GRANBY COMPANY SENT SHIPMENT OF COPPER

Ninty-Six Tons Were Brought To Prince Rupert By Steamer To Be Shipped To New York Over The Grand Trunk Pacific.

The Granby Company yesterday made what is regarded as a trial shipment of blister copper from the smelter at Anyox to New York. This delayed the steamer Prince George on her trip to the smelter town. There was delay in getting the loading done at Anyox. This threw the steamer late in arriving here, and she did not get away until after 1 o'clock for the south. Judging by the speed attained as she left the harbor, she will not be very late in reaching Vancouver.

The Granby Company sent 96 tons of copper on this shipment. It was loaded directly from the hold of the steamer to the cars in waiting on the opposite side of the sheds. This morning the three car loads will start out for the east, being sent with all expedition.

It is believed that by this route, the copper will reach New York almost as soon as it would reach Tacoma, if shipped by that route. There will be a decided saving in insurance, which it is said will be of very decided advantage to the company in selecting this route.

Shipments may be made regularly, which it is anticipated will be done from now on, as the work can be done without delaying the steamer, everything being arranged to carry the work out with expedition.

HAWAIIAN ISLANDS PROFIT BY WAR

JAMES A. KENNEDY OF HONOLULU SAYS $25,000,000 WAS MADE

Floating Dock Like Prince Rupert One Has Been Great Success.

James A. Kennedy, president and General Manager of the Inter-Island Steam Navigation Company of Honolulu was one of the passengers who went north by the C. P. R. steamer Princess Alice. He is making a round trip tour on a holiday. On his visit here, he was specially interested in the G. T. P. drydock that is nearing completion. This interest was due to the fact that his company has a dock constructed upon similar lines to the one here, at Honolulu. It was designed by W. T. Donnelly who planned the local one.

Interviewed by the Journal here, Mr. Kennedy gave an interesting statement as to the working of the dock. He said it worked out splendidly in practice, and had never given the least trouble. So well pleased were the company with it, that it had had the dock enlarged along the same lines, under Mr. Donnelly.

The Hawaiian Islands which are under the Stars and Stripes now, have benefitted very materially by the European war now raging. Mr. Kennedy explained how the people of the islands made a clear profit this year of $25,000,000 out of the war. The staple industry of the islands was

HELP LADIES IN RED CROSS WORK

The ladies of Prince Rupert are earnestly requested to contribute to the Red Cross sale of house cooking needs in the Board of Trade rooms every Friday. It is not necessary to belong to the Society to send in your contribution. A cake or a pie, a loaf of bread or a batch of buns would help materially to swell the funds. Mesdames Besner and Dawson will be in charge on Friday next, from 11 a.m. to 6 p.m.

London, July 20.—The Serbian armies are being re-equipped for fighting. They will soon take the field again against Austria.

Coal Strike Has Been Settled

London, July 20.—The trip of the Minister of Munitions, Lloyd George to Wales, has ended with the settlement of the coal miners strike. The settlement was reached by virtually all the demands of the miners being granted.

German-Austrian Forces Are Surging Forward Warsaw Seems Doomed

London, July 20.—From the shores of the Gulf of Riga to south of Poland, the German-Austrian forces are surging forward, and Warsaw is apparently doomed.

Ostrolenka, one of the concealing fortresses has already been captured by the Germans.

All male Russians have been ordered to retreat with the army.

To the south the forts of Grojec and Blonie have fallen to the German-Austrian army.

SPECIAL TRAIN IS LEAVING TODAY

G. T. P. WILL TAKE FRESH FISH FORWARD AT NOON TODAY

Blister Copper Shipment Will Go With The Train Thus Saving Time.

A special will leave today at noon over the G. T. P. for the east. It w'll contain a number of fish cars, containing express shipments of fresh halibut.

In addition to these, there will be attached also to the train, the three cars of blister copper brought from the Granby smelter, and which it is urgently desired should be sent forward with as little delay as possible.

MANY EXPECTED ON CAMOSUN'S FIRST TRIP

The Union Steamship Camosun will reach here on Friday, on the first of her regular fortnightly runs. It is reported from below that there are a number of Vancouver merchants on board, who are coming north to look into the prospects of trade.

The Camosun will make runs to various nearby points from here while she is on this part of the coast, and before leaving again for the south.

GRANBY MEN ARE LOYAL TO FLAG

SPLENDID CONTRIBUTION MADE BY THE OFFICIALS AND EMPLOYEES

A Day's Pay A Month Will Go To Assist Soldiers Now Joining The Colors.

