EXHIBITION TURNING OUT TO BE A GREAT SUCCESS

Surf Inlet Mines Are Proving Better Than Expected

Fair Opened Yesterday And Is Now In Full Progress At The Hill

The Prince Rupert Fair opened yesterday. Mayor McCaffery formally welcomed the visitors to the city in his opening address and wished the enterprise success, which he felt was an excellent thing and a decided aid to industry in this district. The school children under the leadership of Prof. Harvey sang "God Save The King" and "Keep The Home Fires Burning," after which the fair took its free and easy course.

The district exhibits are as usual excellent. Hazelton has put a very diversified exhibit including grain, vegetables, fruits, flowers and home cured pork. Kitsumkalum and Lakelse have an exceedingly well selected collection under charge of Mr. and Mrs. Bohler. Telkwa has sent a good exhibit and the Islands as usual have an excellent display although it was a little late arriving and was not in place until late yesterday.

In the line of minerals, the exhibits are probably better than ever before in many ways. They are more carefully selected and cover all classes of mineral in the district which nearly exhausts the entire list of the mining world. S. J. Martin, of Hazelton, has a very complete display from his district. In addition to the samples of ores from the mines he has an excellent collection of small samples covering all classes of ore from gold nuggets and native silver to many rare kinds.

The Granby Company has sent a very interesting collection. It shows samples of all the ores and fluxes being used by that Company with the finished copper and slag.

Charles Swanson of Alice Arm has a splendid collection from his district The samples are not as large as some of the others but Mr. Swanson had to carry most of them out with him and so reduced the size. The rich character of that camp is evidenced by the wonderful variety of ore on display.

The Canadian Belmont Company at Surf Inlet has also a very creditable showing.

There are a large number of individual displays of all kinds in a mineral line. Mr. Evans of Reno who has a excellent display of vegetables has fire clay taken from holdings he has there. Mr. Evans as a bachelor knows how to live well and as an evidence of it has bread and buns made by himself in competition.

The Indian department of the Fair is highly creditable. There are curios of many kinds and fine samples of Indian weaving. In school work the Indian boys and girls appear to be not a whit behind the white children, and there is a fine display of writing, drawing and fancy work, as well as plain sewing.

The flower display is of a high type this year, but in vegetables the season has been against a very good exhibition. There is one exception, and that is in the line of potatoes. There are excellent displays in that branch.

In fancy work, cooking, preserved fruit, school children's displays, paintings and photography the displays are very creditable.

In an adjoining tent are located the poultry and pet stock, which attracted the children yesterday.

KISPIOX WON FOOTBALL MATCH PLAYED YESTERDAY

Kitimaat Indians Will Play The Victors Of First Day.

This afternoon the Kitimaat Indians will play the Kispiox football team. Yesterday the first match of the series was played, when Kispiox and Port Essington met and played, the former winning by 3 to 2.

The Kitimaat's play the victors of yesterday's match today.

RELIEF ARRANGED FOR OCCUPIED DISTRICTS

People Of Northern France To Be Provided For By Commission.

London, Sept. 20.—The Commission for relief in Belgium announces that arrangements have been completed with all the interested governments for the augmentation during the coming year of the relief to be provided to the 2,200,000 civil population in the occupied provinces of Northern France. The steady exhaustion of food reserves and the diminishing vitality of the population has necessitated a considerable increase in the ration hitherto provided, especially for the individual populations in the Lille and Valenciennes districts.

The Allied governments have facilitated financial arrangements by which the monthly resources of the Commission, exclusively for the French population, are to be increased from $3,400,000 a month to $6,000,000 a month. This sum will be used to provide increase in imports from overseas and from Holland.

BRITISH WINNING WITH NEW CAR

FORMIDABLE AUTOMOBILE ARMORED AGAINST ATTACK PROVES TERROR DISPENSER

Canadians Taking Part In Spirited Fight On Somme Front.

London, Sept. 20.—The situation on the Somme front is unchanged today as very heavy rains have interfered with military operations.

On other parts of the western front there is activity, the Germans making five attacks upon the Russians. The enemy was driven back by machine gun and artillery fire.

On account of the splendid work accomplished by the heavy artillery batteries and the use of the great new armored motor cars in the recent fighting on the Somme front, the Canadian casualties were exceedingly light compared to the previous engagements.

Directed from the air, the heavy British artillery poured a terrific and accurate fire into the German lines, levelling the trenches and filling them up with dead. The infantry attacks of the British and Canadians were preceded by the new form of automobile attack and the work of the men on foot was made comparatively easy. The Canadian troops captured the town of Courcellette in great style.

The new automobile used by the British is proving most effective. It can travel almost anywhere, and has struck terror into the hearts of the enemy. Its coming has been kept a secret.

