New $250,000,000 Loan To Britain In United States

United States Will Raise Quarter Billion Loan For Britain

New York, Aug. 19.—Official announcement of a new $250,000,000 loan to Great Britain, negotiations for which have been in progress for some time, probably will be made within a few days, it is said, in financial circles here. The loan, according to an unofficial summary of its items obtained from banking sources, will be in the form of a two-year five per cent. note, secured by deposit of collateral.

It will be a direct obligation of the British Government and will be offered publicly.

The proceeds will presumably take care of Great Britain's financial obligations in this country for a considerable period. The amount of Great Britain's short term obligations here now outstanding will take up but a small portion of the present loan, it is said, leaving the greater part to meet future payments on war materials in this country.

F. W. Holler, of the Surf Inlet mines, expects to leave on his return trip by the Full Moon this morning.

Appearing at the Majestic Theatre Monday and Tuesday nights.

CAPTAIN JESSUP WAS WELL KNOWN HERE

Officer Killed At Front Had Been Employed On G. T. P.

Among the British officers killed in the Somme offensive was Capt. Frank R. Jessup, of the 1st Battalion, Border Regiment, well known as a member of the G. T. P. engineering staff in construction days.

Capt. Jessup was shot dead while leading his company in a most gallant manner under a terrible fire, one of his senior officers has written. His elder brother, a member of the Princess Pats, was killed in the second battle of Ypres.

ARMENIANS ARE SUFFERING FROM STARVATION

Boston, Aug. 19.—Thousands of Armenians are starving on account of the refusal of the Turkish Government to supply them with bread. An official investigation proved that frantic parents had killed and eaten their children.

MANY CUTTING GRAIN.

Harvesting Commenced At Several Points Through Province.

Calgary, Aug. 19.—Grain cutting has commenced at many points throughout the province. Medicine Hat, Baintree, Retlaw and many other towns report that cutting has commenced and that it will be general by the middle of the week. In the more westerly sections, near the foothills, the crop is much later and it will be the first week in September before they become assured. The weather is ideal for ripening and cutting today and the temperatures high.

MILITARY ORDER REVOKED.

San Antonio, Tex., Aug. 19.—The order of the remainder of the country's militia, about 25,000 men, to proceed to the border has been revoked, according to announcement made at southern department headquarters. The War Department notified headquarters here that troops would continue to be held in their state of mobilization camps.

Rev. William Stevenson, of Victoria, who is very prominently identified with the prohibition movement in this Province, is now in the city. He is covering the northern part of the Province with a view to better organizing the district for the vote from the standpoint of the movement. He will go as far as Prince Greorge this week and return to Prince Rupert later. This evening he will speak in the Methodist Church at a joint meeting of the Baptists and the Methodists, when the prohibition question will be dealt with by Mr. Stevenson.

BROUGHT BODIES OF VICTIMS HERE

REMAINS OF THOSE POISONED AT PORT CLEMENTS WILL BE INTERRED HERE

The Leila R. Returned Yesterday With Bodies Of Dead.

The Leila R., belonging to the Forestry Department, arrived in the city yesterday with the five bodies of the victims of the poisoning accident in Port Clements. The funeral will be held on Monday afternoon at 1:30 from Hayner's Undertaking Parlors. Mr. Sipes, who has been so severely bereft, arrived with them.

The funeral will be held to the Fairview Cemetery, when Rev. J. F. Dimmick will conduct the services. The deepest sympathy of the whole community will go out to Mr. Sipes, who will have laid away on this occasion his mother, his wife and three children.

ALLIES HAVE BEEN ON OFFENSIVE NEAR THE SOMME

British Headquarters, France, Aug. 19.—The Allies last night attacked along the entire line from Ancre to the Somme. The British captured German positions in the region of Ginchy and Guillemont, while the French advanced at Maurepas.

The French offensive on the Verdun front continues, and Berlin admits that our Allies have made gains at Fleury.

FATAL ACCIDENT AT SURF INLET

WILLIAM DOREY, FORMERLY OF THIS CITY, PASSED AWAY YESTERDAY

Was Victim Of Peculiar Accident In Clearing At Mining Camp.

William Dorey, who came to this city in the early days of the place, died at the hospital yesterday evening, following an accident that he met with at Surf Inlet. Yesterday afternoon the Full Moon arrived with F. W. Holler, the Superintendent of the mining operations at Surf Inlet, which are being carried out by the Tonopah-Belmont Company, D. J. McFee, who has a contract at the mine for the clearing of a certain section there, and William Dorey, who passed away a few hours later. The latter had met with an accident the day before, which resulted in his death about seven o'clock last evening.

Dorey was employed by McFee as an axeman. He had started work at Surf Inlet on this contract on August 5. He was not an experienced axeman, but had followed the woods to some extent and was put by McFee at trimming a tree that had been felled. He had reached well to the top of the tree when another hemlock that was being thrown was about ready to fall. Warning was given him as the falling tree was about to fall across the top of the tree that was being trimmed. He hurried back along the trunk of the tree on which he was working towards the butt. What happened later no one knows of a certainty, but it is quite evident that he awaited the falling of the other tree, standing on the butt of the one that he had been trimming.

It is supposed that the butt on which he stood was hoisted into the air with the striking of the falling tree. Dorey was found alongside of two larches that were a short distance from where he had been standing. Evidently his head struck the tree trunks when he was thrown from the tree on which he had been standing. He was unconscious, but it was not anticipated that he was fatally hurt. He was at once brought here and placed in the hospital, every attention was given him but without success. His skull had been fractured by the fall and he passed away about seven o'clock.

The deceased came to Prince Rupert in the early days of this place. He had worked for Foley, Welch & Stewart in the warehouse in the early days and later followed longshoring. He had gone to Anyox and then went south with Mr. McFee a few weeks ago.

