## *Turks Defeated With Exceedingly Heavy Loss By Russia nForces*

Petrograd, May 4.—An official report says: "In Khori-Dalmon in the region of the Caucasus after two days fighting our troops opened a determined offensive against the Turks. We completely defeated the enemy.

"The Turkish losses are estimated to have been very heavy by the fact that more than 3,500 Turkish dead were found on the battlefield.

"At Dalmon we captured the Turkish hospital together with the entire staff.

"The pursuit of the defeated Turks still continues."

## DEATH OCCURRED ON SURVEY VESSEL

**U.S. CRAFT CAME INTO PORT YESTERDAY ON HER WAY NORTH**

**Kings and Winge Made Unexpected Call On Prince Rupert**

The godetic survey vessel Kings and Winge belonging to the U.S. government came into port yesterday afternoon. The call was one made unexpeetedly, the vessel being on her way north for the summer service. The reason of the call was that a member of the crew had died while the craft was passing up to Ketchikan on the way from Seattle.

The run into this port was decided upon before the man passed away it being thought that something could be done to relieve him. Before the harbor was reached however he had died. Dr. McNeill, the immigration surgeon was summoned on board but it was impossible to do anything as life was extinct.

After consultation between the American Consul and the authorities here it was decided that the vessel should proceed to Ketchikan where the body could be landed on U.S. territory. This will avoid it is said, a lot of technical trouble that would follow the landing of the remains here.

The man who died on board was Albert Marnette who was cook on the vessel. It is believed that he came to his death by being overcome with gas.

The vessel which is under the command of Capt. Mornas, will be engaged in Alaskan waters. She is a two masted schooner with auxiliary power.

## A GOOD MEETING HELD AT MASSETT

**RESIDENTS OF ISLAND WELL SATISFIED WITH REPRESENTATION**

**William Manson Gave Splendid Account of Himself at Public Gathering**

(Special Correspondence)

Massett, April 30.—A large and enthuastic meeting was held in the School house at Massett on Tuesday evening, April 20th, when the Conservative candidate accompanied by J. C. Merryfield were in this district. About one hundred persons were present.

The meeting was opened by a short speech by the worthy chairman, Mr. Charles Harrison, who gave a resume of the former political meeting held here about two weeks ago. He did not forget to refer to the proposed decapitation of the two-by-four road bosses, the proposed Government bridge at Prince Rupert near the approach of the B.C. Government wharf, and the employment of Orential labor, as these points were emphasized and fully dwelt on by the Liberal Candidate in order to show that the present party in power were negligent of their duties.

Mr. Manson was then called upon and he made an excellent speech in a creditable and sensible manner so that all present could understand fully what the government was doing for the welfare of the district generally. He criticised and explained fully to the satisfaction of the large audience present all the various points in detail raised by the

## *French Troops Have Made Advances Along The Fighting Line*

Paris, May 4.—An official report says "we have continued our progress in Belgium in the region of Steenstraatt."

"In Champagne in the region of Beausjour the Germans made three successive attacks but were repulsed with heavy losses.

"In Argonne we made progress.

"At Bagatelle we found on the ground many German dead.

"A further attack enabled us to complete our gains in the wood at Lepetre."

## *New Line At Ypres Has Been Taken Up By British Following Losses from Gases*

London, May 4.—An official report says: "The loss of ground which resulted from the unexpected use of asphyxiating gases by the enemy has necessitated a readjustment of our line at Ypres. This readjustment which has been in progress for the last few days was successfully completed last night.

"The new line runs to the west of Sonnebeke.

"During the last twenty-four hours the situation has been normal along the whole front with the exception of one half hearted attack by the enemy nothwest of Ypres which was repulsed."

