PROPOSITION MADE AT COUNCIL TO REDUCE STAFF

Rather Heated Discussion Ensued In Which the Mayor And Ald. Montgomery Appeared In The Leading Roles---Matter Laid Over

At the council meeting last evening some heat developed, on a proposal made by Ald. Montgomery and Ald. Maitland. The proposition was one to reduce the city hall staff. The report was as follows:

Prince Rupert, B. C.,
June 21, 1915.

To the Mayor and Council,
Prince Rupert, B. C.

Gentlemen:—

Owing to the demand from the public for a reduction of the operating expenses of the city, we submit to council for their consideration the following proposals; if carried out would save the city about $9,200 per annum, without imparing the city's efficiency to a great extent for the time being.

1 Suspending the office of City Purchasing Agent.

2 Appointing City Engineer as City Asessor according to law, for the remainder of the year, clerical work to be carried out in Treasurer's Office.

3 Building Inspector's duties to be carried out by Fire Chief.

4 Plumbing Inspector, Water Superintendent and Assessor's duties be carried out by City Engineer.

5 The position of assistant engineer to be declared vacant until such time as it is necessary to appoint one.

6 City store to be looked after by the fire brigade, with regard to superintending the receiving and delivering of stock on orders from the Board of Works.

7 The amalgamation of City Clerk and Treasurer's Duties, as those positions frequently interlap.

8 The reduction of the police force to four officers, which we consider ample.

9 If the Council seriously considers the reduction of salaries as other cities have done, we recommend that only salaries over $100 be operated on and that on a fair percentage to all affected, showing no favors to any.

These recommendations are not made with any malice or charge of inefficiency, but purely as a matter of duty as we see it, at this very trying time and further we recommend that this Council or future Councils will reappoint those same officials as soon as necessary.

We remain,
Yours truly,
W. H. MONTGOMERY.
THOS. MAITLAND.

The Mayor said he proposed to thresh this out at the council right now.

In reply to Ald. Kerr, as to the city purchasing agent, Ald. Montgomery said that only $40 was set aside for the purchasing agent's office.

Ald. Maitland said that he could not expect anything but a reduction in staff. Big companies had cut the staffs, and had reduced the wages in many instances. It was the duty of the council to retrench. All classes demanded this.

The Mayor said he did not know

JOHN SAVAGE OF VICTORIA SAYS CONDITIONS IMPROVED FARTHER EAST

A Great Crop Is Practically Assured On The Prairies This Year.

John Savage, of Victoria, was a traveller north to Skagway yesterday by the Princess Alice. He was accompanied by Mrs. Savage. Last summer, in company with John Arbuthnot, of Victoria, Mr. Savage paid a visit to Prince Rupert, and was so pleased with this part that he decided to make another tour along the coast.

Mr. Savage has just come back from Winnipeg, where he spent most of the year. He says that city is quickly recovering, and the farther

BOARD OF TRADE ASKED ASSISTANCE

DEPUTATION WAITED ON COUNCIL LAST NIGHT TO SEEK AID

The Matter Has Been Referred To The Finance Committee.

At the council meeting last night, a delegation was present from the Board of Trade as follows: President, D. G. Stewart; Commissioners Wright, H. S. Wallace, George L. Clayton and Mitchell Albert.

Mr. Stewart explained that the commissioners had a report to present, which was done.

Mr. Wright outlined the work being done by the Board of Trade, and the plan followed by various other cities. He estimated that $1,000 would be required for the carrying

INTEREST REVISED IN STEWART CAMP

CONSIDERABLE DEVELOPMENT WORK IS NOW IN PROGRESS THERE

Henry Wood Of Greenwood Has Gone In To Open Silver Lead Proposition.

Stewart mining camp shows every sign of coming into prominence. At the Bush mines is the Salmon River section, there is a good showing. A large amount of machinery is to go in there this summer. A road is to be built to the property to get this in.

Others are showing deep interest in the camp also. Yesterday Henry Wood, of Greenwood, arrived and proceeded to Stewart. He will spend a month or more there, developing a property he secured some time ago. It is near Marmot Creek. The intention is to do some blasting out there, to prove what he believes is a most promising one. It is a silver lead proposition, and Mr. Wood believes it should show up well.

Mr. Wood is the original owner of the railway charter of the Vernon & Midway railway, and for years was well known in connection with negotiations to get that road built.

