ANOTHER BIG BATTLE IN WEST FLANDERS

FIGHTING HAS BEEN GOING ON SINCE LAST SUNDAY

THE BRITISH DESTROYER LYNX SUNK BY A MINE

Artillery Engagements In Vicinity of Ruins Of Village Of Hooge

London, Aug. 10.—An official report says:—"Northwest of Hooge in the ruins of that village we have consolidated on the ground gained yesterday. We had to repulse one weak infantry attack during the night.

"Yesterday there was no heavy fighting, but a violent artillery engagement took place, as a result of which the trenches in the open ground south of Hooge became untenable for either side.

"We have now slightly withdrawn a portion of our line which runs south of the village. There is no material difference in our position."

HERE'S A TANGLE.

How easy it is to mix up the average business man was demonstrated the other day when the son of a local merchant leaned against his father's knee and innocent'y asked:

"Daddy, is today tomorrow?"

"No, my son, of course today isn't tomorrow," answered the father.

"But you said it was," continued the son. "When did I ever say today was tomorrow?"

"Yesterday," answered the son.

"Well, it was; today was tomorrow yesterday, but today is today, just as yesterday was today yeterday, but is yesterday today, and tomorrow will be today tomorrow, which makes today yesterday and tomorrow all at once. Now run along and play," and the father collapsed into his chair with a sigh of relief.—Louisville Times.

ROCHER DE BOULE SUFFERED LOSS FROM SMALL FIRE

The Rocher de Boule mines are steadily shipping to the Granby smelter at Anyox. These shipments are at the rate of 100 tons a day.

The mines suffered a check a few days ago, in the destruction by fire of some of the shops at the mouth of the tunnel. The work was quickly repaired and all is working again full blast.

RUSSIAN PUT UP GALLANT FIGHT AGAINST GERMANS

Geneva, Aug. 10.—Innsbruck reports state that the Germans lost 65,000 in the fighting northeast of Warsaw before they captured the position.

The fighting at Nov Georgeovisk continues after five days fierce battling.

South of Ivangorod the Russians are offering a fierce resistance.

Destroyer Lynx Sunk In North Sea

London, Aug. 10.—The British destroyer Lynx has been sunk in the North Sea. She struck a mine. Four officers and twenty-two men were saved. The Lynx was a modern vessel, built only about three or four years ago. She had a displacement of 935 tons and carried 2-4 inch guns, 2-12pounders and had 2 torpedo tubes.

HIGHEST WATER FOR TEN YEARS TIME

BRIDGES IN STEWART VICINITY SUFFER FROM SUDDEN RISE

Better Creek Bridge Washed Away—Bear Creek Was Threatened.

The very warm weather for the past few weeks has had disastrous effects upon the bridges in the vicinity of Stewart. The government bridge at Better Creek has been washed out, while the one over Bear River near the town of Stewart suffered severely, some of the piling being carried away.

The water in the creeks has been the highest experienced there in the last 10 years. It rose sudenly carrying trees down and playing havoc with the bridges that intercepted the course.

The danger is now over, John Conway, Government Agent thinks. Mr. Conway, who has been in the city for a few days is anxious to return to do what can be done to remedy the damage done.

ALLIES DO DAMAGE TO ENEMY AT THE DARDANELLES

Paris, Aug. 10.—The Allies resumed their attack on the Dardanelles two days ago. Heavy Turkish losses are reported as well as damage to the enemy's defence works by bombardment from the British ships.

Raffle For Red Cross.

At C. H. Orme's Drug Store tickets are now obtainable for the drawing for the Red Cross Fund, made possible by the gift of a large sized boat with Evinrude propellor by C. N. Crowell, formerly superintendent of the drydock. Pictures of the boat are in the window. The prices for the tickets range from 1 cent to $2.00.

CHANGES FOLLOW IN SHIPPING LINES

CONSIDERABLE SALMON IS GOING EAST THIS SEASON BY RAIL

Alaska Has Been Shipping By Canadian Bottoms For First Time.

With the war and the consequent upsetting in connection with trade routes, very radical changes have followed even on this coast. For the first time considerable quantities of salmon is being shipped by rail across the continent.

