British Troops Are Attacking Turks In Mesopotamia

Constantinople, March 6.—Heavy fighting is in progress in Mesopotamia between the British and the Turkish forces. The British received large reinforcements on February 21, and shortly afterwards launched an attack against the Turks, who were surrounding them at Kut-El-Armra.

Torpedo Boats Busy.

Petrograd, March 6.—Russian torpedo boats bombarded Trebizond destroying several Turkish ships. The attcking vessels escaped without damage.

ANOTHER ZEPPELIN ATTACK MADE IN ENGLAND

London, March 6.—Twelve persons were killed and thirty-three injured in last night's Zeppelin raid. Three Zeppelins took part in the attacks.

French Forces Are Holding Germans Back Without Danger

Paris, March 6.—The information that has been received tihs morning indicates that yesterday was a good day for the French at Verdun. The public confidence has been greatly strengthened by the news of continued repulses of the German attacks.

In military and political circles there is lively satisfaction expressed regarding the situation. The opinion efforts of the Germans will be more now begins to provail that the great easily disposed of than was at first expected.

Having failed to make any impression upon the Douaumont position and Vaux, the German general staff has decided to smash the French left on Vacherauville Wood and Cote Dupoivre. The position is to be taken without regard to cost. The best troops were hurled forward, but with no more success than elsewhere. Pomeranians and Brandenburgers dashed themselves violently against the French who stood as immovable as the rock.

MAYOR McCAFFERY WILL GO SOUTH

HE EXPECTS TO LEAVE THIS MORNING FOR VICTORIA TO HURRY UP BILL

Council Last Evening Authorized His Going On This Business.

Mayor McCaffery will leave probably this evening for Victoria on city business. At the council meeting last evening this was authorized by the council, which felt that he should go on the interests of the private bill now going through the Legislature. Ald. Nelson was elected Acting Mayor and Chairman of the Board of License Commissioners during his absence.

When the motion to authorizing the Mayor leaving came up, Ald. Casey asked why the trip was necessary. The City Solicitor was there and the Treasurer had just come back. The bill was reported to be in good shape for going through.

Ald. Nelson explained that the Finance Committee had had the matter up and decided it was in the best interests of the city to have the Mayor make the trip. The City Treasurer had explained that it would be a wise move. In the interests of the city, looking to the sale of the bonds, it was wise to have the bill put through at once, with as little delay as possible. There were several other private bills to come up from other cities. It was the hope to get this one before the Private Bills Committee, perhaps first of the list, and so expedite its passage through the House.

Ald. McClymont also urged that this step be taken, as time was an important factor.

Ald. McRae said he felt, from what had been put before the committee, that it was wise ot have the Mayor on the ground.

Ald. Montgomery said he did not want to incur any unnecessary expense, but if the expenditure would facilitate the getting of the bill through as explained, he favored the trip.

Ald. Casey said he had no objection provided it was necessary. He still looked upon it as unnecessary, however. He did not want the bill held up any.

The motion carried.

NEW ARRANGEMENT IN BOAT SERVICE

G. T. P. AND UNION STEAMSHIP COMPANY TO OPERATE UNDER NEW SCHEDULE

There Will Be An Exchange Of Routes Between Companies For A Time.

Evidently something like a friendly relationship has sprung up between the G. T. P. and the Union Steamship Company. This will not be ill news to Prince Rupert, as the existence of some kind of working arrangement, should that be established between these two companies, could be made to aid in the business of this port. The Union Steamship Company has excellent arrangements along this coast and have established well their business in the many ports of call. The G. T. P. has been handicapped somewhat in the matter of steamers outside of their palatial liners, which make only the main points ports of call.

It is announced that when the Prince John is taken off the southern run by the G. T. P. and put on the Alaskan service out of here, the connection now afforded with the south

OLD TIME CONCERT GIVEN LAST INGHT

Excelleent Programme Rendered In Methodist Church.

