RUSSIANS BOMBARD TURKISH COAST ON BLACK SEA

REPORT KITCHENER MAY TAKE COMMAND IN EGYPT

Hon. M. Burrell May Not Attend Session Of Parliament

Bill Introduced To Extend Life Of Dominion Parliament

Reported That Kitchener May Take Command Of Forces In Egypt

London, Feb. 8.—The Weekly World says it hears that Earl Kitchener is likely to take over the command of the British forces in Egypt, and that Earl Derby, the Director of Recruiting, will be the new Secretary of State for war, with a seat in the Cabinet.

Earl Derby has just returned from a visit to the British forces in Flanders.

The name of Earl Kitchener is being repeatedly associated with the active operations in the field this spring. It is evident that the work of this General, in organizing the army for service, is regarded as complete. He has spent two years on that work. He is now available for the field in some sphere, to command the army he has organized.

SUCCESS ATTENDS CAMPAIGN IN MESOPOTAMIA

London, Feb. 8.—It is officially announced from Delhi, India, that General Townshend is holding the town of Kut-El-Amara as the position is very valuable because of its stragetic importance.

The General will await the arrival of General Aylmer's relief force, which is expected to arrive when the rainy season floods subside.

POPULAR ACTRESS TO BE SEEN HERE TONIGHT

Westholme Theatre Has Entertaining Pictures With Marguerite Clark Starring.

Among the most popular actresses in motion pictures today is Marguerite Clark. Her work is magnificent, and she is winning a wonderful reputation. She is to appear here tonight at the Westholme.

It will be of added interest to explain that this magnetic star's latest appearance on the screen is further distinguished by the fact that the subject selected for her current engagement is one of the most novel and unusual romances ever presented to the motion picture public.

This five-part subject on the Paramount programme is entitled "Helene of the North," and tells in a graphic and original manner of the vicissitudes in the life of a young and captivating girl, the daughter of a titled English woman, who, through a misguided fancy weds a notorious character of the Northwestern Canadian woods. Growing to womanhood in this rough environment, she becomes desired by Pierre, a rascally half-breed, for whom she feels a natural and intense repugnance. Later she falls in love with Ralh Connel, a young member of the Northwest Mounted Police force, who is anxious to arrest Pierre for a number of seri-

COL. WARDEN IS EXPECTED SOON

COMMANDING OFFICER OF 102ND IS TO VISIT PRINCE RUPERT

Local Company Is Filling Up Steadily —Prince George Contingent Increasing.

Col. Warden, the officer in command of the 102nd Battalion, is expected here shortly. This is the information conveyed by message to Major Huntington. The Major has no definite time set in the message, and is not able to say just when Col. Warden will reach the city on his inspection tour.

The Prince Rupert Company, of the One Hundred and Second, is filling up steadily. There are, according to the officers in charge, 112 men now enrolled here, and 68 at Prince George. This is gratifying, and more especially in view of the fact that enlistments are coming in regularly. The recruits are all of a fine type, being physically fit for any service. With a little drill they will make an excellent showing.

TO SEND AID TO PRISONERS OF WAR

GRAND DANCE TO BE HELD THIS MONTH IN AID OF WORK

Local Organization Was Formed In This Connection Yesterday.

The war has brought many avenues for aid. One of these is the sending of assistance to prisoners of war, held in Germany. Yesterday afternoon this matter was taken up locally and an organization effected, by which it is hoped to raise some money to be devoted to getting better provisions to some of the Canadian prisoners than they are now getting.

E. F. Doyle was elected chairman of the gathering, there being well on for fifty present. A letter written by Mrs. Fred Peters, who is now in England, to Mrs. F. S. Clements, containing a list of the prisoners from the Seventh Canadian Battalion was read at the meeting. This list had been obtained by Mrs. Peters, when

Russian Ships Active On Black Sea And Other Moves Reported

Petrograd, Feb. 8.—On the Black Sea our ships have successfully bombarded the Turkish positions on the coast. In the regions of the Caucasus, the engagements continue to our advantage.

ACTIVITY ON WEST.

London, Feb. 8.—There has been some shelling on both sides during the day, between the Rivers Ancre and Somme, north of the Labassee Canal.

