FRENCH AND BRITISH FORCES BREAK GERMAN LINES

RUSSIAN ARMY IS NOW DECIDEDLY ON AGGRESSIVE

Allies Holding Positions Gained On The Western Front

British Have Had Their Full Share In Offensive Move

London, Sept. 27.—A British official statement says that northwest of Hulloch, which we captured, we have repulsed a number of counter attacks. We have inflicted heavy losses on the enemy.

East of Loos our offensive movement is still progressing. Our captures now amount to 53 officers, 2,600 men, 18 guns and 32 machine guns. The enemy has abandoned a considerable quantity of material, which has not yet been classified.

Earlier Announcement.

An official announcement of the war office earlier in the day stated that the renewed offensive south of Labassee has resulted in the capture of five miles of trenches. The German position had been broken through and occupied for a depth of two miles, capturing Lulluch, Loos and the adjacent mining works, Hill 70 and the Labassee Canal.

First Snow Appearing.

Arrivals by the train last evening announce that the first snow is appearing on the mountains along the route.

Germans Lost Heavily When Allies Broke Through Their Lines

London, Sept. 27.—The fighting on the western front continues, the Allies holding ground gained. The British occupy Givenchy and the French re-occupy Lille and continue to advance in Champagne.

Big Captures.

The total Anglo-French captures in two days include 20,000 unwounded Germans, 33 cannon and numerous machine guns. The total German losses are 60,000.

Had Light Losses.

The Allies losses are slight, as the positions were carried after brief bayonet charges, after a sixty hours' pounding by heavy artillery. The great charge was made at dawn.

Amsterdam reports that all the Belgian hospitals are filled with German wounded.

The gains made have all been consolidated and stubborn fighting continues. The German fire and defence works were completely destroyed by artillery attacks and high explosives. The British gains are the largest since trench warfare commenced on the western front.

Further Action.

There is a general belief that the Germans will be driven back by the Allies before they have time to consolidate their broken forces.

BRITISH FLEET IS BOMBARDING BELGIAN COAST

Paris, Sept. 27.—This morning, in a fog, British warships bombarded at close range the German positions on the Belgian coast for four hours, doing great damage and starting many fires. A joint aerial attack was also successfully made.

ANGLO-FRENCH LOAN HAS BEEN MADE IN NEW YORK

New York, Sept. 27.—Final arrangements have been made for the floating of an Anglo-French loan of $500,000,000 at five per cent. on government notes, convertible at maturity into twenty-year bonds at the holder's option.

French Army Is Holding All Ground German Losses Heavy

Paris, Sept. 27.—A French official statement says that the situation north of Arras remains without modification. Fighting in Champagne also continues.

The Germans began another offensive move in Argonne, but this was completely checked. The German losses in the fight were very heavy.

Broke The Germans.

The attack by the French in the Champagne district, east and north of Rheims, resulted in the breaking up of the German positions for a depth of three miles on a fifteen-mile front, and the capture of 12,000 Germans.

WHOLESALE ORDER FOR INTERNING MADE IN LONDON

London, Sept. 27.—An order has been issued that every male Turk, Austrian and German in London, under the age of 55, who is not exempt from military service, must surrender for internment.

THE DIAMOND FROM THE SKY SCORED

THE SECOND INSTALMENT OF THIS GREAT PRODUCTION IS STRIKING ONE

Westholme Theatre Has A Splendid Supporting Programme At Present.

In "The Diamond from the Sky," the Westholme Theatre has a great production. The second part of it was presented last night and will be repeated again this evening. It is a winning card. The theatre was packed for it, and none came away disappointed.

The chapter presented last evening was entitled "An Eye for An Eye." In it the Gipsy mother who had had her baby boy practically stolen from her, wrecked her revenge by stealing the daughter of the avarious head of an old family. The grown-up boy and girl meet later and the future movements will be the subject of later chapters.

The Westholme, however, has a splendid programme of pictures outside of this leading one. The honeymoon Baby is a laughable feature. The Smouldering is a drama of strength and The Taunt is a high class reel.

Selling Horse.

An offer was received last night at the council for one of the horses now for sale. The price of $75 cash or $100 on a payment of $25 cash and notes for the remainder, maturing every thirty days for six months. The latter offer was accepted.

Slide At Rocher De Boule.

A rock slide occurred at the Rocher de Boule mountain a few days ago. It is not known that any particular damage was done, but the slide was plainly evident to travellers by the train.

RUSSIANS HAVE TURNED TIDE AGAINST ENEMY INVADERS ON EASTERN FRONT AND ARE MOWING THEM DOWN

London, Sept. 27.—A despatch from Petrograd says that fighting of extraordinary violence is now proceeding around Dvinsk. The indications are that the operations are with apparent success for the Russians. The cavalry of the Russians is reported to be involving the defeat of a strong enemy column near Lake Tohighiry.

The Russians, taking advantage of their intimate knowledge of the country where the fighting is taking place, led the enemy into marshy ground, where they surrounded him on three sides. The result was the exterminating or capturing of three infantry companies, and with that the taking of much booty. It is reported from the Austrians in retreat on southern front that the Russians have reached Kovel. The Austrians have evacuated Brody, and during their precipitate retreat, the Austrians threw great quantities of supplies into the River Styr.