COUNCIL TO HOLD A TAX SALE

SUBJECT BROUGHT UP LAST NIGHT AGAIN AND VOTED UPON

Sale Will Be Of All Lands Delinquent For 1913 And Later.

At the council meeting last night, it was decided to hold a tax sale for the city, about September. It will take in lands upon which there are delinquent taxes for 1913. Such a sade will include the taxes of 1914, but those delinquent for 1914 only, will not be put up.

A report of the Finance Committee came in last night, recommending the sale.

Ald. Montgomery felt that it would be wise to have no tax sale this year. If it was necessary to do it, the sale might be held early next year.

The Mayor said the object was not to embarrass anybody. The Treasurer said there was no other way of meeting the financial situation.

The city solicitor felt that the holding of a tax sale each year, would do away with trouble from taxes not coming in.

Ald. Maitland did not agree with "his learned friend." He contended that there were many men who could not pay this year.

Ald. Montgomery, in view of the fact that the city's finances were as good as represented, did not think there should be a sale this year. He did not like the principle of tax sales as it played into the hands of the moneyed men.

Ald. Edge alluded to the taxpayers that lived outside the city. The city must meet its obligations.

The Mayor alluded to that fact that there were men in the city who had struggled to keep his taxes paid. Was it fair to tax that class more, to make up for those who did not pay.

It was decided to hold the tax sale.

FRENCH ARMIES ARE GAINING GROUND ALONG THE WESTERN BATTLE FRONT

Germans Have Been Repulsed At Many Points And Advantages Secured By Forces Of The Allies From North To South Along Fighting Line

Paris, June 21.—An official report says:—"In the sector north of Arras, the situation is unchanged. We have recovered all the ground conquered. Our air squadrons have effectively bombarded the aviation parks of the enemy, setting fire to four hangers, and damaging two aeroplanes and one captive balloon.

"On the western border of Argonne, the Germans delivered a violent attack, for which preparation had been made by intense bombardment and asphyxiating projectiles. Our advance line was bent, two companies being burried by overturned trenches. An immediate counter attack enabled us to regain almost the entire extent of our initial position. The struggle was particularly spirited.

"On the heights of the Meuse, in the sector of the Calonne, we held trenches after having repulsed counter attacks by the enemy, we enlarged our gains. The first attack made slight progress. The second attack enabled us to carry new trenches.

"In Lorraine our reconnoitering parties are keeping in contact with the enemy. They reached the works west of Condrexon and found them unoccupied.

"In Alsace ,our progress has continued. In the course of our uninterrupted engagements, after having taken the cemetery at Metzeral we occupied the station, and then attacked the village, which we captured after a very hot fight. We pushed our lines 550 yards beyond the outskirts in the direction of Meyerhof."

Claude Street Sidewalk.

The council last evening approved of the proposition of allowing the property owners of Claude Street, to put in the sidewalk, they furnishing the labor.

A Planking Proposal.

Geo Ambrose and others, petitioned the council in the matter of replanking city streets. This was referred to the Finance Committee for report.

Want Work On Streets.

Walter Shaw and others made a request of the city council last to be allowed to work on the plank streets, in lieu of taxes due them. This was referred to the Board of Works.

LIGHT SENTENCE GIVEN IN CASE

McMEEKIN PLEADED GUILTY TO MANSLAUGHTER YESTERDAY

Mr. Justice Gregory Gave Him One Year In Jail.

The case of Rex vs McMeekin, was disposed of yesterday, without a jury, this completing the criminal trials at the Assize. McMeekin, who was charged with manslaughter felt his position very keenly. He pleaded guilty, and was sentenced to a year, to date from the time of his arrest, which was three months ago. He will serve nine months therefore.

Advertising Rates Upon Application

Tuesday, June 22, 1915.

MADE IN CANADA PUBLICITY.

The Manufacturers' Association of Canada has been in session in Toronto. A good deal was said at the meetings about the need of instructing the consumer to buy Canadian products. It was urged, also, that the stamp of Canadian goods should be made popular abroad. But the Toronto "Globe" takes occasion to point out that Made-in-Canada goods, with the exception of pianos, stoves, motor cars and liquors, are not well known at home. Then is presents the reason.

The great bulk of manufacturers seem to consider that their work is finished when their goods are placed in the warehouse or turned over to the trader. The idea of interesting the consumer by newspaper advertising does not occur to the most of them.