## PROGRESS MADE AT TOWN OF McBRIDE

**THE FIRST DIVISIONAL POINT IN B.C. WEST OF ROCKIES DESCRIBED**

**How This Place on the Grand Trunk Pacific Has Developed**

The town of McBride, the first divisional point of the Grand Trunk Railway in British Columbia, has undergone a great change since the spring of 1914 says the McBride Journal describing the interior town. What at that time was a jumble town, has developed into a well laid out, and well populated townsite. At the rear of the fine depot, which is a two storey frame structure, with superintendent's and dispatcher's offices upstairs, the railway company has reserved a large square, which is to be laid out as a garden park. This is surrounded with business premises on the west and north sides, with a splendid hotel, and a moving picture theatre, on the east side. There are three general stores in town each carrying a stock of $10,000 to $15,000, one gents' furnishing store with a stock of $15,000, P. Burn's meat market, a first-class hardware store, two lumber yards, post office, printing works.

## British Trawler Was Sunk

Amsterdam, May 4.—The British trawler Scottish Queen has been torpedoed and sunk by a submarine off Aberdeen. The crew landed here.

## Oil Burning Locomotive In Use

The G.T.P. has put into service on this end of the line oil burning locomotives. On the last passenger train in on Sunday night an oil burning locomotive was put into service from Smithers in, It worked excellently. The train had been delayed through interchanging east of Fort George. From Smithers in with the oil burner in use the train made up time in spite of the fact that it was a very heavy one.

## Double Steamer Service Is Starting This Week

### G. T. P. Will Put Prince Rupert On Run, To Arrive Here Saturday---will Leave Again Monday Morning

The G.T.P. has arranged to put the double steamer service on at once. The new schedule comes into effect at once. The Prince Rupert will continue to arrive Wednesdays and leave Fridays for the south. The Prince George will come on at once and will reach here Saturdays leaving for the south Mondays.

The new service will continue until the end of the present month when three round trips will be made each week to and from this port, giving a steamer arriving every second day.

## More Halibut Coming In

The Borealis of the Atlin Fisheries arrived yesterday from the halibut banks with about 26,000 pounds of fish on board. The Kryra, a United States independent boat brought 10,000 pounds to the Cold Storage.

## INCREASED SAVINGS

Money is said to be scarce in Canada. Yet the banks hold $30,000,000 more in deposits payable after notice than at this time last year. Current loans in Canada are $54,000,000 less than at the end of March last year says the News Advertiser. The banks are not carrying money outside of Canada for investment, for the call loans outside are $43,000 000 less than last year. The condition reveals the timidity of the depositor as much as the conservatism of the banks. People who have money are disposed to hoard it. People who have credit with the banks are not using it so freely as they did before the depression began. Complaint is made that the banks refuse to make advances. It would probably be more correct to say that the banks are receiving as savings a great deal of money which at other times would be placed in a more active account.

## SPRING SALMON RUNNING ON THE NAAS RIVER

### Inspector Williams Has Returned From Inspection Trip There

Inspector Williams of the Fishery Department has returned from the Naas after inspecting the situation there.

He reports that the spring salmon on the river last week were running fairly well. One boat took forty on a tide, another took thirty-eight and another thirty-five. There are about sixty boats fishing on the river. The run of springs so far have been an average one. Two canneries are canning the fish while another cannery is shipping the fish fresh.

The weather was very bad last week and the catch fell off considerably accordingly.

SPLENDID FOR PLUMBERS

The sale of Product No. 99 is strictly confined to the high-class supply houses. Its cost of manufacture is therefore not affected by Dept. or "price cutting store" influence that so often drives manufacturers to the use of inferior chemicals and processes. Nor is the dealer allowed to reduce the retail price under penalty of having his supply terminated.

**CLOGGED UP DRAIN PIPES**

"99" destroys accumulations of lint, paper, cloths, hair, slime, grease, vegetables, soap, fruit and many others. It is harmless to fines plumbing.

DON'T ARGUE DON'T PUT OFF TEST IT

This preparation has been so generally successful in clearing drains that it is bought over and over again by those who have tried it, but inasmuch as no on can know the actual condition existing within a pipe, it is absolutely impossible for the manufacturer or the dealer to guarantee the result.

## *Turks Defeated With Exceedingly Heavy Loss By Russia nForces*

Petrograd, May 4.—An official report says: "In Khori-Dalmon in the region of the Caucasus after two days fighting our troops opened a determined offensive against the Turks. We completely defeated the enemy.