JAPAN HAS BIG PART IN WORLD WAR

English Financier Says They Are Sending Large Aid To The Russian Armies.

Though it is little realized, Japan is playing a very important part in the great European war by sending artillery and supplies to her former enemy, Russia, according to Charles Perkins, an English financier, who is at present in Canada buying munitions for the Russian army.

"The Russians are poorly equipped just at present, but five government factories are now turning out munitions. The Japanese are helping too. Very little is said about it for many reasons, but the Japanese are playing a very important part in this war.

"They are sending men along to demonstrate the use of their weapons, too. They are also furnishing

BRITISH COLUMBIA WOODS FOR INTERIOR FINISH

Interesting Booklet Issued By Department At Victoria.

The Hon. the Minister of Lands announces the publication of another booklet in the series of pamphlets issued for the information of lumber consumers throughout the world. Entitled "How to Finish British Columbia Wood," the pamphlet places before architects, builders, woodfinishers, and home-makers the possibilities of the various native woods when used as interior finish. Instructions for the surfacing, staining, varnishing and painting of such woods as Western Hemlock, Douglas Fir, Red Cedar, Spruce, Mountain Pine, and Tamarack are given, and attractive illustrations show some typical interiors, in office, home and public building construction. The information given in this booklet is intended to be of real value to homebuilders and others interested in wood-working, and advantage should be taken of the opportunity to obtain a copy.

The booklet will be mailed free of charge upon application to the Forest Branch, Victoria, B. C.

CAMP KITCHEN WAS URGED ON COUNCIL

GEORGE W. MORROW APPEARED LAST NIGHT AND PRESSED FOR CONTRIBUTION

The Matter Will Be Taken Up At Next Week's Council Meeting.

The providing of a camp kitchen to the second contingent from here came before the council last evening. The subject was laid over for a week. It was brought up by George W. Morrow, who appeared before the council and urged action.

Mr. Morrow said he had no apology to make for appearing. His only apology was to the men of the second contingent from here, under Capt. Clayton and McMordie. He referred to the fact that it had been practically assured that a camp kitchen should be furnished. The gallant deeds of the British soldiers during the past two days had aroused him to make an effort along this line.

He felt that there should be some way by which the men who stayed at home and enjoyed good meals, etc., should provide for this for the men.

The Mayor said that he had already explained the financial situation of the city. He had explained that the fiscal agents of the city had impressed upon them the need of economy. There was a million and a half to be faced up to before next June. It was not a matter of the council not wishing to contribute to such a cause.

Ald. Beveridge wanted this referred to the Financial Committee. It all could not be raised by the city, then perhaps a part could be raised by subscription.

Ald. Maitland thought perhaps something else would be better than the kitchen.

Ald. Nicol thought the kitchen was something the Government might look after.

Ald. Casey did not like to put this over onto the Finance Committee. The whole council should bear the onus.

Ald. Edge said the council had to be just, as well as generous. He believed in taking care of the men when they came back. If he was going to be generous he would be generous with his own money.

Ald. Nicol thought the citizens were the proper ones to take this up.

It was decided to lay the matter over for a week.

rifles and cartridges. When the Dardanelles are opened the Russians will be able to get all the supplies needed, and then the Germans will be driven out in short order. All they need is munitions. They have plenty of food and other supplies. A contract for 1,000,000 rifles and 1,000 rounds of ammunition for each one was let in the United States recently."

tach our Russian ally. Germany would make peace with Russia as soon as the latter country gave the slightest hint of wishing to retire from the contest.

"Germany would ask no indemnity of Russia. She even would be prepared to retire from all Russian territory already occupied and make a new trade treaty with Russia that would be fair to both sides. The last trade treaty, made under pressure of Russia's situation during the Japanese war, was notoriously one-sided and unfair.

"It is difficult to imagine the manifold nature of the attempts that have been made upon the loyalty of our Russian Allies, attempts not merey due to the obvious fact that should they succeed, Germany would be in a position to devote all her energies to the struggle with France and Great Britain, but to the more important, because fundamental, fact of Germany's consciousness that Russia is the one nation among her adversaries with whom she could cooperate whole-heartedly in economic and political endeavor."

"ON THE FIELD OF HONOR."

The publishers of The Family Herald and Weekly Star, Montreal, are making a strong bid for that beautiful picture, full of pathos, entitled "On the Field of Honor." It is assumed the publishers of the Family Herald have in mind using it as a presentation plate. If that is so there is a great treat in store for readers of The Family Herald and Weekly Star this autumn. In past years The Family Herald of Montreal has been noted not only for the wonderful excellence of that journal but for many beautiful pictures it has presented to its readers. The Family Herald has a name for succeeding in anything it undertakes, and we feel sure if it is humanly possible to secure "On the Field of Honor" that the publishers will succeed in getting it. "On the Field of Honor" is attracting widespread attention in Europe.
