NO GERMAN CRUISER CAN MENACE BRITISH TRADE

Believed By Experts That End Of Great Battle Is Nearing

Rumored That Five German Generals Killed At Verdun

Spanish Steamer Sank Of The South American Coast

Experts Believe Verdun Battle Is Very Near End Germans Giving Way

Paris, March 7.—The constantly diminishing action at Verdun confirms the opinion which is now expressed in the best informed quarters, that the end of the battle is near. Lieut.-Col. Rousset, a military critic, in summing up the second phase of the battle says, this phase, which opened with devasting bombardment was followed by the fiercest kind of onslaught on a narrow front from Haudremont Wood to Douaumont. The Germans not only suffered, so that it ended in a complete faliure, but suffered terrible losses.

Then came a desperate attempt to turn our flank. This attack developed on Friday against our gun positions on the Heights of the Meuse. The enemy was mowed down pitilessly and were forced to retreat.

Germans Took Hill.

An official report says that further progress has been made by the Germans in the Verdun region, to the west of the Meuse. They succeeded by means of violent bombardment in pushing along the railroad in the neighborhood of Regeneville, capturing Hill 265.

MANY GERMANS KILLED.

Copenhagen, March 7.—It is reported here that five German generals have been killed in the fighting which has taken place about Verdun during the last few days.

RUMOR AFLOAT THAT GERMAN RAIDER IS OUT

Honolulu, March 7.—It is rumored that a German raider has been sighted in the Pacific near the Straits of Magellan. British and Japanese warships are searching for her.

The Austrailian liner Niagara arrived from Vancouver a day ahead of schedule time.

March First starts the Big Sale at Kirkpatrick's.

CHARGES ARE LAID IN ALBERTA HOUSE

ALLEGATIONS MADE BY CONSERVATIVES OF GOVERNMENT SUPPORTERS ON SCANDAL

Another Liberal Government Is Charged With Wrong-Doing.

At the sitting of the Alberta Legislature last Wednesday, Dr. Stanley, Conservative, moved the adjournment of the House, for the purpose, as he said, of calling attention to certain matters of grave character which had been called to his attention, and upon which he thought the House should take action. He then went on to charge that improper relations existed between officials and agents of the Government and of the liquor licensees and made the following charges:

No German Cruiser Is Now Able To Menace British Commerce

London, March 7.—Hon. A. J. Balfour, First Lord of the Admiralty, stated in the House of Commons today that the tonnage of the British navy has been increased by a million tons since the outbreak of the war. The strength of the air division of the navy during the same time has grown tenfold.

The personnel of the fleet has been doubled, he added.

There is no German cruiser in a position to menace British commerce in any ocaen at this moment, according to Mr. Balfour.

CAMOSUN HELD FAST ON THE ROCKS

DURING THE SNOWSTORM SHE WENT ON DIGBY ISLAND

It Was Expected She Might Be Floated Off Early.

The Union Steamship Camosun went ashore on Monday night on her way to Queen Charlotte Island points. She had only got outside the harbor when she met with the accident, due to the snowstorm that was prevailing. It is not anticipated that much damage has been done to her.

She is resting on Lima Point, on the outer side of Digby Island. This is about seven miles from the city. Word was got into the city this morning and the Kwinitsa went to her assistance, under charge of Capt. Babington. The passengers were all brought back to the city. All day yesterday the work of getting ready to get her off at high tide this morning was in progress. It is expected she will be floated perhaps without damage. It is not believed she is taking water at all.

Owing to the position in which she is it will be necesary to get her out of her present predicament by shifting her broadside.

The Fortnightly Club.

Will meeet Wednesday evening in Presbyteerian Hall at 8 p.m. Subject: "Psychology and Its Relation to Religion, and The Various Psychic Cults of Modern Times." The subject will be dealt with by H. F. McRae and Rev. H. R. Grant. After they have spoken a free discussion is invited. Everybody welcome.

ST. PATRICK'S DAY.

A splendid programme is being prepared by local talent for St. Patrick's Day, March 17th. 3-t.

