BOMBS RAINED ON DUNKIRK ON SUNDAY

RUSSIANS SUSTAINED FIGHT ON VISTULA

IN GALACIA THE ENEMY IS BEING FOLLOWED UP

Strange Cruiser Sighted Off Havana Flying No Colors

Havana, Jan. 11.—A strange cruiser with three funnels and displaying no colors but supposed to be a British or a German vessel, appeared today four miles off the harbor. She signalled Morro Castle, enquiring the name of a steamer which was about to enter the port.

The signalman refused to recognize the signals, suspecting the cruiser was belligerent. The lights are still visible off the harbor.

NO CHANGE NOTED.

Paris, Jan. 11.—It is announced officially that no change has taken place in the situation as far as chronicled.

A New Weigher.

The City Council decided last night to call for applications for the position of weigher at the city scales.

Congratulated The Mayor

Ald. Morrissey at the Council meeting last night congratulated the mayor on his election by acclamation and described the situation as one at which "any gentleman should sit up and smile." His congratulations were greeted with applause by the aldermen, and the mayor, replying, said that if a fighting proposition were put up to him he might be in a better frame of mind to deal with the subject. He was not well qualified to deal with anything other than by opposition. He was never quite at home unless he was up against it. This was such a decided change from what he was used to that he could not respond. He had always been up against the hard side of life. This was the first easy piece of the world's life he had met with. He hoped to see the aldermen returned or if they fell he hoped they would find rest in heaven above.

Russians Winning On The Vistula And In Galacia

Petrograd, Jan. 11.—An official announcement says that on the left bank of the Vistula both day and night of January 10 the Germans attempted without success to attack our line at several points, but were repulsed everywhere by our fire.

In the attack in the region of the village of Samice in East Skiernowice the Germans reached our barbed wire entanglements, where they began to shout, "Don't fire; we are yours." As a similar strategy had been employed before the vigilance of our troops was not deceived. We directed a destructive fire against them.

We delivered also a counter-attack, repulsing the enemy and inflicting heavy losses.

In Galicia a cannon and rifle fire has been kept going against the enemy. We remain in contact with them at the time of sending this information.

PROMISE REDUCTION IN LIGHT AND POWER

It Is Announced That The Data Is Being Got Together Preparatory to This Cut In Price---Good Profit Shown During The Last Year

A reduction in the price of light and power within the near future is promised. This statement was contained in a report by the superintendent which was presented to the Council last night. The mayor said that the September reduction was a small one, but the main reduction would be made later.

The report of the superintendent, which was read, was received and turned over to be printed with the annual reports.

The mayor paid a compliment to the electrical superintendent.

Ald. Montgomery, as chairman of the committee, said that Mr. Duncan had given entire satisfaction. Yet the running of public utilities should be based on the assumption that the consumer should get the utility at as near the cost of production as possible. He recommended to the incoming committee that it should show less profit next year, giving a reduction in the cost of light. He moved a vote of thanks to Mr. Duncan for his services.

The motion carried.

COMPLIMENTED ENGINEER'S DEPT. AT CITY HALL

Ald. Morrissey Made a Very Eulogistic Reference to the Staff.

Last night at the Council meeting there was a general disposition to be complimentary. The staff at the City Hall were all complimented. The Press even were not forgotten but were made the subject of kind words and a vote of thanks proposed by Ald. Kerr.

When the engineer's report was presented Ald. Morrissey paid a compliment to the engineering department, which had, according to the report, carried out their work at a cost of a little over one per cent. of the money expended. It was a record, he felt, for the department in the

Dunkirk Received Rain Of Bombs From Aeroplanes on Sunday

London, Jan. 11.—Fifty bombs were dropped on Dunkirk on Sunday by aeroplanes which were cruising over the town. They came from all directions.

The airships were met by heavy shrapnel fire from the ground. Two of the raiders were brought down, one outside the town and the other twenty miles away.

Six persons in Dunkirk were killed as a result of the bombs dropping, but little material damage was done.

