Seattle Fish Man Thinks This City Must Hold Trade

ABOUT TWO HUNDRED THOUSAND WEIGHT

LARGE QUANTITY OF FISH WAS BROUGHT INTO PORT YESTERDAY AND SOLD

Canadian Fish & Cold Storage Company Took All That Was Offered.

Everything in the shape of a fish that appeared on the local market yesterday was gathered in by P. J. Sandwick, the buyer for the Cold Storage Company. Halibut arrivals aggregated nearly 200,000 pounds, while the receipts of spring salmon were about 30,000 pounds. Halibut sold readily at 7 3-4 cents and salmon at 7 1-2 cents.

The vessels with their catches were: Muirneag, 5,000; Alliance, 9,000; P. Doreen, 10,000; Roald Amundsen, 20,000; Grier Stirratt, 25,000; Zibassa, 30,000; Andrew Kelly, 75,000. The last three named boats belong to the Cold Storage Company's fleet.

The Treo with 8,000 and the Morengen with 16,000 pounds arrived too late to participate in the day's sales, while the Borealis put in with disabled machinery.

Last night the Massett schooner, King George, arrived from North Island with 24,000 pounds of spring salmon.

Let us have lots of that stuff. WHAT? Good-feeling and Good-fellowship July 1st.

FAMILY BUTCHER

Christ Olsen, of the Washington Fish and Oyster Company, of Seattle, is here. He has been to Alaska looking into the conditions there in connection with the fish trade. He leaves for Seattle this morning.

Mr. Olsen says that the position of Prince Rupert is such that he does not think that the trade in fish can be taken away from it. His company will not open a buying office here, because he believes the field is well filled. On occasion he buys from here, but he will not open a branch here for the present.

He is of the opinion that the legislation at Washington, aimed against Prince Rupert's trade, will go through, but that, he says, will not stop the trade coming to Prince Rupert. There will be some way found to allow Prince Rupert to overcome the difficulty.

BONDS TAKEN ON FIEDLER CREEK

ADJOINING PROPERTY TO THE KNAUSS MINERAL CLAIM BOUGHT IN EDMONTON

Property That May Be Expected To Be Rich Is Now Taken Up.

It is announced that B. R. Jones, of Skeena Crossing, has bonded to Hon. P. E. Lessard and R. M. Shaw, M. P. P., of Edmonton, the gold quartz properties owned by Jas. Richey and Arthur Michels. A substantial cash payment was made in each case.

The properties adjoin the Knauss property on Fiddler Creek which the Edmonton men got a couple of weeks ago and on which work has already started.

By securing the last two bonds Messrs. Lessard and Shaw have acquired control of that whole mountain and the plan of development is on a large scale.

Though the sky is not always blue, every cloud has a silver lining in Prince Rupert, July 1st.

REUNION AND SUPPER AT FRONT

PRINCE RUPERT CONTINGENT CELEBRATED AT POPERINGHE BELGIUM

Interesting Menu Card Received From The Men At Front.

The Journal has received a most interesting souvenir of the reunion and supper given on June 1 for the First Prince Rupert Contingent. It is a menue card printed in very neat form, and bears the name of Major C. W. Peck as Commanding Officer. It is dated Poperinghe, Belgium.

The following letter from Percy Godenrath accompanied it and explained the occasion.

16th Battalion,
The Canadian Scottish,
B. E. F.,
June 3, 1916.

Just a brief line to enclose you a little souvenior in the shape of the Menu Card of the First Reunion under Major C. W. Peck of those left of the whole contingent that sailed from Prince Rupert March 6, 1914, on the "Great Adventure" tour. Today there is only left at the front some 60 of the original band of 129. Of these 52 were present at the supper, coming from 17 different units. I need hardly tell you the affair—which was made possible by the great generosity of the citizens of Prince Rupert—was in every way a success. Of the few left who may be permitted to return, the memory of those three hours will form one, if not the great pleasure in the whole "Tour." Major Peck (the Big Chief) was with his boys, and you can rest assured that the health of the citizens of Prince Rupert was not overlooked in the several toasts.

With kindest good wishes,
Sincerely,
PERCY F. GODENRATH.

On the back of the Menu Card is the following: Itineray of the "Great Adventure" Tour—Nov. 6th 1914—Left Prince Rupert for Victoria, B. C. Feb. 14th 1915—Left Victoria for England. April 26th 1915—Left Shorncliffe Camp for France. April 28th 1915—Arrived at "The Front."—Ypres, Festubert, Givenchy, Ploegstreet, Kemmel, Messines, Hill 60—Committee in charge: Lieut. G. E. Gibson, Sergt. T. Birch, Sergt. R. W. Cameron, Corpl. F. Batchelor, Pte. P. F. Godenrath.

The Menue itself is as follows: A la Hotel Prince Rupert—Hors d'oeuvres—Poisson, Saumon Mayonnaise a la Skeena—Vrandes Bordes, Jambon de Fort George; Poulet de Porcher Ile; Rote boeuf Lac Fraser. Salades—Pommes de tene en Salade Hazelton; Salade de Granby. Entremements—Macedoine de Fruits de Terrace; Souffle; Gelee de Massett. Fruits—Pommes; Bananas; Oranges; Figues; Raisins; Fromage Blanc. Celeri; Orquon; Cresson. Cafe Noir a la Stewart.

King George has (rained) for six years, but leave your umbrella at home July 1st.