Last evening a most enjoyable concert was given in the Methodist Church. The programme was made up for the most part of old time selections, while old-fashioned costumes were worn by very many of those taking part. Mr. and Mrs. Brady in costume gave a scene from Shakespeare's "As You Like It." Mrs. Linnell, in the costume of former days, rendered vocal selections. Mrs. Derry, Mrs. Dimmick, Mrs. Woods, Mrs. Kar, Mrs. Merryfield and Mrs. Kergin rendered a chorus, "Old Mother Hubbard," which brought down the house. The Three Young Maids of Dee, with Ruby Dimmick, Madeline Nelson and Margaret Sherman was also a very amusing one. Mrs. Birch and Mrs. Derry, in a dialogue, made a hit. Messrs. Clapperton and Davis, in the beggars song were loudly encored. Mrs. Button contributed also to the programme. Mr. Lancaster rendered a pipe organ solo. Miss Eason an organ solo and Miss King a violin selection. Mrs. Muller was encored for her rendering of "Loch Lomond."

The concert was brought to a close by the singing of "God Save the King."

The Fortnightly Club.

Will meeet Wednesday evening in Presbyteerian Hall at 8 p.m. Subject: "Psychology and Its Relation to Religion, and The Various Psychic Cults of Modern Times." The subject will be dealt with by H. F. McRae and Rev. H. R. Grant. After they have spoken a free discussion is invited. Everybody welcome.

United States Customs Officer Will Be Located Here Very Shortly

It is reported that it is practically settled that the United States will locate a customs officer in this port within a short time. This will be a matter of inestimable advantage in connection with the handling of business here. It will put Prince Rupert in exactly the same position as Vancouver or Victoria with respect to trade in and out of the United States.

The step is taken in view of the fact that the G. T. P. is about to enter the Alaskan trade in real earnest.

The presence of a United States customs official will allow the handling of the trade through here with little or no delay. Baggage destined to United States ports may be examined here and it will then be free from examination at the other end of the voyage.

Brigadier-General Leckie's Condition.

The condiiton of Brigadier-General Leckie, who was again wounded a few days ago at the front, is considered more serious than at first.

How Serial Bond System Is Affected By Increase In Interest

At the council meeting last evening a report from the City Treasurer to the Finance Committee was presented dealing with certain phrases of the city's financing, under changes proposed in the bond issue. These reports were as follows, and show how it is proposed to meet various aspects of the case:

Dear Sirs:—

This increase will involve an extra annual levy of $14,745.78 to provide for the additional one per cent. Under the original scheme on 5 per cent. the total levy to provide for annual instalment to liquidate our total actual indebtedness, spread over the periods mentioned in schedules, namely, $106,000.00 payable in 10 years; $74,237.73 payable in 20 years; and $1,440,000.00 payable in 30 years, it required $113,358.56 each year. Under the revised scheme, schedules bearing 6 per cent. interest, we require $128,104.34.

The addiitonal levy of $14,745.78 will be provided as follows: by tax levy on local improvements and general debentures, $12,071.26, out of utility revenues, $2,674.52. It will, therefore, be seen that less than 1 mill on annual levy will provide for increase in interest. This increase in interest will also reduce our discount correspondingly.

There is every possibility of this additional amount being reduced if a fair price is obtained for the issue. Our Sinking Funds will be sufficient to take up some of our debentures instead of selling them, thereby eliminating levy entirely. Under the original Sinking Fund Bylaw, governing Section 1 grading, the property holders pledged themselves to pay for the improvement in 50 years, in interest and principal $2,130,387.50. With the increase to 6 per cent. under the instalment plan they pay in 30 years, $1,612,806.00, thereby saving themselves $517,581.50.

It will be interesting to note the favorable position the city is in to

Eye Troubles Corrected

Mr. Bulger has had over ten years experience in sight testing and fitting glasses, and last mid-summer took a post graduate course, which included the latest discoveries in the science of optometry or eye measuring. One of the most important is dynamic skiametry. The new method of Prof. A. J. Cross, of New York, in which the eye is measured by a beam of reflected light and any error is recorded.

But we do not simply rely on one method; each eye is tested separately, in three different ways, besides trying the muscular balance, together and the nervous acuteness.