And "The Globe" goes into details. The Manufacturers' Association, recently in session, numbers some 12,000 men and companies engaged in producing all kinds of articles. On the last day of the meeting thirteen of them advertised in "The Globe," eight in another leading paper, and nine in a third. In each of these papers a single retail establishment occupied more space and paid more money for it than all the manufacturers of Canada.

The consequence of this is that the retailer is better known and his store has a larger place in the public mind than all the Canadian industries. People are led to buy the goods which the retailer chooses to advertise ,and not those which the manufacturer makes in Canada. If the trader makes more money out of the imported wares, and the consumer is not educated to know and appreciate the goods made in Canada, the foreign goods will have the advantage.

If the thousands of other Canadian goods were advertised as well as a few of them, the Made-in-Canada programme would be much simplified. Vancouver is much like Toronto in the way that Canadian manufacturers leave their advertising to the retailers, who advertise more generously, but do it to suit themselves and not to help the manufacturer.

PROPOSITION MADE

(Continued from Page One.)

how to characterize this. He had endeavored for months to get the council to grapple with this. Finally when they got down to a discussion, the council agreed nothing could be done. All his efforts it appeared were now come to naught. Why did some of the members of the council two weeks ago attempt to add another salaried official, in the person of a salaried clerk. The Mayor was the only one that had "sand" enough to oppose it. This was only one more move to try to embarrass himself.

Ald. Montgomery contended that he had been outlawed at the council board. He assumed with Ald. Maitland, to assume the onus of this. He wished to proceed on a business basis. He was not trying to embarrass anyone. Men of his own class had criticised him for not grappling with this question.

The Mayor said, Ald. Montgomery had not at the informal meeting, put forward a proposition.

Ald. Montgomery said it was not his place to do so. Others had fallen down, and he had then come in.

The Mayor said Ald. Montgomery was as blameable as any others.

Ald. Montgomery said, no one at the council, either in star chamber of elsewhere had put forward a proposition.

Ald. Maitland did not see why the Mayor was "so excited." The Mayor had said that the city Treasurer could not see his way clear to recommend anything. Ald. Maitland contended that the Mayor's claim to bring the producer and the consumer together, could not be done with other than a salaried man in the market. The market had been a failure.

The Mayor said that if the council would come to grapple with this on a business proposition, day or night, he would be ready to lend his aid.

Ald. Casey moved to take the report up, clause by clause, seconded by Ald. Kerr.

Ald. Edge moved to lay it over for a week, seconded by Ald. Nicol.

Ald. Casey thought nothing would be gained by delay. The members of the council who brought it up were old members, and should be able to present the proposition in a right light. He was in favor of a salaried man in the market, and retrenchment in the city staff. It was possible a man could be taken out of the city hall and put in the market.

Ald. Montgomery was agreeable to leaving the matter over.

Ald. Dybhavn thought the matter had been settled months ago.

The motion to lay the matter over for a week carried.

CIVIL ACTION

(Continued From Page One)

plaintiffs.

Alex M. Manson, being called testified he had become acquainted with the defendants in 1908. These men were prospectors. His firm acted in the city as agents for these men. His firm had sent $12,000 to Hazelton to pay for advertising Groundhog coal. About December, 1911, Mr. Beaton wanted $12,000 to deposit with the Government. Witness said he did not think his firm could handle it, but after negotiations, he said he would try to get it. It was agreed that $3,000 should be paid for the money. His firm got the money. They raised $6,000 on their own note in the bank, $2,000 on a note from McCaffery & Gibbons, and $4,000 was put up from their personal account.

Cross examined by Mr. Russell, witness admitted that he had been informed by Duncan Ross, that the defendants disputed the account. He denied that the $12,000 deal with the $3,000 commission was one arising out of the solicitorship which his firm had.

Asked whether various agreements, including Christiansen & Brandt and other agreements of sale for about $15,000, witness said it was not that great. Witness denied further that many of the amounts credited in the books to the defendants were for monies collected, and brought in by defendants.

Witness was asked if there was not an understanding, by which for certain services that were done by the defendants for the firm of witness, the latter was to do all the legal work for the defendants for nothing.

Witness denied this.

In reply to the court, witness said that Mr. Beaton suggested $3,000 as a bonus for raising the $12,000. Witness had said, "Angus that is quite satisfactory it we can get the money."

The case is still in progress.

Is Business Slow?

It probably serves you right

You are not letting the public know what you have

Advertise!
Advertise!
Advertise!

