SITUATION IN IRELAND STILL REGARDED AS SERIOUS

British Believed To Be Preparing For Offensive Move

Half-A-Million Germans Are Now Before Verdun Forts

Alleged Anti-British Plots Being Investigated In U.S.

Still Fighting In Streets Of Dublin--Investigation Of Plots In America

London, April 27. — Premier Asquith informed the House of Commons today that the Irish situation still presented serious features. There were indications of the spread of the movement to other parts of Ireland, especially the west.

Fighting is still going on in the streets of Dublin. The rebels continue to hold important public buildings. Dublin street encounters are still in progress.

Major-General Sir John Maxwell is to take command in Ireland. The casualties have been 42 killed and 46 injured.

PLOTS ALLEGED IN AMERICA.

Washington, April 27.—A nation wide investigation into alleged Irish anti-British plots, hatched in America, is being started by the secret service department of justice. Neutrality squads have been detailed for the work.

GUN RUNNING OF SIR ROGER CASEMENT

THE BRITISHER WAS SET ADRIFT IN BOAT BY GERMAN CREWS.

It Is Believed That Former Trusted Official May Be Demented.

London, April 27.—The expedition of Sir Roger Casement, it is now learned, was stopped by a British patrol off the west coast of Ireland, which ordered the supposed Dutch trader to proceed to Queenstown Harbor.

When the patrol appeared, the crew of twenty on board of the disguised German auxiliary cruiser hoisted the German flag and scuttled the vessel.

Sir Roger Casement was placed in a collapsible boat and left to his fate. The patrol vessel rescued all the Germans and took Casement prisoner. The men were all picked German naval men The submarine, which accompanied the expedition, made its escape by diving.

The cruiser carried as cargo twenty thousand rifles, machine guns and ammunition.

OFFICIAL ANNOUNCEMENT.

The following official announcement was made as to the episode:

"During the period between the afternoon of April 20 and the afternoon of April 21, an attempt to land arms and ammunition in Ireland was made by a vessel under the guise of a neutral merchant ship, but which in reality was a German auxiliary, in conjunction with a German submarine.

"The auxiliary was sunk and a number of prisoners were made, among who was Sir Roger Casement."

Believed Unbalanced.

The news of the capture of Sir Roger was received with satisfaction, mingled with regret at the termination of what previous to his alleged activities with the Germans had been a brilliant career, useful both to humanity and his own country. That he should have engaged in such a madcap enterprise as the British official communication gives as the reason for his seizure is considered as lending color to the view held by his old friends here that he is mentally unbalanced.

Proposed Irish Brigade.

Little had been heard of Sir Roger in this country for many months. Last October a returned Irish prisoner reported that Sir Roger had visited the prison camp at Limburg, and vainly tried to induce Irish prisoners to join an Irish brigade he was said to be raising in Germany to fight against England. It was reported a

HEADQUARTERS IN THE CITY AT HOTEL PRINCE RUPERT

INSPECTOR OF MINES LOCATED HERE

J. H. McMILLAN HAS ENTERED UPON HIS DUTIES IN PRINCE RUPERT

The Provincial Government Has Named A Representative For District.

In recognition of the growing importance of this point as a mining centre the Provincial Government has located an inspector of mines here. This is J. H. McMillan, formerly of Cumberland, where he was in charge of the coal mines. He will cover the whole of the district, with headquarters in Prince Rupert.

Mr. McMillan will have his office in the Government Building on the second floor. He will cover coal mines and also metalliferous mines.

For sometime it has been felt that there was need of an inspector located here. Hon. William Manson has been urging this upon the Government and had secured the concession at one time, but delay followed owing to the outbreak of the war. Now, however, with the ever increasing interest in mining, it has been decided to make the appointment.

M. M. Stephens Notary Public.

STOCK IN BULKLEY WINTERED WELL

JOHN McNEIL, OF TELKWA, WHO IS IN THE CITY HAS INTERESTING PHOTOS

Cattle And Horses In Good Condition At The Opening Of Spring.

