INDICATIONS NOW THAT WAR MAY END EARLIER

THE RUSSIAN DRIVE CONTINUES IN ITS INTENSITY

Hamburg Harbor Is Full Of Battered Warships Now

Roosevelt Is Nominated By Progressive Convention

Roosevelt Secures A Nomination As Well As Hughes

Chicago, June 10. — Theodore Roosevelt has been nominated by acclamation as candidate for President of the United States by the Progressive convention.

Justice Hughes, of the Supreme Court was nominated for the same office by the regular Republican convention.

Repeated attempts by the party leaders to stem the tide in the interests of harmony failed.

LIGHT RECEIPTS OF FISH IN THE PORT YESTERDAY

Halibut Brought In Was Not Up To The Average In Tonnage.

Halibut receipts were light again yesterday. The Selma arrived with 8,000 pounds and sold to the Cold Storage at 7 7-8 cents a pound, and the Arctic with 45,000 sold to the Atlin Fisheries at 8 cents. The Arctic is a brand new schooner of 29 tons register, built at Tacoma last winter. She was built for the halibut trade, but she is under charter to serve as a cannery tender during the summer months. Captain Sarnnes, who commands the Arctic, is the principal owner, and although he is bound to Seattle to deliver his vessel to the charterers, he decided to call at Prince Rupert en route and take advantage of the high prices prevailing here.

The Alameda arrived late last night with 15,000 pounds of halibut.

German Navy Is In Hamberg Harbor All Battered Up

Amsterdam, June 10.—A traveller from Germany states that the harbor of Hamburg is full of battered warships, including the Seydlitz, whose after part has been torn away. The majority of her crew was lost in the encounter.

Derfflinger Was Lost.

London, June 10.—The report that the German battle cruiser Derfflinger had been sunk is reiterated. An Amsterdam despatch says that travellers arriving from Berlin say the Derfflinger sank after the North Sea battle, while being towed to the base at Wilhelmshaven.

ITALIAN TRANSPORT PRINCE UMBERTO HAS BEEN SUNK

Rome, June 10.—The Italian transport Prince Umberto has been torpedoed and sunk, with the loss of a large number of soldiers.

NORTHLAND CALLED HERE FOR COPPER ORE

Cargo Taken To Tacoma For The Rocher de Boule Company Yesterday Afternoon.

The steamer Northland, of the Border Line Transportation Company, arrived at noon yesterday and took on 500 tons of copper ore of the Rocher de Boule bunkers.

The original intention was to ship a full load by the Northland, but much of her cargo space was taken up by Alaskan freight. She sailed for Tacoma late last night.

William Marchant, Inspector of Customs, left for Victoria yesterday.

INCREASES IN BOTH EXPORT AND IMPORT

Canada's Trade Report For April Indicates Promise For The Future.

In April Canada's trade reached the remarkable total of $106,585,334, as compared with $65,221,031 for the corresponding period of the previous fiscal year. Being for the first month of the new fiscal year these figures seem to promise well for a record-breaking period. The increases are shown in both export and imports.

Merchandise entered for consumption amounted to 50,147,830, as compared with $28,391,640. These imports show a substantial increase in the free list as well as in dutiable goods, the free imports increasing from $11,776,319 to $21,218,746.

The grand total of imports, including coin bullion, amounted to $50,612,619, compared with $28,963,756.

Exports of foreign and domestic goods amounted to $55,372,720, as compared with $36,257,275 in the corresponding month of the last fiscal year. Exports of manufactured products increased from $13,221,658 to $21,573,078, and agricultural exports from $6,618,443 to $21,305,977. Mineral exports increased from $2,975,002 to $3,690,744, and forest exports from $1,929,440 to $2,287,939.

Another large increase is shown under animals and their produce, exports of which amounted in April, 1915, to $3,312,498, but which amounted in April of this year to $5,112,105.

TUG DOLA HAS TAKEN BARGE DONALD TO SOUTH

The Canadian Fish & Cold Storage Coal Carrier Has Gone To Esquimalt.

The tug Dola, Capt. Verge, came into port yesterday afternoon and picked up the barge Donald D., belonging to the Canadian Fish & Cold Storage Company. She is to tow the barge to Esquimalt. The Donald D. is to undergo an overhauling, after which she will take on a full cargo of coal and return here in tow of the Dola.

