Quantities Of Halibut Are Arriving From Alaskan Banks

Over $3,000 Were Raised At The Red Cross Carnival In The Two Nights

Fishing Reported Good On Alaskan Banks By Boats

From the fishing banks in Alaska, returning halibut boats report that the weather is excellent and the fish quite plentiful. There is a considerable quantity coming in already and more may be expected.

After midnight Tuesday the Geo. E. Foster, of the Canadian Fish & Cold Storage, brought in 45,000 pounds; the Andrew Kelly, of the same company, had 50,000 pounds; and the Welhan R. Lord had 10,000.

In addition to these the Lief E. came in yesterday with 10,000 pounds, which were bought by the Cold Storage.

The Jessie, with 12,000, and the Augusta with 23,000, were bought by the Atlin Fisheries by C. Nunan. For the latter he paid 10 5-8 cents cents a pound.

Later in the day there reached port four other fair catches, which will be sold this morning, when sharp bidding is expected. These are the Hy Gil, with 15,000 pounds; the Fram, with 15,000; the Dolphin, with 20,000; and the Nellie with 5,000.

The demand for fish continues to be very keen. There is a constant call from the east, and local dealers find it impossible to fill all the orders. Orders are being placed weeks ahead.

PRINCE RUPERT FISH CLASSIFIED AS THE BEST

Winnipeg Markets Advertise The Local Catches.

The Winnipeg dealers are making a specialty of the Prince Rupert fish supplies which places the local product in a most enviable position. As an example of the way in which the local product is advertised the Winnipeg Free Press contains an advertisement which reads in part as follows:

"Good Things To Eat—We have made special effort to import only the finest selection of Fish, fresh from Prince Rupert, for our Easter offering.

Prince Rupert Spring Salmon, Red, lb. 28c; Prince Rupert, White, lb. 20c; Prince Rupert Fresh Halibut, lb. 20c."

SIR ROGER CASEMENT ARRESTED IN ATTEMPTING GUN-RUNNING EXPEDITION

London, April 25.—The Admiralty announces that Sir Roger Casement has been arrested while attempting a gun-running expedition on the west coast of Ireland.

A German auxiliary cruiser, laden with arms and ammunition, and disguised as a neutral merchant ship has been sunk. She was accompanied by a German submarine. Casement and his companions have been arrested. Sir Roger will be tried for treason.

Casement is the notorious Irishman who left Britain for Germany at the beginning of the war and endeavored to get Irish prisoners to enlist with the Germans.

FISHING CONCESSIONS SOUGHT IN THIS NORTHERN DISTRICT

City Council Approves Of Representations Being Made To Authorities.

The concessions sought by the different bodies last year, with respect to fishing, will be again pressed upon the authorities. It will be remembered that some of these were granted, but many were not concurred in by the Advisory Board at Ottawa. The representatives of that Board from British Columbia are F. H. Cunningham, of the Dominion Department, and N. D. McIntyre, the Provincial Deputy Minister.

The fishery committees of the city council and of the Board of Trade, together with others representing the citizens, have been holding meetings during the past few days and preparing representations to be made, in view of the situation.

It was decided to make representations direct to the ministers in the matters that have not been dealt

SEND MESSAGE TO FRONT FROM HERE

MEN FROM PRINCE RUPERT WILL BE ACQUAINTED WITH WHAT WAS DONE

Cablegram Is Proposed To Be Forwarded This Morning.

It is proposed this morning to send a message to Major Peck, to be communicated by him to the contingents from here now at the front, stating what the city is doing in support of the Red Cross.

The heartiest well wishes for all will be expressed in the cable, and the sentiment expressed of unflinching determination to back up the efforts of those at the front to bring the war to a successful issue.

DAM CARRIED AWAY BY FLOOD AT SUDBURY

Sudbury, April 25.—The dam at the head of Onaping Lake has been carried away by a spring flood. The approaches to the C. P. R. bridges were destroyed and six persons were drowned. The dam was the property of the Spanish River Pulp Company.

Red Cross Carnival Brought In Over Three Thousand Dollars

The Red Cross Carnival has passed into history and the organization is over $3,050 richer as a result of the effort put forth. While the first night's receipts exceeded the most sanguine hopes of the society, when $1500 was taken in, the second evening proved a still greater surprise, for considerably over $1,500 was made. The total for the two evenings could not be arrived at accurately last night as there were some returns to be made and adjustments to be arranged. It is certain, however, that about $3,050 has been made through the efforts of the citizens.

Everything went with a swing and the generosity of the citizens was well exemplified on all sides. At eleven o'clock last evening the operations were suspended while the drawings took place. Ald. Nelson, as Acting Mayor, acted as announcer of these. In introducing this feature he thanked the citizens generally on behalf of the Red Cross Society for their hearty co-operation. The ladies were deserving of special praise for their part. They were as a class doing heroic work in the national struggle, not only in such gatherings as that, but even close to the fighting line in the hospitals.

Those who were not able to go to the front were aiding in such works as the Red Cross Society undertook to alleviate suffering on the part of the men who were actually fighting.

