ALLIES HAVE GAINED VICTORIES ON WESTERN FRONT

RUSSIANS ARE ADVANCING ALONG EASTERN FRONT

German Militarism Is Broken And People Are Losing Faith In Move

Berlin, July 11.—In districts there are signs that the power of the "Iron Ring" of German militarism has been broken and the people are losing all confidence in the ability of their military caste to win in the struggle.

Germany's Desperate Effort.

London, July 11.—The British advance on the western front has been temporarily halted in Trones Wood, where there is terrific fighting. The Germans have made tremendous sacrifices in a desperate effort to stem the British drive.

Another British Gain.

London, July 11.—General Smutz, commanding the British Expeditionary Force in East Africa, has captured Tanga, the second important port in this German colony and the terminus of a hundred-mile railroad.

Russian Steamer Sunk.

Gernskjeld, Sweden, July 11.—The Russians have sunk the German steamer Dorita near here. The crew was saved.

TRADES AND LABOR COUNCIL OFFICERS

DELEGATES ELECTED TO BODY FROM THE DIFFERENT UNIONS OF CITY

Officers For The Central Body Elected By The Council Of Unions.

The Trades and Labor Council met in regular session last evening with President Macdonald presiding.

Credentials were read from the following: Carpenters' Union, John Vierick and W. E. Thompson; Steam Engineers, Jas. Glenny, J. R. Beatty and J. Rudderhom; Bartenders' Union, L. W. Reilly, H. Hampton and Charles Embleton; Maintenance of Way Union, J. D. McCartny, A. McFadden and W. Reid; Electrical Workers, Geo. Waddell and J. Morrison; Typographical Union, S. D. Macdonald, W. Kemp and D. McCorkindale; Clerks' Union, Messrs. Cartwright and Fraser.

These delegates, who were appointed for the coming year, were welcomed to seats at the Trades Council by the President.

The following officers for the Trades and Labor Council were elected to hold office for the year: President, S. D. Macdonald; Vice-President, G. Rudderham; Recording Secretary, J. J. Anderson; Financial Secretary, J. Glenny; Treasurer, A. R. McLellan; Sergt.-at-Arms, R. Dewhurst. Legislative Committee: Messrs Anderson, Rudderham and McCorkindale; Finance Committee, Messrs. Waddell, Fraser and Cartwright. The installation of the officers will take place at the next regular meeting.

The committee that had the smoker in charge reported that the affair had been very successful, both in a financial way and in giving an evening's entertainment to all who had attended. A hearty vote of thanks was passed by the Trades and Labor Council to the Westholme orchestra for the supplying of the music for the evening without charge.

A communication was read from the Maintenance of Way Union informing the Trades Council that they wished to affiliate with the council.

A question arose as to the Trades and Labor Council taking over the hall from the carpenters, if they were agreeable. The President informed the meeting that many of the carpenters who had assisted in erecting the building, and who were still members of the Union, were now serving their country at the front, and that they, when leaving, made the request that no action be taken in the matter of the carpenters releasing their hold on the hall until their return. Acting on this information the council decided not to take any action for the present.

The question of how to get on the Municipal Voters' List created considerable discussion. It was urged on the meeting by a number of the speakers that steps be taken immediately to get all necessary information, and following this, that an attempt be made to get every working man on the list before the next municipal campaign. The matter was left in the hands of the Legislative Committee to report at next meeting.

The authorities are preparing to flush the streets nightly with four million gallons of water and will compel the people to remove all refuse from the vicinity of their homes. The National Health Service is endeavoring to trace the origin of the epidemic.

An enjoyable evening's entertainment is promised.

French Have Won Victory In Short Fight During Last Few Days

Paris, July 11.—The French have captured the village of Biaches, which is the principal suburb of Peronne, in ninety minutes fighting. The Germans have always declared that this position was impregnable. The entire force of the enemy at this point has either been killed or captured.

During the last two days the French have taken thirteen hundred prisoners on the Somme front. The general situation in this region is unchanged.

TURKS EXECUTED PROMINENT CITIZENS IN CONSTANTINOPLE

Berne, Switzerland, July 11.—Two hundred persons, including army officers, magistrates and journalists, have been executed at the instigation of the Turkish authorities in Constantinople on charges of high treason.

SIR DONALD MANN MAKES SHORT STAY IN VANCOUVER

ROBERT NOBLE KILLED AT FRONT SAYS REPORT

Information Received As To The Death Of Citizen Of Prince Rupert.

Word has been received in the city relative to the death of Mr. Robert Noble, who The Journal reported some days ago had lost his life in the recent fighting in France.

The information comes from his father, who resides in Torry, Aberdeen, Scotland. It seems that his son was drafted into a company that left England early in the year for France. There he had been engaged in active fighting in the trenches for some weeks, and fortunately had escaped injury up till the 12th of June. On that date he wrote to one of his friends in the city, and hopes were held out that possibly it might not have been "Bob" that had been killed. Today, however, the information came that while engaged in a charge, along with many other Canadians who took part in the gallant fighting on the 12th, a shell burst near where he was stationed and buried him. Before the earth could be removed he had died. Few particulars are given in the correspondence, and the name of the place in France was not mentioned.