There has been considerable artillery activity about Loos also.

ON ITALIAN FRONT.

Rome, Feb. 8.—Artillery activity continues. Our artillery successfully bombarded the main road communicating from the Drave Valley to the environs of Lilien.

We hampered the movement of the trains of the enemy. Aviators threw bombs on Castle Elvana. The damage was slight, however.

MOTOR BOAT MEN GET CHANCE TO ENTER THE NAVY

Vancouver, Feb. 8.—The Royal Navy is now enrolling British Columbia motor boat men to enlist for service on the new thirty-knot submarine destroyers in the Mediterranean and in the North Sea.

The craft are sixty feet long; are of 900 hourse-power, and carry one gun and a crew of twelve men. The boats work in fours, chasing the submarines.

FISH ARRIVING MORE PLENTIFULLY

SPECIAL TRAIN WITH EXPRESS SHIPMENTS LEAVING THIS MORNING

Kelly Had Rough Trip Bringing In Light Catch.

The halibut boats are beginning to arrive again with better catches, evidencing a change in weather conditions on the banks. Small boats off the Queen Charlottee Island coasts are said to be getting good results now.

Yesterday the Kelly, of the Canadian Fish & Cold Storage Company, came in after one of the most trying trip that she has had. She was out for about twenty days, but during only a very few of those was she able to fish. She brought in only 10,000 pounds.

Other smaller craft, of the Cold Storage's fleet had better results. The William Lord brought in 40,000 pounds, and the Stirratt 28,000 pounds.

The Heligoland, an American boat, brought in 40,000 pounds also.

This morning a special express train will leave for the east over the G. T. P. with halibut.

The Fortnightly Club, of the Presbyterian Church, will hold a Valentine and Box social this evening.

Hon. Martin Burrell So Seriously Hurt May Not Attend Session

Ottawa, Feb. 8.—The injuries to Hon. Martin Burrell, Minister of Agricultural, in the Dominion Government, are more serious than at first anticipated. It is now thought to be a question whether he will be able to attend Parliament again this season.

Hon. Mr. Burrell, the member for Yale-Cariboo, suffered very severely when the fire occurred to the Parliament Buildings. His room is within the reading room, where the fire commenced.

He staggered out of the room burned about the head and face, and almost suffocated. As he emerged on that night, from the very heart of the fire, he fell into the arms of his colleague, Hon. Robert Rogers.

HALIBUT EXPERT HAD ROUGH TIME

WILL THOMPSON EXPERIENCED TRYING WEATHER ON FISHING BANKS

He Was Out On The Kelly For Nearly Twenty Days.

Will F. Thompson, of Stanford University, arrived from the fishing banks yesterday on the Kelly, of the Canadian Fish & Cold Storage Company. He is the expert on biological work, who is making special research into the habits of the halibut for the Provincial Deartment of Fisheries. His experience was unfortunately more along the line of the severe weather that has been the order on this coast this winter, than in the life history of the halibut. It was the most trying trip he has ever made.

The Kelly was out about nineteen days, the whole of the time under the most trying conditions. He was able to get considerable first-hand information along the line he desired, but not as much as he would have liked, or as he would have got in shorter time under less trying conditions.

Mr. Thompson has been looking into the proposal of a close season for halibut each year, from the standpoint of the preservation of the fish. There is a strong agitation for a three months' close season. He is studying the bearing that this would have upon the fish, from a spawning standpoint, and will make a report along these lines.

He left last evening for the south.

ous misdeeds. The enmity between the two men is increased by their mutual interest in Helene. From this point a number of powerfully dramatic incidents develop, terminating in the supposed marriage of Helene and Pierre, by which the Cure apparently weds her to the half-breed, but actually marries her to Ralph. Of this trick, by the Cure on Pierre, Helene is ignorant, until a few years later, when Helene, now in the possession of her rightful position and title, meets Ralph, now Lord Traverse, at a society function and learns that they were married years before, and that the Cure pronounced the wedding ceremony in Latin, so that Ralph, an educated man, could reply in the required manner without Pierre's knowledge that it was Ralph and not he who was in reality being wedded to Helene. Here, at what is presumably the end of the story, the true romance only begins between Helene and her husband, and the story ends happily.

