in order that the resources of the country may not only be conserved, but increased, for the great struggle that lies before us. *'Work and Save'* is a good motto for War-time."—*SIR THOMAS WHITE, Minister of Finance.*

THE CALL OF EMPIRE COMES AGAIN IN 1916

TO CANADIAN FARMERS, DAIRYMEN, FRUIT GROWERS, GARDENERS

WHAT IS NEEDED? THESE IN PARTICULAR—

WHEAT, OATS, HAY,
BEEF, PORK, BACON,
CHEESE, EGGS, BUTTER, POULTRY,
CANNED FRUITS, FRUIT JAMS,
SUGAR, HONEY, WOOL, FLAX FIBRE,
BEANS, PEAS, DRIED VEGETABLES

We must feed ourselves, feed our soldiers, and help feed the Allies. The need is greater in 1916 than it was in 1915. The difficulties are greater, the task is heavier, the need is more urgent, the call to patriotism is louder—therefore be thrifty and produce to the limit.

"THE AGRICULTURAL WAR BOOK FOR 1916" is now in the press. To be had from The Publications Branch, Department of Agriculture, Ottawa.

POSTPONED TILL AFTER THE WAR

One Plaintiff Killed And Another In Trenches Makes Adjournment Necessary.

An echo from the old days of the land boom, when townsite propositions and subdivisions were as familiar and plentiful as soldiers on the streets are today, was heard in the Supreme Court on Thursday, when an application was made on behalf of the defendants to compel the plaintiffs to bring to trial an action which started nearly two years ago, the allegation being that certain accusations of fraud had been made in the statement of claim and that the defendants were entitled to have these matters cleared up, says The Vancouver World. The application was, however, refused, the solicitor for the plaintiffs stating that one of his clients had been killed at the front and that the other was in the trenches now and was, therefore, not available. An adjournment was taken until after the war.

The plaintiffs in the case, Messrs. Harrison & Gamble, were a real estate firm of Prince Rupert and the defendants were the Port Edward Townsite Company, which company included E. J. Mathews, A. W. Agnew, William Agnew, W. Clark Durant, W. E. Baer, L. W. Patmore, J. Fred Ritchie, W. T. Kergin and T. H. Johnson, all well known men of Prince Rupert in those days.

The allegation in the statement of claim is, in effect, that the defendant Mathews was the holder, under agreement, of a block of land now known as Port Edward; that he formed a company and sold the property to them at $400,000, which is alleged to have been an excessive price, including in the sale the waterfrontage which the plaintiffs now claim he did not own at all.

The complaint of the plaintiffs is that they were induced by fradulent representation to take stock in the company and that $10,000 of their good money was sunk in the deal.

The defence is that no fradulent representations were made, that the property was worth the price at which it was put in to the company, and that the plaintiffs actually assisted in the promotion of the townsite proposition.

The City Council last evening decided by resolution to ask next year's council to allow P. Lorenzer, Acting City Engineer, two weeks' holidays in lieu of this year's work The proceeding would seem peculiar, but the situation is likewise unusual. Mr. Lorenzen is already at work on the assessment for next year and cannot take his holidays before that is completed on January 10, which is the time set by law. Hence the move.

MUCH OF COPPER FOR 1917 IS SOLD

Eighty Per Cent. Of Red Metal Which Can Be Produced In Six Months Disposed Of.

Eighty per cent. of the United States copper production for the first six months of 1917 has been sold. This would indicate that orders for approximately 900,000,000 pounds of copper have been placed on the producers' books for delivery from January 1 to June 30 next, assuming a monthly refinery yield of between 185,000,000 and 190,000,000 pounds for the period. The value of this copper, based on a 26-cent average price, would approximate $235,000,000, says The Boston News Bureau.

An important producing and selling factor says that not only have producers sold fully 80 per cent. of their probable output, for the first half of next year, but adds that current business under negotiations and in prospect would add very materially to the tonnage could new deliveries be assured.

The question of refinery capacity, he says, is the all-important one at the moment, as upon the yield from refinery plants depends the volume of copper available for market. This capacity has long been behind the smelter output with no signs of immediate improvement.

The quantity of copper to be available for sale in 1917 will be governed entirely by conditions at refineries. From now until next spring production should show a steady growth as new refining facilities are placed in commission.
