CANADA WILL NOW CONTRIBUTE HALF-MILLION MEN

Ottawa, Dec. 31.---Canada will celebrate the New Year by increasing the number of men authorized for Overseas service from 350,000. to 500,000. This is the announcement made by the Premier, Rt. Hon. Sir Robert L. Borden. This announcement is made as a token of Canada's unflinching resolve to crown the justice of our cause with victory and an abiding peace. The number of men enlisted in Canada is now 212,690, while 118,922 have been sent to Europe, 50,000 of whom are on the firing line.

Only one soldier was lost in transportation across the Atlantic.

FREEDOM OF SEAS FOR THE GERMANS

THE CLAIM OF GERMANY SHOWN TO BE VERY MISLEADING

Great Britain's Sea Power Kept The Ocean Highways Open.

The New York Times makes light of the claim made by Herr Ballin and the Kaiser's Ministers that Germany "must have freedom of the seas." They claim for Germany what Germany fully enjoyed until she plunged the world into war. Otherwise how

New Year's Honors For Canadians Includes Finance Minister

London, Dec. 31.—Sir Thomas Shaughnessy has been created a Baron, and Hon. W. T. White, Minister of Finance, Knight Commander of the Order of St. Michael and St. George. These are among the New Year's honors conferred by the King.

Sir Thomas, at the head of the C. P. R., has been untiring in his efforts to aid the Canadian and the Imperial Governments in connection with the war.

The Minister of Finance, in the Dominion Government, has certainly made a reputation for himself in the matter of aiding in financial steadiness, in a time of extreme trial.

TAKING CARE OF RETURNED SOLDIERS

ONTARIO HAS TAKEN DEFINITE STEPS IN DIRECTION OF AID

Movement To Be Made To Enlist Manufacturers In Movement.

The establishment of the Soldiers' Aid Commission for Ontario, of which the Secretary is Mr. C. N. Cochrane, Parliament Buildings, Toronto, is the first result of the report recently issued by the Hospitals Commission, and the forerunner of others.

The care of the soldier, who has returned to Canada, mutilated or weakened as a result of active service, is the prime duty of Canadians. For some months the Canadian Patriotic Fund has been endeavoring to ensure that the men already back from Europe should suffer no want. This work has been voluntarily undertaken by local committees of the Fund, although in most instances their time is fully occupied with the task of making provision for the families of soldiers.

Each soldier is interviewed at Quebec by a representative of the Fund and a confidential report sent by letter to the patriotic committee of the town to which the soldier is going. This serves the two-fold purpose of protecting the Fund against the greedy or unscrupulous and of giving the local committee information that is helpful in finding employment for the deserving. Not every

GOOD HOLIDAY TREAT AT WESTHOLME THEATRE

At The Westholme Theatre A High Class Entertainment Is Provided For New Year.

"The Lure of Mammon," a three-act drama is an entertaining story, telling of a French girl who leaves home for America; is ship-wrecked, and is rescued by a wealthy American, whose wife she becomes.

Jealousy of his secretary brings disagreement, and, in a struggle with his young wife, the millionaire is killed. Finally the widow marries the secretary and all ends happily.

In "Rags and Girl," Maurice Costello figures as Prince Charming to a poor girl who has suffered, and of course a happy wedding ensues.

With Sidney Drew and Billy Reeves featuring in the comedies, the lighter side of this programme is certain to produce fun for everybody. The inimitable Drew as an unhappy married man is a scream.

NO NEW LOAN UNTIL LATE NEXT SPRING

Sir G. Foster's Statement Regarding $300,000,000 Not Of Immediate Significance.

The statement by Sir George Foster, Minister of Trade and Commerce, at Ottawa, to the effect that $300,000,000 could be raised by a domestic loan in Canada if necessary, has no immediate significance, though it is taken to refer to the coming fiscal year, when heavy domestic borrowings for war purposes undoubtedly will have to be made.

It is stated unofficially that the finances of the Dominion at the end of the calendar year will be in good condition, and that there is provisions for war purposes and domestic expenditures for some months to come.

Not until late next spring, it is stated, will a further loan in Canada be necessary.

A Happy And Prosperous New Year To All.

IN SPITE OF DISTURBING CONDITIONS AND THE UNSETTLING OF BUSINESS HERE, AS ELSEWHERE IN THE WORLD, CITIZENS OF PRINCE RUPERT HAVE REASON TO FEEL ANYTHING BUT DISHEARTENED. THE FUTURE——THE IMMEDIATE FUTURE IS BRIGHT AND PROMISING. THE FISHING INDUSTRY IS BECOMING WELL ESTABLISHED; MINING IS EVIDENTLY TO DEVELOP WONDERFUL STRENGTH; LUMBERING IS BECOMING IMPORTANT IN THE DISTRICT, AND THE GENERAL OUTLOOK FOR TRADE IS MOST PROMISING.