Tenders For Addition To City Market

Sealed Tenders will be received by the City Clerk up to 5 p.m., Monday, June 12, 1916, for construction of additions to City Market.

Specifications and plans to be seen at City Engineer's office. The lowest or any tender not necessarily accepted.

A. BROOKSBANK,
Purchasing Agent.

DERELICT VOLANTE TO BE TAKEN TO ALASKA

Representative Of Owners Here And Has Settled All Claims.

K. L. Steberg, of Petersburg, Alaska, arrived in the city last night to take over the derelict Volante from the salvors. All claims against the vessel have been settled and the tug Tenshaw will arriver from Ketchikan today to tow the Volante to her original destination.

The Volante, it will be remembered, was towed in here during the winter after being picked up by the Tuladi outside.

COMMISSION WANTS LAWS LIVED UP TO

AT MEETING HELD YESTERDAY AUTHORITY WAS GIVEN TO ENGAGE HELP

The City Is To Be Kept Free Of All Blind Pigs.

The Police Commission met yesterday for general business with all the members present, Mayor McCaffery, W. D. Moxley and Ald. Nelson. There was the usual quota of business transacted.

Before adjourning Ald. Nelson called attention to the fact that, with the new liquor law amendments in force their might be a disposition on the part of some to attempt to run "blind pigs." He felt that this should be prevented as far as possible from the very start. While he did not want to carry more on the force than was necessary, he thought it might be advisable to put an extra man on now for a while to see that the law was observed.

It was decided to leave the matter to the Mayor and the Chief to decide.

Tenders will be called for new uniforms of the police force.

ENJOYABLE PICNIC FOR THE SCHOOL CHILDREN

Well On For A Hundred Youngsters Went To Digby Yesterday.

Well on for one hundred children of the public schools, being Divisions 2, 4 and 5 of the King Edward School, enjoyed a picnic yesterday at Digby Island. Through the generosity of the launch owners the cost of transportation was nothing, so that they were able to devote quite a sum, amounting to $19.50, to the Red Cross Fund. The boats were Dr. Tremayne's, Evelyn; the Nancy Jane, owned by Major Gibson, and operated by Brown & Armstrong; and the Kermac, owned by H. F. McRae. In the case of the Nancy Jane it was decided to credit the owner with $8 donation to the Red Cross.

The children left about 9 in the morning and reached home about 8:30. A programme of sports and all kinds of amusements were in-

(Continued on Page Four.)

Kitchener Said To Have Amended His Estimate On War

New York, June 10.—A special cable to the New York American from the Daily News states that it was told on good authority a few days before the end came so swiftly to Lord Kitchener that he revised his estimate as to the duration of the war. He had calculated the war would last three years. He now thought this estimate was excessive, and looked to an earlier close. The enormous impetus given events during the last few days will give force to his predictions. There is on all sides a feeling that final things are imminent.

Aberdeen, Scotland, June 10.—Earl Kitchener embarked on the cruiser Hampshire at the extreme north of Scotland and the vessel had only been out at sea one hour when she sank, apparently blown up.

Some of the twelve men who were washed ashore on a raft, in their terrific battle with the sea, had their clothing torn from off their bodies and their feet and hands are terribly mutilated as a result of their desperate efforts to climb the cliffs on this rocky coast.

About eighty bodies have been found along the base of the cliffs and many were still warm when discovered.

The survivors state that Earl Kitchener and his staff were placed in one of the ship's boats which got clear of the wreck, but was swamped in the terrific sea which was running at the time.

Russian Drive Is Still Proving To Be Overwhelming

Petrograd, June 10.—The war office has announced continuing successes in Volhynia and Galicia. The Russians captured ninety-seven officers and 5,500 men in addition to the total previously announced. Eleven more cannon have been taken.

The total prisoners taken since the offensive began is in the neighborhood of 70,000.

Movement Of Troops.

London, June 10.—The Russian troops have crossed the Stripa River in Galicia and have reached the Zlota Lipa River. East of Lutsk, near the centre of the advancing Russian line, General Brusiloff's troops have made important advances along the Styr River and the Kovel Kovno Railway.

Petrograd describes the Russian gain as a victory without parallel, and that the Germans have sent troops to aid the Austrians in their effort to stem the great Russian onslaught.

