HOSPITAL BOARD TO MEET FINANCE COMMITTEE

Decision Reached To Approach The City Council To Find What Grant Is To Be Made For Institution

A meeting of the hospital board was held last evening in the city hall, when nearly the whole board was present. The president, O .H. Nelson, presiding with William Manson, M.P.P., Ald. Maitland, J. A. Kirkpatrick, W. P. Lynch, J. H. McMullin, Len Bell, Ald. Nicol and Geo W. Morrow.

At the meeting, the question of what action to take following the resignation of Dr. Wall was considered. The Board felt that a decision should be reached as soon as possible, as to whether another house surgeon was to be securued, or whether other means should be found to carry on the business of the institution.

The advice of Dr. Wall at the meeting which was held when his resignation was accepted, was that in the interest of the hospital, it would be advisable to have a resident doctor. This it had been stated by Dr. Wall, was an advantage in many ways.

The financial position of the institution, was presented by the Finance Committe. This gave full details of the affairs concerning the first five months of the year. It showed that the estimates of the Board, as prepared at the first of the year, had been fairly accurate. The Board had not gone behind to any greater extent than was anticipated. At the same time, the necessity existed for the considerable aid from the city if the institution was to continue to do its work.

After a full discussion of the situation from all standpoints, it was felt that there should be some further reductions in the staff, in the interest of the institution. The question of cutting off the resident medical man came up, and with that the cutting out of the ticket system. Ald. Nicol reported that it was altogether likely that within a very short time, there would be a large increase of tickets, through the avenue of the fishermen's union.

There were others who felt that the presence of a doctor at the hospital was very necessary.

The view was expressed that the finances should be taken up with the city council, and a meeting arranged with the finance committee of the council as early as possible. This was decided upon.

Many of the Board felt that in view of the falling off in the number of patients, that a medical man, if appointed, should be charged with the fullest management of the institution. He should, in fact, be given very many powers, and be held responsible for every part of the work.

With this object in view, it was decided to call for applications for the position of doctor, to be capable of taking full charge of the hospital. The applications will be received up to July 15. This will avoid any delay when the decision is reached as to what is possible after a conference with the city council.

Fish Are Running In Skeena Satisfactorily

Reports from the Skeena as to the run of the sockeye salmon, are very satisfactory. There is not a tremendous run according to Robert Johnson, of the Inverness Cannery, the run is fair and much better than the more fitful heavy runs, which are generally followed by a slack time. The average since the start of the season, last Sunday night, ha saveraged it is said, about 22 to the boat. There have been catches as high as 75 to the boat reported, but these were the exception.

SENTENCED TO SIX MONTHS TIME

McALLISTER WHO STOLE FISHING GEAR GIVEN WARNING BY JUDGE

Mr. Justice Gregory Passed Sentence On Man Yesterday.

In court yesterday afternoon, Mr. Justice Gregory disposed of the case of Rex vs McAllister, when he passed sentence upon the convicted man. This case had been disposed of by speedy trial by the judge on the opening day of the Assizes. The charge was one of having stolen some fishing gear from a boat in the harbor. Judgment was deferred by His Lordship until yesterday, the man having admitted his guilt, but pleading that he was drunk, and did not know what he was doing.

Mr. Justice Gregory, yesterday afternoon in passing sentence, pointed out that the offence was regarded as a serious one, made the law inasmuch as it took away the opportunity of a man to make a livelihood. It was punishable by imprisonment for 14 years. Having regard to the circumstances, and the fact that the man had helped the police to get the goods back, he let him off with 6 months in jail.

TRUANCY LAW TO BE ENFORCED

AT OPENING OF SCHOOL ALL PUPILS MUST ATTEND

Technical Teaching Will Be Considered At Adjourned Meeting Of Board.

The truancy law, as applying to the schools of the city, is to be more strictly enforced after the holidays. This was the decision reached at a meeting of the Board of Trustees yesterday afternoon, when the whole board was present.

A delegation from the Trades and Labor Council consisting of S. D. Macdonald and Mr. Thompson, secretary of the Council was present and made representations along the line of technical training in the schools. It was urged that there should be something done along this line in the city, and the importance of this branch of school work was alluded to especially by Mr. Thompson ,who has served as a trustee in the Eastern States. The decision of the Board to take steps along this line was heartily endorsed by the delegation. At the same time, reference was made to the evident fact, that there were many children of the school age that were

RUMORED H.M.S. KENT MAY COME HERE TO DOCK

It Is Reported That the Warship Will Be Here As Soon As the Drydock At Hay's Creek Is Ready To Receive The Vessels

A persistent rumor that is gaining ground is in circulation, with respect to H. M .S. Kent now at Esquimalt. It is to the effect that the big warship is to come here to be berthed first, as soon as the G. T. P. drydock is ready to receive her.

