Four Persons Are Dead At Port Clements From Poisoning

American Boats Returning To This Port With Catches

American Fish Boats Are Returning Now That Strike Has Been Settled

With the settlement of the fishermen's strike, which was reached some few weeks ago, there is an ever increasing number of American fishing boats returning to this port to work out of here. Yesterday the Malolo. Capt. Hurley, arrived in port for the first time for many months, having been tied up all summer in Seattle. Capt. Hurley expects to operate in future out of here and may move his family to Prince Rupert.

There were 65,000 pounds of halibut reached here yesterday and yesterday was not one of the best days for boats to arrive. The boats to arrive with their catches were as follows: Malolo, 20,000 pounds; Rolfe, 20,000; Grayling, 13,000; Spencer, 12,000. None of this fish was sold yesterday. It is being held over until today.

MERGER OF PROMINENT RAILROADS ANNOUNCED

Philadelphia, Aug. 16.—Merger of the Pennsylvania lines west of Pittsburg into one corporation, to be known as the "Pittsburg, Cincinnati, Chicago & St. Paul Railroad Company," was officially confirmed here today. The consolidation of the five railroads does not involve the acquisition of properties by the Pennsylvania Railroad, it was announced, but will mean the simplification of the corporate and financial structure of all the lines concerned. All of the units will be governed by one head instead of the present system whereby each conducts its business separately. The simplification of the management of these lines will result in a material reduction in the expenses of each. The authorized capital of the new corporation will exceed $100,000,000, it was said.

PROFESSIONAL SWIMMER TELLS HOW TO LEARN

It Is Said To Be A Very Easy Thing To Swim If His Directions Are Followed.

In view of the interest that is now being taken in swimming, since the Salt Lakes are easily reached, the following is given for what it is worth.

A professional swimmer, who learned to swim in the Danish royal navy, says that any person can learn to swim in 15 minutes.

Have you ever seen a fish making a knot of itself? The water will not support you if you tie yourself into a knot.

"Lie down here on your back on the sand; straighten your body like an arrow, raise your chin as high as possible. In this position the ocean will float any human body almost any length of time. Why? because every square inch of your body surface is spread upon the water, so to speak, giving it a chance to support you properly.

"Your head weighs about 25 pounds. Now the minute you raise your head—and every beginner does that instinctively to see where he is—you go down. You are simply trying to break a natural law which refuses to be broken. As soon as you raise that 25-pound lump of bone and brain from contact with the water, how can you expect the water to carry it? But if the head is allowed to lie easily in the water, leaving only the face exposed, and then the hands and feet kept under the water, one will not sink. When the learner has become assured of his entire safety, the other features of the art of swimming are easily mastered."—Pittsburg Christian Advocate.

CHINESE TEA MEN ORGANIZE.

Shanghai, Aug. 16.—Chinese tea merchants in Shanghai are planning the organization of a tea association at that port, whose purpose shall be to standardize and improve the grades of tea exported to foreign countries. This organization will be based on suggestions made by Chen Chi, Superintendent of the Chinese Department in the Panama Exposition. Chen Chi has advised tea merchants that, under proper organization, Chinese tea can regain the position it held in the American market before it was displaced by Indian and Ceylon Tea.

CATHOLIC CLUB TEAM AGAIN DEFEATED COLTS

At Match Yesterday Afternoon Some Excellent Baseball Was Seen.

The Catholic Club baseball players again defeated the Colts yesterday afternoon by a score of 5 to 2. The first half of the match was above the average in points of play on both sides. After that the players dropped a little in merit.

Until the sixth innings not a single run was made by either team. Then, with the C. C.'s at bat, the spell was broken and Enright was let in from third, followed closely by Fortin and Murphy. From that time on the playing on both sides become more careless.

LOCAL SOLDIERS IN FOURTH DIVISION

THE 102nd BATTALION WENT TO FRANCE TO FIGHT UNDER GEN. DAVID WATSON.

Brigadier Odlum Of Vancouver Is In Charge Of The Brigades . . . That Went Over.

Word received from members of the 102nd Battalion which was the last contingent to leave here conveyed the information that they were to go to France as part of the fourth Canadian Division. This they have evidently done. The following despatch shows that they are now on the fighting grounds.

Ottawa, August 16.---The fourth Canadian Division, under command of General David Watson, of Quebec has arrived in France making ninety thousand available Canadian troops on the immediate fighting line. General Odlum, of Vancouver, is in charge of one brigade.

Blair Fleming, representing Mooney's Biscuits, is here on a business trip.

REPRESENTATIVE HERE FROM UNDERWRITERS' ASSOCIATION

D. B. Scrimgeour, Is In The City To Represent The Insurance Men.

D. B. Scrimgeour, representing the Mainland Fire Underwriters' Association, is in the city to make an inspection for that organization. He is visiting the canneries on the Skeena on official business as well.

