ITALIAN CABINET IS CONSIDERING DECISION NOW

Rome, May 14---Premier Salandra has convoked a council of his ministers who are now meeting to make a decision relative to the present crisis with Austria.

FRENCH ARMIES SUCCESSFUL ON WESTERN FRONT

THE RUSSIAN FORCES VICTORIOUS AT ALL POINTS

French Forces Are Holding Positions On The Western Front

Paris, May 14.—Official report says:—"To the north of Arras the condition of the ground has rendered operations difficult. Our offensive continues.

"At the southeast of Angres we attacked from both sides of the road, from Aix Houlettes to Souchez. We have continued the clearing of the slopes east and south of Notre Dame de Lorette. The Germans made an attack on us at the wood of Ailly. They obtained a momentary footing on our first line, but were forced back by counter attacks.

PRINCE RUPERT IS LOOKING GOOD

WILLIAM ANGLE WHO HAS RETURNED FROM THE EAST GIVES IMPRESSIONS

In Eastern Canada Situation Is Very Gratifying Prairies Are Not So Good.

William Angle who has been in the east for some little time on business, connected with the winding up of the estate of a brother-in-law, has returned to this city. He says that he is now back to stay, for the city looks good to him. Mrs. Angle has returned also.

Speaking of the conditions that prevail, Mr. Angle says that in the far east of the Dominion the farmers are prosperous, and as a result all lines of business are quite prosperous. This condition of affairs, however, ends when the prairie provinces are entered. The depression is there at once seen, and Prince Rupert to his mind looks better than any other place that he saw west of the Lakes.

WASHINGTON EXPECTS WAR.

Arrangements Being Made To Look After Italian Interests.

Washington, May 13.—Such advices as have come to the United States Government through official and unofficial channels within the last few days indicate that Italy's preparations clearly tend to her participation in the war at an early date.

American diplomatists in Europe, some of whom are in touch with the Italian situation, believe the decision is now only a matter of days, and arrangements already are being made to accommodate Italian interests should the emergency arise. It is understood that Italy would ask the American Embassies in Vienna, Berlin and Constantinople to look after her diplomatic affairs. Italy is now the custodian in the Turkish capital of Russian interests, and Ambassador Morgenthau would have another country's subjects and business to care for besides those of Great Britain and France.

PRESIDENT WILSON'S NOTE TO GERMANY HAS BEEN SENT

Washington, May 14.—The note presented by President Wilson to the German Embassy today calls attention to the "Unlawful and inhuman destruction of the Lusitania and other violations of the United States' rights on the high seas."

Germany is asked to disavow the act of her submarine commander in torpedoing without warning the Lusitania, and the Gulf-Light and to make reparation and take such action as will prevent a recurrence of such acts.

No time is set by the President in which to reply, and no course is indicated in the event of Germany's non-compliance.

The note concludes that it will be the United States' duty to omit no word or act to defend the rights of the American people.

German Embassy officials forecast that the German reply will attempt to justify submarine warfare, insisting on the right to destroy vessels carrying contraband.

It is believed that Wilson will not fight, but will denounce Germany as an outlaw among nations. He may, however, discontinue relations and seize interned German vessels if continued attacks are made on the United States flag.

Reported Killed.

By indirect messages received in the city, there is reason to believe that W. Mathieson, formerly of this city has been killed in the war. He was an excellent shot and left here early in the war.

H. S. CLEMENTS HAS BEEN NOMINATED

MEMBER FOR COMOX-ATLIN HAS BEEN NAMED FOR SOUTHERN DISTRICT

He will Contest The Riding In The Interests Of The Party.

A Conservative nominating convention for the Federal House to choose a candidate to represent the Comox-Alberni constituency was held in Courtenay last Tuesday. Delegates were present from the northern parts of Vancouver Island, Comox and Alberni districts and from Richmond.

The basis of representation was as follows: Comox riding, 40 delegates; Alberni riding, 40, and Richmond 10. A meeting was held, presided over by Mr. John B. Williamson, secretary of the British Columbia Central, and a unanimous nomination was given to H. S. Clements, M.P. An open meeting was then held, with speeches from Messrs. Bird, Alberni; Woods, M. P. P., Alberni; Mr. Manson, M. P. P., and Cowan of Vancouver. A banquet was afterwards given in the Riverside Hotel, which was largely attended.