This rumor has been in circulation some time ago. Recent arrivals from the south state that it is reported that the Kent will wait until this dock at Hay's Creek is ready, and that then she will come north and be repaired and put in shape.

Such a move would be of unestimable advantage to this port. The dock at Esquimalt is too small for the boat. It is necessary to come to Prince Rupert. The H. M. S. Kent was injured somewhat in the naval engagement off South America.

COURT'S JUDGMENT WAS RESERVED

DECISION IN ACCIDENT CASE AT ROYAL HOTEL WILL BE GIVEN TODAY

Nearing The Close Of The Civil Sittings Of Supreme Court.

The civil sittings of the Supreme Court are nearing a close now. Mr. Justice Gregory expects to dispose of the last case this evening, after the train arrives from the interior, and will leave in the morning for the south. Yesterday he heard the evidence in the case of George Young vs Corley and Burgees of the Royal Hotel. The decision will be given today. His Lordship reserving judgment.

This action was one for damages brought by Young, an Indian. He had last December fallen into an opening in the sidewalk in front of the Royal and broke his leg. The hole it was represented, and was not denied, was unguarded and had been opened up for the purpose of throwing wood into the basement.

L. W. Patmore for the defendants alleged that the owners of the hotel were not responsible, not knowing themselves that the hole was left.

Judgment was reserved by His Lordship in the case.

The final case will be disposed of upon the arrival of the witness from the interior by the train this evening.

Excellent Quality Of Berries From Kitsumkalum

Already the initial shipments of strawberries for this season have been received in the cityfrom Kitsumkalum. These are of excellent quality. Yesterday aconsignment was received from an old-time resident of this city, D. A. McKinon, who has a splendid ranch in that valley. It is located on the higher lands on the way to Lakee, and the quality of the berries which he sent to the city, and which the Journal has through his generosity, had the opportunity of testing, were of the very best. With a fruit producing area so near to the city as this, there should never be any want in this line in Prince Rupert.

Allies Have Been Gaining Ground Along The Western Front

Paris, June 22.—An official report says:—"In the course of the forenoon fifteen additional shells were fired into Dunkirk. Our heavy batteries engaged the enemy's guns, which were responsible for the bombardment. In the region of North Arras, the German counter attack came to an end during the day.

"There has been only artillery action of extreme violence between Souchez and Ecurie.

"In Champagne, the enemy exploded several mines without result.

"On the heights of the Meuse at the Calonne trench, the Germans made a violent attack, for the purpose of recovering positions which they had lost. They succeeded only in occupying a part of their second line. A counter attack on our part, resulted in almost all positions again falling into our hands.

"In Lorraine, a German counter attack debouching to the east of Leintrey was stopped by our artillery.

"In the Vosges, between two branches of the Fecht, we continued our advance in the direction of Sondranaec."

PLAINTIFFS WON IN BONUS SUIT

MR. JUSTICE GREGORY DECIDED IN FAVOR OF WILLIAMS & MANSON

He Finds Local Law Firm Is Entitled To $3,000 Claimed.

The civil action, Williams & Manson vs Beaton & Kules was decided in the Supreme Court yesterday by Mr. Justice Gregory, who gave judgment for the plaitiffs in the action. This was the action brought to recover $3,000 which was claimed as a bonus for the raising of $12,000 for the defendants.

The claim that was put up by the defendants was that the amount was to be paid only in case the deal that was in contemplation over the coal lands that were concerned, should go through. Moreover, the defendants contended that the amount that was raised for them by the other parties to the action, was not as great as claimed.

His Lordship, however, found in

SERBIA'S AGED MONARCH NOW IN RETIREMENT

After Successfully Building Up His Kingdom To Nationhood.

That King Peter, Serbia's aged monarch, will never return to the throne, has been admitted by high officials of the Serbian Government, following the King's departure to the little town of Vranska Bania. In that retreat he will spend the remainder of his days.

No formal abdiction of the throne has been announced, but the young Prince Alexander will continue his regency until the death of his father makes him the legal possessor to the crown. King Peter has made it known that he can no longer consider a return to the throne, and the government has formally accepted his decision.

The town to which King Peter's personal Court has been removed lies sixty miles from Belgrade. It is here that the Karageorgevitch line, of which the King is a lineal descendant, had its origin.

"Black George," the founder of the dynasty, at Vranska Dania began Serbia's struggle for freedom from the Turks. King Peter has had a church erected in the little town above the tombs of his ancestors near the spot where his remains are to lie.