With practically no losses the horses and cattle of the ranches in the Bulkley Valley came through the winter in good shape This is the information given by John McNeil, of Telkwa, who is in the city He has proof that they wintered well in some snap shots taken of groups of thoroughbred horses and cattle taken before the grass appeared this spring, and which ran out all winter long

This winter has been the first one in which there has been any very extensive attempt made at wintering live stock. There has been quite a few thousand head wintered out this past season, and they have done well in spite of the fact that the winter was quite a severe one.

Mr. McNeil has several thoroughbred mares and has now a thoroughbred sire. He expects to raise not only a stable of thoroughbreds, but will breed also from native ranch horses, a type suitable for remounts.

British Offensive Is Looked For--Fierce Fight On Before Verdun

London, April 27.—The early resumption of the offensive by British forces on the western front is expected.

Military observers state that many signs portend that an attempt will be made by the British and French commanders to drive back the Germans.

Fierce Fight For Verdun.

Amsterdam, April 27.—Half a million Germans have been concentrated before Verdun. It is said the German general staff has resolved to capture Verdun by June 1.

A Terrific Attack.

Paris, April 27.—The most terrific bombardment since the beginning of the fighting around Verdun is concentrated today against the French positions at Avoncourt and Cote Du Poivre, the key positions of the French defense.

Russians Are Aiding.

General Petain's army has been reinforced by the Russians who arrived recently at Marseilles and determined German infantry attacks are prepared for.

The attack is believed to coincide with the birthday of the German Crown Prince, which is on May 6.

A small attack north of Fort Vaux was repulsed.

Prussian Losses.

The Prussian casualty lists just published show a total of 2,518,254, exclusive of Saxons, Bavarians, Wurtemburgers and the men lost in colonial warfare.

FREIGHTER BRITISH COLUMBIA IS TO CHANGE HANDS

Well Known Coasting Steamer Will Be Acquired By Bullen, of Esquimalt.

The freight coasting steamer British Columbia, Capt. Foellmers, is in port. She arrived from the south yesterday. The vessel which has been running into this port for years will not make many more trips. It is reported that the British Columbia Salvage Company, which is controlled by the Bullen Bros. of Esquimalt, has purchased the British Columbia and will take her over after two more trips have been made by her.

There is nothing definite announced with respect to the use that the new owners are to put the steamer to.

The G. T. P. steamer Prince John left for Alaskan ports at noon yesterday. She had on board a number of passengers, several of whom came from the south.

Russians Gaining At All Points Against Enemy Of Allies

Petrograd, April 27.—In the region of the Kovno-Kovel Railway after a fight, we occupied Chroniakoua. The enemy attempted to recapture the ground lost but were repulsed by our fire.

On the Caucasion front engagements between outposts has occured in the districts of Hamakhatun and Mush. Southward from Bitlis our troops dislodged the Turks from a whole series ofpositions in the mountains

NAVIGATION ON YUKON WILL OPEN NEXT WEEK

Last Stages Leave White Horse Wednesday And Saturday For Dawson.

The White Pass & Yukon Railroad has received cable advices indicating that the Upper Yukon River will be opened for navigation between May 1 and 5. The upper river opened much earlier last year, but owing to the low water boats could not take advantage of the opening and were obliged to wait until the water rose. Stages on wheels will leave White Horse on Wednesday and Saturday of this week, probably the last stage of the season. The upper river ice is rotten but holding. Lake Lebarge ice is firm. Open water is expected this week.

TO PROVIDE TERRACE FARMS WITH STABLE MANURE

Arrangements Well In Hand To Carry Out The Scheme.

At Terrace the farmers have gone in for intensive farming, with the result that there is a shortage of stable manure for the soil. The owners of plots there go in for small fruits and vegetables, confining themselves to small areas for the most part.

The result has been that there is a decided demand for stable manue to enrich the soil.

