Clergymen Had Bag Rifled On Steamer Man Was Arrested

Rev. A. E. Price, one of the pioneer clergyman of this coast, has returned from a trip to England extending over nearly a year. His return was attended with anything but pleasant circumstances, for he discovered when he was about to come ashore here from the Princess Maquinna on Friday that his travelling bag had been stolen, and with it, of course, the contents, including a set of teeth, with gold plate valued at about $60.

The police were notified and search started. Suspicions were aroused as to the probable culprit, but a search of his belongings failed to fasten the crime down to him. But the clues were followed up, resulting last night in the landing of a man in jail here to answer a charge in connection with the crime. The man under arrest is William Murray, who was going to Granby, but was searched as soon as the boat got in there, with damaging evidence, it is said, found on him.

The bag has not been recovered. It is suspected that it was cut open and the mutilated grip dropped overboard after the valuables were taken out. The bag contained a considerable quantity of clothing and valuables, including this set of teeth.

When the search here had proved fruitless, word was sent on to J. Shiel at Granby, and he at once made a search of Murray's blankets, with the result that the teeth were recovered. It s expected that a formal charge will be laid and the case will be called on Monday.

VERNON MAN WAS AMONG KILLED IN FIFTY-FOURTH

Major Megraw, Inspector of Indian Agencies, received official news on Tuesday of the death of his brother, Pte. Hugh Megraw of the 54th Battalion, which occurred in action on the Somme front on November 18, says The Vernon News. Another name known and held in high regard by many friends in this district is thus added to the undying roll of Canada's heroic sons who have offered their lives on the altar of sacrifice for their country.

Pte. Megraw was a keen soldier, and responded first to the call to service during the Riel Rebellion of 1885. In 1889 he took a non-commissioned officers' course at Wolseley Barracks, in London, Ontario. He again volunteered for service in Strathcona's Horse during the Boer War but failed to get a place in that corps owing to the large number of cowboys offering and who were given preference.

He enlisted in the 54th a few weeks before it left Vernon and soon obtained the rank of sergeant. He relinquished his stripes, however, on the way overseas, saying at the time that he "objected to herding men to do work that the ship's hands should do." His last letter before leaving for France made reference to a special course he had taken in bombing and machine gun work. So passes another brave soul to the reward which we all trust will come to those whose devotion to duty and cheerful self-sacrifice are poured out on behalf of suffering humanity.

SPECIAL CHRISTMAS SAILING OF S. S. "PRINCE RUPERT."

In order to enable passengers who intend visiting their homes in the south to arrive there in good time, the Grand Trunk Pacific Steamship Company have arranged to sail the S. S. "Prince Rupert" from Prince Rupert at 6 A. M. on the morning of Wednesday, December 20th, (instead of 9 A. M. as usual).

The "Prince Rupert" will arrive from Alaska at midnight on the 19th and will sail for Vancouver sharp at 6 the following morning, calling at Ocean Falls en route.

As bookings for this Christmas sailing will be exceptionally heavy, it will be well to make arrangements for accommodation well in advance.

GERMANY KNOWS BRITAIN'S STRENGTH

LORD NORTHCLIFFE HINTS THAT AWFUL AVALANCHE WILL BE LAUNCHED NEXT YEAR

Russia Has Turned Down The Proposition Of Paece.

New York, Dec. 16.—Lord Northcliffe states that Germany's peace proposals are the result of grave internal dissension, on account of the shortage of food and the seriously strained relationship which exists between the various German and Austrian states and also between Austria and Germany and Turkey.

The proprietor of The Times also states that the Prussian Government has learned that the British Government intends in 1917 to surpass Germany's military activity of 1914, and that from the viewpoint of guns and shells, Britain's strength will be three times greater than Germany's has been at any period during the war.

Russia Rejects.

London, Dec. 16.—The Russian Government, following a spirited patriotic speech by the Minister of Foreign Affairs, unanimously passed a resolution against the acceptance of the German peace proposals.