Yesterday, in company with the Mayor, a trial run was made by the fire department in a most satisfactory manner.

Mr. Scrimgeour is a brother of Walter Scrimgeour, of this city, who recently enlisted for overseas. The brothers have not met for years, until they did so here the other day.

Prisoners Of War Sale.

The committee extend their thanks to Mr. Venables, of the G. W. Nickerson Company, for its donation for the sale which realized $94.65. The usual sale of food realized 33.60, making a grand total off $128.25. The $5 gold piece, donated by Mr. Broderick, (Union Bank) was won by Mr. Gordon Allan. The lace won by Mr. Burritt and re-donated, was won by Albert Davidson. The Tipperary dog, donated by Mr. Craig, was won by Miss Bidding. The J. H. Thompson Company donated a chicken broiler, which was held over till this week. A sack of flour won by Mr. Harry McLeod was re-donated and will be drawn for this week. The following little girls sold flowers: Constance McMullin, Helen Wallace, Eleen Johnson and these six boys distributed dodgers for the sale: Phil Dowling, Audrey Sweet, Gordon Kerr, Jack and Rupert Morrow and Willie Martin.

The committee wish to thank the Majestic Theatre for their kind offer of an orchestra, but as the room was too small this offer holds good for a future occasion. Donations of food were thankfully received, but as usual, much more could be sold.

Stick To British Traditions!

It has been by sticking closely to the traditions and principles for which our forefathers contended that the British subject may today boast of being the freest subject of any nation in the world.

The Prohibition Act Attacks These Principles

CLAUSE 29 OF THIS ACT PROVIDES THAT A PERSON MAY TELL ANY CONSTABLE, PROVINCIAL OR LOCAL, THAT HE THINKS YOU HAVE LIQUOR IN YOUR POSSESSION. ACTING MERELY ON THIS INFORMATION THE CONSTABLE MAY PROCEED TO FORCIBLY SEARCH YOUR HOME, LAY AN INFORMATION AGAINST YOU AND PROSECUTE.

What About The Person Giving The Information?

YOU WILL NEVER KNOW WHO HE OR SHE IS. THE ACT SPECIFICALLY STATES THAT THE CONSTABLE MAY ACT "WITHOUT COMMUNICATING THE NAME OF THE PERSON GIVING SUCH INFORMATION."

IS THIS BRITISH?

What an opportunity for blackmail, settlement of neighborhood spite, grudges and quarrels this section offers.

As a loyal British subject, do you approve of such methods?

READ THE ACT. LEARN WHAT IT MEANS.

Copies of the Prohibition Act (giving the complete text) may be obtained on application to the Merchants' Protective Association, Room 24, Canada Life Building, Vancouver.

Port Clements Family Almost Wiped Out By Ptomaine Poisoning

A sad accident has occurred at Port Clements on Queen Charlotte Islands which has almost wiped out an entire family there. The cause of death was ptomaine poisoning. Mrs. Sipes, her daughter-in-law and two children of the latter have died while a third child was ill. This was the situation with respect to the unfortunate family at an early hour this morning.

Word reached the city by wire and wireless coming to Dr. W. T. Kergin, who was asked to have aid sent. Through the good offices of Geo. B. Hull, resident engineer of the Public Works Department, the Walrondo got away shortly after midnight yesterday morning with Dr. J. P. Cade on board.

It was realized that the trip could not be expected to be of great service as it was feared that death might folow the poisoning long before the launch could reach the scene. This occurred for Mrs. Sipes and her eldest son Maxwell, who died early yesterday morning. The boy was the eldest of the family being about ten years of age.

Last evening word was received that the second child and Mrs. Sipes senior had both passed away, victims of the poisoning. This left only one child of the whole family that had partaken of the fish as far as known.

The poisoning resulted from eating some salmon canned by Mrs. Sipes herself and put up in glass jars. The husband it is presumed was away fishing at the time. He has followed that calling and has been fishing at Langara Island all summer.

DROWNING ACCIDENT IN THE SKEENA RIVER

J. H. Johnson, A Fisherman Lost His Life While At Work.

John Hrafudal Johnson, a fisherman of 67 years of age, was drowned in the Skeena Tuesday, near the Dominion Cannery. He was at work in his boat and while paying out the net found his boat drifting too far out. Reaching to adjust the sail, he got his foot entangled in the net and went overboard and was drowned.

The body was recovered. It is now in the parlors of the B. C. Undertakers. Interment will take place today at eleven o'clock to Fairview Cemetery.

J. Hinman, representing New York capital, has returned to the city. He is investigating mining properties in the district.

AN UNHAPPY SELECTION.