That is the Solution

That manufacturers should increase their advertising appropriations during a period of business depression and curtail during the years of prosperity, was the opinion advanced by Roger Babson, the financial and business statistician, at a meeting of the Technical Publicity Association, held in New York.

"Directors of your company regard advertising as a luxury to be cut down when business is poor," said Mr. Babson. "They give you orders what to do rather than you giving them orders.

"If you solved this advertising problem in a scientific way you would tell them what to do, the same as their lawyers and their bankers tell them.

"In a year of prosperity they are willing to give you a big advertising appropriation, and when the reaction comes they cut down to almost nothing. Take the big appropriation in the fat years and salt it away for use in the lean years.

"If you all did this the business of the country would move along more evenly; the business boom would be less, and the reaction, the area of business depression, smaller."

NOTICE OF CANCELLATION OF RESERVE.

NOTICE IS HEREBY GIVEN that the Reserve existing on Detention Island by reason of a Notice published in the British Columbia Gazette on the 30th of May, 1912, is hereby cancelled.

R. A. RENWICK,
Deputy Minister of Lands
Department of Lands,
Victoria, B.C..

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

PERSONALS

Col. Sullivan, of Boston, an extensive traveller, was a passenger by the Princess Alice yesterday.

F. A. Dietrich, of the British Columbia Equipment and Supply Company, has returned to the city.

George H. Hull, resident engineer of the Dominion Public Works Department here, returned to the city.

V. W. Smith and M. Sheady, returned to the city yesterday from the south. They will spend some days here.

W. J. Crombie, of Vancouver, the manager of the Vancouver branch of the Alaska Bedding Company, is in the city. He visited the Drydock yesterday and was amazed at what he saw there.

Among the travellers on the Princess Alice going north yesterday, was Daniel V. Miller, of Terra Haute, Indiana. He is an attorney at law, of the firm of Miller, Kelly & Johnson, of Terra Haute. During the stop in the city, Mr. Miller was a visitor to the Supreme Court sitting, where he spent an hour. It was his first visit to a Canadian court.

JOSEPH LA POSTOLEC KILLED IN INTERIOR

The Remains Have Been Brought Here For Interment.

The body of Joseph La Postolec, a native of France, was brought to the city last night for interment. The funeral will take place today.

The deceased met his death last Friday near Martin Lake on the line of the G. T. P. He had been employed in cutting timber, when a stick flew back, causing his death. He held some property in the city. He was about 60 years of age and unmarried.

Two nephews of his resided here, but when the war broke out they went to France to join their regiments. He had seven nephews serving with the colors. Mr. Postolec was a friend of Alex Prudhomme of this city, and entrusted his business to Mr. Prudhomme .

LIGHT SENTENCE

(Continued from Page One.)

Adair Carss appeared for the prisoner, and explained that there was no intent on the part of the man. The man killed, had been his partner and the boxing that took place was little more tan a scuffle. The victim of the assault had fallen with his head on a pile of stones and fractured his skull, causing instant death.

Mr. Justice Gregory took until the afternoon to consider the sentence, when he gave his decision as given.

BOARD OF TRADE

(Continued from Page One.)

on of the bureau for the remainder of the year. For this, the Board had $600 in sight. It was suggested that $50 a month for the year should be voted by the city.

Mr. Clayton felt that the Board of Trade was the key to industrialism in the city. He felt the council might well aid the work.

Mr. Wallace bore testimony to the fact that the Board of Trade was doing a good work .

Mr. Albert felt the council should try to help to keep the work going. If the council did not help, the Board would have to close.

Ald. Maitland moved that the proposition be referred to the Finance Committee.

President Stewart said that the Board had decided to suspend the work of the Bureau at the end of the month, if aid was not forthcoming. He wanted the council to consider this now.

Ald. Kerr suggested that accomodation might be found for the Board in the city hall.

Ald. Casey felt kindly disposed to the Board, but he wanted the matter held over for a week.

Ald. Edge thought it wise to give consideration to the matter.

Ald. Kerr proposed to give the Finance Committee power to act.

It was decided to refer the matter to the Finance Committee for report.

Change of Business

To whom concerned:

Having disposed of my interest in the New Wellington Coal Company, to Mr. M. P. McCaffery, who in connection with Mr. M. Albert will continue in the coal business in Prince Rupert. I take this opportunity of thanking the public for their trade and patronage during the past seven years, and bespeak for the new firm, the continuance of your good will and valued orders.

Very respectively,
J. H. ROGERS.
