Granby Company Has Had An Excellent Year In Practice

Salmon In Quantity Put Up At Aliford Bay This Season

Large Pack Of Salmon At Aliford Bay Was Put Up This Season

Reprots received from Queen Charlotte Islands indicate that the season has been a good one in the matter of the salmon pack. Mr. McPherson, who has the Aliford Bay Cannery leased, has put up a first-class pack, amounting to 40,000 cases.

The past season has been a very good one in the matter of dog salmon. In connection with the pack put up at Aliford Bay the great bulk was dog salmon.

Then, in addition to this the Japanese have been salting salmon there and loading it on the Japanese schooner that is taking on cargo there, and is now about ready to sail. The Japanese have been buying from the Indians and paying for the privilege of using the cannery to put up the fish.

As the dog salmon run there in quantity only every third year it is not likely that the same activity will prevail next year.

ULTIMATUM TO GREECE BY ALLIES

MUST HAND OVER FLEET IN MEDITERRANEAN TO THEIR FORCES

Greeks Will, It Is Expected, Comply With Requirements.

London, Oct. 12.—A Reuter's despatch from Athens states that Vice-Admiral Du Fournet, the French officer who is commanding the Anglo-French battle fleet in the Mediterranean, has presented an ultimatum to Greece demanding that she hand over her entire fleet to the Allies, excepting the cruiser Averoff and the battleships Lemnos and Kilkis, which are ordered to be disarmed. The ultimatum also calls for the surrender of the Piraeus-Larissa Railway, which forms the back-bone of all communication lines through the centre of Greece from the Aegean Sea to the Bulgarian frontier, and the dismantling of all sea coast forts within forty-eight hours.

The Minister of Marine in the Lambros Cabinet has announced his intention of complying with the demand within the prescribed period.

REVELATIONS OF CHINESE CENSUS

Stated That Nine Millions Are Resident In Countries Other Than China.

Nine million Chinese subjects are living outside of Chinese territory, according to a census just compiled by the Ministry of Commerce and Agriculture. India has attracted more Chinese than any other single country.

The census shows that there are 1,900,000 Chinese in India, while in Cochin-China ranks second with 1,740,000 Chinese. About the same number have settled in Siam, where they practically control important business and have become immensely wealthy. Five hundred thousand Chinese are living in Siberia, and the same number are in the Malacca Peninsula. Hong Kong, an English colony, shelters 300,000 Chinese and 200,000 are living in Canada and Mexico.

The census states that 500,000 Chinese are residing in the United States and Europe, but no estimate is given as to the exact number in the United States.

CITY TAX SALE OPENED YESTERDAY

MOST OF THE LOTS TO BE SOLD WERE DISPOSED OF YESTERDAY

The Remainder Will Be Offered For Sale This Morning.

There was a large attendance at the city tax sale yesterday. In the afternoon the bidding at times became quite brisk, as desirable lots were put up for sale.

In the morning the greater number of the lots in Section 1 and Section 2 were taken by the city, as there were very few buyers. Section 5 and Section 6 property, however, was quickly taken, and in a number of instances the parcels brought a fair figure.

The sale will be continued this morning at 10 o'clock, when the lots in Section 8 will be offered.

NEW BUSINESS TO OPEN IN THE CITY

W. GOLDBLOOM WILL HAVE STORE NEXT DOOR TO BANK OF MONTREAL

The Firm Will Open Up Next Week For Business.

W. Goldbloom who, through the columns of The Journal, has announced his intention of opening up business here in the line of ladies clothing, will start up next week. He has taken a lease of the store in the Albert block, next door to the Bank of Montreal, and already the goods have arrived in the city.

Only the most up-to-date classes of goods will be carried by the firm, the goods being bought in New York.

Mr. Goldbloom has played a most important part in the development of the fur business in Prince Rupert. He will continue in this line, but will not mix it with the high-class ladies' store that he will open. That store will be kept for the very latest styles of clothing. The fur emporium will be opened on Second Avenue and accommodation will be provided for the traders in furs, who will be at liberty to bring their wares in at all times.

Mr. Goldbloom has taken a lease of the store an Third Avenue and will cater to the best of trade from now on.