Capital Made Available For Mining Development Along Line Of The G.T.P. By Spokane Investors Becoming Interested

The presence of mining men from the United States in this part of the Province augurs well for the development of the promising properties that are located in this part of the Province. Along the coast and along the line of the G. T. P. there is every prospect for the coming summer being a very busy one.

An article taken from the Spokesman Review, of Spokane, refers to properties in this part of the Province and within the zone of influence of Prince Rupert. That paper says:

"The second instance within a few days of the financing of a copper property in British Columbia by Spokane capital is that of the Cassiar Crown Copper Company, a substantial block of whose treasury stock has been underwritten by the Pohlman Investment Company. Subscriptions to a large portion of the underwritten stock already have been secured.

"The property is strongly indorsed by three well known engineers, each of whom gave it a personal examination. They are W. Clayton Miller, formerly General Manager of the Federal Mining & Smelting Company, who is so well pleased with the prospects of the company that he has accepted the appointment of consulting engineer; Raleigh P. Trimble of Portland, Ore., who is Vice-President and General Manager of the company, and J. D. Galloway, Assistant Mineralogist of British Columbia.

'The consensus of the three independent reports made by them is that for partially developed claims in a new district the holdings of the Cassiar Crown Copper Company show an unusual number of openings exposing pay ore. In seven places out of 10 the ore carries values of from 4 to 8 per cent. in copper across widths of from two to five feet, in a mineralized zone of sufficient width to permit the presence of wide ore bodies below. The average value of the ore exposed in all the workings is believed to be about 7 per cent. copper, five ounces in silver and 40 cents in gold per ton.

"The deepeest working on the property is a 50-foot shaft showing a continuous ore body, which assays in the bottom, the investigators say, 7.2 per cent. copper, $3.40 in gold and 2.4 ounces of silver to the ton. The noticeable feature of this development is the increase in gold value and corresponding decrease in silver value with depth.

"The company plans to start work March 15 on a 500-foot crosscut tunnel which will tap the ledge at a depth of 250 feet. Drifts will then be opened up on the vein, which it is believed will be reached by the tunnel before August, and the extent and value of the ore on this level thoroughly demonstrated. Should the same prove satisfactory the mine will be promptly equipped with a tramway and put on a shipping basis.

"The property of the company is located on the northeast side of the Bulkley Valley, five miles from Walcott and 18 miles from Telkwa, on

Over Five Hundred Believed Lost From Sinking Spanish Ship

Rio De Janerio, March 7.—More than 500 persons are still missing as the result of the sinking of the Spanish steamer Principe de Asturias, after striking a rock off a point at the extremity of the Island of Sebastian.

MEXICAN PRISONERS BURNED TO DEATH IN EXPLOSION

El Paso, March 7.—Eighteen Mexican prisoners were burned to death and thirty seriously burned by an explosion which occurred in the disinfecting bath of the city jail. The bath, which was used for the destruciton of vermin, was composed of gasoline, kerosene and vinegar.

The vapor from the bath became ignited from the flame of a match held by a prisoner and the flames spread throughout the jail. Twelve Americans were injured.

Charles Phelps, a motor man, was shot by a Mexican following upon a rumor that 200 Mexicans had been deliberately burned to death.

Eye Specialist

Glasses Accurately Fitted

Eye Troubles Corrected

Mr. Bulger has had over ten years experience in sight testing and fitting glasses, and last mid-summer took a post graduate course, which included the latest discoveries in the science of optometry or eye measuring. One of the most important is dynamic skiametry. The new method of Prof. A. J. Cross, of New York, in which the eye is measured by a beam of reflected light and any error is recorded.

But we do not simply rely on one method; each eye is tested separately, in three different ways, besides trying the muscular balance, together and the nervous acuteness.

We use the new drugless methods, no drops in the eye and no heavy frame resting on your face; ours swings from the wall by a bracket.

Prince Rupert, B. C., April 11, 1914.

MR. HARRY HANSON,
Prince Rupert, B. C.,

Dear Sir:

This is to certify that the hot water system installed in my home is entirely satisfactory. It heats quickly, without any additional fuel to that required for necessary cooking and kitchen work, and there is always an abundance of hot water for all purposes for which it is intended. It is much superior to the method of heating water previously installed in the range, inasmuch as the water is now hot instead of luke warm with the same amount of fire.

