EVIDENCE PUT IN THAT MACDONALD PAID FOR VOTES

Gosden Tells Of Discussing Matter With Liberal Member

Transport Of Enemy Was Sunk In The Aderatic Sea

Record Of Vessels Torpedoed Since April 7 Unwarned

Confirmatory Evidence As To Movements Of Liberal Gang

(Special Correspondence.)

Victoria, May 8.—Immigration Inspector Lawrence, from White Rock, was before the Vancouver Election Inquiry Committee this morning. He produced records to show that the J. J. Kelly plugging party from Seattle went through White Rock early Friday morning, February 25, on the Owl train. His documents showed the names of all the members of the party, thus completely confirming this feature of the story told to the committee by J. J. Kelly and L. Madden, two of the Seattle personators, who are said to have been in Vancouver on by-election day for the purpose of plugging for M. A. Macdonald, the Liberal candidate.

The Immigration Inspector had also a record of having rejected John Reddick the following day on the next Owl train. Reddick was before the committee last week and told a story which was confirmed by the evidence of Inspector Lawrence. It has therefore been made clear by the evidence of the immigration official, as well as that of lodging house keepers in Vancouver, that these men visited the Terminal City for election day.

That the Liberals are beginning to feel uneasy under the strain was shown this morning at the Vancouver investigation session, when Mr. Brewster asked Chairman MacKay how long it would be before the Government witnesses were all heard. Mr. Brewster said that he would have some witnesses also, but the number would depend on how many the Government was proposing to call.

Steamer Roanoke Lost Off Coast Of Southern California

San Luis Obispo, Cal., May 11.—Forty-one members of the crew of the steamer Roanoke, which turned turtle and sank when the cargo shifted during a gale 100 miles south of San Francisco are missing. The tanker Lansing is cruising the sea searching for four boats in which the ship's company took refuge when the ship foundered.

The fifth boat drifted ashore at San Luis Obispo. Three sailors in her were still alive, and five were dead from exhaustion.

Captain Dickson and his wife are reported to have ben lost. The vessel was owned by the North Pacific Steamship Company and was carrying a heavy cargo of explosives to South America, when the cargo shifted in the gale. The crew was unable to provision the lifeboats before the vessel foundered.

MAJOR A. W. AGNEW SUFFERS LOSS OF EYE UNDER FIRE

Local Resident Who Went To Front Has Been Severely Wounded.

A few days ago the fact was made known that Major A. W. Agnew, formerly a resident of Prince Rupert, had been wounded while serving at the front. The nature of the wounds was not then known.

His father, William Agnew, of Victoria, has received further particulars. These show that he lost his left eye and has been severely wounded elsewhere.

G. R. T. Sawle, of the Omineca Herald, of New Hazelton, arrived in the city by the train yesterday afternoon.

Liberals Given Every Opportunity To Show Up Anything Wrong

(Special Correspondence.)

Victoria, May 8.—The Victoria Investigation Committee, the appointment of which the Liberals so ardently pressed for, was formed this afternoon with Mr. Lucas, Yale, as chairman, the other committee members being Messrs. Macdonald, Vancouver; Williams, Newcastle; MacKenzie, Delta; and M. Manson, Comox. The Liberals did not have any witnesses to bring before the committee, and the enquiry did not therefore proceed. It is likely that another session will be held within the next day or two at which Magistrate Jay and the Victoria police court clerk will be called to testify regarding the alleged election day blind pig in Victoria. Slavin and McBride, the two soldiers who were charged with having operated it are now in the Old Country with their regiment.

Chairman Lucas, of the Victoria Investigation Committee, announced today that he would have his committee sit as often as the Liberals desired, and it would remain in existence until the dissolution of the Legislature, if by that means the Liberals could satisfy themselves with regard to the alleged blind pig in Victoria.

The Shipping Bill.