This need is to be supplied from Prince Rupert. Mayor McCaffery, Hon. William Manson and the officials of the Department of Agriculture have co-operated, and through concessions from the G. T. P. the matter is taking shape

The local horticulturist, Mr. Neale, has had plans prepared at the instance of the department, following representations made by Hon. Wm. Manson and Mayor McCaffery, gone fully into. The G. T. P. will continue its rails to serve the loading at Morse Creek. A building will be erected so that it may be filled from the Morse Creek Bridge. It will be emptied direct into the flat cars and will be carried to Terrace where distribution will be made among them.

The Morning Journal delivered to your home at 50 cents a month.

BUILDING STEEL SHIPS FOR THE DOMINION

Col. Cantley, Of Nova Scotia Company, Makes Suggestion To Government.

A notable contribution to the literature of the possibilities of shipbuilding in Canada was made by Col. Thomas Cantley, Vice-President of Nova Scotia Steel, and Vice-President of the Canadian Manufacturers' Association, in a carefully prepared address, giving details and figures regarding Canada's place in the shipbuilding world, at Montreal. He argued that the need for merchantmen existed with ever increasing force, that Canada could make or find materials, while the maritime provinces had men to provide crews. He, therefore, urged that efforts be made to approach the Dominion Government and induce it to give such assistance by way of bonus or other means as would make the establishment of a steel ship-building plant in Canada a possibility.

This project is strongly favored by manufacturers, including many leading Montreal and some Toronto members of the association, who urge that concentrated efforts be made to secure government assistance in this work, especially since great losses to tonnage have been met due to the war.

COCOA FROM NEW FIELD AS RESULT OF WAR

London Has Received Its First Consignment From The Cameroons.

The recent arrival in London of a cargo of 400 tons of cocoa from the former German colony of Cameroon marked the first consignment of cocoa ever received in England from Cameroon. Before the war it was Germany's chief cocoa producing colony, and from Cameroon and Togo-

LIBERAL SAINTS.

The News becomes almost hysterical in its praise of the high motives which actuated the Liberal leaders in the southern constituency of Vancouver in an alleged attempting to seek punishment for vote plugging in the by-election, when these Liberal leaders profited by the plugging. These men are being sainted by the Liberal organ. There is, however, a rather long lapse between the time when these apostles of political virtue learned of the crookedness and the time when they screwed up courage enough to take action. An interesting feature of the investigation will be the revealing of the real reasons that led these leaders to make the move they recently made. According to published statements in Vancouver, Patrick Donnelly, the Liberal campaign manager, had the information about that at which he is now horrified on election day. M. A. Macdonald, the candidate, however, was into "the know" a little ahead of that, for he admits knowing about it the day before the election. For two months these men have kept these matters concealed, until finally they became so indignant at the situation in which the party was placed that they ordered the arrest of the man who is alleged to have shown such interest in the Liberal party as to get the machine working for a wholesale scheme of impersonation. The News might picture the terrible sufferings which these Liberal leaders endured during the two long months that they kept the secrets locked in their bosoms.

POLICY HAS CHANGED.

Without an opposition on the floor of the Legislature, Liberal papers and Liberal leaders were loud in denouncing the "crookedness" of the Government which they were anxious to expose, if they only had representatives in the House After a dismal failure to expose anything as promised, although given the fullest opportunity to do so, the Liberal papers, like The Sun, are complaining that the Legislature is sitting too long oltogether They are alleged by The Sun to be wasting time by continuing the session. The Liberals want to see the session close. Evidently the proposal to investigate the methods by which Liberal members got into the House is having a disturbing effect upon the Opposition party.

CARRIED HEAVY BURDEN.

Heralded as a master public man before his election, M. A. Macdonald, the Liberal member for Vancouver, has "fallen down" in the House There has been considerable speculation as to why he has made such a pitiful showing in the Legislature. Perhaps the agony of carrying a knowledge of the Liberal election frauds for these two months may account for all this Now that he has unburdened his soul of this his work may be of a better type.

PRINCE RUPERT ASTONISHED BY SIMPLE MIXTURE

Prince Rupert people are astonished at the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. ONE SPOONFUL removes such surprising foul matter it relieves almost ANY CASE constipation, sour stomach or gas. Because Adler-i-ka acts on BOTH lower and upper bowel, a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. C. H. Orme, Pioneer Druggist. g-4.