It has, I believe, an additional advantage in the protection of the firebox of the range from burning out, and I consider it the cheapest and most efficient method I have seen in use.

Yours very truly,
(Signed) M. M. STEPHENS.

BRITANNIA RULES THE WAVES.

The announcement made by Hon. A. J. Balfour in the House of Commons yesterday, to the effect that there is not now a single German cruiser that is in a position to menace British commerce, is a record that is a proud one for the British navy. It shows that that navy, as has long been the boast, rules the sea. The commerce of the world, while necessarily disarranged through the progress of the war, has been allowed to proceed along well established lines through the protecting agency of the British navy.

NOT SAFE OUT.

The rumor in the despatches today, which is to the effect that the German navy has come out, is not likely well founded. The statement of Mr. Balfour seems to meet it, and may be taken as indicating that there is little or no ground for the report. Outside the Kiel Canal is not considered safe for German warships.

CHARGES ARE LAID.

(Continued from Page One.)

"First, that the Government or its agents have for some time received large sums of money from the Licensed Victuallers' Association for election purposes.

"Second, large sums of money have from time to time been paid by licence holders in the province to agents or officials of the Government for the purpose of obtaining concessions from the Government in connection with liquor licences.

"Third, that thousands of dollars have beene paid to agents of the Government to stifle prosecutions under the liquor licence ordinance.

"Fourth, that in the year 1914 a large number of licensees of the province paid the sum of $25,000 to the agents of the Government to secure immunity from such extortion at the instance of such agents."

Continuing, he said, he gave notice that on Tuesday next he would move that the Lieutenant-Governor-in-Council be requested to appoint a commission consisting of three judges of the Supreme Court of Alberta, to make inquiry into the administration of the licence branch of the Attorney-General's Department and that the commission have all the powers of a court in relation to cause or matter, and that the said commission make a report to the Lieutenant-Governor-in-Council upon all such matters for the information of the Legislature. The selection of counsel to assist in conducting said inquiry to be made by the commissioners and that the commissioners might also have power to hear other counsel as might be deemed advisable from time to time.

No comment was made by Premier Sifton or other members of the Government.

Notice is hereby given in accordance with the Statutes that all assessed taxes, income and school taxes, assessed and levied under the "Taxation Act" and "Public Schools Act" are now due and payable for the year 1916.

All taxes collectable for the Prince Rupert Assessment District are due and payable at my office, situated in the Provincial Land Registry Building, in the City of Prince Rupert, B. C.

This Notice in terms of law, is equivalent to a personal demand by me upon all persons liable for taxes.

Dated at Prince Rupert, B. C., January 8th, 1916.

C. W. HOMER,
Assessor and Collector for the Prince Rupert Assessment District.

Certificate Of Improvements.

NOTICE.

Blue Bird Mineral Claim, situate in the Skeena Mining Division of Cassier District. Where located: On Glacier Creek, Goose Bay, B. C., about 2 miles from mouth.

TAKE NOTICE that I, J. Fred Ritchie, Free Miner's Certificate No. 90,071B, acting as agent for Arthur C. Crookall, Free Miner's Certificate No. 94,053B, intends, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under section 85, must be commenced before the issuance of such Certificate of Improvements.

Dated this 2nd day of February, A. D., 1916.

J. FRED RITCHIE,
Agent.

w-f-9.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior

LAND REGISTRY ACT.

Notice Under Section 36.

TAKE NOTICE that an application has been made to register Mitchell Albert, of Prince Rupert, B. C., as the owner in Fee-simple, under two Tax Sale Deeds from the Collector of the City of Prince Rupert, to Mitchell Albert, bearing date the 10th and 15th day of September, A. D., 1915, in pursuance of a Tax Sale held by said Municipality on or about the 9th day of September, 1914, of all and singular certain parcel or tract of land and premises situate, lying, and being in the City of Prince Rupert, in the Province of British Columbia, more particularly known and described as: Lots One (1) and Two (2), Block Forty-five (45), Section Seven (7), and Lot Thirty-eight (38), Block One (1), Section Eight (8), Map 923.