Before leaving for the south for a short time I purpose giving those who wear spectacles or eyeglasses—or those who may need them—a specially close price on any and all kinds of Glasses. For ten days only—from January 11 to January 21. I leave on January 22, and it will be an advantage to all those who wear glasses or may require them, to see me at once, at my offices, Suite 1, Exchange Block, or at McCutcheon's Drug Store. This applies to all kinds of frames and lenses and cases all complete, the eyes carefully tested and frames perfectly adjusted—and guaranteed to be in every way accurate. If interested call and see samples and get prices and arrange appointments to have eyes carefully examined. During these dates it will pay you, if you are using glasses, to get an extra pair, as the opportunity will not occur again. I fit all kinds of Lenses—also Toric or wide angle Lenses—and Kryptoks—giving you both distance and near, which have the advantage of being invisible. Call early, so that in the event of having to order I may get them here before I leave on January 22. If you need anything don't miss this chance for 10 days only. Day or evening.

PATROL ALARM SYSTEM WANTED

CHIEF VICKERS OF POLICE FORCE MAKES RECOMMENDATION.

The Probable Cost Will Be Inquired Into in Connection With Work.

The Police Commissioners held their last meeting yesterday afternoon. Apart from the routine business there was little other than the consideration of the annual report of the chief.

Chief Vickers in his report made a strong plea for a patrol alarm system in the city. He recommended that six alarm patrol boxes should be installed to start with. It would not be very expensive and would facilitate the police very much in their work.

The matter was recommended to the next board. Light Supt. Duncan will be asked to estimate the cost of the system.

Want More Room.

The light superintendent has asked the City Council to be allowed to occupy the room formerly used by the High School for the Department's purposes. The present offices are too small.

Ritchie Sewer Settled.

At the Council meeting last night the city solicitor announced that the Ritchie sewer trouble was a thing of the past. It had all been settled and Mr. Beveridge's residence was now connected up.

Governor Heard From.

The governor for the hydro-electric system which has been the subject of so much controversy has been heard from. It is being overhauled in Toronto.

IS ELECTED MAYOR BY ACCLAMATION

Thirteen Are In the Running For Alderman And Six Nominees Are In The Field For School Trustees---Will Be A Very Quiet Election

The nominations for mayor, aldermen and school trustees for the year took place yesterday at the City Hall in the Police Court Room before A. Cuthbert, the returning officer. The event was a very quiet one. The nominations were filed with lack of enthusiasm. This was, perhaps, accountable in large measure from the fact that there was an election for mayor by acclamation with no campaign connected with that office. Moreover the year promises to be one that will be rather quiet in a municipal way, with no great issues before the people.

The nominations are given below, there being eight aldermen and three school trustees to select from the nominees.

For Mayor.

S. M. Newton; nominors, John A. Kirkpatrick and William E. Fisher.

For Aldermen.

T. R. Maitland; nominors, John S. Laurenson and Thomas Trotier.

W. H. Montgomery; nominors, Falconer Keith and Wm. Thans.

John Nicol; nominors, S. D. Macdonald and T. R. Maitland.

William Beveridge; nominors, Geo. D. Tite and Arthur Spurr.

D. H. Morrison; nominors, Geo. D. Tite and J. G. Scott.

V. Basso-Bert; nominors, M. P. McCaffery and W. Gratton.

John Dybhavn; nominors, Olaf Hanson and J. S. Johnson.

G. W. Kerr; nominors, S. D. Macdonald and Cyril H. Orme.

A. W. Edge; nominors, Jas. H. Thompson and E. H. Mortimer.

D. W. Morrissey; nominors, S. M. Newton and J. A. Kirkpatrick.

Thos. McClymont; nominors, P. McLachlan and Nathan Scheinman.

Ronald Ferguson; nominors, A. J. Prudhomme and Albert Ross.

Walter Shaw; nominors, W. H. Montgomery and J. J. Anderson.

For School Trustees.

George B. Casey; nominors, G. W. Kerr and W. H. Montgomery.

William E. Williams; nominors, C. H. Orme and G. Frizzell.

J. A. Kirkpatrick; nominors, G. H. Munro and J. A. Smith.

O. H. Nelson; nominors, P. McLachlan and G. H. Munro.

Geo. D. Tite; nominors, Martin O'Reilly and G. W. Nickerson.