Mr. Clements addressed the convention expressing his thanks for the honor that had been tendered him. It was considered by him as more than an ordinary honor as it was the second time that he, a Conservative stranger in the western coast, had been so distinguished. He had been unknown to many of the Conservatives in 1911 when he had accepted the nomination to run under the

INDIAN PRISONER MADE ATTEMPT TO ESCAPE

Hazelton Native Made Break For Liberty But Was Later Captured.

Dick Latie, an Indian, sentenced on Monday to four months' imprisonment for larceny, had a brief taste of freedom, says the Omineca Miner. On Thursday morning, while engaged with other prisoners in cleaning the government offices, Laties disappeared, and succeeded in retaining his liberty until yesterday morning, when he was again arrested. Chief Minty and his constables, after some sleuthing, became convinced that the fugitive was hiding in the brush, but would take refuge in the house of another Indian at night. This proved to be the case, and after a night's work the escaped was found at 4 a.m. yesterday. The constables rushed the house, and Latie was handcuffed before he could offer resistence.

Victoria, B. C., May 14.—Further lumber exhibits have now been despatched to foreign markets under instructions from the Minister of Lands. As a result of this, the trade in overseas markets will have a comprehensive range of samples of British Columbia woods, both in the natural and finished states, for the information of buyers. The Canadian Trade Commissioners in London, Birmingham, Manchester, Bristol, Glasgow, Paris, Shanghai, Yokohama, Auckland, Sydney, Melbourne, Adelaide, Cape Town, Johannesburg, Durban, Columbia (Central America) and Buenos Ayres will have charge of the exhibits.

Each exhibit is accompanied by full information for the guidance of those interested, further enquiries being invited by the Forest Branch with a view to placing the overseas importers in touch with the British Columbia mills. Similar exhibits will be placed at Winnipeg, Ottawa, Montreal and other points for the information of Prairie and Eastern buyers.

ROBLIN'S REASONS FOR RESIGNING

THE PREMIER OF MANITOBA RETIRED FROM OFFICE VOLUNTARILY

He Advised Calling Upon Leader Of Opposition To Assume Control.

When Premier Roblin of Manitoba resigned with his cabinet, he made the following statement:

"At the late session of the Legislature certain serious statements were made, alleging overpayments and other matters in connection with the construction of the new parliament buildings.

"A royal commission was appointed to inquire into the whole matter. The authorities or jurisdiction of the committee is now challenged. This means considerable delay before that point can be determined by the courts. The government believes such delay undesirable and contrary to public policy.

"The production of certain evidence during the sitting of the public accounts committee caused the government to institute a departmental inquiry into these matters. The result of the inquiry togetcher with the statement made before the royal commission by counsel for the contractors convinced the government that adjustments as between the province and the contractor were

Austrian Army Has Suffered Decided Defeat By Russians

Petrograd, May 14.—Official report says:—"In the region of Shaveli fighting is developing under conditions that are favorable to us.

"In western Galicia, the intensity of the fighting has lessened. Our troops are concentrating gradually on the line of the River San, with the object of occupying a short front. "The Austrian army has evacuated a strongly fortified position extending from the Bistriza River to the Roumanion frontier. It has fallen back precipitately beyond the River Pruth. The enemy's cavalry which was sacrificed in rerepeated charges to protect the general retreat, has been dispersed by our fire. Our cavalry divisions broke through various points by successful charges and threw the enemy's columns which were on the march into disorder. Our vigorous pursuit of the enemy continues."

London, May 14.—The internment of over 40,000 Germans, Austrians and Turks began in London today. All over military age with their women and children are being deported.

The authorities are doing all they can to hurry the work of concentrating the aliens in places of comparative isolation.

Control of the crowds is difficult, but the foreign population is being protected as far as possible by the authorities.

SERVING MEALS TO THE SOLDIERS

MISS DUNSMUIR WRITES OF HER EXPERIENCES IN FRANCE

Motor Kitchen Is Much Appreciated By The Soldiers At The Front.

Miss Kathleen Dunsmuir, daughter of Hon. James Dunsmuir, formerly Lieut.-Governor of British Columbia, who left for Europe some time ago, has been having some interesting experiences in France, where she is in charge of a motor kitchen stationed not far from the firing line. The following excrepts are taken from a letter written by Miss Dunsmuir from the Hotel Continental, Havre, France:

"I am cabling to see if you can possibly get $2,500. We still have some money left, but we give so much. For instance, we give two big buns for a penny, instead of one. Even then, we might do all right, but we feed all the men who have nothing free, as well as trains of wounded that come down in front of us. We also give everything free to the guards who bring in the German prisoners, so you see we do need a lot. How they do love on a cold morning at 5 or 6 o'clock to have hot chocolate and buns! We love the work.