You and those claiming through or under you, and all persons claiming any interest in the said land by descent whose title is not registered under the provisions of the "Land Registry Act" are required to contest the claim of the tax purchaser within forty-five days of the service of this notice upon you. Otherwise you and each of you will be for ever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register the said Mitchell Albert as owner in fee.

Your attention is called to section 36 of the "Land Registry Act" and amendments, and especially to the following extract therefrom which relates to the above notice:—

"And in default of a cavet or certificate of lis pendens being filed before the registration as owner of the persons entitled under such tax sale, all persons so served with notice, or served with notice under subsection (6) of section 155 of the "Municipal Clauses Act, 1906," or section 293 of the "Municipal Act," or section 139 of the "Assessment Act, 1903," or section 253 of the "Taxation Act," in cases in which notice under this Act is dispensed with as hereinafter provided, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be for ever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes."

Dated at the Land Registry Office, at the City of Prince Rupert, Province of British Columbia, this 3rd day of January, A. D., 1916.

H. F. MacLEOD,
District Registrar.

YOUR KING AND COUNTRY NEED YOU

61 Recruits Wanted For 102nd Overseas Battalion C. E. F.

Training Camp Now Opened At Prince Rupert, B.C.

WHEN A MAN IS THINKING OF ENLISTING, THERE ARE FIVE QUESTIONS THAT HE WANTS ANSWERED. THEY ARE:

How Long Am I To Serve?

Until the end of the war and six months after, if required.

What Pay Shall I Receive?

Your pay as a private will be $1.00 per day and 10 cents field allowance. Besides this you will be clothed, equipped and subsisted by the Government.

What Will My Wife Receive During My Absence?

Every month there will be paid her a separate allowance of $20.00 (also a part of your pay), and if this be not enough to comfortably maintain your family, the Canadian Patriotic Fund will further assist them.

What Will Happen If I Am Wounded Or Sick?

You will be cared for by the Government and your pay continued until you are discharged. If you are permanently disabled, an allowance will be paid you, varying according to the extent of the injury or disability.

What Will Be Done For My Wife And Children If I Die On Active Service?

The Government will provide an adequate pension, that will enable the family to live comfortably until the children are old enough to look after themselves. The widowed mother of a single man, if the son be her sole support, is treated in the same way as a wife.

IF YOU WISH FOR FURTHER INFORMATION ASK THE SECRETARY OF THE BRANCH OF THE CANADIAN PATRIOTIC FUND IN YOUR TOWN.

Apply Headquarters Prince Rupert Company, 102nd Battalion, 3rd Ave.

SASKATCHEWAN HAS MANY SCANDALS

TWO MEMBERS OF LIBERAL GOVERNMENT ALLEGED TO BE IMPLICATED IN THEM

Motion Introduced To Have A Thorough Investigation Made.

For the third time within one month J. E. Bradshaw, Conservative member for Prince Albert, has brought down charges in the Saskatchewan Legislature Assembly that have reflected upon the honor and integrity of the members of the Assembly.

The new charges which he presented to the House, directly implicated two cabinet members—Hon. Goerge A. Bell, Provincial Traesurer, and Hon. Archie McNab, Minister of Public Works—while D. J. White, supporting Bradshaw, intimated to the House there were "more yet."

The charges were made in the following motion:

I, John Ernest Bradshaw, a member of this Assembly, am informed and verily believe that I can establish by satisfactory evidence that the asylum for the insane at North Battleford has cost the province in consequence of graft, incompetence and connivance of officials of the government, a very large sum beyond its proper actual cost.

That many contracts in connection therewith were let without tender or sufficient opportunity for tender, at excessive prices.

That contracts were cancelled without cause or proper cause and new ones given at increased or excessive prices.

That in connection with the electric wiring of said building gross irregularities prevailed to the public loss.

That the Minister of Public Works knew and permitted such irregularities to exist and continue.