WINNERS OF FIELD CROP CONTESTS IN BULKLEY

Close Contests Held Among The Different Contestants There.

This summer a contest in field crops for the Bulkley Valley was held under the charge of the Provincial Government. The results have now been made known. Three prizes were awarded under each head. The contestants were classified as given below, with the number of points awarded in each case.

Potatoes.

J. J. Bakke, 86; A. J. Prudhomme, 83 1-2; Joe. Bourgon, 82 1-2; Wm. Croteau, 82; F. M. Dockrell, 81 1-2; P. R. White, 80; F. G. Heal, 76 1-2; E. C. Barger, 76.

Oats.

Wm. Croteau, 89; J. J. Bakke, 87; A. J. Prudhomme, 85; F. G. Heal, 84; F. M. Dockrell, 82 1-2; Jeo Bourgon, 75 1-2; E. C. Barger, 73 1-2.

WINNERS IN ORE DISPLAYS AT FAIR

THE PRIZES WERE SCATTERED WELL OVER THE DISTRICT BY JUDGES

Great Interest Centered In This Feature Of The Exhibition.

A great deal of interest centred around the ore exhibits made at the Fair. The awarding of the prizes yesterday showed that the various parts of the district have their full share of riches and the prizes are scattered all over. The following were won:

Best District Exhibit—Hazelton District.

Collection of Copper-Gold Ore—Charles Swanson, Alice Arm.

Display of Silver Lead Ore—Esperanza Mining Company.

Collection Silver Lead Ores—Charles Swanson.

Collection Silver Ores—Charles Swanson.

Best Exhibit of other Minerals—T. D. Laird.

Collection of Zinc Ores—G. J. Frizzell.

Commercial Coal—Seaton Coal Co.

Collection of Gravels—Hy Evans, Remo.

Collection Prospector's Specimens—Stewart J. Martin.

Display of Gold Ore—Canadian Belmont Company, Surf Inlet.

Collection of Copper, Silver, Gold Ores—Alfred C. Garde.

Run of Copper Ores—Granby Consolidated Mining and Smelting Company.

Smelter Products—Granby Consolidated Mining and Smelting Company.

Collection of Marble—G. W. Kerr.

Limestone—G. W. Kerr.

Collection of Clays—Hy Evans.

KITIMAAT BAND HAS NO COMPETITORS HERE

Excellent Players Are Delighting Residents Of Prince Rupert.

The Kitimaat Indian Band is the only one here to compete for the prizes offered this year. This band, which has brought about twenty-nine players, is a first-class band. It has been training under Prof. Hoelscher, formerly of this city.

The band has $3,000 worth of new instruments. They have made a most favorable impression upon the citizens of Prince Rupert.

The attendance at the Fair yesterday was most gratifying to the management. There was taken in paid admissions over $303 yesterday. This exceeds last year's opening day.

NOTARY PUBLIC REAL ESTATE

More Than Pleased With Surf Inlet Mine Are Statements Of Officials

From the officials of the Tonopah-Belmont Development Company, which now is developing the Surf Inlet mine on Princess Royal Island near here, comes the news that they are more than satisfied with the results. The President of the company, Cylde A. Heller, and the General Manager, Frederick Bradshaw, were recently here on their way to Surf Inlet, after which they continued on to Nevada and inspected holdings there.

In an interview in Tonopah, Mr. Heller stated that the development at Surf Inlet were more than satisfactory, the values contained in the ore having increased as the scope of development work on the lower levels was widened. The ore, at the time the option on the property was exercised by the Belmont Company, averaged about $7 per ton. A small amount of development worked opened up a large tonnage of $12 ore, as is evidenced by the statement contained in the last annual report published by the company. Now the information is given that the present showings consist of a vein about 18 feet wide and of much higher grade than was supposed to exist in the property.

The dam at the property was closed before President Heller and General Manager Bradshaw left Surf Inlet, and the level of the lower lake was slowly approaching that of the upper lake. The expenses of transportation of supplies to the property and of the roduct from the mine will be greatly lessened when the direct water route is established from the property to tidewater. The plans of the company contemplate the running of barges on the ferry plan, the cars being loaded at the wharves at the respective terminals of the line and run directly onto the boats, and thence onto inclines operated by the company's electric plant. This will eliminate the present three-time handling of the material.

Work is under way on the construction of the mill, and it is stated that the first unit, having a capacity of about 250 tons per day, will be in operation early next spring.

BULGARIAN ARMY REPORTED TO BE SURROUNDED NOW

London, Sept. 20.—It is un-officially reported that the French and Serbians have surrounded the Bulgarian army which was retreating towards Monastir, and that the Bulgarians are evacuating Monastir.