Canada At Disadvantage In Marketing Grain As Compared With Competitors

In an address given by Mr. Dunning, who is an authority on grain production and marketing, he said that Canada is situated geographically at a greater disadvantage than any of its competitors in the world's market. "We have a very long rail haul and rail hauling of grain is the most expensive method. The United States can hardly be taken into account because they are becoming less and less a factor in the world's market. Any grain which they export and which comes into competition with Canada is chiefly exported from the two coasts or close to the great lakes and thus they have a short haul."

Speaking with reference to the Argentine, Mr. Dunning stated that the grain growing area is nowhere more than five hundred miles from water transportation. This transportation is not like our great lakes which involves two or three transfers, but is one of the greatest rivers in the world. Ocean-going steamers come right up to the ports. They have an advantage in view of the fact that they have the cheap peon labor, a thing not desired in Canada. Mr. Dunning pointed out that he was speaking of conditions as they exist in normal times and his whole address must be taken from that point of view.

As to Australia, Mr. Dunning pointed out that the wheat belt was merely a belt and nothing else. The belt was round the coast for, as everyone knew, the interior was a great desert. In Australia the wheat ripened and was threshed right on the field. There was no very great expense involved and they also had an advantage in ocean transportation. The Australian tariff regulations with the Motherland gave them an advantage which Canada did not possess. Australia has a far more marked British preference than Canada for their importations of British goods. They had a lower freight rate because vessels coming to take wheat over came loaded with goods, while many of the vessels carrying Canadian grain came either with half a cargo or with a cargo not very profitable.

India possessed the cheapest labor in the world and Russia, the greatest wheat producing country in the world, could produce at a low cost.

"It is useless to speak of a home market," continued Mr. Dunning, "so long as we are exporting two-thirds of what we produce and the possibilities of production, so far as grain is concerned, are so far ahead of the possibilities of consumption that it will always be regulated by the price at Liverpool.

The cost of producing grain in Saskatchewan was stated by the Saskatchewan Grain Commission to be approximately 62 cents to produce and place at the railway point a bushel in an average year, under average conditions by an average farmer. At the time this figure was made known there was a great deal of criticism of it, but Mr. Dunning said he was glad to see that this figure has been confirmed by the census bureau of the Dominion Government and the Department of Agriculture. Transportation and expenses to Liverpool cost approximately 34

Granby Company Has Had Heavy Profits For The Past Twelve Months

A pervious optimistic forecast concerning the Granby Consolidated Company's year just closed, is confirmed by the annual report, which shows a surplus of 25.46 per cent. earned on the common stock. Gross receipts for the year ending June 30, 1916, were $9,299,337, compared with $4,086,441 in 1915. As expenses came to $5,191,717, net profits were $4,107,621, against $1,340,558 a year ago. After allowing for interest, depreciation and dividends the surplus came to $2,919,384, compared with $929,165 in 1915. Adding to this a previous surplus of $3,668,087, the profit and loss account has a favorable balance of $6,587,741, campared with $3,668,087 a year ago.

The company's activities during the year are reflected in the production figures, pounds of fine copper amounting to 42,198,083, compared with 25,746,000 pounds the year previous. The improved market conditions are shown by the fact that average receipts per pound were 22.36 cents, against 15.87 cents a year ago, and 14.58 cents two years ago.

Costs were reduced, those at Anyox being 8.54 cents, against 10.09 last year. Reserves of ore at the various mines are 23,156,000 tons of from 1 to 2 1-2 per cent. copper, thus showing an increase over former years. The assessment for purposes of war tax is in process of adjustment and it appears to be the policy of the Government to avoid making the tax unduly burdensome.

The proposal to take one-quarter of the earnings of companies above 7 per cent., which put a damper on outside investment, is understood to be in process of amendment in order that allowances may be made for amortization in respect to mining companies. Because the war tax has overshadowed Canadian mining companies, Granby stock has been ranging between 90 and 93, where it was many months ago. It is figured that Granby can earn on an output, say of 50,000,000 pounds of copper a year, 15 cents a pound net while the war lasts, or $7,000,000 per annum, which is equal to $40 on the stock.

THEIR IMPERIAL PART.