Hon. W. R. Ross To Be Candidate For Prince George Riding

(Special to The Journal.)

Prince George, June 23.—A Conservative convention to nominate a candidate for the Prince George district will be held here tomorrow. It is practically settled that the nomination will be tendered Hon. W. R. Ross, Minister of Lands.

The situation is such that Mr. Ross will be a sure winner. His candidature is very popular with the general body of the electors, including many outside the regular Conservative ranks.

The most formidable opponent will be John McInnes, the Socialist candidate, but the chances of his being returned are becoming smaller every day.

LOCAL MEN IN CASUALTY LISTS

In the latest casualty lists from the front appear two names that it is feared are local men. One is that of Pioneer Robert Noble, who is among the killed. This it is felt is the local man of that name who left here. He had been employed on the Provincial Government boat Liela R.

The other is Pioneer Wm. G. Dennis, which it is feared is "Scotty," so well known here, being a member of the printing fraternity. He is among the wounded in the list.

PEACEFUL SOLUTION OF MEXICAN TROUBLE MAY BE FOUND

Washington, June 23.—Reports on the Mexican situation are more reassuring this morning. Both Washington and the de facto Mexican Government hope that the Carrizal affair will not be considered of sufficient importance to precipitate general hostilities.

Many of the United States officers look for a peaceful outcome of the negotiations, and it is reported that the Carranza Government is inclined to seek a peaceful way out of the difficulty.

OPPORTUNITIES FOR TRADE.

Among the opportunities of the future for Canadian manufacturers and exporters, Mr. C. A. Chouillou, of Montreal, in a statement made in that city, suggests that the supplying of material for reconstruction in France and Belgium will be exceptional. The requirements of these two countries will be portable houses of all descriptions, material for the reconstruction of churches, homes and outbuildings, roofing materials, railway supplies and rolling stock, office and house furniture, heating apparatus and stoves, hardware and metal utensils, road machinery, agricultural implements, machinery used in cotton and woolen manufacturing, and numberless other articles. Canned meats, vegetables, lobsters and salmon from Canada should also meet a ready market. The Canadian exporters must be willing to sacrifice something and make an effort to get his share of this new business. He must, for instance, sample his goods freely, and send travelers speaking the language of the country or appoint local agents. The Canadian manufacturer must also comply with the tastes and customs of the buyers.

Tenders For Firemen's Uniforms.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

CANADA'S CALL FOR SERVICE AT HOME

Produce More and Save More
The Empire needs food. If you are not in the fighting line you may be in the producing line. Labour is limited—all the more reason to do more than ever before. Grow food for the men who are fighting for you. The Allies need all the food that you can produce. Every little helps. You are responsible for your own work. If you cannot produce as much as you would like, produce all you can. Work with the right spirit. Put fighting energy into your effort and produce now when it counts. The more you produce the more you can save. Producing and saving are war-service.

Make Your Labour Efficient
In war-time do not waste time and energy on unimportant and unprofitable work. Economize labour. Put off unproductive work till after the war, and, if possible, help in producing something needed now. Let us not waste labour. Canada needs it all. If possible help to feed the Allies. Make your backyard a productive garden. Cultivate it with a will. Make your labour count for as much as possible.

Do Not Waste Materials
There should be no waste in war-time. Canada could pay the annual interest on her war expenditure out of what we waste on our farms, in our factories, in our homes. Every pound of food saved from waste is as good as a pound of increased production. The way for a nation to save is for every individual to save. France is strong to-day because of thrift in time of peace. The men and women of Great Britain are not only "doing" but are learning to "do without."

Spend Your Money Wisely
Practise economy in the home by eliminating luxuries. Wasting our dollars here weakens our strength at the Front. Your savings will help Canada to finance the war. Save your money for the next Dominion War issue. There can be no better investment.

MORE MEN THAN WOMEN HAVE APENDICITIS

Surgeons state men are slightly more subject to appendicitis than women. Prince Rupert people should know that a few doses of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, often relieve or prevent appendicitis. This mixture removes such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. The INSTANT, easy action of Adler-i-ka is surprising. Eye Troubles Corrected

Mr. Bulger has had over ten years experience in sight testing and fitting glasses, and last mid-summer took a post graduate course, which included the latest discoveries in the science of optometry or eye measuring. One of the most important is dynamic skiametry. The new method of Prof. A. J. Cross, of New York, in which the eye is measured by a beam of reflected light and any error is recorded.

But we do not simply rely on one method; each eye is tested separately, in three different ways, besides trying the muscular balance, together and the nervous acuteness.

We use the new drugless methods, no drops in the eye and no heavy frame resting on your face; ours swings from the wall by a bracket.

"The Reliable Plumber,"
Prince Rupert, B. C.,

I have great pleasure in certifying to the excellent hot water and heating system that you installed in our parsonage, and that after six months of operation through the winter months it has given every satisfaction.

The system heats a thirty gallon tank of water to boiling temperature in one hour after the fire has been started; it in no way interferes with the oven for baking purposes. In addition to this, the wall radiator which you placed in dining-room and connected with the range boiler has given us splendid satisfaction, supplying us with ample heating throughout the winter, saving us the cost of a stove and fuel.

I most heartily testify to the satisfaction and efficiency of your system and gladly recommend it.

Yours very truly,
(Signed) (Rev.) J. F. DIMMICK.