He paid a compliment to the Indians of the coast who had so ably assisted in the Carnival. The Indians had shown their loyalty to the King and to the Empire, and in some instances had enlisted for service. More would have enlisted had they the chance to do so.

The raffles were won as follows with lucky numbers:

Flag and Pedestal, presented by Mr. Ackerberg—No. 112, Mrs. Ackerberg.

Lace Collar in Russian booth—No. 22, Miss E. Eason.

Pin Cushion—No. 14, Mrs. Ben Self.

Liberals Plugging At Byelection In Vancouver Will Be Investigated By Committee Of The Legislature

Victoria, April 25.—Determined to probe the Vancouver election scandal to the bottom, the Government it is understood will appoint a committee of the House to make an investigation of the charges that over 450 "pluggers" were voted by Liberal workers in the by-election in which M. A. Macdonald was elected in the Terminal City two months ago.

New developments in the case are coming in daily, and it is believed that the committee will unearth a good deal yet that has not so far appeared on the surface.

Corridor rumor in the Legislative Building has it that the committee will comprise N. F. MacKay, Kaslo, Chairman; E. Miller, Grand Forks; H. C. Brewster, Liberal leader; Parker Williams, Socialist leader; and probably one Vancouver member, either H. H. Watson or Dr. McGuire.

The intense interest which has been created by the Vancouver by-election expose, which is being made by the Daily Province, threatens to overshadow every other political subject of the day, and the announcement of the appointment of a Legislative Committee of Investigation is eagerly awaited.

The committee would, of course, have all the powers of the court in respect to the calling of witnesses.

JOHNNY O'LEARY MADE REPUTATION IN EAST

One Of The Popular Boxers Of Prince Rupert Won Laurels In Ring In Buffalo.

Johnny O'Leary, who is well known in Prince Rupert, where he made a reputation among local lovers of boxing as a game fighter, has apparently won the hearts of the followers of the ring in the east. The Buffalo Enquirier referring to his victory over Duffy says: He came to Buffalo practically an unknown boxer, one who claimed the lightweight championship of Canada, and at the Garden Theater in Pearl Street he jumped into popular favor by putting up a slashing, dashing and albeit somewhat smashing battle with Johnny Duffy, of Lockport. If Duffy ever knew he was in a fight he knew it after the clang of the bell for the first round. If Duffy started out with the idea that he was going to have a walk-away with the little battler from Seattle he soon discovered his mistake. O'Leary lived up to his published reputation as the Fighting Irishman. He sailed into Duffy as if he had never heard of the tantalizing left of the Lockport lad or that the latter had a decision over Jack Britton, Freddie Welsh, Charlie White, Willie Beecher and Ted Lewis.

O'Leary heard the bell ring and out he dashed. If his life had depended upon his showing he could not have fought with greater fury. Ever he was after Duffy and the famous left of the duke of Lockport was not apparent to any great extent. Sometimes he found it neatly blocked by the little Irishman from the northwest, and sometimes he found it sticking away over his head where O'Leary held it in check.

The fair-sized crowd that attended the battle went away buzzing and singing the praises of Johnny O'Leary. Duffy's admirers called the bout a draw, or were a little partial to Duffy in believing he had a shade. The neutral lads, who were swept off their feet by O'Leary's fighting, fairly dinned the place with their cheers for the visitor. They gave him the fight by a city block and they were not one whit backward in crying that O'Leary beat Duffy and not that Duffy beat O'Leary. If there was to have been a decision rendered it should have gone to the game little fighting cock from Seattle. He looked small compared to Duffy, but that didn't deter him. He never faltered, and though he stopped many jabs and some right uppercuts he gave more than he received in a way that fairly astounded the crowd.

Another Zeppelin Raid.

Four or five Zeppelins raided the Lincolnshire coast last night and dropped seventy bombs. One man was injured.

British Aeroplanes Active.

Eight British aeroplanes raided and destroyed the Turco-German camp at Quatia, near the Suez Canal, forcing the withdrawal of the army of the enemy.

CITY'S GENEROSITY.

The City of Prince Rupert has on many occasions shown her loyalty and generosity. Her citizens have responded nobly to the call to arms, and in proportion to population, is well represented in the trenches. To those who remain at home, the duty of contributing towards all funds connected with the prosecution of the war has always been plainly kept in view. The citizens have contributed well to the various funds that are sought to be raised. The Red Cross Carnival has been the latest, and the task was undertaken readily and the response was most liberal.

GERMAN BATTLESHIPS AGAIN MAKE RAID ON ENGLISH COAST

London, April 25.—A squadron of German battle cruisers with light cruisers and destroyers appeared off Lowestoft and opened fire at 4:30 a.m. today. Two men, one woman and a baby were killed.

The local naval forces, aided by light cruisers, beat off the enemy in twenty minutes.

A naval battle is reported as continuing in the North Sea, between the British and German squadrons.

Attack On Belgian Coast.

British warships made an attack on the Belgian coast yesterday, destroying the German positions. This was the heaviest bombardment since the war began. Damage was done to Zeebrugge, Heyst, Blankenberg and Heknocke. Several ships were sunk.