SUNDAY, JUNE 11, 1916.

"LOW VISIBILITY."

Three of the finest battle-cruisers ever built, three cruisers of 23-knot speed, and eight destroyers are at the bottom of the North Sea, sunk in battle by the German high seas fleet. Our enemies make the claim that they fought against superior numbers, also that they lost only some 20,000 tons of shipping while our loss was 104,050 tons. Their claim may or may not be exaggerated. In the absence of official reports judgment must be suspended, yet we may be sure of one thing, that our first battle-cruiser squadron was beaten and that the enemy was able to get away before the main battleship fleet could come into action, so says the Toronto News.

Two words in the Admiralty statement may contain the secret, "low visibility." Admiral Cradock, off the coast of Chili, was beaten less by superior gunnery than by his same "low visibility." It will be remembered that Admiral von Spee's ships were well in towards the coast, that Cradock was perhaps five miles to the westward in the open sea, and that the time was late afternoon and early evening. At such a time the Germans were looking towards the lightest part of the horizon and the British ships were clearly outlined against it. Nothing could be more convenient for a German gunner. On the other hand, the British were looking towards a dun-colored sea, sky and coast, and the difficulty of getting a clear outline of the enemy ships may be understood.

Once again, this time in the North Sea, the Germans are hugging a coast and the British ships appear six or seven miles to the westward in late afternoon and early evening. The air is misty, which makes it all the more difficult to discern the enemy, but it does not smudge the outline of the British ships running between Jutland and the illuminated west. In all probability the British Admiral, full of the reckless daring which has been the pride of our navy in other ages, and avoiding the very suspicion of timidity, has done exactly what Cradock did, attempted to close at full speed, trusting to his luck and his gun-layers. If he had succeeded, the whole Empire would have cheered. In the old days fighting Admirals, handling fleets under sail, were taught to manoeuvre until they got to windward position of their foe. More than once this windward position was the deciding factor of the action. It seems clear that naval tactics must depend henceforth on a system of manoeuvring which will take cognizance of conditions of visibility.

What are the effects of this action on British command of the sea? That is best shown by the fact that the German fleet ran for shelter as soon as our first line vessels approached. The enemy fleet is still outmatched. In proportion his losses are as great as ours. Therefore we can await with confidence whatever the future may hold, knowing that the spirit of our officers and men cannot be quenched by disaster and that the Empire, now paying the bloody price of Admiralty, will persist until the end. The sequel to Coronel was the Falklands. The sequel to Jutland will come.

HOW APPENDICITIS CAN BE PREVENTED

Prince Rupert people should know that a few doses of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, often relieve or prevent appendicitis. This simple mixture removes such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. A short treatment helps chronic stomach trouble. Adler-i-ka has easiest and most thorough action of anything we ever sold. C. H. Orme, the Pioneer Druggist. g-5

WATER ACT.

NOTICE BY THE SURF INLET POWER COMPANY, LIMITED.

NOTICE IS HEREBY GIVEN that on the 18th day of May, A. D., 1916, The Surf Inlet Power Company, Limited, filed at the office of the Comptroller of Water Rights plans and specifications of its works for the diversion of water from Cougar Lake at the head of Surf Inlet, Princess Royal Island, and that duplicates of such plans and specifications are open to inspection at the office of the Water Comptroller at the City of Victoria and at the office of the Water Recorder at the City of Prince Rupert.

The date of the filing of the application in the office of the Water Recorder for the approval of its undertakings was the 24th of February, 1916.

The source of the water supply is Cougar Lake—the point of diversion is at the outlet of the lake and the place where the water is to be used is at the head of Surf Inlet and the locality within which the business of the Company is to be transacted is within a radius of ten (10) miles of the head of Surf Inlet.

Dated at Vancouver, B. C., this 26th day of May, A. D., 1916.

THE SURF INLET POWER COMPANY, LIMITED. m30-j30.

NAVIGABLE WATERS PROTECTION ACT.

R. S. C. Chapter 115.

Robert Cecil Gosse hereby gives notice that he has under Section 7 of the said Act deposited with the Minister of Public Works at Ottawa, and in the office of the District Registrar of Titles at the Land Registry office at Prince Rupert, British Columbia, a description of the site and the plans of a wharf proposed to be built in the North Skeena Passage, at the mouth of the Skeena River, British Columbia in front of Lot one hundred and seventeen (117), Range five (5) Coast District, British Columbia.