"The Turkish losses are estimated to have been very heavy by the fact that more than 3,500 Turkish dead were found on the battlefield.

"At Dalmon we captured the Turkish hospital together with the entire staff.

"The pursuit of the defeated Turks still continues."

## DEATH OCCURRED ON SURVEY VESSEL

U.S. CRAFT CAME INTO PORT YESTERDAY ON HER WAY NORTH

Kings and Winge Made Unexpected Call On Prince Rupert

The godetic survey vessel Kings and Winge belonging to the U.S. government came into port yesterday afternoon. The call was one made unexpeetedly, the vessel being on her way north for the summer service. The reason of the call was that a member of the crew had died while the craft was passing up to Ketchikan on the way from Seattle.

The run into this port was decided upon before the man passed away it being thought that something could be done to relieve him. Before the harbor was reached however he had died. Dr. McNeill, the immigration surgeon was summoned on board but it was impossible to do anything as life was extinct.

After consultation between the American Consul and the authorities here it was decided that the vessel should proceed to Ketchikan where the body could be landed on U.S. territory. This will avoid it is said, a lot of technical trouble that would follow the landing of the remains here.

The man who died on board was Albert Marnette who was cook on the vessel. It is believed that he came to his death by being overcome with gas.

The vessel which is under the command of Capt. Mornas, will be engaged in Alaskan waters. She is a two masted schooner with auxiliary power.

## A GOOD MEETING HELD AT MASSETT

RESIDENTS OF ISLAND WELL SATISFIED WITH REPRESENTATION

William Manson Gave Splendid Account of Himself at Public Gathering

(Special Correspondence)

Massett, April 30.—A large and enthuastic meeting was held in the School house at Massett on Tuesday evening, April 20th, when the Conservative candidate accompanied by J. C. Merryfield were in this district. About one hundred persons were present.

The meeting was opened by a short speech by the worthy chairman, Mr. Charles Harrison, who gave a resume of the former political meeting held here about two weeks ago. He did not forget to refer to the proposed decapitation of the two-by-four road bosses, the proposed Government bridge at Prince Rupert near the approach of the B.C. Government wharf, and the employment of Orential labor, as these points were emphasized and fully dwelt on by the Liberal Candidate in order to show that the present party in power were negligent of their duties.

Mr. Manson was then called upon and he made an excellent speech in a creditable and sensible manner so that all present could understand fully what the government was doing for the welfare of the district generally. He criticised and explained fully to the satisfaction of the large audience present all the various points in detail raised by the

Paris, May 4.—An official report says "we have continued our progress in Belgium in the region of Steenstraatt."

"In Champagne in the region of Beausjour the Germans made three successive attacks but were repulsed with heavy losses.

"In Argonne we made progress.

"At Bagatelle we found on the ground many German dead.

"A further attack enabled us to complete our gains in the wood at Lepetre."

## *New Line At Ypres Has Been Taken Up By British Following Losses from Gases*

London, May 4.—An official report says: "The loss of ground which resulted from the unexpected use of asphyxiating gases by the enemy has necessitated a readjustment of our line at Ypres. This readjustment which has been in progress for the last few days was successfully completed last night.

"The new line runs to the west of Sonnebeke.

"During the last twenty-four hours the situation has been normal along the whole front with the exception of one half hearted attack by the enemy nothwest of Ypres which was repulsed."

## PROGRESS MADE AT TOWN OF McBRIDE

THE FIRST DIVISIONAL POINT IN B.C. WEST OF ROCKIES DESCRIBED

How This Place on the Grand Trunk Pacific Has Developed

The town of McBride, the first divisional point of the Grand Trunk Railway in British Columbia, has undergone a great change since the spring of 1914 says the McBride Journal describing the interior town. What at that time was a jumble town, has developed into a well laid out, and well populated townsite. At the rear of the fine depot, which is a two storey frame structure, with superintendent's and dispatcher's offices upstairs, the railway company has reserved a large square, which is to be laid out as a garden park. This is surrounded with business premises on the west and north sides, with a splendid hotel, and a moving picture theatre, on the east side. There are three general stores in town each carrying a stock of $10,000 to $15,000, one gents' furnishing store with a stock of $15,000, P. Burn's meat market, a first-class hardware store, two lumber yards, post office, printing works.