The King is now over seventy years of age and, next to Franz Josef, the oldest living ruler in the world. Practically all the progress Serbia has made as a nation has been under his leadership. But for years he has suffered from various maladies, and his physicians have insisted that he relinquish his duties.

Accordingly, having put the affairs of the Kingdom in the best condition possible, last June he turned the Regency over to his second son, Prince Alexander, who was then 26 years of age.

The oldest son, Prince George, who was originally the Crown Prince, had been obliged to renounce his succession to the throne several years previous, for having expressed a little too freely what he intended to do to Austria when he got to be King.

Within a month after the young Prince Alexander assumed the Regency, the assassination of Archduke Ferdinand, at Sarajevo broke the peace of Europe, and the Prince found himself tumbled into the midst of war. Despite severe trials, he has conducted the kingdom so well that it has been definitely decided he shall continue in power.

What pleases Serbia today is that not only has Prince Alexander satisfied Serbians, but that his ability already has been recognized by the various powers of the Triple Entente.

They would not for a moment have consented to allow the Prince to remain in power had they not been convinced that he was the man for the place.

The latest and most important bit of evidence of the confidence they place in Alexander was the conferring on him of the Order of the Garter by King George of England. It was the first time a Balkan prince had been so honored.

With this assurance of ample outside support King Peter decided he could retire safely to Vranska Bania. The King, however, has let it be known that he will return to Belgrade on the day the Serbian capital returns from Nisch, when the Austrian menace has been removed.

This probably will be the last time he will venture from this retreat.

Is Business Slow?

It probably serves you right

You are not letting the public know what you have

Advertise!
Advertise!
Advertise!

That is the Solution

That manufacturers should increase their advertising appropriations during a period of business depression and curtail during the years of prosperity, was the opinion advanced by Roger Babson, the financial and business statistician, at a meeting of the Technical Publicity Association, held in New York.

"Directors of your company regard advertising as a luxury to be cut down when business is poor," said Mr. Babson. "They give you orders what to do rather than you giving them orders.

"If you solved this advertising problem in a scientific way you would tell them what to do, the same as their lawyers and their bankers tell them.

"In a year of prosperity they are willing to give you a big advertising appropriation, and when the reaction comes they cut down to almost nothing. Take the big appropriation in the fat years and salt it away for use in the lean years.

"If you all did this the business of the country would move along more evenly; the business boom would be less, and the reaction, the area of business depression, smaller."

NOTICE OF CANCELLATION OF RESERVE.

NOTICE IS HEREBY GIVEN that the Reserve existing on Detention Island by reason of a Notice published in the British Columbia Gazette on the 30th of May, 1912, is hereby cancelled.

R. A. RENWICK,
Deputy Minister of Lands
Department of Lands,
Victoria, B.C..

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

not going to school.

The members of the Board stated that the intention was to get manual training started in the schools of the city after the summer holidays. Later a committee consisting of Messrs. Anderson and Tite, was appointed to go into the subject of a suitable place for this work being done. In this connection, the Board was informed by the department at Victoria, that the government bore three-quarters of the cost of the equipment that was needed.

In the matter of the absence of pupils from school, which has been a live one before the Board for some time, it was decided that before the re-opening of the school after the holidays, the attention of the public would be called to the law and steps taken by the co-operation of the police and the teachers to have the trouble eradicated.

The Board will meet again on Friday evening, when the matter of the manual training school will be considered at length, from the financial standpoint, and from the aspect of the site for it.

SHIPPING ORE FROM IKEDA MINE

THE BRITISH COLUMBIA HAS 60 TONS ON BOARD FOR GRANBY SMELTER

It Is Said That Attempts Will Be Made To Increase Production.

The Ikeda mines on the Queen Charlotte group are contemplating making steady shipments to the Granby Smelter. A shipment is being made by the British Columbia, which reached port yesterday from there. This shipment is of sixty tons.

The management it is said, expects to increase the output at the mine very materially in the near future.

ITALIANS ARE MAKING ADVANCES AGAINST AUSTRIA

Geneva, June 22.—The Italians gained twelve miles north of Corizia yesterday, and southeast of Plave captured two forts and trenches.

Along the Isonzo the artillery duel has turned to the advantage of the Italians. The Austrians are bringing up guns from the eastern front.

STATE OF SIEGE IS EXISTING NOW ON GALLIPOLI PENINSULA

Paris, June 22.—A state of siege exists on Gallipoli Peninsula, with local attack. On Wednesday the Allies took 700 Turkish prisoners. The allied trenches are four miles from Seddul Bahr and form a square at Avi Burgu.

Activity in the fleet leads to the belief that general attacks on the straits are imminent.