"I have seen two Canadian soldiers from Vancouver and Nelson, and we gave them warm clothes and food. They were very glad to see someone from Canada again, and they come here every morning to have a talk. So far, Jett (Lieutenant Bromley) is all right, but in the trenches Mr. Fleming had a narrow escape.

"I am going up to Etretat tomorrow to see the Canadians in the hospital there, and Captain Furber and Major Humphreys are taking us. I am going every week if I can to talk to them and take them cigarettes. They asked the general if I could go, so I hope that I will be able to cheer them up. I almost choke with misery when the trains of wounded come down. The poor things try to be cheerful and ask us

Hospital Tickets Again Considered

At a meeting of the Hospital Board held yesterday, the question of the hospital tickets was again up for consideration. In view of the fact that these are not being generally taken, some of the Board felt inclined to discontinue the system. It was, however, decided to continue for a short time longer, in order to ascertain whether there was a desire for these. If there is not a more general response within the next few weeks there was a feeling expressed that the ticket system should be discontinued.

ANOTHER "SCRAP OF PAPER."

The use of asphyxiating gases is a direct violation of The Hague treaty. The declaration concerning the use of these gases was signed at the first Hague conference, says an exchange. The declaration was as follows:

"The contracting powers to abstain from the use of projectiles the object of which is the diffusion of asphyxicating or deleterious gases.

"The present declaration is only binding on the contracting powers in the case of war between two or more of them.

"It shall cease to be binding from the time when, in a war between the contracting powers, one of the belligerent shall be joined by a non-contracting power."

The contracting powers include all those engaged in the war, and there are therefore no exemptions. The United States did not sign, for some unexplained reason. The signatories were the following:

"Austro-Hungary, ratified Sept. 4, 1900.

"Belgium, ratified Sept. 4, 1900.

"France, ratified Sept. 4, 1900.

"Germany, ratified Sept. 4, 1900.

"Great Britian, adhered Aug. 30, 1907.

"Japan, ratified Oct. 6, 1900.

"Montenegro, ratified Sept. 4, 1900.

"Portugal, ratified Sept. 4, 1900.

"Russia, ratified Sept. 4, 1900.

"Servia, ratified May 11, 1901.

"Turkey, ratified June 12, 1907."

Germany is lost to the sense of honor in these matters. When she tore up the "scrap of paper" guaranteeing Belgian neutrality she set a precedent that she has followed even to a ruthless murder and piracy on the high seas. Germany is an outcast among the nations, due to her own acts.

KAISER VISITED ANTWERP

But Local Newspapers Were Forbidden To Tell Of His Presence.

London, May 13.—Telegraphing from Amsterdam, the correspondent of the Exchange Telegraph Company says that Emperor William and Prince Henry of Prussia, his brother, were at Antwerp at the end of last week and inspected the harbor fortifications and the submarine yards, subsequently returning to Luxemburg.

The local newspapers were forbidden to mention this visit until such time as the Emperor was back in Luxemburg. The few persons who recognized his Majesty say he was aged greatly.

RED CROSS MAKES AN URGENT APPEAL

Serious Situation Has Developed In Hospitals In Europe.

The following appeal has been recommended to the people of Prince Rupert by the local branch of the Red Cross Society.

A call has come to Vancouver which must not be allowed to go unheeded. It comes from the hospitals of Europe where thousands upon thousands of soldiers are smiling through their pain or suffering in grim silence; where gallant lads shot down in the defence of civilization and for the cause of justice and freedom are stretched upon their cots making the best of it and playing the game.

The call comes from dressing stations, from field hospitals and from base hospitals and unless Vancouver gets into the game with whole hearted enthusiasm it means that intense suffering will be caused some of those boys—perhaps our own—who have heard the call of the drum and who are fighting the baby killers, the murderers and Europee's madmen.

The Red Cross needs funds and on Saturday Vancouver is to be asked to put up at least ten thousand dollars which will immediately be cabled to purchase bandages, dressings, splints, and other needs which must be attended to at once. Unless more funds are not forthcoming it means that some of the hospitals will have to be closed. Already the work of the Red Cross has increased to an enormous burden and with the summer campaign the casualties will reach an appalling total which will make it nigh impossible for the hospitals to handle them unless the supplies are available. The Red Cross does not ask for much and if only everyone will contribute a trifle the $10,000, which is asked from Vancouver, can be raised.

Here is what can be bought:

1 cent will buy iodine to disinfect a wound.