## BRITISH COLUMBIA LANDS

The Ministerial Union of Vancouver has endorsed an attack upon the McBride Government on the score of its land policy. It appears from the published statements made with respect to the pamphlet that the real author and finisher of the work is Moses Cotsworth. The Ministerial Union apparently know little about the matter of their own knowledge. They accept the statements as set forth by Moses Cotsworth who is well known on this coast dating back over about ten years time.

Mr. Cotsworth has long had a desire to get after the McBride Government. He is a wizard on figures having prepared a valuable set of tables for accountants and having worked out a new calendar which he has wanted to have adopted. We are inclined to think that he has been devoting his craze for figures to vent his spleen against the McBride Government for which he has long had no love. It will likely be found that his personal antipathies have been allowed to come into the pamphlet he prepared.

### A GOOD MEETING

(Continued from Page One.)

Liberal Candidate to show why the present administration at Victoria should be overthrown.

He made no threats and made no glowing promises of what he would do should he again be returned as our member, but referred us to his past endeavors in the Legislature to show that he had always been fair and square for any and every issue for the benefit of his constituency generally and the residents are absolutely sure that he will continue to do the same in the future and therefore have confidence in him as the most suitable man to represent them

After he had concluded his speech the chairman threw the meeting open to anyone that wished to ask him any question or to criticize any statement he had made. For a long interval there was absolute silence until Mr. Martin, J.P. proposed a hearty vote of thanks to Mr. Manson for the lucid and able speech he had made. This was seconded by Mr. Wanloss, and put to the meeting by the chairman coupled with the resolution that we have every confidence in the ability of Mr. Manson to do always what is right for the best interests of the people of his constituency.

The goodwill of the people showed itself by giving three hearty cheers for Mr. William Manson as our future member, and we are looking forward to the time when we shall see him as a member of the cabinet.

The meeting concluded with the National Anthem.

### PROGRESS MADE

(Continued from Page One.)

with a weekly paper in connection with the same two first-class pool rooms, with barber shops, four restaurants, first-class drug store, an up-to-date tailoring establishment, two hand laundries, one steam laundry, and several smaller stores. There are also about 100 first class residences. with the usual number of smaller shacks. The Fraser Hotel is a three-storey house, and is classed as one of the best along the G.T.P. system. The new provincial gaol and police court is just upon completion, and will be taken over by the Government shortly, when the town will become police headquarters for this district. At the present time there is a Chief of Police, with two constables, in town. The Methodist Church has a fine permanent building, with a resident ordained minister in charge. The Church of England has just completed the building of their church, and expect to have a permanent pastor in a few weeks. There is also a good frame school house, with accommodation for about 100 pupils. A male teacher is in charge of the school. The Government has spent $2000 on road work and the inhabitants have laid over 5000 feet of sidewalks. The railway company has a twelve-stall roundhouse with machine shops, boiler room, and engine room, all of brick structure. They have installed a 250 h.p. high speed engine, for generating electric light for the shops, yards and station buildings.

Altogether the town has prospered favorably, and is holding its own with other towns in British Columbia, during the hard times being experienced during the war.

### FIELDS FOR B.C.

(Continued from Page One.)

British Columbia concern, has succeeded in establishing its products in a market hitherto exclusively German. Up to the time of the war, Mr. Whalen's company had never made a shipment to the Argentine.

Through the tying up of the German vessels, it became necessary for the paper mills of Buenos Ayres and other Argentine centres, to look else where than to the "Fatherland" for pulp. That is how the B.C. company got in, and from all indications it will remain. Several shipments have already been made and the lack of transportation facilities is the only thing that prevents the building up of a fine trade. The Argentine presents a splendid field for other Canadian industries, according to Mr. Whalen, and he considers it essential that a line of steamers should be established between Vancouver and Buenos Ayres via the Panama Canal.