The dragging of the tax question, as it affects the relations between the city and the Provincial Government, into the political discussion is not a very happy move by The News. The Liberal organ goes further and lauds T. D. Pattullo as one that should be sent to Victoria to work marvels along this line. Now this is a matter between the civic authorities and the Government of Victoria. It is something upon which the City Council would be expected to take the initial action, and this council has done it. Now that the name of Mr. Pattullo has been jerked into this, in a manner in which his best friends, we feel certain, would not have advised, we are forced to look a little into this matter. Mr. Pattullo was mayor of this city and also an alderman of the city. The way was just as open to him to have the Government at Victoria assume liability for the taxes on lots held by them as it is open now to seek that assumption. But we did not find any result along this line while this vaterous citizen, of whose wonderful prowess we hear so much, was mayor of the city. Mr. Pattullo travelled wide instead and studied high finance at close range in the world's capitals. This man, of whose transcendant abilities we read so much in the Liberal organ, was evidently so enamored of the big game sport that the local field was somewhat overlooked, and he sought the far away fields. Like some other journeys by the city administrators, there has been anything but a satisfactory record left as far as the citizens are concerned.

No, T. D. Pattullo has nothing to boast about along the lines that The News would have you believe that he established a great name for himself. The News had better change its tack on that line.

AFTER THE WAR.

Dr. Max Simon Nordau, one of the greatest of Jewish authors, was in France at the outbreak of the war, and, as a native of an enemy country, was interned for a time, but was later released on his parole of honor and went to Madrid. At his new home in the Spanish capital the famous Hebrew philosopher has written much about the war. As to the effects of the struggle upon the future of Europe he is decidedly pessimistic, declaring that, whoever conquers, the "utter destruction" of much in the old world is certain. As a physician and scientist, he takes a gloomy view of the results of the ravages of war upon the population and predicts that for generations to come the inhabitants of some of the stricken countries will be a stunted, sickly and unprogressive race of men. What is Europe's terrible loss, he thinks, will be America's gain, and all the nations of the new world will prosper as never before when the European war is over. The intolerable conditions in Europe, he believes, will drive the ablest and strongest of all the people of the warring nations to seek new homes in Canada, the United States or Central and South America. Crushed by the burden of taxation, vast hordes of Europeans will seek a new world refuge. The capitalists of Europe, too, Dr. Nordau holds, will strive to escape the heavy burdens placed upon them by the war by seeking investments on the other side of the Atlantic.

Parsonage 632 Sixth Ave. W. — Church, Sixth Ave. & Musgrave Place

MR. HARRY HANSON, "The Reliable Plumber," Prince Rupert, B. C.

Prince Rupert, B. C., April 9, 1914.

I have great pleasure in certifying to the excellent hot water and heating system that you installed in our parsonage, and that after six months of operation through the winter months it has given every satisfaction.

The system heats a thirty gallon tank of water to boiling temperature in one hour after the fire has been started; it in no way interferes with the oven for baking purposes. In addition to this, the wall radiator which you placed in dining-room and connected with the range boiler has given us splendid satisfaction, supplying us with ample heating throughout the winter, saving us the cost of a stove and fuel.

I most heartily testify to the satisfaction and efficiency of your system and gladly recommend it.

Yours very truly,
(Signed) (Rev.) J. F. DIMMICK.

Suggestions for Successful ADVERTISING

The Best Time To Use Advertising Space

While the successful advertiser makes all times his own, their must of necessity be occasions when there are special advantages in presenting live facts about your goods to the public.

Advantages In Strenuous Times

Did it ever occur to you that in times when money is specially "tight" that the average buyer, and especially the thrifty housewife makes it a point to buy where the best can be got for the money expended? Have you an advantage to offer? Your advertising it will give you far better results than when times are better.

Buying Values Are Investigated

The value of money is appreciated now. Values count and are investigated by the public. This is the time to get full results from those who have good values to offer the public in any line of consumption.

ENGLISH FRUIT SPOILS FOR LACK OF PICKERS

London, Aug. 16.—Thousands of tons of fruit are spoiling on English farms for want of labor to pick it. Complaint is made that hundreds of intelligent and well educated women have gone to these farms to pick the fruit, only to return because of the miserable conditions under which they were asked to live and the pettyness with which they were treated.

PRINCE RUPERT PEOPLE GET INSTANT ACTION

Those who have used it in Prince Rupert are astonished at the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. Because it acts on BOTH lower and upper bowel, ONE SPOONFUL Adler-i-ka relieves almost ANY CASE constipation, sour stomach or gas. It removes such surprising foul matter that a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. C. H. Orme, Pioneer Druggist.

Let us compare, for instance, Eaton's price, $5.70 on a 7 Jeweled Waltham. Our Price is $6.00, but it is worth the 30c to see what you are getting when you want it, and have it guaranteed right here.

Take also the highest priced Waltham, a 23 Jeweled Vanguard at $44.60. Our Price is $45.00. Not very much difference.

Many articles, of course, are not so easily compared, and are made in many qualities and often look big for the money in the catalogue.