NOTICE TO CONTRACTORS.

Tenders will be received up to 5 p.m. Wednesday, May 3rd, 1916, for the errection of a Manure Hopper at Prince Rupert, B. C., for the Department of Agriculture.

Plans and specifications may be secured from the Department of Agriculture, Prince Rupert, B. C.

A. R. NEALE,
Assistant Horticulturist.

GARDEN COMPETITION.

The Provincial Department of Agriculture is offering cash prizes for City Gardens as follows:

Three prizes in each class.

CLASS I.

House Garden where occasional labour is employed for the work.

1st. 2nd. 3rd.

CLASS II.

House Garden where all work is done by occupant and family.

1st. 2nd. 3rd.

CLASS III.

Ordinary lot, without house. Area cultivated to be not less than (1,000) sq. ft. (i.e. 22 ft. by 50 ft.; 30 ft. by 33 1-2 ft.; or 40 ft. by 25 ft.)

Judging will be done chiefly from the standpoint of utility.

1st. 2nd. 3rd.

An entrance fee of one dollar will be charged.

Final judging to be done about end of August (dependent on season).

Plots must be staked or clearly defined in some way.

Competitions open to all citizens of Prince Rupert.

Apply by letter to

A. R. NEALE,
Department of Agriculture,
City.

Any literature or information in connection with the work may be had by applying to the same office.

All those desiring to enter will please send in their applications as soon as possible.

POSTAL NOTICE.

Postmasters are informed that the exchange of Money Orders with Denmark, Holland, Norway and Sweden, which was suspended on the 8th August, 1914, has been resumed, and Money Orders may be issued on these countries at the same rates of commission as formerly.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

WATER NOTICE.

TAKE NOTICE that THE SURF INLET POWER COMPANY, LIMITED, will apply by Petition to the Minister for the approval of the undertaking of its works and that such Petition will be heard in the office of the Board on a date to be fixed by the Comptroller and that any person may file an objection thereto in the office of the Comptroller or of the Recorder of the District.

The name and address of the applicant is THE SURF INLET POWER COMPANY, LIMITED, having its Head Office at 1,001 Rogers Building, Vancouver, B. C. The Water Recorder's office in which this notice is to be filed is at the Court House, Prince Rupert, B. C. The name of the lake from which the water is to be taken is Cougar Lake, Princess Royal Island.

The quantity of water applied for is ten thousand inches or sixteen thousand cubic feet per minute. The proposed point of diversion is at a point at the outlet of Cougar Lake, and it is to be returned at a point at sea level on Surf Inlet, and will be used for developing power and electric energy to be used within a radius of ten (10) miles of the works on Princess Royal Island.

A copy of this notice was posted on the ground on the 24th day of February, A. D., 1916.

Dated at Vancouver, B. C. this 24th day of February, A. D., 1916.

GUN RUNNING OF.

(Continued from Page One.)

short time ago that Sir Roger had applied for citizenship in Bavaria. Later came a report from a neutral country that he had been arrested in Germany on an unspecified charge.

In Consular Service.

Sir Roger Casement, before the outbreak of the European war, was in the British consular service, having held posts in Portuguese West Africa, the Congo Free State, Haiti, San Domingo and Brazil.

In November, 1914, it was said that Sir Roger, who was the leader of the Separatist faction in Ireland, had gone to Berlin and conferred with the German Imperial authorities, his intention, it was said, being to open negotiations between the German Government and the anti-English party in Ireland.

Disloyalty Charges.

Assurances were said to have been given to Sir Roger that should the German troops land in Ireland all native institutions would be respected by them. Sir Roger's followers in Ireland were, according to the report, to give every aid to the Germans. The report of his activities in Germany created a sensation in England, and in February, 1915, Sir Edward Grey announced in the House of Commons that Sir Roger's pension as a former member of the consular service had been suspended, pending an investigation of charges of disloyalty against him.

