B. C. MEMBERS PAID VISIT TO THE CITY

R. F. Green and G. H. Barnard Of Victoria Arrived By The G. T. P. Last Evening After Trip To Ottawa On Official Business

Last evening there arrived in the city over the line of the G. T. P., R. F. Green, member for Kootenay, in the House of Commons, and George H. Barnard, member for Victoria in that house. They have been back to Ottawa on business connected with their constituencies and are on there way home to Victoria.

In Ottawa they met Sir Richard McBride, who returned by the southern route to the province, Sir Richard is well they state, and returns to Canada as optimistic as ever, with respect to this province.

The two visitors who leave this morning for the south, paid a visit to the drydock last night, and were very much surprised to find such a work. They were interested in all they saw in Prince Rupert, and felt convinced that the city would soon come into its own.

The crops on the prairies, they say, looked excellent. Every one is looking ahead to a bumper yield this fall. The trip they made was the first over the G. T. P., and they were very much pleased with the character of the line.

A CLOUD BURST CAUSED TROUBLE

He has superintended the making of the repairs, and has the trains again running on scheduled time without delay.

The storm appears to have been a cloud burst he says. The rivers rose so rapidly that great rocks were carried along by the force. In Edmonton, the rise in the river was the highest ever before experienced.

DRYDOCK FOOTBALL TEAM WON DOMINION DAY CUP

The Spectators At Times Interfered With The Match.

The final tie in connection with the football cup, presented for competition by the committee in charge of the Dominion Day sports, was played on the Acropolis Recreation ground Thursday evening, between the Callies and the Drydock. Both teams had played good football in the previous matches of the competition, and it was expected that a good brand of football would be forthcoming in this match.

Expectation, however, were not fully realised, and the game became very rough and unsportsmanlike. In this connection the officials in charge and also the players, were interfered with by spectators; who seem to consider they have a right to act the part of "butinski." The local association should endeavor to take steps to obviate this interference.

During the first half of the game, the Drydock scored twice, and during the second portion the Calliles scored through W. Murray, (centre half), this being the best goal of the match.

At the close of the game the cup was presented by Mayor Newton to the captain of the Drydock team.

Many Excursionists.

The C. P. R. steamer Princess Royal sailed last evening for Ketchikan, with over one hundred excursionists aboard, bound for Ketchikan. They will return by way of Granby Bay, reaching here Sunday evening.

THE COMMISSION CANNOT COME HERE

MECHANICS DESIRING EMPLOYMENT SHOULD APPLY IN SOUTH

Letter Received By William Manson, M. P. P. Relative To Subject.

The hope was held out that there would be a visit here by the commissioners enquiring into the subject of getting workmen for the United Kingdom, to engage in the manufacture of munitions. William Manson, M. P. P., communicated with the acting Premier, Hon. W. J. Bowser, recommending a visit. This visit is not possible. The following letter was rece'ved by Mr. Manson from one of the commissioners, W. Windham:

Victoria, 29 June, 1915.

Dear Sir,—

With reference to your letter to the Hon. W. J. Bowser, K. C., which has been referred to me, I regret to inform you that it is impossible for the British Mission of Enquiry to visit Prince Rupert; and that the only course for workmen there, who possess the necessary qualifications and desire to apply for employment in the United Kingdom, upon the manufacture of munitions of war, is to submit an application to the city clerk at Vancouver.

Yours faitfully,
W. WINDHAM.

Application forms may be obtained by those who wish them from the city clerk at the city hall.

Those who wish to enlist in the contingent now being raised, should do so at once, as Major McMullin expects to get word to have the force leaeve for the south Tuesday morning. Word from Lieut. Van Der Byl indicates that he is getting a good number of men in the interior.

DUNCAN ROSS.

The death of Duncan Ross removes one who became well known here. He took a more or less prominent part in politics, but was one of the men who did not make an enemy of everyone with whom he differed in party affiliations. This is as it should be. Mr. Ross will be remembered as a good companion by men of a'l shades of politics.

Fish For Soldiers.

The Canadian Fisheries Association has taken up the matter of having fish listed as a permanent ration for the military menu. The Canadian Fisherman, the official organ of the association, publishes a letter from the Deputy Minister of Marine, which states that the matter is being taken up with the Department of Militia, representations having been made that it would be in the interests of economy and of the general health of the soldiers if fish in good condition were regularly served to them. The Department of Marine is also endeavoring to have fish used as a staple article of diet by the Royal Northwest Mounted Police and in the different penitentiaries.

THEATRICAL COMPANY COMING HERE MONDAY NIGHT

Miss Vane Calvery, leading lady with The Majestic Stock Company, which opens in Wildfier, Lillian Russel's great comedy drama at the Westholme Theatre on Monday evening.

Lovers of horses and of drama will have an opportunity of seeing the greatest race-horse comedy drama of the age, played by what all critics in the prairies provinces concede to be the best stock company which ever toured them, when the Majestic Stock Company on Monday evening presents "Wildfire" at the Westholme, featuring Miss Vane Calvery and Frederick Cantway.

This company has played only the larger cities in western Canada, but on account of the fact that Prince Rupert lay in their road, this city will witness a few of their most successful plays next week. The company is on its way to Alaska.

The Majestic company carries all its own scenic and electrical effects—specially made for the productions which it will show here. The cast is also specially selected for "Wildfire," the opening attraction Monday night.

The theme of "Wildfire" is well known. When well presented, as it is sure to be by such an aggregation as the Majestic company, it never fails to captivate audiences. In addition to horse lore, there is lots of comedy in it, and a fine tale of love.

Is Business Slow?

It probably serves you right

You are not letting the public know what you have

Advertise!

That is the Solution

That manufacturers should increase their advertising appropriations during a period of business depression and curtail during the years of prosperity, was the opinion advanced by Roger Babson, the financial and business statistician, at a meeting of the Technical Publicity Association, held in New York.

"Directors of your company regard advertising as a luxury to be cut down when business is poor," said Mr. Babson. "They give you orders what to do rather than you giving them orders.

"If you solved this advertising problem in a scientific way you would tell them what to do, the same as their lawyers and their bankers tell them.

"In a year of prosperity they are willing to give you a big advertising appropriation, and when the reaction comes they cut down to almost nothing. Take the big appropriation in the fat years and salt it away for use in the lean years.

"If you all did this the business of the country would move along more evenly; the business boom would be less, and the reaction, the area of business depression, smaller."