"Bob" Noble was in the employ of the Provincial Government, with the Forestry Department while in this city.

German Press Urged To Devote Less Attention To Criticism Of War

Berlin, July 11.—Von Bethmann-Hollwegg's appeal to the German press to carry on less discussion and criticism and to devote more of its time to a concentrated effort to lend asistance in the struggle has resulted in the people demanding an explanation of the paralysing silence of the Wilhelmstrasse and in asserting that the German nation is without any adequate definition of the purpose of the war.

German Food Supply.

Amsterdam, July 11.—Von Batocki, the "Food Dictator" of Germany, asserts that the delay in the ripening of the potato crop seriously affects Germany and necessitates a further reduction in the allowances to the people.

HUNGARIAN PREMIER OFFENDS AUSTRIANS WHO LOST HEAVILY

London, July 11.—Count Tisra, the Hungarian Premier, in commenting upon the Russian advance, remarked that nothing important has happened and that the drive is a mere incident and a passing episode. The statement has created violent criticism in Austria, on account of the fact that the Austrian losses in the Russian drive amount to 100,000 men. The Austrians claim that the Hungarian generals always sacrifice the Austrian troops and preserve their own men.

CANADIAN ISSUES WERE SOLD AT HIGH PRICES

Municipal Bonds Were Sold At Good Figure On New York Market.

It is noteworthy that a new high-water mark in the present upward movement of Canadian municipal bond prices was reached when the Mexican cloud was blackest. The City of Halifax sold to Dominion Securities Corporation, Limited, of Toronto, and Wm. A. Read & Company, of New York, an issue of $460,420 5 per cent. bonds, having an average term to run of 34 years at the price of 100.53 and interest. These are now being offered on a 4.90 per cent. yield basis.

Calgary's Recent Issue.

For its issue of $1,568,806 5 per cent. bonds, maturing serially, the City of Calgary realized a price of 88.125 and interest from Spitzer, Rorick & Company, of Toledo. There is no blinking the fact that what causes the bond houses to discriminate against the offerings of some western cities is the ever-swelling total of their uncollected taxes. Western cities which would maintain their credit on a high level should see to their tax collections.

THE RUSSIANS ARE GAINING GROUND ON EASTERN FRONT

Petrograd, July 11.—The Russians are advancing towards the important railroad centre of Kovel in their drive for Lemberg, and are now crossing the Stoksot River.

Sank Hospital Ship.

Without giving any warning, the Germans sunk the Russian hospital ship Vperiode in the Black Sea. Details are not yet to hand but it is certain that many lives were lost.

Introduction Of Slavery.

The dull boy in the class unexpectedly distinguished himself in a recent history examination. The question ran, "how and when was slavery introduced into America?" To this he replied:

"No woman had gone over to the early Virginia colony. The planters wanted wives to help with the work. In 1619 the London company sent over a shipload of girls. The planters gladly married them, and slavery was introduced into America."—London Opinion.

Eye Troubles Corrected

Mr. Bulger has had over ten years experience in sight testing and fitting glasses, and last mid-summer took a post graduate course, which included the latest discoveries in the science of optometry or eye measuring. One of the most important is dynamic skiametry. The new method of Prof. A. J. Cross, of New York, in which the eye is measured by a beam of reflected light and any error is recorded.

But we do not simply rely on one method; each eye is tested separately, in three different ways, besides trying the muscular balance, together and the nervous acuteness.

We use the new drugless methods, no drops in the eye and no heavy frame resting on your face; ours swings from the wall by a bracket.

MR. HARRY HANSON, "The Reliable Plumber," Prince Rupert, B. C.. Prince Rupert, B. C., April 9, 1914.

I have great pleasure in certifying to the excellent hot water and heating system that you installed in our parsonage, and that after six months of operation through the winter months it has given every satisfaction.

The system heats a thirty gallon tank of water to boiling temperature in one hour after the fire has been started; it in no way interferes with the oven for baking purposes. In addition to this, the wall radiator which you placed in dining-room and connected with the range boiler has given us splendid satisfaction, supplying us with ample heating throughout the winter, saving us the cost of a stove and fuel.

I most heartily testify to the satisfaction and efficiency of your system and gladly recommend it.

Yours very truly,
(Signed) (Rev.) J. F. DIMMICK.

Suggestions for Successful ADVERTISING

The Best Time To Use Advertising Space

While the successful advertiser makes all times his own, their must of necessity be occasions when there are special advantages in presenting live facts about your goods to the public.

Advantages In Strenuous Times

Did it ever occur to you that in times when money is specially "tight" that the average buyer, and especially the thrifty housewife makes it a point to buy where the best can be got for the money expended? Have you an advantage to offer? Your advertising it will give you far better results than when times are better.

Buying Values Are Investigated

The value of money is appreciated now. Values count and are investigated by the public. This is the time to get full results from those who have good values to offer the public in any line of consumption.