Sir Roger was created a knight in 1911. He was 52 years old. It was Sir Roger who, in 1912, while consular-general at Rio Janeiro, made a report on the torturing and killing of natives of Brazil by employees of the British company operating the Putumacer rubber fields. As a result of his report a British Royal Commission, headed by him, investigated the situation and brought about reforms in the treatment of men employed in the industry.

COCOA FROM NEW FIELD.

(Continued from Page One.)

land she derived something like 4,000 tons a year. German Cameroon was also the first West African colony to produce cultivated cocoa, but largely because of a disadvantageous system of forced labor, the Germans did not succeed with cocoa growing as well as they might have done. The native cocoa growing industry of the Gold Coast has, as a matter of fact been much more successful, and the smallness of the German cocoa yield of 4,000 tons from Cameroon can be judged from the fact that the total world consumption of cocoa is about 200,000 tons a year.

The C. P. R. steamer Princess Sophia called yesterday about noon on her way to Alaska.

Suggestions for Successful ADVERTISING

The Best Time To Use Advertising Space

While the successful advertiser makes all times his own, their must of necessity be occasions when there are special advantages in presenting live facts about your goods to the public.

Advantages In Strenuous Times

Did it ever occur to you that in times when money is specially "tight" that the average buyer, and especially the thrifty housewife makes it a point to buy where the best can be got for the money expended? Have you an advantage to offer? Your advertising it will give you far better results than when times are better.

Buying Values Are Investigated

The value of money is appreciated now. Values count and are investigated by the public. This is the time to get full results from those who have good values to offer the public in any line of consumption.

LAND ACT.

Skeena Land District, District Of Coast, Range 4.

TAKE NOTICE that Frederick Bradshaw, of Tonopah, Nevada, occupation mine manager, intends to apply for permission to purchase the following described lands:

Commencing at a post planted about 200 feet Easterly from the Northwest corner of Lot 40, Range 4, Coast District; thence North 20 chains; thence West 20 chains; thence South 20 chains more or less to the shore of Surf Inlet; thence following the shore line to the place of commencement, containing forty acres more or less.

February 18th, 1916.

f a-24 FREDERICK BRADSHAW.

NOTICE.

SHERIFF'S SALE OF LAND.

IN THE SUPREME COURT OF BRITISH COLUMBIA,

BETWEEN: C. L. Queen, Plaintiff;

AND

The Pine Creek Flume Company, Limited, Defendant.

Pursuant to the order of the Honourable Mr. Justice MacDonald made herein, I will offer for sale at my office in the Court House, Prince Rupert, B. C., on Thursday, the 20th day of April, A. D., 1916, at the hour of 11 o'clock in the forenoon, the following lands and leases: —

Lot 254, Group 1, Cassiar District, Province of British Columbia; and three hydraulic leases, known as "Dynamite," "Dewdney" and "Vancouver," all being situate and lying on the North side of Pine Creek, Province of British Columbia.

The only charge appearing against Lot 254 is a conveyance in fee by way of mortgage to secure debentures to the amount of Ninety-eight hundred dollars ($9,800.00), registered the 17th day of December, 1903, and the Judgment herein for Sixteen hundred and ninety-five dollars ($1,695.00), and costs, filed the 14th day of June, 1915, under number 202.

Further particulars may be obtained at my office.

JOHN SHIRLEY,

m-19 a-19 Sheriff.

TAX NOTICE.

Prince Rupert Assessment District.

Notice is hereby given in accordance with the Statutes that all assessed taxes, income and school taxes, assessed and levied under the "Taxation Act" and "Public Schools Act" are now due and payable for the year 1916.

All taxes collectable for the Prince Rupert Assessment District are due and payable at my office, situated in the Provincial Land Registry Building, in the City of Prince Rupert, B. C.

This Notice in terms of law, is equivalent to a personal demand by me upon all persons liable for taxes.

Dated at Prince Rupert, B. C., January 8th, 1916.

C. W. HOMER,

Assessor and Collector for the Prince Rupert Assessment District.

LAND ACT.