That the contractors for the Regina goal were permitted to substitute different and cheaper material for that provided in the specifications without any proper reduction in fixed prices.

That in electrical work, the stipulated prices were greatly increased and contracts manipulated to the great loss of the public.

That the power house was not built according to specifications.

That in the purchase of the goal site, through F. J. Robinson, and associates, a sum of some thirty-eight thousand dollars was lost to the province and that fresh evidence is available since the inquiry in relation thereto held before the Public Accounts Committee.

That certain officers of the department have connived with other persons to defraud the public by means of excessive prices on contracts for purchases of supplies for wiring and installation and have been guilty of conniving at a participation in the graft.

That the Hon. George Bell is directly or indirectly interested in a company or companies having large dealings with the Department of Telephones.

That the said company or companies have taken advantage of such connection with the Hon. George Bell to put pressure on rural telephone companies, to buy supplies, secure guarantee of bonds and have installation work done by such favored companies.

Be it therefore resolved that this House do humbly petition a Royal Commission of judges be appointed to inquire into the said charges and report the evidence from time to time to this House.

FORTS AT METZ MADE OBJECT OF AVIATORS ATTACK

Amsterdam, March 7.—French aviators made an attack on three of the forts at Metz. Several ammunition trains carrying supplies to the front were damaged.

LORD FISHER TO BE MEMBER OF CABINET

Former First Sea Lord To Be Offered An Important Position.

London, March 7.—Reports circulated here that Mr. A. J. Balfour, First Lord of the Admiralty, is to retire, were denied in official quarters. It is the concensus of opinion in government circles that a place in the cabinet will be found for Lord Fisher, former First Sea Lord, whose experience, it is said, would be invaluable in planning to meet the supreme naval effort Germany is expected to make.

According to the Chronicle, Lord Fisher, who, since his retirement as First Sea Lord, have been serving as chairman of the war inventions board, will shortly return to a prominent position in the government service, probably as a member of the war council.

—o—

BRITISH CASUALTIES IN RECENT FIGHTING

Lists Name 19 Officers And 501 Men —230 Deaths.

London, March 6.—Casualties reported from theatres of war, include 19 officers, of whom seven are dead, and 501 men, of whom 223 are dead. The principal sufferers were 4th Worcestershires, 7th East Yorks, 11th Middlesex, 7th York and Lancs., 7th London Regiment, Royal Engineers, 2nd Munster Fusilliers, Army Cyclist Corps, 6th Shropshires and 10th Essex.

Sergt. Isaac Johnstone, Canadian Expeditionary Force is gazetted second lientenant in the Royal Welsh Fusilliers.

—o—

RUMOR SPREAD OF GERMAN FLEET HAVING COME OUT

London, March 7.—Under cover of a snowstorm, the German fleet left Wilhelmshavn, at the entrance to the Kiel Canal, presumably to give battle to the British fleet in the North Sea.

Another Report.

Amsterdam, March 7.—It is reported that the German fleet has arrived at Zeebrugge from the Kiel Canal, and that they are keeping up steam. The Russian and British Admiralties are in continuous communication with each other.

—o—

RUSSIAN ARMY HAS BEEN LANDED NEAR TREBIZOND

Petrograd, March 7.—Under the cover of a supporting gun fire from the Russian warships, a Russian army has landed at Atina, a port in the Black Sea naer Trebizond. Advancing to the southward, it forced the Turks to evacuate their positions, taking prisoners and guns.

CARRUTHERS HAD SMALL CATCH OF HALIBUT THIS TIME

After being out about eighteen days the Carruthers, of the Canadian Fish & Cold Storage Company, reached port yesterday. She had a small catch owing to unfavorable weather on the banks. Her catch was only about 12,000 pounds.

THE VOICE IN THE FOG IS PREMIER ATTRACTION

Very Attractive Programme Is To Be Given At Westholme Theatre.

The Westholme Theatre has a great attraction for this evening, "The Voice in the Fog."

Most popular of all the young stars of the American stage, Donald Brain makes his debut as a photo-dramatic star in the Paramount Picture, "A Voice in the Fog," produced by the Jesse L. Lasky Feature Play Company, and adapted from the novel of the same name by Harold MacGrath—a novel which has been read by hundreds of thousands.