Northwest of Saloniki the Bulgarians made counter attacks upon the Serbians but were driven back. The French, who occupy Florina, are being left alone by the enemy, the Bulgarians making no attempt to re-take the town.

The sale of refreshments, including lunches, tea, etc., at the Fair will be under the direction of The Red Cross Society, the proceeds being for "Our Day," the day set aside throughout the Empire for raising funds for the British Red Cross So-

VIENNESE WOMEN RUN STREET CARS

Replace 10,500 Men Who Go To Meet The Irresistible Foe.

Vienna, Sept. 20.—More than 5,000 women are now employed in the municipal street car service of Vienna. Of the 12,000 male employees before the war, 10,500 have gone into the field. The war has completely changed the street car service, which is now in operation nearly 24 hours a day, carrying not only ordinary passengers, but at night hauling coal and merchandise. There are no more motor cabs or motor trucks or lorries, and horses are very scarce. Consequently the street railways have become practically the only means of transportation.

Most of the women employees are acting as conductors, but great efforts are being made to get permission from the Ministry of Railways for them to act as motor-drivers. The grades in Vienna are in places quite steep, and require great strength for using the brakes, so that the authorities hitherto have hesitated to sanction the employment of women for this work. Unless, however, the military commanders will release a sufficient number of motormen from the army to carry on the car service the experiment with women drivers will have to be made, whether dangerous or not.

Will Close Last Gap.

Copenhagen, Sept. 20.—The Norwegian newspaper Morgenbladet, of Christiania, warns the Scandinavian public of the probability of increased blockade pressure against Scandinavia. Since Rumania joined the Entente Allies, says the newspaper, there is only one gap, namely Scandinavia in the ring surrounding the Central Powers, and undoubtedly the British political purpose will be to close that gap.

DEVELOPMENT COMPANIES.

In the mining line the big companies at the present time keep experts busy in seeking out new properties that may look promising, in order to secure among them producing mines. Northern British Columbia has several engineers who are so engaged by the large companies. It will be to the advantage of the whole district, including the city, if holders of prospects will not be "hoggish" and preclude the chance of properties being tested out by corporations that can afford to do it. It takes many thousands of dollars to test out a mining property properly. The large corporations are usually the only ones that can afford to take the chances.

The Tonopah Miner refering to the fact that the Tonopah-Belmont Company had turned down an option held on a property, The Bull Moose, adjoining its own mine, after trying it out for a year and a-half, gives expression to some facts connected with present-day mining operations that should be of advantage to many. This same Tonopah-Belmont Development Company has its eye on the Prince Rupert district. It owns the Surf Inlet mines and R. J. King has been on the lookout for other properties on this coast.

The Tonopah Miner says:

"The Belmont Company, with the utmost faithfulness, endeavored to make the Bull Moose a valuable adjunct to its assets and proved its willingness to undertake experiments of this character, fully realizing the time-proven mining adage that one success in this industry makes up for over a hundred failures.

"This theory is sound. Every big mining and milling company, smelter corporation, and exploration and development concern, has found it to be a wise policy to keep a force of men in the field looking for mining properities which have some show of worth. In line with this practise, the Belmont Company now has options on several properties in other western states, and is appropriating, out of its exploration fund, the money necessary to further development operations on such properties. The failure of one or more of such enterprises amounts to nothing, as compared with the big results attained through a single success. Witness the gloomy days of 1907 and 1908, when the main property of the company located looked to be on its last legs, ande the stock was going begging at around 60 cent s a share. The uncovering of the Belmont vein beyond the Mizpah fault brought new life, not only to the Belmont Company but to every other company in Tonopah, resulted in the thorough development of the property down to the 1,500-foot level, put the Belmont Company in a position where it is able to weather any financial storm, and furnished the necessary incentive for a score of other operators to continue or resume work in properties in every section of Tonopah."

NATIONAL ECONOMY.

The monthly commercial letter issued by the Canadian Bank of Commerce says: Even although their patriotism be undoubted nevertheless many Canadians are aiding the enemy by thoughtlessly frittering away the profits and earnings due to a prosperity which may be suddenly arrested by the advent of peace. The Trade Returns continue to furnish evidence of the importation of many unnecessary articles and, to the extent that this is the case, our financial ability to resist the enemy is lessened. The words of Sir Charles Addis, in his address on "The Means of War Finance" apply to Canada as much as to the United Kingdom, when he says that people "do not understand that by the manner of their personal expenditure they may be determining whether the horrors of the conflict are to be prolonged or the blessings of peace anticipated. There does not appear to be as yet any general or adequate recognition of the special responsibility for the right use of war earnings attaching to those whose prosperity depends, upon the continued sacrifice of life and limb by their fellow-countrymen in the field. It is surely a small thing to ask those who are restrained from joining the fighting line by the disabilities of age, or infirmity, or sex to make some sacrifice for those who are fighting their battles for them. Sacrifice! let us call it what it is—a privilege, perhaps the only privilege left to us."