The men from British Columbia, from Canada, from all the provinces of Canada, are fighting nobly at the front, and for what? They clearly recognize what this "unpleasantness," as one Fraser Valley boy describes the Armageddon, means to the safety of the Empire, to the liberties of free nations, and to the cause of humanity. They perhaps do not see as clearly as we do at home that they are doing a great part to to build up Canada as the strong virile, freedom-loving nationo of the North American Continent, the strong hope of democracy in the future, and that by their heroism, their sacrifices, their devotoed loyalty to Canada and the Empire, much more will be done to fashion the fabric of a great imperial nation, by giving expression to the national spirit of the Dominion than they have any conception of.

Commenting on the significance of Canada's part in the war, in this connection, The Toronto News says:

"Canada has raised an army equal to five times the size of Napoleon's force at Waterloo. Canada is spending a million dollars a day for the equipment and maintenance of that army. The gallantry and efficiency of our men in the face of Germany's best troops has given this country a reputation in the world, and has stimulated our own determination to make this one of the greatest of British nations. Whatever we have done has been done of our own motion, knowing that every consideration of honor demanded our intervention. We understand now that our honor was also our self-interest, for a true national spirit has been born by reason of our endeavors.

"It is assumed that Canada, Australia, New Zealand and South Africa have earned a right to a voice in the settlement of foreign affairs when the war is over. That is British policy. That is the basic idea of representative government. Therefore, unless men are totally false to that ideal, not only here, but at Westminster, some readjustment of inter-Imperial relations is inevitable. If we continue in the present happy-go-lucky condition the Dominions are merely helpless appanages of the British Crown. We have won the right to be the full partners of the United Kingdom in war. Peace should clearly define the partnership."

THE PRICE OF NEGLECT.

Sir Wilfrid Laurier, Principal Gandier of Knox College and other politicians, theorists and moralists, are again warning against "militarism," comments The Toronto News. There is no danger that militarism will ever be enthroned in Canada or in the British Empire. It would be impossible to unite the British people in support of any war of aggression or of conquest. We see how they will fight to protect their own free institutions. We know that they would not fight to destroy the institutions of other people. Present warnings against militarism have no meaning or justification and certainly do not assist recruiting. Principal Gandier also professes to be proud of the fact that Great Britain was "unprepared for war." But if preparation had been neglected for a few years longer there would be no British Empire. The freedom for which British people have fought and died for centuries would be engulfed in Prussian autocracy. Because of this neglect of preparation France, Belgium and Gallipoli are sown with the graves of British citizens who were not "too proud to fight," even though their political and moral leaders were too proud to prepare.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Teritory, the Nothwest Teritories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Aplications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights re not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

"THE LOVE MASK."

(Continued from Page One.)

dramatic history with their wonderful performance in "The Golden Chance," Cleo Ridgley and Wallace Reid appear together as co-stars in a new production by the Jesse L. Lasky Feature Play Company, entitled "The Love Mask," a gripping Western Drama, written by Cecil B. DeMille and Jeanie MacPherson. Miss Ridgley has been bowing before photoplay lovers for several years. Mr. Reid's most notable engagement before he became a Lasky star was in support of Geraldine Farrar in the Lasky production of "Carmen."

The story of "The Love Mask" has to do with the adventures of a young woman who on the death of her parents through the mad rush for California gold in 1849, was forced to seek out a claim and eke out her own existence by panning gold. How she strikes a mother lode, only to have it taken away from her—how she disguises herself as "Silver Spurs"—a notorious bandit—how the sheriff, in love with her, is torn betwixt conflicting emotions and how it is all finally straightened out, is told in one of the most novel stories the Lasky Company has ever offered to the public.

Among the players who appear in support of the stars are Earl Foxe, Lucien Littlefield, Dorothy Abril and others.

WAR LOAN

DOMINION OF CANADA

Issue of $100,000,000 5% Bonds Maturing 1st October, 1931.

PAYABLE AT PAR AT

OTTAWA, HALIFAX, ST. JOHN, CHARLOTTETOWN, MONTREAL, TORONTO, WINNIPEG, REGINA, CALGARY, VICTORIA.

INTEREST PAYABLE HALF-YEARLY, 1st APRIL, 1st OCTOBER.

PRINCIPAL AND INTEREST PAYABLE IN GOLD.

ISSUE PRICE 97½

A FULL HALF-YEAR'S INTEREST WILL BE PAID ON 1st APRIL, 1917.