And take notice that, after the expiration of one month from the date of the first publication of this notice, Robert Cecil Gosse will, under Section 7 of the said Act, apply to the Minister of Public Works at his office in the City of Ottawa for approval of the said site and plans, and for leave to construct the said wharf.

Dated at Prince Rupert, B. C., this 27th day of May, 1916. m28-j28

ROBERT CECIEL GOSSE.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,

Deputy Minister of the Interior

Eye Troubles Corrected

Mr. Bulger has had over ten years experience in sight testing and fitting glasses, and last mid-summer took a post graduate course, which included the latest discoveries in the science of optometry or eye measuring. One of the most important is dynamic skiametry. The new method of Prof. A. J. Cross, of New York, in which the eye is measured by a beam of reflected light and any error is recorded.

But we do not simply rely on one method; each eye is tested separately, in three different ways, besides trying the muscular balance, together and the nervous acuteness.

We use the new drugless methods, no drops in the eye and no heavy frame resting on your face; ours swings from the wall by a bracket.

NAVIGABLE WATERS PROTECTION ACT.

R. S. C. Chapter 115.

The Grand Trunk Pacific Railway Company hereby gives notice that it has under Section 7 of the said Act deposited with the Minister of Public Works at Ottawa, and in the office of the District Registrar of the Land Registry Office, District of Prince Rupert at Prince Rupert, a description of the site and plans of warehouse proposed to be built in Prince Rupert Harbor at Prince Rupert, British Columbia, in front of waterfront Block "G," according to registered plan of the townsite of the said City of Prince Rupert deposited in the aforesaid Land Registry Office as No. 923.

AND TAKE NOTICE that after the expiration of one month from the date of the first publication of this notice, the Grand Trunk Pacific Railway Company will under Section 7 of the said Act apply to the Minister of Public Works at his office in the City of Ottawa for approval of said site and plans, and for leave to construct the said warehouse.

Dated at Winnipeg, Manitoba, this 25th day of May, A.D., 1916.

THE GRAND TRUNK PACIFIC RAILWAY COMPANY,

j4-jly4 H. H. HANSARD, Solicitor.

Suggestions for Successful ADVERTISING

The Best Time To Use Advertising Space

While the successful advertiser makes all times his own, their must of necessity be occasions when there are special advantages in presenting live facts about your goods to the public.

Advantages In Strenuous Times

Did it ever occur to you that in times when money is specially "tight" that the average buyer, and especially the thrifty housewife makes it a point to buy where the best can be got for the money expended? Have you an advantage to offer? Your advertising it will give you far better results than when times are better.

Buying Values Are Investigated

The value of money is appreciated now. Values count and are investigated by the public. This is the time to get full results from those who have good values to offer the public in any line of consumption.

PRINCE RUPERT ASTONISHED BY SIMPLE MIXTURE

Prince Rupert people are astonished at the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. ONE SPOONFUL removes such surprising foul matter it relieves almost ANY CASE constipation, sour stomach or gas. Because Adler-i-ka acts on BOTH lower and upper bowel, a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. Orme's Limited. g-4.

Parsonage 632 Sixth Ave. W. — Church, Sixth Ave. & Musgrav Place

MR. HARRY HANSON, "The Reliable Plumber," Prince Rupert, B. C., — Prince Rupert, B. C., April 9, 1914.

I have great pleasure in certifying to the excellent hot water and heating system that you installed in our parsonage, and that after six months of operation through the winter months it has given every satisfaction.

The system heats a thirty gallon tank of water to boiling temperature in one hour after the fire has been started; it in no way interferes with the oven for baking purposes. In addition to this, the wall radiator which you placed in dining-room and connected with the range boiler has given us splendid satisfaction, supplying us with ample heating throughout the winter, saving us the cost of a stove and fuel.

I most heartily testify to the satisfaction and efficiency of your system and gladly recommend it.

Yours very truly,
(Signed) (Rev.) J. F. DIMMICK.

Speceial price for coil for month of March only will be Fifteen dollars, Ten dollars cash, balance 30 days.