We use the new drugless methods, no drops in the eye and no heavy frame resting on your face; ours swings from the wall by a bracket.

HOW SERIAL BOND

(Coninued from Page One.)

take care of this extra levy. In doing so I submit that one must look upon it from the view point of the city as a whole, irrespective of local improvement or general levy. From this aspect, therefore, we will take a comparison of 1914 levy and 1916 levy, with additional charges: In 1914 our total local improvement levy was $145,643.66; our general debenture special rate levy, $51,095.90; charges against utility revenues, $12,536.24; making total to provide for interest and redemption charges, $219,275.80 per year.

For the year 1916, to take care of all payments of instalments under the revised plan, also interest and redemption charges for debentures still remaining under the Sinking Fund plan, both general and local improvements, we will require a total levy for local improvements of $74,055.72; for general debentures, $59,446.17; charges against utilities revenue, $27,402.00, making gross total to provide for all money bylaws of $160,903.89—a reduction of $58,371.91, brought about, in part, by redemption of short term local improvement bylaws, which will make way for the additional levy incurred by instalment plan and increase of interest rate, and still show above reduciton on total tax levy of the city.

For the year 1916 special rates will be reduced by $24,612.48, accumulated Sinking Funds upon the bylaws repealed and cut out of Private Bill, namely, Sewer Bylaw, $350,000.00; Water Extension Bylaw, $100,000.00; Grading City Property Bylaw, $46,000.00 and Grading City Property, Fulton Street Bylaw estimated, $5,000.00.

I estimate, therefore, that a total of 11 mills will cover tax rate for 1916 to provide for everything.

Respectfully submitted,

E. D. JOHNSON,
City Treasurer.

Memo Re Bill.

Several reasons for not submitting to Ratepayers only for endorsation of Bill, which was done by referendum at general election held on January 13th, 1916, and carried by 484 to 60 votes.

1. The Municipal Act does not require local improvement bylaws submitted for assent of ratepayers.
2. The utility redemption charges are paid out of revenue and not levied by taxation.
3. The Government Debt forms part of Incorporaiton Charter and never was submitted.
4. That the change into Serial Bond does not increase, but decreases to a very large amount the liabilities of the ratepayers.
5. That the additional levy required to bring out this saving in interest and reduce the life of the debenture debt means less than 1 mill per year to accomplish the fact.
6. That it was not desirable to repeal original bylaws and construct entirely new ones, by this act, but simply to amend them as to style of debentures and term of years and levy but to keep original bylaws alive as regards mode and date of collection and special conditions such as act governing Bylaw 59, and conditions in 1911 Local Improvement Act, some of which has been since repealed.

Reserve Fund.

To prevent raising annually in our estimates an amount to safeguard against arrears, seeing that it has been the practice of City to make complete Sinking Fund shortages out of General Fund, there has accumulated in these Sinking Funds, $37,400.00, which will revert back to General Fund on maturity of debentures. The change to Serial Bonds will at once release it, and it is proposed to hold this amount as a reserve, and supplement it by an additional amount to bring it up to $50,000.00. This will answer the dual purpose of safeguarding debenture holders and offer additional inducement to purchaser as well as penalizing property holders each year by increasing the taxation to safeguard instalment payments, and possibly raising more than is required, as provision must be made in estimates which, of necessity, must be somewhat vague, inasmuch as these estimates are brought down in June or July and collections take place in October and November, and it is almost an impossibility to say what the arrears are likely to be. Furthermore, seeing that this $37,400.00 has accumulated during 1913, 1914 and 1915, quite a large number of lots have changed hands and the property holders who paid the taxes are no longer interested. I sumbit, therefore, that the treatment proposed would be fair and avoid in future extra leviees through anticipated arrears.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Packing Supplies," will be received until 4 p.m., on Tuesday, March 7, 1916, for the packing of material and supplies for points along the Yukon telegraph line between Hazelton and Atlin, in the course of the season 1916, 1917 and 1918.