THE PROCEEDS OF THE LOAN WILL BE USED FOR WAR PURPOSES ONLY.

THE MINISTER OF FINANCE offers herewith, on behalf of the Government, the above named Bonds for subscription at 97½, payable as follows:—

10 per cent on application;
30 " " 16th October, 1916;
30 " " 15th November, 1916;
27½ " " 15th December, 1916.

The total allotment of bonds of this issue will be limited to one hundred million dollars exclusive of the amount (if any) paid for by the surrender of bonds as the equivalent of cash under the terms of the War Loan prospectus of 22nd November, 1915.

The instalments may be paid in full on the 16th day of October, 1916, or on any instalment due date thereafter, under discount at the rate of four per cent per annum. All payments are to be made to a chartered bank for the credit of the Minister of Finance. Failure to pay any instalment when due will render previous payments liable to forfeiture and the allotment to cancellation.

Subscriptions, accompanied by a deposit of ten per cent of the amount subscribed, must be forwarded through the medium of a chartered bank. Any branch in Canada of any chartered bank will receive subscriptions and issue provisional receipts.

This loan is authorized under Act of the Parliament of Canada, and both principal and interest will be a charge upon the Consolidated Revenue Fund.

Forms of application may be obtained from any branch in Canada of any chartered bank and at the office of any Assistant Receiver General in Canada.

Subscriptions must be for even hundreds of dollars.

In case of partial allotments the surplus deposit will be applied towards payment of the amount due on the October instalment.

Scrip certificates, non-negotiable or payable to bearer in accordance with the choice of the applicant for registered or bearer bonds, will be issued, after allotment, in exchange for the provisional receipts.

When the scrip certificates have been paid in full and payment endorsed thereon by the bank receiving the money, they may be exchanged for bonds, when prepared, with coupons attached, payable to bearer or registered as to principal, or for fully registered bonds, when prepared, without coupons, in accordance with the application.

Delivery of scrip certificates and of bonds will be made through the chartered banks.

The issue will be exempt from taxes—including any income tax—imposed in pursuance of legislation enacted by the Parliament of Canada.

The bonds with coupons will be issued in denominations of $100, $500, $1,000. Fully registered bonds without coupons will be issued in denominations of $1,000, $5,000 or any authorized multiple of $5,000.

The bonds will be paid at maturity at par at the office of the Minister of Finance and Receiver General at Ottawa, or at the office of the Assistant Receiver General at Halifax, St. John, Charlottetown, Montreal, Toronto, Winnipeg, Regina, Calgary, or Victoria.

The interest on the fully registered bonds will be paid by cheque, which will be remitted by post. Interest on bonds with coupons will be paid on surrender of coupons. Both cheques and coupons will be payable free of exchange at any branch in Canada of any chartered bank.

Subject to the payment of twenty-five cents for each new bond issued, holders of fully registered bonds without coupons will have the right to convert into bonds of the denomination of $1,000 with coupons, and holders of bonds with coupons will have the right to convert into fully registered bonds of authorized denominations without coupons at any time on application to the Minister of Finance.

The books of the loan will be kept at the Department of Finance, Ottawa.

Application will be made in due course for the listing of the issue on the Montreal and Toronto Stock Exchanges.

Recognized bond and stock brokers will be allowed a commission of one-quarter of one per cent on allotments made in respect of applications bearing their stamp, provided, however, that no commission will be allowed in respect of the amount of any allotment paid for by the surrender of bonds issued under the War Loan prospectus of 22nd November, 1915. No commission will be allowed in respect of applications on forms which have not been printed by the King's Printer.

CANADA AT DISADVANTAGE.

(Continued from Page One.)

cents in average times from the ordinary Saskatchewan country point, which meant that when the price of wheat went below the dollar mark at Liverpool the farmer lost money.

"That is our greatest problem," continued Mr. Dunning, "our geographical position, our cost of producing grain in comparison with our competitors and putting it before the consumer. It is a problem worthy of the best brains of our country, because our country must continue to be a grain producing country. It is the line of least resistance in a productive way and it behoves us not to be deceived by this $1.00 wheat under war conditions but to get down here and now to think seriously of how we are going to compete with other grain growing countries when the war is over and conditions return to normal."