The House spent a good deal of time this afternoon hearing from Messrs. Pooley and MacGowan on the new Shipping Bill. Both speakers believed that it would mean great things for the Province in a shipping way, as already many enquiries with regard to ship construction had been made, and several concerns proposed to establish ship-building plants and build wooden ships without delay, while other concerns, including a number of lumber companies proposed to operate these vessels. The speakers agreed that the number of subsidized vessels contemplated in the bill—twenty—would have to be increased, such was the interest being manifested in the measure.

They contended that even after the close of the war and the restoration of normal mercantile conditions these small wooden ships could be used very profitably for the carrying of such cargoes as lumber from B. C. coast point to ports of the Far East and South America. That the measure was the most important bit of legislation ever brought down in the House was the declaration of Mr. Pooley.

Night Sessions.

Night session of the House will be started next week, it is expected, as there is a large programme of legislation to be put through. The Workmen's Compensation Bill was taken into committee stage this afternoon and is practically now half finished, but there will be a good deal of discussion on the measure before it receives its final reading. The Liberals are very general in their references to the bill, evidently fearing to criticize it in other than the most perfunctory terms, as they no doubt realize that the bill is the best pos-

(Continued on Page Three.)

Evidence In Vancouver By-Election Case Connects Macdonald The Liberal Candidate Directly With Plot

Gosden Testifying Macdonald Paid Him Money

(Special to The Journal.)

Victoria, May 11.—That after his work in preparing list upon list for J. T. Scott, in the interests of M. A. Macdonald, the Liberal, in the by-election campaign, he was to get two thousand dollars from Scott, to go towards preliminary organization of his friends, for plugging in the general election, was the statement of Robert Gosden to the Vancouver Election Frauds Committee sitting this morning.

Gosden is well known in Vancouver as a fire brand Soap Box Orator, former I. W. W. leader and is now engaged, he told the committee today, in forming a new party composed of "MY PEOPLE," who constitute those who are "ON THE BUM" as a result of the "EXISTING ROTTEN SYSTEM OF THINGS."

Gosden's Account.

Gosden related a graphic tale this morning. He told about his by-election work for Scott, for which he got $400 in expense money, and was to receive $20 per week salary, but did not get it after the election.

He kept after Scott day after day for his money, but was put off on the plea that the cheques had not been passed.

Liberal Member In It.

Finally Gosden met M. A. Macdonald, M. P. P., in Vancouver, opposite Macdonald's house, and received a promise from Macdonald that he would give him some money out of his own pocket in Victoria.

That was on Easter Monday night. Gosden came over to Victoria on Tuesday night, he told the commit-

(Continued on Page Three.)

TELKWA MINES ARE SHOWING UP WELL

COPPER AND COAL ON JEFFERSON GROUP ARE GIVING EXCELLENT PROMISE

The Two May Be Worked At The Same Time According To Report.

G. R. T Sawle, of New Hazelton, who is in the city at present, says the mining prospects in the interior are very bright. Back of New Hazelton development work is to be done by Mr. Harris, which will employ about ten men, and which gives a fine prospect.

All the mining properties that have been producing are looking quite as good as ever, and even much better in many cases.

From Telkwa comes the word that T. Jefferson, representing New York capital, is to develop on a large scale, what looks like making a great mine. The search was being made for a large production of low grade ore. To the surprise of those interested, a recent find is of very much higher grade than was expected to be found. It is such as to prompt the hope that something of great values has been located. If the showing is as it now looks the management will develop it to its fullet, and will also develop the coal that lies close at hand.

ROBERT GOSDEN IS WELL KNOWN HERE

ONE OF THOSE CONNECTED WITH VANCOUVER ELECTION FRAUD LIVED IN RUPERT

Prominent Socialist Who Lived Here Is Giving Evidence In South.

The evidence of Robert Gosden in the Vancouver election enquiry has certainly been the most sensational since the opening. Local interest also centres about it, owing to the fact that Gosden is believed to be a former resident here. He is, it seems from the description, the same one who played so important a part in the various public meetings here in the early days, when he was wont to mount the platform and harangue on Socialism. He was a man of fair education, but extremely radical.

In the enquiry he testified yesterday to the following:

He was to receive $2,000 for the preliminary organization of his friends for plugging in favor of M. A.