TO THE CITIZENS AT LARGE THE JOURNAL WISHES A HAPPY AND PROSPEORUS NEW YEAR. MAY THE REALIZATION OF ALL OUR HOPES COME QUICKLY, AND WITH A PRODIGALITY OF RICHNESS.

Ushers In New Year.

The New Year was ushered in at midnight last night in the usual manner. With whistles blowing and all kinds of noises, the year 1915 was bade adieu and 1916 welcomed. In several of the churches watch-night services were held. A number of social events were also held. The Daughters of the Empire gave a ball that was well attended. The Bartenders' Union also held a Hard Times' Ball, which proved very enjoyable.

For the year the highest temperature was on July 27, when it reached 79.0. The lowest fell on Dec 29, with 22.0.

The average mean temperature for the year was 47.6. The precipitation was heavy, reaching 108.50 inches of rain, and 2.11 inches of snow, or a total of 110.51. In this connection, however, Mr. Dowling points out that the summer months were exceptionally fair. The most of the rain fell in January, March, October, November and December.

FREEDOM OF SEAS.

(Continued from Page One.)

would the German mercantile marine have risen in a few short years from small beginnings to second place? The New York Times asks: "How could she make that great advance if the seas were closed against her? What do Germans mean when they talk about freedom of the seas as something they must have, but have not enjoyed?"

The Times adds: "In furtherance of her lawful, peaceful, ambitions Germany need fear no opposition save that of honorable rivalry. There lies the source of doubt, the uncertainty, the whole trouble. Germany's behavior since the end of July, 1914, has not been of a nature to impress the nations of the world with confidence in the peaceful nature of her designs. The war she has brought upon Europe, and her conduct during the war, have put in the way of her commercial development on the seas and beyond the seas, obstacles vastly more formidable than any England has ever thrown in her way. If she seeks her worst enemy she must look at home." The "freedom of the seas" is a cry raised by the Kaiser's agents, for the purpose of bewildering and misleading neutral nations. Until the Huns broke the peace Great Britain's sea-power kept the ocean highways open for German, as for British and all other commerce.

THE EMPIRE'S WAR.

The announcement that Canada is to offer, for Imperial service, an army of half a million men in order to humble the arrogant Hun, in his hope of establishing a world dictatorship, will cause all citizens of the country to feel an honorable pride. The Kaiser is now learning that the British Empire is in this war to a finish, and that she is in it unitedly. It is the weell known perogative of the Briton to find fault and to object. At no time is this more in evidence than in a time of stress, like the present. Probably it is carried too far. It must not be forgotten, however, that it is that his love of freedom to speak and do as he likes that has made the Briton among men and the Empire among nations what it is today.

The British Empire has now, from all parts, plunged into the war on a gigantic scale. It is evidently, from now on, to be the final chapter in the war. That chapter will, it may well be thought, be the strangulation of the enemy as a fighting power. Before another New Year's Day comes round may peace reign.

man who returns to Canada wearing His Majesty's uniform is included in the latter category, but the great majority have done their duty in the fullest degree. To the latter it has been the privilege of the Fund to present a small badge bearing the words, "For service at the Front." The men who are wearing these badges are the worthiest citizens that we can acknowledge. Like charity, that badge should be allowed to cover a multitude of sins.

The work that the Canadian Patriotic Fund can do for returned soldiers, however, is limited by Act of Parliament, and it has been specifically enacted that no assistance can be given by the Fund to "any person who is in receipt of any gratuity, pension or allowance paid by His Majesty or by any foreign government in consequence of incapacity or death occurring as aforesaid." Partly on this account, and largely because the pensions and gratuties paid to incapacitated men are oftimes admittedly inadequate, it has been necessary to establish a Hospitals Commission and Disablement Fund. The officials of the latter, in their report to the Federal Government, recommended, among other measures, that provincial commissions be formed for the purpose of supplementing these pensions either by monetary grants or by free training in various trades. The Soldiers' Aid Commission, of Ontario, as we have said above, is the first step in this direction. Already it has announced its intention of mobilizing the manufacturers of Ontario and we do not doubt that the process will be facilitated by the manufacturers themselves. Others also will be asked to lend their aid in discharging a great national duty, and there is every prospect that, in Canada at least, the traditional tragedy of the returned soldier will have no place.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.