The tender romantic interest, strengthened by the vigorous development of the melodramatic aspects of the subject, will appeal to all with its delicacy and originality. The variety of settings and situations, the capable acting of Marguerite Clark in the difficult role of Helene, and the fine support received by her from the rest of a notable cast, including Conway Tearle, David Wall, Frank Losee an dIda Darling, contribute to the total charm and appeal of the feature.

This unique subject will remain at the Westholme only two nights.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

100 Recruits Wanted For 102nd Overseas Battalion C. E. F.

Training Camp Now Opened At Prince Rupert, B.C.

WHEN A MAN IS THINKING OF ENLISTING, THERE ARE FIVE QUESTIONS THAT HE WANTS ANSWERED. THEY ARE:

How Long Am I To Serve?

Until the end of the war and six months after, if required.

What Pay Shall I Receive?

Your pay as a private will be $1.00 per day and 10 cents field allowance. Besides this you will be clothed, equipped and subsisted by the Government.

What Will My Wife Receive During My Absence?

Every month there will be paid her a separate allowance of $20.00 (also a part of your pay), and if this be not enough to comfortably maintain your family, the Canadian Patriotic Fund will further assist them.

What Will Happen If I Am Wounded Or Sick?

You will be cared for by the Government and your pay continued until you are discharged. If you are permanently disabled, an allowance will be paid you, varying according to the extent of the injury or disability.

What Will Be Done For My Wife And Children Ii I Die On Active Service?

The Government will provide an adequate pension, that will enable the family to live comfortably until the children are old enough to look after themselves. The widowed mother of a single man, if the son be her sole support, is treated in the same way as a wife.

IF YOU WISH FOR FURTHER INFORMATION ASK THE SECRETARY OF THE BRANCH OF THE CANADIAN PARTIOTIC FUND IN YOUR TOWN.

she was engaged in seeking to find the whereabouts of her son. She was able also to give exact information as to the needs of the soldiers held there. While in some instances the food furnished was not too bad, there were many cases of need reported. The bread was not good, being old and even wormy. There was reported to be actual need for assistance.

The prisoners of the Seventh included Col. Byng Hall, of Victoria, and also one known to have come from this district, M. Aldous, of Smithers.

It was decided at the meeting held yesterday to hold a dance in the Roller Rink on February 18. The proceeds are to go towards getting extra food for the prisoners. There had been generous offers of assistance, in connection with the dance, and committees were formed to carry out all the arrangements. The committees were named as follows, the first named being the chairman in each case.

General Management—Mayor McCaffery, Messrs. De Gex, Clancy, McMullin and Roerig.

Floor Committee—Messrs. Frizzell, H. Dunn, J. R. Beatty, Len Bell.

Advertising—Messrs. Hilditch, G. B. Hull and O. H. Nelson.

Eye Troubles Corrected

Mr. Bulger has had over ten years experience in sight testing and fitting glasses, and last mid-summer took a post graduate course, which included the latest discoveries in the science of optometry or eye measuring. One of the most important is dynamic skiametry. The new method of Prof. A. J. Cross, of New York, in which the eye is measured by a beam of reflected light and any error is recorded.

But we do not simply rely on one method; each eye is tested separately, in three different ways, besides trying the muscular balance, together and the nervous acuteness.

We use the new drugless methods, no drops in the eye and no heavy frame resting on your face; ours swings from the wall by a bracket.

Notice! The Latest!

By persistent experimenting I have now evolved a system of heating two rooms in a residence with your kitchen range, besides supplying hot water for domestic uses, regardless of the position of the range boiler. By the turning of one valve you turn your stove into a house heating system. I am now trying to improvise a thermostic automatic valve which will do away with the handling of any valves.

Now in use and on exhibition at my shop, 139 Second Avenue.

Quality vs. Imitation

The difference between a real thing and an imitation of it is illustrated by the difference between "Budweiser" Beer and beers that seek to resemble

Budweiser

The nearest to the original that imitators ever came was in the counterfeiting of our label. But they have never produced a beer that in any way equals "Budweiser," nor can they ever.

Budweiser is bottled only (*with corks or crown caps*) at the

Anheuser-Busch Brewery
St. Louis, Mo.