PRINCE RUPERT PEOPLE GET INSTANT ACTION

Those who have used it in Prince Rupert are astonished at the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. Because it acts on BOTH lower and upper bowel, ONE SPOONFUL Adler-i-ka relieves almost ANY CASE constipation, sour stomach or gas. It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. C. H. Orme, Pioneer Druggist.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior

WAR LOAN

DOMINION OF CANADA

Issue of $100,000,000 5% Bonds Maturing 1st October, 1931.

PAYABLE AT PAR AT

OTTAWA, HALIFAX, ST. JOHN, CHARLOTTETOWN, MONTREAL, TORONTO, WINNIPEG, REGINA, CALGARY, VICTORIA.

INTEREST PAYABLE HALF-YEARLY, 1st APRIL, 1st OCTOBER.

PRINCIPAL AND INTEREST PAYABLE IN GOLD.

ISSUE PRICE 97½

A FULL HALF-YEAR'S INTEREST WILL BE PAID ON 1st APRIL, 1917.

THE PROCEEDS OF THE LOAN WILL BE USED FOR WAR PURPOSES ONLY.

THE MINISTER OF FINANCE offers herewith, on behalf of the Government, the above named Bonds for subscription at 97½, payable as follows:—

10 per cent on application;
30 " " 16th October, 1916;
30 " " 15th November, 1916;
27½ " " 15th December, 1916.

The total allotment of bonds of this issue will be limited to one hundred million dollars exclusive of the amount (if any) paid for by the surrender of bonds as the equivalent of cash under the terms of the War Loan prospectus of 22nd November, 1915.

The instalments may be paid in full on the 16th day of October, 1916, or on any instalment due date thereafter, under discount at the rate of four per cent per annum. All payments are to be made to a chartered bank for the credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture and the allotment to cancellation.

Subscriptions, accompanied by a deposit of ten per cent of the amount subscribed, must be forwarded through the medium of a chartered bank. Any branch in Canada of any chartered bank will receive subscriptions and issue provisional receipts.

This loan is authorized under Act of the Parliament of Canada, and both principal and interest will be a charge upon the Consolidated Revenue Fund.

Forms of application may be obtained from any branch in Canada of any chartered bank and at the office of any Assistant Receiver General in Canada.

Subscriptions must be for even hundreds of dollars.

In case of partial allotments the surplus deposit will be applied towards payment of the amount due on the October instalment.

Scrip certificates, non-negotiable or payable to bearer in accordance with the choice of the applicant for registered or bearer bonds, will be issued, after allotment, in exchange for the provisional receipts.

When the scrip certificates have been paid in full and payment endorsed thereon by the bank receiving the money, they may be exchanged for bonds, when prepared, with coupons attached, payable to bearer or registered as to principal, or for fully registered bonds, when prepared, without coupons, in accordance with the application.

Delivery of scrip certificates and of bonds will be made through the chartered banks.

The issue will be exempt from taxes—including any income tax—imposed in pursuance of legislation enacted by the Parliament of Canada.

The bonds with coupons will be issued in denominations of $100, $500, $1,000. Fully registered bonds without coupons will be issued in denominations of $1,000, $5,000 or any authorized multiple of $5,000.

The bonds will be paid at maturity at par at the office of the Minister of Finance and Receiver General at Ottawa, or at the office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary, or Victoria.

The interest on the fully registered bonds will be paid by cheque, which will be remitted by post. Interest on bonds with coupons will be paid on surrender of coupons. Both cheques and coupons will be payable free of exchange at any branch in Canada of any chartered bank.

Subject to the payment of twenty-five cents for each new bond issued, holders of fully registered bonds without coupons will have the right to convert into bonds of the denomination of $1,000 with coupons, and holders of bonds with coupons will have the right to convert into fully registered bonds of authorized denominations without coupons at any time on application to the Minister of Finance.

The books of the loan will be kept at the Department of Finance, Ottawa.

Application will be made in due course for the listing of the issue on the Montreal and Toronto Stock Exchanges.

Recognized bond and stock brokers will be allowed a commission of one-quarter of one per cent on allotments made in respect of applications bearing their stamp, provided, however, that no commission will be allowed in respect of the amount of any allotment paid for by the surrender of bonds issued under the War Loan prospectus of 22nd November, 1915. No commission will be allowed in respect of applications on forms which have not been printed by the King's Printer.

Subscription Lists will close on or before 23rd September, 1916.

DEPARTMENT OF FINANCE, OTTAWA, September 12th, 1916.