FRIDAY, MAY 12, 1916.

THE VANCOUVER ELECTION.

The evidence of Robert Gosden in the Vancouver election scandal is certainly interesting reading. Evidently nothing was to be left undone to win that election, and the machinery was to be kept well in order for the general election, when Mr. Macdonald, the Liberal was to be again ensured of his return. According to Gosden the Liberal member is personally connected with the scanoal, and dealt with him financially. The preachings of political purity that have rolled so glibly from Liberal speakers will no longer have the effect they have had in the past. No more disgraceful attempt to win an election by corrupt methods has even been made public anywhere else.

THE WAR BOOK OF 1916.

The Canadian Agricultural War Book of 1916, which the Federal Department of Agriculture has issued for free distribution, is a very complete publication. The various articles, written by men eminent in their various lines, are replete with practical as well as valuable information for farmers and the people generally.

Besides the general matter brought together by the editor, the Commissioner of Agriculture, some seventy agricultural and education experts have contributed to its 250 pages, including the Federal Ministers of Agriculture and Finance, the Live Stock Commissioner and Dairy Commissioner for the Dominion, chiefs and subchiefs of various departments and divisions, federal and provincial, and professors at the Ontario and other agricultural colleges.

While there are statistics of the world's as well as of Canada's produce last year, for purposes of comparison, and two or three years preceding, the book is a long way from being confined to figures. On the contrary it contains pages upon pages of textual information, instuction and sound advice appertaining to its title—"Production and Thrift." Not alone would the farmer and breeder be the better for its study but every householder, every citizen would profit by following its counsel, which, in a general sense, is embodied in the motto that appears on the front cover, namely:

In war time:—
Produce more and save more;
Make your labor efficient;
Save material from waste;
Spend your money wisely.

ROBERT GOSDEN.

(Continued from Page One.)

Macdonald in the coming general election.

He told of his work for Scott, for which he received $400 expenses and was to receive $20 per week salary, but did not get it all.

After election he kept after Scott, but was always put off.

Finally he met Macdonald, the Liberal member, and received a promise from him that he would pay the money out of his own pocket in Victoria.

He received $50 from Macdonald opposite the General Post-office in Victoria, on the Tuesday evening after Easter.

MANY IN PRINCE RUPERT TRY SIMPLE MIXTURE

Many Prince Rupert people are surprised at the QUICK action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. This simple remedy acts on BOTH upper and lower bowel, removing such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. A few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-i-ka is astonishing. C. H. Orme, Pioneer Druggist. g-e.

LAND ACT.

Form Of Notice.

Skeena Land District, District Of Coast, Range 4.

TAKE NOTICE that F. W. Holler, os Surf Inlet, occupation mine superintendent, intends to apply for permission to purchase the following described lands:

Commencing at a post planted about 150 feet South of the Northwest corner of Lot 11, Range 4, Coast District thence South 20 chains; hence West 20 chains more or less to the shore of Surf Inlet; thence following the shore line Easterly and Northerly to the place of commencement, containing 40 acres more or less.

February 18th, 1916. f-a-24

FREDERICK A. HOLLER.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,

Deputy Minister of the Interior

GARDEN COMPETITION.

The Provincial Department of Agriculture is offering cash prizes for City Gardens as follows:

Three prizes in each class.

CLASS I.

House Garden where occasional labour is employed for the work.

1st. 2nd. 3rd.

CLASS II.

House Garden where all work is done by occupant and family.

1st. 2nd. 3rd.

CLASS III.

Ordinary lot, without house. Area cultivated to be not less than (1,000) sq. ft. (i.e. 22 ft. by 50 ft.; 30 ft. by 33 1-2 ft.; or 40 ft. by 25 ft.)

Judging will be done chiefly from the standpoint of utility.

1st. 2nd. 3rd.

An entrance fee of one dollar will be charged.

Final judging to be done about end of August (dependent on season).

Plots must be staked or clearly defined in some way.

Competitions open to all citizens of Prince Rupert.

Apply by letter to
A. R. NEALE,
Department of Agriculture,
City.