The officials and the employees of the Granby Smelter at Anyox have shown that they are just as loyal to the flag as are the other parts of the northern province. This was made evident at a meeting that was held there a few evenings ago, when the decision was reached that the officia's and the men employed by the company would all contribute each month, a day's pay to the cause of the war.

It was decided that the first contribution would be devoted to the supplying of a machine gun for the forces. After that the donation will be to the Red Cross Funds. In view of the fact that there are men employed, who come from many different nations making up the Allies, it is possible that the contribution may be divided proportionately among the different nations.

J. H. Beatty, of this city, who was present at the meeting, says that in no uncertain way was the loyal ring given to the movement. Superintendent Williams of the smelter, made it evident that this was not to be a reluctant giving. He made it clear, that if there was anyone who had not the cause sufficiently at heart to accede to this request, he could leave the service. He said that his pay was to be treated like all the remainder.

Tis contribution, it is said, will represent a donation each month of about $2,500. At the meeting the part that Prince Rupert was playing in contributions in men and money to the cause, was enthusiastically referred to.

WILL MINE SPECIAL MATERIAL AT ATLIN

Two Thousand Tons To Be Sacked Ready For Shipment Upon Short Order --- The Work Is Starting

For a long time a deposit which has been held by the owners to promise excellently, has been allowed to be dormant in Atlin camp. This is a hydro-magnesite deposit. From time to time attempts have been made to test the real value of this deposit, but the funds were never available.

Now it would appear, a test will be made. The war conditions are held to be responsible also for it. Messrs. Armstrong and Gibbs, accompanied by others who are interested, are now on their way to Atlin, where they will proceed to sack 2,000 tons of the material. The instructions are to sack it ready for shipment, and await further orders. They took 14,000 sacks in with them this week for the purpose.

It is said that this magnesite, which contains magnesium in a compound form, is used in the tempering of steel of a high grade. It is presumed by those interested, that this is the use to which it is to be put. No details are known by the owners as to the ultimate destination of the material, or if it is known it is being kept strictly quiet. Messrs. Armstrong and Gibbs were passengers by the Princess Alice on Monday.

LOST LIFE BY ACCIDENT AT GRANBY SMELTER

The Body Of Edward B. Allen Of Mechanic Staff Sent South.

Through an uncontrollable accident at the Granby Smelter, Edward B. Allen, a mechanic who was employed on the placing of a water jacket at the works lost his life. He was crushed to death instantly.

The deceased was very popular at the smelter town. He was a native of St. John, N. B., but had lived in different parts of the west for many years.

The B. C. Undertakers of this city were notified of the death, and Mr. Morton proceeded by special launch, the Eleanor Mae. The body was embalmed for sending to Edmonds, Wash., where relatives reside. The body was brought forward by the steamer Prince George yesterday and proceeded south.

Funeral services were conducted at Anyox by Rev. Mr. Atkinson. The K. of P. Lodge of that place, of which deceased had been a member, attended in a body, while a large number of citizens turned out to pay their last respects to him.

REV. DR. CHOWN IS ON WAY TO CITY

HEAD OF METHODIST CHURCH WILL REACH CITY ON FRIDAY

He Will Occupy The Pulpit Of The Local Church On Sunday.

Rev. Dr. Chown, the General Superintendent of the Methodist Church in Canada, will reach the city from the east on Friday evening by the G. T. P. On Sunday he will occupy the pulpit of the church, preaching both morning and evening. His movements for the beginning of the week are not known, but it is expected he will proceed to Vancouver on Tuesday morning.

Rev. Dr. Chown is known all over the Dominion as one of the ablest thinkers. He is an exceedingly rational churchman, a quality that has gained him innumerable friends among all classes, including those who are not identified with the church.

His sermons are always very solid in their character, and no doubt advantage will be taken of his presence for many to hear him.

SHOULD BE OPTIMISTIC.

There is a little tendency on the part of some to cry blue ruin at this time. There is no occasion for it in fact. The outlook, if the opinion of the best informed men is to be taken as worth anything, is that the outlook is most encouraging. In a general way the west is looking good. On the prairies, the farmers are following the more than fair crop of last year with excellent prices, by what is expected to be a bumper crop, with the outlook for prices of the very best. Moreover, it is said that the farmers are all paying off their debts and getting their affairs in the best of shape. In this province, the outlook is not at all as dark as some of the croakers would make it appear. Mining is coming into its own in a most remarkable way. The lumber industry is improving very materially. To be local, the Prince Rupert fishing industry is making marvellous advances and is becoming a tremendous revenue producer.

