Mining Interest Is Evidently Directed To This Part of Country

The interest in mining in this northern part of the province is advancing very rapidly. Prince Rupert is becoming a regular mecca of mining men on their way to different parts to inspect properties that have been brought to their attention.

In most of cases these men come and go without much flourish of trumpets. No one section of the country has a monopoly in the interest shown.

Among the points that are attracting attention, the Portland Canal district seems to have again come into favor. Stewart camp it would seem likely, will have a proud position before long.

Yesterday quite a large number representing several different interests were in the city waiting for the Camosun to go to Stewart. There was included among them H. R. Plate, of New York, who holds an option on the Salmon-Bear River Mining Company's property taken last November, and which has been operating all summer under N. L. Wimmler as superintendent.

Mr. Elmendorff, of Seattle, was here also on his way to Stewart, where he has large interests. Others who are going in were: Talbot Schmuck, of Victoria; C. C. Labrie, of Montreal; T. R. McLeod, of Vancouver; Guy W. Cox and S. Hill, of Boston; and Gilbert Witters, of Portland.

Do Not Forget The Sale.

The sale of home cooking that has been such a decided success for the Red Cross work will be resumed on Friday next in Harrison & Gambl.'s offices opposite the post office. Mr. Harrison has kindly placed these excellent offices at the disposal of the committee in charge. Mrs. R. O. Jennings and Mrs. A. E. Wright will be in charge of the sale this week. Everyone is earnestly requested to send a little baking in for the sale. 2-t.

LUMBER INDUSTRY QUIET IN PRINCE GEORGE DISTRICT

Building Is Not Active In That Part Of The Province At Present Time.

Victoria, Sept. 2.—The lumber industry is quiet in the Fort George district according to advices received by the Minister of Lands, owing to local conditions; the amount of building now taking place being small. Hopes are expressed that conditions will improve as a result of the market extension movement now on foot.

Railway construction having fallen off, there has been a marked reduction in the fire hazard. Under existing conditions, the vegetation is drying up rapidly, and is likely to facilitate the spreading of fires. It is estimated that an exceptional amount of land clearing will have been carried out this year, as a result of activity on the part of the settlers, and this will have the effect of eliminating many areas which in the past have constituted a grave fire hazard.

In Honor Of Miss McTavish.

PARAISO SANK ADMIRAL WATSON

THE VESSEL WAS SUNK AS SHE LAY AT THE DOCK IN SEATTLE

Accident Occurred During A Very Heavy Fog In South.

The steam freighter Paraiso, under charter to the Pacific Coast Steamship Company, and owned by Swayne & Hoyt, of San Francisco, rammed the Admiral Watson at the dock in Seattle, sinking the latter vessel last Wednesday. The Paraiso was libelled in the United States District Court for $247,000 damages by the Pacific-Alaska Navigation Company for the ramming and sinking the steamer Admiral Watson during a heavy fog. Damage to the vessel is placed at $125,000. Bids for raising the steamer will be asked for.

The steamer Admiral Farragut, now plying between Seattle and San Francisco, will be withdrawn from that run and, beginning September 5, will be placed on the Alaska run. The Admiral Farragut will replace the Admiral Watson.

LUMBERING IS LOOKING BETTER

SHINGLE MILLS ON VANCOUVER ISLAND ARE OPENING UP AGAIN

Orders Are Coming In From The American Side And The East.

Victoria, Sept. 2.—The Hon. the Minister of Lands is informed that signs of improvement are visible in the lumber industry on Vancouver Island. Shingle mills are busy with orders from the American side and from the east. Seventeen lumber mills are returned as operating, in addition to five working periodically, while seven shingle mills are in operation. There are ten logging companies with camps open, in addition to various small operations.

The earlier part of the year saw much cleaning up of logging slash. In the agricultural districts much land has been cleared, and many of the larger slashings disposed of, while public opinion, alive to the dangers of fire, has undoubtedly aided the forest guards.

Allies Are Ever Ready To Answer Artillery Of German Enemy

Paris, Sept. 2.—An official report says:—"In Belgium replying to a bombardment directed against the town of Nieuport and sectors of Steenstraete and Boesinghe, our artillery brought into play a very effective fire against the bomb throwers and the batteries.

"On the Artois front there has been an excahnge of bombs and grenades at Sapheads. Between the Somme and the Oise our batteries silenced the fire of German artillery.

"In the Environs of Egancourt, and Cannes, the enemy has fired a number of incendiary shells.

"On the Soissons and in the region round-about bombardment has taken place, also in front of the Ville aux Boise and Codat in Champagne.

"On the west of Argonne a cannonade has occurred in Lorraine in the Vosges and in the sector of Fecht."