Any literature or information in connection with the work may be had by applying to the same office.

All those desiring to enter will please send in their applications as soon as possible.

LIBERALS GIVEN.

(Continued from Page One.)

sible one which could be brought down. In view of the fact that it appears to meet the views both of employers and employees, there is little danger of the Liberals venturing into an unpopular position by making any very strenuous political attacks upon the bill.

United Party.

The Ship-building Bill has yet to go into committee stage, and there are at least twenty-five more or less minor measures which have to be piloted through to final passage. The Prohibition Bill may be expected in about ten days' time. The P. G. E. Aid Bill and the general loan bill will likely be brought down at the end of this week or early next week. From present appearances the House will have all it can do to wind up by the end of the month. As soon as dissolution comes Premier Bowser will probably start on his provincial tour in June. He will visit the principal points of the Province for the purpose of becoming better acquainted with citizens, and at the same time will take advantage of his brief stays in the B C. towns to explain the chief features of the Government's programme of legislation, as proceeded with during the three months' session of the present Legislature. Premier Bowser's followers have lined up behind him to a man, and on only one question, that of prohibition, where some of the members desire compensation included in the bill, is there the slightest division of opinion. This matter in any event is not one where politics should be allowed to enter. When the Bowser Government goes to the people this summer it will go absolutely undivided.

EVIDENCE IN VANCOUVER.

(Continued from Page One.)

tee, and got fifty dollars from Macdonald in front of the post-office here about nine o'clock in the evening.

Opposition Questions.

Mr. Brewster cross-questioned the witness very closely upon his alleged meetings with Macdonald, giving rise to the supposition that probably the Liberals might endeavor to set up an alibi for Macdonald.

Gosden As Vote Getter.

Gosden's particular function for the Liberals in regard to the by-election was apparently to provide holes for plugging. At all events, he said he got up a list of all members in good standing of the Longshoremen's Union. Some of the men were on the voters' list with other occupations, but had gone back to the waterfront; others were not on the voters' list at all; still others were dead; and many had gone to the war.

But Gosden gave them all. The idea was that he would provide exact and detailed information about each name, so that Scott would be quite clear as to the absentees.

The Different Duties.

The understanding was that Scott would provide a plugger for each absentee. This was not Gosden's business, however, as all he had to do was to show beyond doubt which ones were really absentees, and that was why he was chosen for the work, as he knew the waterfront men intimately.

Then there were other lists as well. His friend Grey, or Peterson, who will likely be on the stand tonight, also worked for Scott, said Gosden. He copied out one series of about fifty lists, totalling about 1,300 names. There were just names on these lists, nothing else, and they were written on all sorts of paper, even on envelope backs.

All Kinds Of Lists.

But there were other lists too, which Grey copied, such as Ward Four "NOT TO BE CHALLENGED" lists, which Gosden said were known as eleventh hour lists. They were for Ward Three, Four and Five. Men whose names were on these three lists, he had told Ashworth Anderson, could all be produced within six hours. "BUT I WAS NOT ON OATH THEN," he confessed today with a shrug of his shoulders.

This Ward Four list with 303 names, which Anderson produced before the committee yesterday, was one of three "NOT TO BE CHALLENGED" lists. They were quite clear and distinct from waterfront lists which Gosden had prepared.

It was waterfront lists, from which Scott was to do the plugging, according to Gosden.

WILLIAM McCONNELL IS A FORMER OFFENDER

Man Convicted Of Stealing Here Has Served On Same Count Elsewhere.

William McConnell was taken south Tuesday night to serve four months for the theft of grips and contents from the Royal Hotel on the day when the fire broke out on the roof some weeks ago. Now it is made known that the man has served time elsewhere for stealing.

Last evening Officer Bailey, of the local police, received from A. P. Sherwood, the Chief Commissioner of Police, a notice that the finger prints of the man are those of William Connelly who was sentenced at Strassburg, Sask., September 20, 1913, to three months and four months consectively for theft and escape from custody.

The Morning Journal delivered to your home at 50 cents a month.