TAKE NOTICE that I, Miles MacInnis, of Anyox, B. C., occupation merchant, intend to apply for permission to purchase the following described land: Commencing at a post planted about 1,500 feet distant in a southeast direction from the shore of an unnamed lake situated near the summit of the divide between the head of Alice Arm and the Naas River, being about sixteen miles in an easterly direction from the head of Alice Arm, Cassiar District, B. C. Thence south 80 chains, thence west 80 chains, thence north 80 chains, thence east 80 chains to the point of commencement, and containing 640 acres, more or less.

MILES MacINNIS, Applicant,

Carl Bowman, Agent

Eye Troubles Corrected

Mr. Bulger has had over ten years experience in sight testing and fitting glasses, and last mid-summer took a post graduate course, which included the latest discoveries in the science of optometry or eye measuring. One of the most important is dynamic skiametry. The new method of Prof. A. J. Cross, of New York, in which the eye is measured by a beam of reflected light and any error is recorded.

But we do not simply rely on one method; each eye is tested separately, in three different ways, besides trying the muscular balance, together and the nervous acuteness.

We use the new drugless methods, no drops in the eye and no heavy frame resting on your face; ours swings from the wall by a bracket.

MR. HARRY HANSON, Prince Rupert, B. C., April 9, 1914.
"The Reliable Plumber,"
Prince Rupert, B. C.,

I have great pleasure in certifying to the excellent hot water and heating system that you installed in our parsonage, and that after six months of operation through the winter months it has given every satisfaction.

The system heats a thirty gallon tank of water to boiling temperature in one hour after the fire has been started; it in no way interferes with the oven for baking purposes. In addition to this, the wall radiator which you placed in dining-room and connected with the range boiler has given us splendid satisfaction, supplying us with ample heating throughout the winter, saving us the cost of a stove and fuel.

I most heartily testify to the satisfaction and efficiency of your system and gladly recommend it.

Yours very truly,
(Signed) (Rev.) J. F. DIMMICK.

Production and Thrift

"TO win the war with the decisiveness which will ensure lasting peace, the Empire will require to put forth its full collective power in men and in money. From this viewpoint it is our true policy to augment our financial strength by multiplying our productive exertions and by exercising rigid economy, which reduces to the minimum all expenditures upon luxuries and non-essentials. Only in this way shall we be able to make good the loss caused by the withdrawal of so many of our workers from industrial activities, repair the wastage of the war, and find the funds for its continuance. It cannot be too frequently or too earnestly impressed upon our people that the heaviest burdens of the conflict still lie before us, and that industry and thrift are, for those who remain at home, supreme patriotic duties upon whose faithful fulfilment our success, and consequently our national safety, may ultimately depend."—*SIR THOMAS WHITE, Minister of Finance.*

PRODUCE MORE, SAVE MORE.
MAKE LABOUR EFFICIENT.
SAVE MATERIALS FROM WASTE.
SPEND MONEY WISELY.

LET US PRODUCE AND SAVE—

The war is now turning on a contest of all forces and resources—men, munitions, food, money. The call to all is to produce more and more. It may be necessary to work harder. The place of those who enlist must be taken by those at home, men and women, old and young. The more we produce the more we can save. Produce more on the farms and in the gardens. Save more and help to win the war.

LET US NOT WASTE OUR LABOUR—

In this war-time all labour should be directly productive or should be assisting in production. Make it as efficient as possible. If your labour is on something that can be postponed, put it off till after the war and make your labour tell now. Making war is the first business of all Canadians. Efficiency in labour is as important as efficiency in fighting.

LET US NOT WASTE MATERIALS—

Begin at home. The larger portion of salaries and wages is spent on the home—food, fuel, light, clothing. Are any of these things being wasted? $20.00 a year saved from waste in every home in Canada will more than pay the interest on a war debt of $500,000,000.

LET US SPEND OUR MONEY WISELY—

Are you spending your money to the best advantage? What do you think of extravagance in war time? Tens of thousands of Canadians are daily risking their lives for us at home. Is it not our duty to be careful and economical? Canadian dollars are an important part of the war equipment. Make them tell. Have a War Savings Account. Buy a War Bond.