Good Catches of Fish Brought In By Boats For Local Companies

Catches of halibut continue to be good by the boats coming into the port. Yesterday the Canadian Fish & Cold Storage Company's two trawlers, the James Carruthers and the Geo. E. Foster unloaded their catches brought in the day previous.

The Carruthers had 120,000 pounds on board, while the Foster had about 70,000. The latter met with a mishap, losing part of her gear.

It is said that the Alaskan waters usually yield more halibut in the winter fishing than in the summer. Under these conditions the outlook should be excellent for business at Prince Rupert this winter.

CAPT. BULLOCK-WEBSTER PROMOTED IN REGIMENT

Local Officer Is Made Captain And Given Command Of Company.

Word received from Vernon camp gives the news that Capt. Bullock-Webster has been given promotion. He has been made commander of "B" Company, 54th Battalion.

The company was in command of Major Pollen, who has been promoted to the post of major on the Battalion Staff. He has in turn been succeeded as company commander by Captain Bullock-Webster.

PRAIRIES WILL NEED LUMBER

LOW STOCKS ARE NOW BEING CARRIED AT CENRTES

Some Of The Mills Are Already Opening Up For The Work.

Victoria, Sept. 2.—Reports to the Hon. the Minister of Lands from the Nelson district show that sawmill operators are of opinion that owing to the low stock now held by many prairie yards there will be a good demand, while half a dozen other mills have recently closed down after short runs.

One interesting order from the States, namely, white pine for match stock is being partly supplied from timber killed in the 1910 fire. Seven pole companies are shipping and yarding poles, and heavy shipments are being made to the States, although at a low price. Until the advent of the prevailing hot weather, the season has been exceptionally good for land clearing and slash burning operations, much road slash in particular having been cleaned up.

RUSSIAN OFFICIAL COMING TOMORROW

GREGORY WILENKIN WILL BE HERE ON SATURDAY MORNING

Hpecial Agent Of Czar's Government Will Be Shown About The City.

On Saturday morning, Gregory Kilenkin, special representative of the Russian Minister of Finance will reach the city. He will be met by a special committee representing the Board of Trade and shown about the city. He will travel east as the guest of the G. T. P. by the private car Canada.

Mr. Wilenkin has recently been in New York arranging for an American loan of $40,000,000 through the firm of J. P. Morgan & Co. For a number of years Mr. Wilenken has been connected with the Russian Embassy at London. He explained the loan in the United States was made for the purpose of facilitating supplies in that country. The amount, however, did not represent the amount of supplies his government had secured. Much had been paid by drafts and other forms of money.

"Russia is able to place her foreign loans in Great Britain and France. The loan in America was made primarily for the purpose of facilitating exchange," said the Russian representative in Vancouver.

Mr. Wilenkin is accompanied by his son, Mr. Clarence Wilenkin, who is an under-graduate of Trinity College.

"All Russians are inspired with a fervent patriotism which is limited neither by race nor creed," said Mr. Wilenkin, when speaking of the situation in Vancouver. "They have seen the danger which threatens our country and they are as one in the prosecution of the war. Never in the past has Russia been stirred to such a degree of patriotic fever and unanimity in the prosecution of a war. It is true our troops have been pressed back. But with two strong powers contending for mastery there is bound to be a swaying back and forth. Russia was not really prepared heretofore. But now she has a sufficient supply of munitions. I do not care to boast. But of the final outcome there can be only one result. All the races and peoples of Russia are confident of final victory."

COST OF NAVY

The cost of one year of the present war to Great Britain is placed at the stupendous sum of four billion dollars. This is the estimate of Mr. F. W. Hirst, editor of the London Economist. He also estimates that it will add some nineteen billion dollars to the total debt of the belligerents, involving on them a permanent interest charge of one billion dollars. This takes no account, comments the Toronto Globe, of the destruction of property or the loss of productive injury. Viewed in the light of political economy, war is a burden baffling in magnitude. It also adds that the material losses in war will not excite indignation, but its horrors will impel all to end it by carrying to victory the cause of human freedom.

Correspondence

Early Closing.

To the editor of the Journal:—Being a merchant of Prince Rupert who has signed the petition for early closing, I regret to say that after mature consideration, and viewing the varied interests effected, I am strongly adverse to early closing. One chief cause I will submit. Our fishing industry, which is conducted on quite a successful scale, will be much embarrased if they cannot have access to stores for the purchase of their supplies up to a reasonably late hour in the evening. Upon arrival in port, their first duties is to dispose of their fish, next to unload, which frequently carries them to the late evening. Then they must procure an outfit to return to the fishing grounds as soon as possible, and if they cannot be accommodated here they will naturally go to Ketchikan.