Russians Still Arriving.

Paris, April 25.—Another contingent of Russian troops arrived at Marseilles today. Three desperate attempts by the Germans to capture Deadman's Hill were repulsed yesterday. The Germans, who were aided by gas and flame, suffered heavy losses.

A large German powder factory at Dedagatch has been blown up.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

Suggestions for Successful ADVERTISING

The Best Time To Use Advertising Space

While the successful advertiser makes all times his own, their must of necessity be occasions when there are special advantages in presenting live facts about your goods to the public.

Advantages In Strenuous Times

Did it ever occur to you that in times when money is specially "tight" that the average buyer, and especially the thrifty housewife makes it a point to buy where the best can be got for the money expended? Have you an advantage to offer? Your advertising it will give you far better results than when times are better.

Buying Values Are Investigated

The value of money is appreciated now. Values count and are investigated by the public. This is the time to get full results from those who have good values to offer the public in any line of consumption.

with, and a resolution along these lines has been prepared. It was presented in the rough draft at the council last night and explained by Ald. Montgomery, the chairman of the Fishery Committee. The resolution was endorsed.

As explained by Ald. Montgomery, the resolution disapproves of limiting the number of canneries in the river. It favors doing away with boat rating and supports various other proposals made last year.

MORE MEN THAN WOMEN HAVE APENDICITI S

Surgeons state men are slightly more subject to appendicitis than women. Prince Rupert people should know that a few doses of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka, often relieve or prevent appendicitis. This mixture removes such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. The INSTANT, easy action of Adler-i-ka is surprising. C. H. Eye Troubles Corrected

Mr. Bulger has had over ten years experience in sight-testing and fitting glasses, and last mid-summer took a post graduate course, which included the latest discoveries in the science of optometry or eye measuring. One of the most important is dynamic skiametry. The new method of Prof. A. J. Cross, of New York, in which the eye is measured by a beam of reflected light and any error is recorded.

But we do not simply rely on one method; each eye is tested separately, in three different ways, besides trying the muscular balance, together and the nervous acuteness.

We use the new drugless methods, no drops in the eye and no heavy frame resting on your face; ours swings from the wall by a bracket.

"The Reliable Plumber,"
Prince Rupert, B. C.,

I have great pleasure in certifying to the excellent hot water and heating system that you installed in our parsonage, and that after six months of operation through the winter months it has given every satisfaction.

The system heats a thirty gallon tank of water to boiling temperature in one hour after the fire has been started; it in no way interferes with the oven for baking purposes. In addition to this, the wall radiator which you placed in dining-room and connected with the range boiler has given us splendid satisfaction, supplying us with ample heating throughout the winter, saving us the cost of a stove and fuel.

I most heartily testify to the satisfaction and efficiency of your system and gladly recommend it.

Yours very truly,
(Signed) (Rev.) J. F. DIMMICK.

Production and Thrift

"TO win the war with the decisiveness which will ensure lasting peace, the Empire will require to put forth its full collective power in men and in money. From this viewpoint it is our true policy to augment our financial strength by multiplying our productive exertions and by exercising rigid economy, which reduces to the minimum all expenditures upon luxuries and non-essentials. Only in this way shall we be able to make good the loss caused by the withdrawal of so many of our workers from industrial activities, repair the wastage of the war, and find the funds for its continuance. It cannot be too frequently or too earnestly impressed upon our people that the heaviest burdens of the conflict still lie before us, and that industry and thrift are, for those who remain at home, supreme patriotic duties upon whose faithful fulfilment our success, and consequently our national safety, may ultimately depend."—*SIR THOMAS WHITE, Minister of Finance.*

PRODUCE MORE, SAVE MORE.
MAKE LABOUR EFFICIENT.
SAVE MATERIALS FROM WASTE.
SPEND MONEY WISELY.

LET US PRODUCE AND SAVE—

The war is now turning on a contest of all forces and resources—men, munitions, food, money. The call to all is to produce more and more. It may be necessary to work harder. The place of those who enlist must be taken by those at home, men and women, old and young. The more we produce the more we can save. Produce more on the farms and in the gardens. Save more and help to win the war.

LET US NOT WASTE OUR LABOUR—

In this war-time all labour should be directly productive or should be assisting in production. Make it as efficient as possible. If your labour is on something that can be postponed, put it off till after the war and make your labour tell now. Making war is the first business of all Canadians. Efficiency in labour is as important as efficiency in fighting.

LET US NOT WASTE MATERIALS—

Begin at home. The larger portion of salaries and wages is spent on the home—food, fuel, light, clothing. Are any of these things being wasted? $20.00 a year saved from waste in every home in Canada will more than pay the interest on a war debt of $500,000,000.

LET US SPEND OUR MONEY WISELY—

Are you spending your money to the best advantage? What do you think of extravagance in war time? Tens of thousands of Canadians are daily risking their lives for us at home. Is it not our duty to be careful and economical? Canadian dollars are an important part of the war equipment. Make them tell. Have a War Savings Account. Buy a War Bond.