1 cent will buy guaze for one dressing.

5 cents will buy a bandage.

8 cents will pay for a temporary splint.

10 cents will buy chloroform for an operation.

25 cents expended as above may save a life or limb.

$2.40 will pay for 100 yards of guaze.

$19 will buy 100 pounds of absorbent cotton.

$21 will pay for 1000 sterilized bandages.

$40 will pay for 100 pounds of chloroform.

$60 will provide a nurse for a month.

$166.66 will provide a surgeon for one month.

This is an urgent call. It is so urgent that the ladies who are organizing Red Cross Day under the leadership of Mrs. S. J. C. Atkins are making tremendous efforts to grapple with the problem. They hope and trust that the citizens of Vancouver will help them.

Every dollar contributed will go straight through for the purpose for which it is subscribed. There will be no "expenses" to be taken out of the fund. The ladies are in this thing whole-heartedly and the headquarters, in the Metropolitan Building. Mrs. Jack Stewart and Mrs. R. Marpole are to call on merchants and enlist their co-operation.

Skeena Land District—District of Queen Charlotte Islands

Take notice that Thomas P. O'Farrell, of Vancouver, B.C. miner, intends to apply to the Minister of Lands for a license to prospect for coal and pretoleum on the following described lands:

Commencing at a post situated 3 miles west of the south-west corner of lot 2451, thence south 80 chains, thence east 80 chains, thence north 80 chains, thence west 80 chains to point of commencement.

SPLENDID FOR PLUMBERS

The sale of Product No. 99 is strictly confined to the high-class supply houses. Its cost of manufacture is therefore not affected by Dept. or "price cutting store" influence that so often drives manufacturers to the use of inferior chemicals and processes. Nor is the dealer allowed to reduce the retail price under penalty of having his supply terminated.

A POWERFUL SOLVENT FOR

CLOGGED UP DRAIN PIPES

"99" destroys accumulations of lint, paper, cloths, hair, slime, grease, vegetables, soap, fruit and many others. It is harmless to fines plumbing.

DON'T ARGUE DON'T PUT OFF TEST IT

This preparation has been so generally successful in clearing drains that it is bought over and over again by those who have tried it, but inasmuch as no on can know the actual condition existing within a pipe, it is absolutely impossible for the manufacturer or the dealer to guarantee the result.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

them, as they love to hear English, I feel that I am doing some good. Mrs. Scott gets up at 4:30 to make us a cup of tea before we leave, and then she joins us later. Do try to get the money and don't think that it will be squandered, for every cent that is left after the war will go towards buying cork legs and other things for the wounded."

A week later Miss Dunsmuir writes:

"This is the first holiday that Kay and I have had for five weeks. We got up at half-past four and got the early boat. Major Humphreys took us to Etretat to see the Canadian wounded and to give them cigarettes. Most of them had been moved to the Canadian Hospital further up, but we needed the change, and it was really a lovely drive. It is not wonderful for me to do this work. I know we are doing well and working like blacks, but anyone would. The General says I must have a Canadian flag on my car, and he is getting me one. He is also going to have a shed built on the Quai so that we can keep our stores there, and there will also be a barrier of some kind to prevent the men rushing in all at once. My heart sinks when I see thousands of men rushing and clamoring for food, and I feel that we will never get through. You would laugh to see us—red in the face, serving out as fast as we can. At first I was so shy that I nearly cried, but now I know that I will always have to be a cook or storekeeper. The men love our place, and we give them big slices of bread and good tea. We fed a long train full of wounded yesterday, and as they had had no food they were very glad to get what we gave them.

"The other day a lot of reinforcements came for the Canadians, and as they were going away they all shouted: 'Good-bye, Miss B. C.' They are cheery and sing all the time, and when another regiment passes they always cheer them.. We seldom get back before 7 o'clock, so we have no time for much writing. We are all so tired that we just flop into bed."

auspices of the Conservative party in the largest constituency in the Dominion.

It was the largest in point of area and it was also the most difficult constituency to cover owing to the lack of railway service. In those parts reached by water communication there was at that time also very inadequate steamboat service. The rail service had been immeasurably improved since the Conservative party had been returned to power but there still remained many parts of the constituency lacking these facilities, but he was certain that once the present financial depression has passed the government would carefully consider the necessities for branch lines and do what could be done to have them extended. In the steamboat facilities along the coast many improvements had been made and it was always his desire to do all he could to foster the development of the coastwise interests and induce settlements in the valleys which can best be reached by water.