Probably no better role could have been selected for the handsome and dashing young Mr. Brian than the part of Thomas Webb in "The Voice in the Fog." The very name of the play suggests its subtle mystery of theme as it was the voice of Webb over-heard in the denseness of a London fog which led to exciting, melodramatic situations. Webb, who falls heir to a title, wagers and loses to a professional confidence man the privilege of using the title for three months. It is the spurious titled gnetleman who places the youth in embarrassment.

Among the Lasky players who appear with Mr. Brian are Miss Adda Gleason, Frank A. Connor, Georage Gebhardt, Ernest Joy and Florence Smythe.

TRAIN DELAYED BY SERIES OF SNOW SLIDES

The G. T. P. Service Interfered With Last Night.

The G. T. P. train, usually so regular in its arrivals was delayed last night and did not reach the city until after midnight. The delay was due to the fact that some snow slides came down in the vicinity of Mile 44, requiring the regular train to stop at Terrace until the way was all cleared again.

WELL KNOWN STEAMER HENRIETTE SOLD

G. T. P. Freighter Sold To Ore Carrying Company.

The sale is announced of the G. T. P. freighter Henriette to the Coastwise Steamship and Barge Company. This company, better known as James Griffiths & Sons, operate a fleet of steamers and barges on the coast and between Britannia Mines and Tacoma smelters. James Griffiths formerly operated from Victoria. The Amur, purchased by this concern, still flies the British flag and the Henriette will also, it is announced, continue to fly the Union Jack.

The increased output from the Britannia Mines and Granby Bay, which has of late taken place, and the fact that the Leona of the Vancouver Portland Cement Company which was sometimes chartered to carry ore to the Tacoma smelters, is no longer available, may possibly have something to do with the necessity of providing another steamer for this business. The terms of the sale are not known.

FAREWELL CONCERT.

(Continued from Page One.)

phony, that made such a hit at the Anglican concert a short time ago, will be repeated at this concern.

Those in charge intend to make the concert the best ever held here. Judge Young will deliver an address. There will be a programme of moving pictures given by the Westholme also.

CAPITAL MADE AVAILABLE.

(Continued from page two)

the Grand Trunk Pacific Railroad, 260 miles east of Prince Rupert. It consists of about 50 acres each.

"The company is capitalized at $1,000,000 in shares of the par value of $1, of which 510,000 are in the treasury. Officers of the company besides Mr. Miller and Mr. Trimble, the latter of whom bought into the famous Rocher de Boule mine at Hazelton, soon after its discovery and financed and directed its early development, are Isaac W. Anderson, of Tacoma, Presidnet; and Cadwalader Jones of Tacoma, Secretary-Treasurer."

Eye Troubles Corrected

Mr. Bulger has had over ten years experience in sight testing and fitting glasses, and last mid-summer took a post graduate course, which included the latest discoveries in the science of optometry or eye measuring. One of the most important is dynamic skiametry. The new method of Prof. A. J. Cross, of New York, in which the eye is measured by a beam of reflected light and any error is recorded.

But we do not simply rely on one method; each eye is tested separately, in three different ways, besides trying the muscular balance, together and the nervous acuteness.

We use the new drugless methods, no drops in the eye and no heavy frame resting on your face; ours swings from the wall by a bracket.

MR. HARRY HANSON,
Prince Rupert, B. C.,

Dear Sir:

This is to certify that the hot water system installed in my home is entirely satisfactory. It heats quickly, without any additional fuel to that required for necessary cooking and kitchen work, and there is always an abundance of hot water for all purposes for which it is intended. It is much superior to the method of heating water previously installed in the range, inasmuch as the water is now hot instead of luke warm with the same amount of fire.

It has, I believe, an additional advantage in the protection of the firebox of the range from burning out, and I consider it the cheapest and most efficient method I have seen in use.

Yours very truly,
(Signed) M. M. STEPHENS.

Speceial price for coil formonth of March only will be Fifteen dollars, Ten dollars cash, balance 30 days.