Steadily Working Out Mill Scheme For Seal Cove Works

E. F. Duby of the Emerson mill, proposed for Seal Cove, is still in the city. He is working along lines of progress towards the completion of the scheme. Mr. Duby is waiting for the return of W. Tobey of the engineering staff of the G. T. P., when the question of the site will be worked out on the ground.

In the meantime Mr. Duby is getting all the information possible locally with regard to the undertaking. He has taken up with the council the question of electric power and this is being considered by the council and the Superintendent of Utilities.

The repuirements of the mill are likely to be about 300 kilowatt. Being situated close to the transmission line from the power house there will not be a great deal of wiring necessary in that connection.

Mining Men On Way To Ikeda Mine On Queen Charlotte

There are in the city S. J. Castleman and R. R. Hedley of Vancouver. These men are known in connection with mining, the former being one of the owners of the Ikeda mine on the Queen Charlottes, while Mr. Hedley, who has on various occasions visited here before, is an expert in the industry.

They are on their way to the Ikeda mine on an inspection tour. While they have not much to say with respect to their mission, it is probable in view of the favorable reports that have been received from the property this summer that the management has something more extensive in the way of equipment.

The Ikeda mine is one that has always been looked to to make a good showing, there being a splendid body of ore there. Shipping has been carried on all summer by the present owners, who took the property over from Mr. Ikeda and his associates. The high price of copper has made it more profitable to work the proposition, and it is thought possible that there will be some greater development at the place as a result of the visit of these men. They will go over by the Prince John.

PURITY SQUAD OPPOSE MACDONALD

D. E. McTAGGART MAY CONTEST BY-ELECTION WITH ATTORNEY-GENERAL

It Is Claimed By Proposed Candidate That He Was Deceived.

In the Vancouver by-election there may be opposition to Attorney-General Macdonald, owing to the fact that a feeling exists that that member of the Government was not spotless with regard to the original by-election. D. E. McTaggart is poken of as the probable opposition. He is a Lberal, but a member of the Purity Squad.

Mr. McTaggart has addressed the following open letter to the Premier:

To Hon. H. C. Brewster:

Dear Sir,—As a result of the conference between yourself, Mr. R. T. Elliott, Mr. Housser and myself last Saturday, regarding the proposed investigation, I decided not to oppose the return of Mr. M. A. Macdonald, and a statement to that effect was given to the press. My decision was based upon the assumption that I could rely on your assurances and that you were in a position to have them carried out.

At the same conference another matter was discussed and we were

REACHING FOR TRADE.

British merchants and manufacturers are just now being urged from all points of the compass to make prompt preparations for extending their business connections in oversea markets in all parts of the world so soon as the war is over, with the view to capturing as much as possible the trade formerly in the hands of the Huns. So far so good; English firms can do nothing better, says The British Export Gazette. But with these promptings come also volumes of condemnation of British commercial methods of the past, and an enormous mass of advice—much of it gratuitous and senseless—as to the way in which they should conduct their business in future. The vast majority of British shippers have ever been prone to caution in their dealings with colonial and foreign markets, and in some instances it is possible to accuse them of over-caution; but many of the amateurs who criticize and admonish would have them eschew caution, and throw prudence to the winds, "do as the Germans did," accept a good percentage of losses as inevitable, and rely upon a general average of profitable turnover.

PROTECTION OF FISHERIES SHOULD BE PROVIDED

By virtue of its salmon and halibut fisheries, British Columbia occupies first place among Canada's provinces in the annual value of fisheries production. During the last year, these two species, jointly, contributed approximately $12,700,000, or over 87 per cent. of the total output of British Columbia's fisheries, says Conservation. It is evident, therefore, that, if British Columbia is to retain its prominent position in the fishing industry, her salmon and halibut fisheries must be accorded effectual protection against depletion, and it is a matter for serious concern that both the halibut and the Fraser River salmon fisheries have reached the stage where rigid protection is urgently required. In both cases, international action between Canada and the United States will be necessary to secure the desired result, and steps should be taken without further delay to arrive at agreement whereby halibut and salmon fisheries will be subjected only to such exploitation as will not impair their permanent value and productivity.