Suggestions for Successful ADVERTISING

The Best Time To Use Advertising Space

While the successful advertiser makes all times his own, their must of necessity be occasions when there are special advantages in presenting live facts about your goods to the public.

Advantages In Strenuous Times

Did it ever occur to you that in times when money is specially "tight" that the average buyer, and especially the thrifty housewife makes it a point to buy where the best can be got for the money expended? Have you an advantage to offer? Your advertising it will give you far better results than when times are better.

Buying Values Are Investigated

The value of money is appreciated now. Values count and are investigated by the public. This is the time to get full results from those who have good values to offer the public in any line of consumption.

CONTRACT LET FOR FISH SHED AT WHARF

BOOTH COMPANY WILL SOON HAVE PLANT IN FULL WORKING ORDER

D. W. Morrison Has Been Assigned The Contract For The Undertaking.

The Booth Fisheries will soon have its plant in working order here. Mr. McCormick, the engineer in charge of the construction work, has let the contract to the well known local contractor D. W. Morrison, who will lose no time in getting the building erected.

The fish shed, as previously described, will be two storeys high, and will be built on the G. T. P. wharf. Mr. Morrison will start just as quickly as the lumber can be got on the ground. He expects to have it completed about one month later.

Eye Troubles Corrected

Mr. Bulger has had over ten years experience in sight testing and fitting glasses, and last mid-summer took a post graduate course, which included the latest discoveries in the science of optometry or eye measuring. One of the most important is dynamic skiametry. The new method of Prof. A. J. Cross, of New York, in which the eye is measured by a beam of reflected light and any error is recorded.

But we do not simply rely on one method; each eye is tested separately, in three different ways, besides trying the muscular balance, together and the nervous acuteness.

We use the new drugless methods, no drops in the eye and no heavy frame resting on your face; ours swings from the wall by a bracket.

MR. HARRY HANSON, "The Reliable Plumber," Prince Rupert, B. C.

Prince Rupert, B. C., April 9, 1914.

I have great pleasure in certifying to the excellent hot water and heating system that you installed in our parsonage, and that after six months of operation through the winter months it has given every satisfaction.

The system heats a thirty gallon tank of water to boiling temperature in one hour after the fire has been started; it in no way interferes with the oven for baking purposes. In addition to this, the wall radiator which you placed in dining-room and connected with the range boiler has given us splendid satisfaction, supplying us with ample heating throughout the winter, saving us the cost of a stove and fuel.

I most heartily testify to the satisfaction and efficiency of your system and gladly recommend it.

Yours very truly,
(Signed) (Rev.) J. F. DIMMICK.

Production and Thrift

CANADA'S CALL FOR SERVICE AT HOME

Produce More and Save More — The Empire needs food. If you are not in the fighting line you may be in the producing line. Labour is limited—all the more reason to do more than ever before. Grow food for the men who are fighting for you. The Allies need all the food that you can produce. Every little helps. You are responsible for your own work. If you cannot produce as much as you would like, produce all you can. Work with the right spirit. Put fighting energy into your effort and produce now when it counts. The more you produce the more you can save. Producing and saving are war-service.

Make Your Labour Efficient — In war-time do not waste time and energy on unimportant and unprofitable work. Economize labour. Put off unproductive work till after the war, and, if possible, help in producing something needed now. Let us not waste labour. Canada needs it all. If possible help to feed the Allies. Make your backyard a productive garden. Cultivate it with a will. Make your labour count for as much as possible.

Do Not Waste Materials — There should be no waste in war-time. Canada could pay the annual interest on her war expenditure out of what we waste on our farms, in our factories, in our homes. Every pound of food saved from waste is as good as a pound of increased production. The way for a nation to save is for every individual to save. France is strong to-day because of thrift in time of peace. The men and women of Great Britain are not only "doing" but are learning to "do without."

Spend Your Money Wisely — Practise economy in the home by eliminating luxuries. Wasting our dollars here weakens our strength at the Front. Your savings will help Canada to finance the war. Save your money for the next Dominion War issue. There can be no better investment.