CHEMICAL MEANS TREATMENT FOR WHITE PLAGUE

Paris, Sept. 2.—Dr. Louis Renon, a physician connected with the Necker Hospital and a member of the Medical Faculty of the University of Paris, has announced that as the result of long research he is able to prove that tuberculosis must be treated by chemical means and not by serums. His paper has caused considerable stir in medical circles, where it is held that he has opened a new path in the cure of the White Plague.

Dr. Renon says that his endeavors have been directed towards finding a substance, which will kill bacilli in an animal organization without injuring the elements of that organization. As a beginning he established a list of antiseptics which arrest the development of bacilli in cultures. He also found substances without which bacilli cannot develop. These, he says, are potassium, sulphur, phosphates, iron and magnesium.

Thus, the doctor claims, therapeutic action can be obtained by adding certain substances to an animal organism and also by withdrawing, by means of dietry, other substances necessary to the growth of bacilli.

Change Of Business

The Consolidated Securities Ltd., who are located in the office of Messrs. Harrison & Gamble's, have taken over the Insurance business of Mr. J. Lorne MacLaren, who represented all the Non-Board Companies in Prince Rupert. Mr. MacLaren will take an active part in this department, and any business entrusted to them will receive strict attention. Anything tending to reduce the excessive insurance rates, will be acceptable to the citizens of Prince Rupert.

THE PRINCE RUPERT FAIR 1915.

Prince Rupert, August 22, 1915.

Dear Sir:—

All reports indicate increased exhibits for the 1915 Fair. Reports also indicate increased attendance, from outside points.

The Fair will bring money into circulation during September next. It will aid development and encourage production in Northern British Columbia. It is also good advertising for Northern products.

The Directors desire to increase the Membership Roll from 450 for 1914, to 1,000 for 1915. Will you help by adding your names to the list?

The cost is $1 per annum. For this sum you are entitled to two free entries and other privileges.

The government aid to Fairs throughout the province is based on membership strength. Increase in membership in 1915 means increase in government aid for the Fair of 1916.

Can we place your name on the roll as one of those who consider that development, prosperity, payrolls and publicity for our natural resources is worthy of support.

Yours very truly,
F. S. WRIGHT,
Secretary.

The attention of directors and shareholders of incorporated companies is drawn to the provisions of the "Trust Companies Act, 1914," from which it will be seen that no company having in its memorandum of association, any of the powers recited in Schedule A of the abovementioned Act, shall carry on any business in the Province, unless it is registered according to the provisions of this Act. The final date for such registration is the 4th September, 1915.

W. J. BOWSER,
Minister of Finance and Agriculture.

NOTICE TO CONTRACTORS.
Granby Bay School.

SEALED TENDERS, superscribed 'Tender for Granby Bay School," will be received by the Honourable the Minister of Public Works up to 12 o'clock noon of Thursday, the 2nd day of September, 1915, for the erection and completion of a two-room school-house at Granby Bay, Anyox, in the Skeena Electoral District.

Plans, specifications, contract, and forms of tender may be seen on and after the 13th day of August, 1915, at the office of J. H. McMullin, Government Agent, Prince Rupert; John Conway, Mine Recorder, etc., Stewart; M. MacInnes, Anyox P. O.; and the Department of Public Works, Victoria.

By appliction to the undersigned, contractors may obtain a copy of the plans and specifications for the sum of ten dollars or a marked cheque, which will be refunded on their return in good order.

Each proposal must be accompanied by an accepted bank cheque or certificate of deposit on a chartered bank of Canada, made payable to the Honourable the Minister of Public Works, for a sum equal to 10 per cent. of tender, which shall be forfeited if the party tendering decline to enter into contract when called upon to do so, or if he fail to complete the work contracted for. The cheques or certificates of deposit of unsuccessful tenderers will be returned to them upon the execution of the contract.

Tenedrs will not be considered unless made out on the forms supplied, signed with the actual signature of the tenderer, and enclosed in the envelopes furnished.

The lowest or any tender not necessarily accepted.

the steamers from the harbor. Failure to do so would result in the Commissioners taxing the vessels at the regular tonnage rates.

These ships have been allowed to tie up to the piers at a rate of $10 a day each, much less than it would cost for coal burned if the ships anchored outside the harbor. Under the tonnage tax, the steamers would be required to pay from $70 to $100 a day as long as they remained in the harbor.

The first of the refugee ships put into Honolulu a year ago. Since then they have been a constant source of trouble for the harbor-master and the Harbor Commission. The harbor has been congested so that at times steamers have to undergo delay while other vessels are tied up at the wharves.

Honolulu has profited a great deal by the war, large numbers of freighters destined for Vladivostok calling there for supplies.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY, Deputy Minister of the Interior