MEN DISCHARGED FOR TAKING STUFF FROM DONALD D.

Maintaing that his clients had acted quite innocently, and were only technically guilty, Frank Lyon secured the discharge of seventeen men who were arraigned before Judge McInnes in Vancouver on a charge of having stolen certain trappings from the barge "Donald D.," which went distinctly assured that the collection ashore at Codfish Pass, near Bella Bella, some time in the begining of November.

The prisoners admitted taking the stuff. They said they thought it was simply being wasted and offered to return everything they had taken. Considerable stuff could not be located, and the arrest of the men followed.

Mr. Lyon contended that there was not the slightest criminal intent on the part of the men. They were all of the cleanest reputation, and had simply picked up stuff which they thought had been abandoned. They had returned everything they had taken, and while technically guilty, they had already been under arrest for over a week, and he thought had been sufficiently punished.

Judge McInnes took a similar view of the situation and discharged the men with a warning.

Production and Thrift

"CANADA from her abundance can help supply the Empire's needs, and this must be a comforting thought for those upon whom the heavy burden of directing the Empire's affairs has been laid. Gain or no gain the course before the farmers of Canada is as clear as it was last year—they must produce abundantly in order to meet the demands that may be made, and I believe this to be especially true in regard to live stock, the world's supply of which must be particularly affected in this vast struggle. Stress and strain may yet be in store for us all before this tragic conflict is over, but not one of us doubts the issue, and Canadians will do their duty in the highest sense of that great word."—*HON. MARTIN BURRELL, Minister of Agriculture.*

"MODERN war is made by resources, by money, by foodstuffs, as well as by men and by munitions. While war is our first business, it is the imperative duty of every man in Canada to produce all that he can, to work doubly hard while our soldiers are in the trenches, in order that the resources of the country may not only be conserved, but increased, for the great struggle that lies before us. *'Work and Save'* is a good motto for War-time."—*SIR THOMAS WHITE, Minister of Finance.*

THE CALL OF EMPIRE COMES AGAIN IN 1916

TO CANADIAN FARMERS, DAIRYMEN, FRUIT GROWERS, GARDENERS

WHAT IS NEEDED? THESE IN PARTICULAR—

WHEAT, OATS, HAY,
BEEF, PORK, BACON,
CHEESE, EGGS, BUTTER, POULTRY,
CANNED FRUITS, FRUIT JAMS,
SUGAR, HONEY, WOOL, FLAX FIBRE,
BEANS, PEAS, DRIED VEGETABLES

We must feed ourselves, feed our soldiers, and help feed the Allies. The need is greater in 1916 than it was in 1915. The difficulties are greater, the task is heavier, the need is more urgent, the call to patriotism is louder—therefore be thrifty and produce to the limit.

"THE AGRICULTURAL WAR BOOK FOR 1916" is now in the press. To be had from The Publications Branch, Department of Agriculture, Ottawa.

of the Scott bail would not be proceeded with until after the investigaton. I have since been given similar undertakings, both by yourself and by Mr. R. T. Elliott on the telephone.

Far from your undertakings being carried out, the fact is that unusually vigorous efforts have been made by the Attorney-General's Department to enforce the payment of this money. The Attorney-General's agent here states that he has peremptory instructions to leave nothing undone to collect the amount at the earliest possible moment.

In a telephone conservation this morning with Mr. Elliott I remonstrated wth him as to the course being taken in this matter. I was told by Mr. Elliott just as I was told on Tuesday last, that he, Mr. Elliott, had left wtih the department proper instructions regarding the bail. Upon my expressing my dissatisfaction with this indefinite arrangement, Mr. Elliott apparently lost his temper and advised me to accept a nomination in Vancouver against Mr. Macdonald.

While I do not suggest that you were not acting in good faith with us, I am satisfied that other influences in the cabinet have preventd you from carrying out your undertakings to us. Knowing what has occurred in this respect to the matter of the bail I can have no confidence that the proposed investigation will be the sort of inquiry we were promised.

This being so I am constrained to take Mr. Elliott's advice and contest the seat.