Mr. McFee believes that he was a native of Newfoundland, but there are some in the city who believe that he was a native of Northern Ontario, in the vicinity of Orillia or Parry Sound. He was about thirty years of age. For some time he had followed the life of a sailor, and had served on the Atlantic coast and also the Great Lakes.

Special Fish Train Will Be Necessary On Monday It Is Anticipated

Saturday and Sunday is becoming a favorite time for the arrival of the fishing fleet in port. This is so because the Monday morning train gets its shipments on the markets at Winnipeg and Chicago and intermediate points in good time for the Friday markets there. While the early part of yesterday was not marked by any very heavy arrivals, the afternoon brought some considerable amount of fish into port. It now looks as if there would be a special train required out of the city on Monday morning, to take care of the shipments that will be made at that time.

The premier catch that was brought in yesterday was that brought by Capt. Nelson, of the Alaska, with 75,000 pounds. This was sold to the Canadian Fish & Cold Storage Company for 7 1-4 cents a pound, which was the price that ruled yesterday. There were quite a few other boats in, but the catches were not as great as that of the Alaska.

H. O. Roberts, of the San Juan Company, bought the Mabel, with a carload catch of 22,000 pounds. The Booth Company bought two boat loads, the Sela, with 20,000 pounds and the St. Leon, with 6,000. The Atlin Fisheries bought two likewise, the Margalice, with 5,000 and the Dolphin, with 8,000.

In addition to these catches there also arrived in the city, before midnight last night, about 100,000 pounds additional. The Volunteer had 30,000 and the Nellie had 9,000. There were a lot of smaller craft in with small catches, which will all be disposed of today it is anticipated.

Britishers Stand for a Square Deal

At the very foundation of British rule is the principle of a "Square Deal" for every subject of the Empire.

DOES THE B. C. PROHIBITION ACT PROPOSE A SQUARE DEAL ?

A "SQUARE DEAL" MEANS ADHERENCE TO THE RULE THAT A MAN IS INNOCENT UNTIL HE IS PROVEN TO BE GUILTY.

THE B. C. PROHIBITION ACT PROVIDES THAT A MAN WHO IS PROSECUTED UNDER ITS PROVISIONS SHALL BE DEEMED GUILTY UNTIL HE HAS PROVED HIS OWN INNOCENCE.

IS THIS BRITISH?

As a loyal British subject, do you approve of such methods?

BREWSTER'S INCONSISTENCY.

Last March Mr. Brewster agreed to the extension of the life of the House on certain terms which the Government very properly refused to accept. At that time Mr. Brewster did not question the validity of such an extension. Mr. Brewster sought under the terms he offered the Government to prevent it from carrying out the legislative programme. In this offer he endeavored to prevent the passage of the Workmen's Compensation Act; he believed he had killed the Shipping Act; he believed he had prevented the introduction and passage of legislation that would permit the electors to decide for themselves the quesions of Prohibiion and Women's Suffrage; he thought he had prevented the Government from assisting in the completion of the Pacific Great Eastern. If his affidavit made in securing the now famous writ is true, he believed that the Supreme Court would hold that the legislation was invalid; he believes that all expenditure must stop; he believes that the Province is now without a government and that there is no machinery by which provincial business may be carried on; and no machinery under which an election may be held and a new government be elected and installed. Everything must come to a full stop and everything done since March 15 last invalidated, if Mr. Brewster believes what he made affidavit to be his belief when he secured the writ.

And this is the man—the man who would tear down all that a conscientious government has built up; the man who would destroy and nullify a programme of development which has raised its author from the rank of party leader to statesmanship—who asks that the destines of the Province be turned over to him so he can put his destructive policies fully into force.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

MR. HARRY HANSON, "The Reliable Plumber," Prince Rupert, B. C.. — Prince Rupert, B. C., April 9, 1914.

I have great pleasure in certifying to the excellent hot water and heating system that you installed in our parsonage, and that after six months of operation through the winter months it has given every satisfaction.

The system heats a thirty gallon tank of water to boiling temperature in one hour after the fire has been started; it in no way interferes with the oven for baking purposes. In addition to this, the wall radiator which you placed in dining-room and connected with the range boiler has given us splendid satisfaction, supplying us with ample heating throughout the winter, saving us the cost of a stove and fuel.

I most heartily testify to the satisfaction and efficiency of your system and gladly recommend it.

Yours very truly,
(Signed) (Rev.) J. F. DIMMICK.

Suggestions for Successful ADVERTISING

The Best Time To Use Advertising Space

While the successful advertiser makes all times his own, their must of necessity be occasions when there are special advantages in presenting live facts about your goods to the public.

Advantages In Strenuous Times

Did it ever occur to you that in times when money is specially "tight" that the average buyer, and especially the thrifty housewife makes it a point to buy where the best can be got for the money expended? Have you an advantage to offer? Your advertising it will give you far better results than when times are better.

Buying Values Are Investigated

The value of money is appreciated now. Values count and are investigated by the public. This is the time to get full results from those who have good values to offer the public in any line of consumption.

No Need To Send Away For Jewelry

If Prince Rupert people will deal at home they will find our price about the same as elsewhere for equal quality, as our freight bills are not heavy, and home dealers will be encouraged to keep proper stocks.

Let us compare, for instance, Eaton's price, $5.70 on a 7 Jeweled Waltham. Our Price is $6.00, but it is worth the 30c to see what you are getting when you want it, and have it guaranteed right here.

Take also the highest priced Waltham, a 23 Jeweled Vanguard at $44.60. Our Price is $45.00. Not very much difference.

Many articles, of course, are not so easily compared, and are made in many qualities and often look big for the money in the catalogue.