Forms of tender and specification may be obtained from Mr. J. T. Phelan, Superintendent of Government Telegraphs, Vancouver, B. C., Mr. Wm. Henderson, District Superintendent Government Telegraphs, Victoria, B. C., and from the Government Telegraph Agents at Ashcroft, B. C., Quesnel, B. C., Hazelton, B. C., and Telegraph Creek, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honorable the Minister of Public Works, equal to ten per cent. (10 p.c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,

R. C. DESROCHERS,
Secretary.

TO DE ONSTRATE ELECTRIC COOKING

THE CITY COUNCIL VOTED $150 FOR PURPOSE LAST NIGHT

It Is Hoped To Induce The Citizens To Use More Electricity.

The city council last evening voted in favor of setting aside $150 to be used for the purpose of demonstrating the advantages of using electricity for cooking. The committee brought in a report favoring this.

Ald. McRae thought the rate for electricity would have to be agreed upon first. At present, he thought, the rate was to high to expect many to use the power for cooking. There should be a very low rate for this service.

Ald. Dybhavn said the rate had been agreed upon last year. At that rate it was cheaper than coal for cooking. The committee intended to go into the matter soon, and if a lower rate could be given it would be.

Ald. McClymont pointed to the fact that there was the initial cost for the electric stove as well as the scrapping of the old one, which made it necessary to have the cost much lower than coal before any inducement would be possible.

Ald. Montgomery thought perhaps a company might supply a demonstration equipment. The city did not in any event intend to go into the retail business, as far as disposing of stoves was concerned. The city plant was very efficienet, but it lacked the load.

The motion to grant $150 to the scheme carried.

NEW ARRANGEMENT

(Continued from Page One.)

by the Prince John will be served by a vessel of the Union Steamship Company, which will make connections from the south with the Monday morning train, and connections with the south for the Tuesday's train. This will continue until the two large steamers of the G. T. P. are again put into service.

When this is done the Prince Albert of the G. T. P. fleet will be put into service again. It will take the run of the Camosun as it now is scheduled, including the Queen Charlottees. This will be kept up until the summer schedule comes in, likewise when the Union Company will resume its run again.

The Union Steamship is now making the G. T. P. wharf its berthing place. This it is expected is from no fault being found with the service given at the Government wharf. It is purely a matter of convenience in connection, it is presumed, with the new working arrangements.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining right of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

LAND REGISTRY ACT.

Notice Under Section 36.

TAKE NOTICE that an application has been made to register Mitchell Albert, of Prince Rupert, B. C., as the owner in Fee-simple, under two Tax Sale Deeds from the Collector of the City of Prince Rupert, to Mitchell Albert, bearing date the 10th and 15th day of September, A. D., 1915, in pursuance of a Tax Sale held by said Municipality on or about the 9th day of September, 1914, of all and singular certain parcel or tract of land and premises situate, lying, and being in the City of Prince Rupert, in the Province of British Columbia, more particularly known and described as: Lots One (1) and Two (2), Block Forty-five (45), Section Seven (7), and Lot Thirty-eight (38), Block One (1), Section Eight (8), Map 923.

You and those claiming through or under you, and all persons claiming any interest in the said land by descent whose title is not registered under the provisions of the "Land Registry Act" are required to contest the claim of the tax purchaser within forty-five days of the service of this notice upon you. Otherwise you and each of you will be for ever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register the said Mitchell Albert as owner in fee.

Your attention is called to section 36 of the "Land Registry Act" and amendments, and especially to the following extract therefrom which relates to the above notice:—

"And in default of a caveat or certificate of lis pendens being filed before the registration as owner of the persons entitled under such tax sale, all persons so served with notice, or served with notice under subsection (6) of section 155 of the "Municipal Clauses Act, 1906," or section 293 of the "Municipal Act," or section 139 of the "Assessment Act, 1903," or section 253 of the "Taxation Act," in cases in which notice under this Act is dispensed with as hereinafter provided, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be for ever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes."

Dated at the Land Registry Office, at the City of Prince Rupert, Province of British Columbia, this 3rd day of January, A. D., 1916.