It is reported that from the Skeena and the Naas canneries, as many as 10,000 cases have been shipped east. From the Alaskan canneries the C. P. R. has been carrying this year's pack and sending it east so active is the demand for the canned fish. About 12,000 cases are said to have gone forward in this way.

The explanation for this, is that the steamer facilities do not exist for carrying the salmon to the old country markets. Formerly the Blue Funnel lines, and those on similar routes carried this. These are now not available, and the overland haul is made necessary.

JESSIE MAC BROUGHT IN PILES FOR GOVERNMENT

There Were Four Hundred And Forty Of These Brought In By Scows.

The tug Jessie Mac is here awaiting the unloading of four hundred and forty piles from two scows that were brought in for the government. These are being landed at Digby Island.

Camosun Was In.

The Union Steamship Company's steamer Camosun arrived yesterday morning from the southern ports of the Queen Charlottes. She sailed last evening for Massett.

Quiet In France

Paris, Aug. 10.—Four aero lanes which took part in the bombardment of Saarbrucken failed to come back to our lines. One is said to have landed in Switzerland.

More Recruits Off To Serve

Prince Rupert continues to supply recruits for the Canadian regiments for overseas service. Yesterday there left for the south, five who had signed on before Major McMullin, and who went south to join the colors. These were W. H. Stevens, who formerly served with the Toronto Engineers; K. B. Watson, formerly of the 14th Regiment Victoria Rifles Montreal; C. Hicks-Beach, P. McDonald, who had served twelve years in the Royal Navy; and Joseph Brown. The latter has been living in Prince Rupert. The others all came from the interior.

Fierce Fighting Is In Progress Near Ypres On Western Front

Amsterdam, Aug. 10. — The heaviest fighting since the second battle of Ypres last spring is now progressing in West Flanders. The roar of big guns along the Ypres-Dixmude Line has been incessant. Since Sunday there has been a steady flow of German wounded through Ghent and Bruges. A great number of wounded Germans have been taken to Antwerp.

Following a severe bombardment, the Germans tried an attack along the line, but the fire of the British, French, Belgian guns cut their efforts short.

Following the capture of 1,200 yards of trenches by the British in the vicinity of Hooge, the Germans tried ineffectually to regain its lost ground, using asphyxating fumes and heavy artillery. The battle still continues east of Ypres, along the Ypres Canal and the Yser River.

CRICKET CLUB ORGANIZED IN PRINCE RUPERT

Officers Named And Arrangements Made For Practices And Matches.

A meeting of those interested in cricket was held in the city hall recently, at which meeting it was decided to go ahead with the formation of a cricket club.

Mr. Ernest A. Woods was appointed chairman and secretary of the meeting, and he suggested that the club should be on the club and grounds basis, which was agreed to, and the Prince Rupert Club and Grounds Cricket Club was formed, the officers elected being as follows:

President, Mr. Alfred Carss; vice-presidents, Messrs. De Gex and Johnson, (Cold Storage); and the Revs. Rix and Grant; captain, Mr. Ernest D. Johnson; vice-capt., Mr. Williamson; secretary-treasurer, Mr. Ernest A. Woods; executive committee, (the above officers), and Messrs. Cross, Weston, Nicol Sharp and S. D. Macdonald.

It was decided to try and arrange a match to be played Saturday, Aug. 14th in aid of the Machine Gun Fund, match to commence at 3 p.m. and to be played at Acropolis Grounds. Practices will be held, weather permitting, every Tuesday and Thursday evenings, and games every Saturday afternoon.

A complete outfit has been purchased, including cocoanut matting. The membership fee has been placed in the reach of all, that is $2.00; and all those intending to join are requested to hand in their names to the secretary as early as possible.

Pleasure Party.

Mrs. May Mitchell and a party of friends from Seattle are in the city. They came north on a yachting tour, having a splendid vessel.

QUIET IN FRANCE.

Paris, Aug. 10.—An official report says:—The day has passed quietly. There have been only artil'ery engagements in the Artois Valley, at the Aisne, on the border of the Argonne forest and in the forest of Apremont.

A LIGHT DAY IN HALIBUT CARGOES

LESS THAN 40,000 POUNDS BROUGHT IN YESTERDAY

The Constitution And The Athena Arrived In Port Yesterday.