W. H. Derry; nominors, S. Mussallem and Geo. Hill.

SEATTLE AFRAID OF THIS CITY

THE FISH TRADE IT IS FEARED WILL BE DRAWN TO PRINCE RUPERT.

Southern City Making United Move to Aid in Drawing It Away.

Ways and means of defeating a concerted attempt by foreign interests to divert the great Alaska fish business, amounting to many millions of dollars a year, from Seattle to the Canadian port of Prince Rupert, a danger that is regarded as extremely imminent, will be determined upon in a big meeting of local and Alaska men and railroad and steamship officials, to be held at the new Chamber of Commerce next Thursday afternoon, says the Seattle Times.

The gathering will mark the first but one public step taken locally to avert the impending loss of this trade. The Commercial Club of Ketchikan, after an exhaustive investigation of the efforts being made by the Canadians to secure this enormous business, last week adopted a resolution in which it appealed to President Wilson to take such steps immediately as may be necessary to secure the fullest protection to the American industry thus threatened.

A copy of this resolution, outlining the present crisis, which is caused by the completion and operation of the Grand Trunk Pacific Railway, with a terminus at Prince Rupert, was sent to the Seattle commercial organization where it was referred to a specially created committee for recommendation. This committee consists of J. S. Goldsmith, chairman of the transportation bureau; former United States Senator Samuel H. Piles, chairman of the committee on national affairs, and Scott C. Bone, chairman of the Alaska bureau.

This committee yesterday decided that the situation needs prompt attention and called the meeting of next week, when the whole matter will be discussed in detail. This meeting is intended, it was said today, for all those interested in handling Alaska fish, either fresh, dried, salted, pickled or canned, and traffic officials of the transcontinental railroads and the steamship lines operating between Seattle and Alaska.

One of Alaska's Big Assets.

It is pointed out that the fresh fish business is one of Alaska's greatest assets, rightfully American and that unless the most vigorous action is taken to prevent it, this trade will be transferred to Prince Rupert, where it will go to build up that Canadian city, which is much closer and more convenient to Alaska than Seattle. A considerable part of this business already has been lost, according to Ketchikan and Seattle men.

The change has been brought about to a large extent, it is declared in the Ketchikan resolution, because of the convenient bonding privileges extended by the United States government and attractive offers of co-operation now being made by the Canadians to both American and Canadian institutions. The Canadian government has otherwise encouraged the transfer.

The Ketchikan Commercial Club believes that before the present problem is solved it will be necessary to restore the duty of 1 cent a pound upon fresh and frozen fish, and require all American vessels engaged in the North Pacific and its tributaries, in the catching of fish for the American markets, to land the fish caught, purchased or otherwise procured, at an American port.

"Inasmuch as the Canadian government has fostered and assisted directly in the construction of the Grand Trunk Pacific Railway, as well as the fish packing plants at Prince Rupert," the Ketchikan resolution says: "It is not improper for the government of the United States to protect us from loss thereby."

A number of big fish companies are doing business at Prince Rupert at present, making regular carload shipments from the Canadian port to points in the East and Middle West of the United States. It is contended that if this movement is not checked Alaska and Seattle will be robbed of the huge benefits derived from this business and forced to see the trade monopolized by the Canadians.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

SPLENDID FOR PLUMBERS

The sale of Product No. 99 is strictly confined to the high-class supply houses. Its cost of manufacture is therefore not affected by Dept. or "price cutting store" influence that so often drives manufacturers to the use of inferior chemicals and processes. Nor is the dealer allowed to reduce the retail price under penalty of having his supply terminated.

A POWERFUL SOLVENT FOR

CLOGGED UP DRAIN PIPES

"99" destroys accumulations of lint, paper, cloths, hair, slime, grease, vegetables, soap, fruit and many others. It is harmless to finest plumbing.

DON'T ARGUE DON'T PUT OFF TEST IT

This preparation has been so generally successful in clearing drains that it is bought over and over again by those who have tried it, but inasmuch as no one can know the actual condition existing within a pipe, it is absolutely impossible for the manufacturer or the dealer to guarantee the result.