Yesterday was a light one in the arrivals of fishing boats. Rough weather doubtless is holding a number of the fishing craft on the banks. Yesterday but two of any considerable size came in. These were the Constitution with 18,000 pounds and the Athena with 16,000.

These vessels came in with as light a catch as they did, because of the rough weather. They came in rather than wait for a full catch. This it is felt will be the condition prevailing during the winter, when frequent calls will be made by the boats rather than lose time waiting for the clearing up of the weather conditions.

The Tom and Al. left last evening for the banks.

Lillooet Leaving Today.

The Canadian Government Hydrographic Survey vessel Lillooet is leaving port again this morning. She has taken on coal and will return to her duties in Hecate Straits.

RICH HARVEST.

Mr. Bury, of the C. P. R., on arriving in Montreal from his western tour, declared that it had proven a tonic to him. He could not see how there could be less than 240,000,000 bushels of wheat, which is 100,000,000 more than last year, and means at least a hundred million dollars more to the country. Even at a time when we are in the habit of talking in big figures, this is not a sum to be sniffed at.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights re not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior

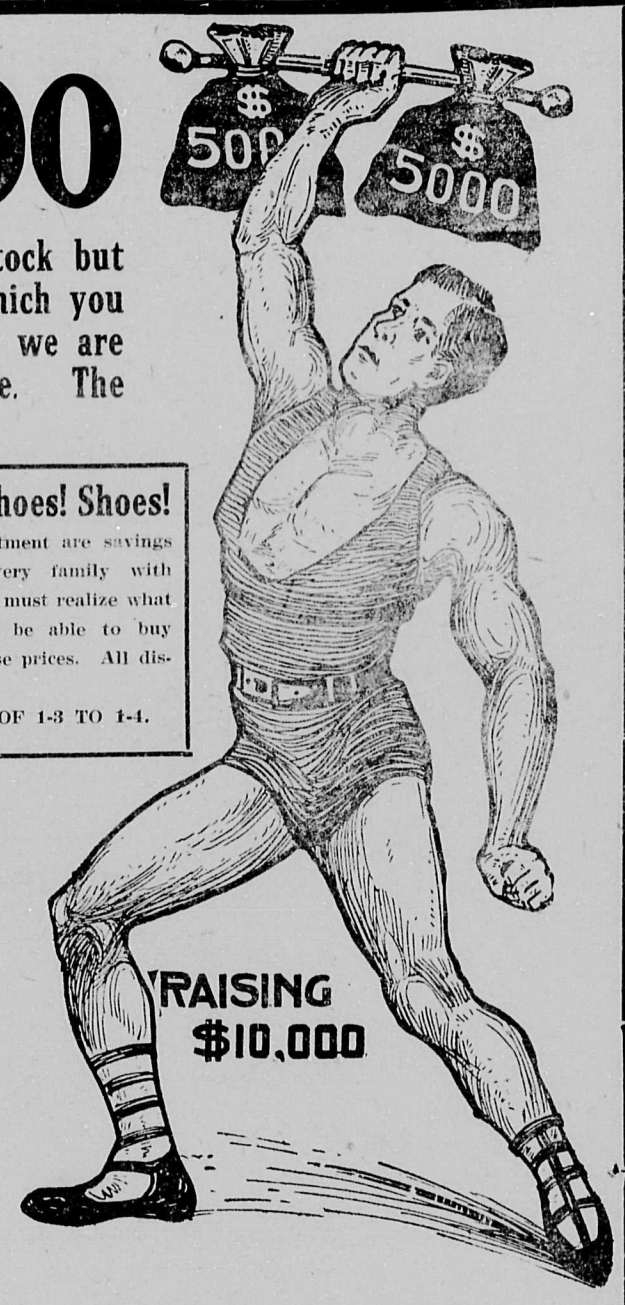
JABOUR BROS., LTD.,

Third Avenue - Corner 7th Street
Prince Rupert, B. C.

RAISING $10,000.00



We want to sell at least $10,000 this week. Our prices are low enough to sell the whole stock but this we cannot hope to do. But we do wish to remind you that the time is very short in which you will be able to buy Quality Goods at Wholesale. You must not blame other merchants after we are gone because their prices seem high. Remember right now you are buying less than Wholesale. The Specials we quote daily calls for quick action if you want to get in on them.