Were it not for the general tightening of the banks and monetary institutions of the country, the situation could not be much better in a business way. The monetary institutions are amassing all kinds of wealth it is announced by those in touch with that end of the business. Over it all, the people of the country have learnt the lesson of economy, and everything points to the closing of the war with the country's business booming, the banks and loan companies overstocked with money, with a consequent era of cheap money for investment. It is true the condition that prevails at present is not what it ought to be, but there is not likely to be a change until the war closes.

YOUR KING AND COUNTRY NEED YOU!

Recruits Wanted for 62nd Overseas Battalion Canadian Expeditionary Force

Recruiting Station at Provincial Government Office---OPEN NOW

In view of the recruiting which is in progress at present throughout the province, it is apropos to answer a few of the questions which are considered by those who contemplate entering the service. The following is a list of the pertinent queries, together with the information which each elicits:

QUESTIONS ANSWERED.

1 How long am I to serve? Until the end of the war, and six months after if required.

2 What pay shall I receive? Your pay as a private will be $1.00 per day and 10c field allowance. Besides this you will be clothed, equipped and subsisted by the government.

3 What will my wife receive during my absence? Every month there will be paid her a separation allowance of $20, (also part of your pay), and if this be not enough to comfortably maintain your family, the Canadian Patriotic Fund will further assist them.

4 What will happen if I am wounded or sick? You will be cared for by the government and your pay continued until you are discharged. If you are permanently disabled an allowance will be paid you, varying according to the extent of your injury or disability.

5 What will be done for my wife and children if I die while on Active Service? The government will provide an adequate pension, that will enable the family to live comfortable until the children are old enough to look after themselves. The widowed mother of a single man ,if the son be here sole support, is treated in the same way as a wife.

GARDEN COMPETITION.

The Provincial Department of Agriculture is offering cash prizes in the following classes. Three prizes to be given in each class.

1. For House Garden, where occasional employment of labor takes place for garden work. 1st. $12, 2nd. $8, 3rd. $5.

2. House Garden, where all work has been done by occupant and family. Carpentry work may be done by the owner or hired. 1st. $15, 2nd. $10, 3rd. $5.

3. Ordinary lot, without house, under cultivation. To be judged mainly from the standpoint of utility. Area under cultivation to be not less than one thousand (1,000) square feet. 1st. $25, 2nd. $15, 3rd. $10.

An entrance fee of one dollar, ($1) will be charged. Competition open to all citizens of Prince Rupert.

Final judging to take place in August, according to the season.

Plots must be staked out properly, or the lines of the garden clearly defined.

Apply by letter to

A. H. TOMLINSON,

Department of Agriculture, Box 1693. City.

Garden owners or lot cultivators are urged to send in their names and make this a successful competition.

That is the Solution

That manufacturers should increase their advertising appropriations during a period of business depression and curtail during the years of prosperity, was the opinion advanced by Roger Babson, the financial and business statistician, at a meeting of the Technical Publicity Association, held in New York.

"Directors of your company regard advertising as a luxury to be cut down when business is poor," said Mr. Babson. "They give you orders what to do rather than you giving them orders.

"If you solved this advertising problem in a scientific way you would tell them what to do, the same as their lawyers and their bankers tell them.

"In a year of prosperity they are willing to give you a big advertising appropriation, and when the reaction comes they cut down to almost nothing. Take the big appropriation in the fat years and salt it away for use in the lean years.

"If you all did this the business of the country would move along more evenly; the business boom would be less, and the reaction, the area of business depression, smaller."

ISKUM WILL MAKE THIS ITS PORT

CAPT. HEATER LIKES TREATMENT ACCORDED HERE AND WILL COME AGAIN

The Fish Schooner Plans To Land Its Catches Here From Now On.

The fishing schooner Iskum, Capt. Geo Heater, of Victoria, leaves today for the fishing banks again. The captain is well satisfied with the treatment that was accorded him here and intends to make this his main selling point for fish in future. The saving in time is a great factor he thinks, in this line. He was able to get in and have his fish disposed of and refit before he would have reached Vancouver. In addition to this, there is the fact that the market that there is here, is better than that in the south.

The schooner which is well fitted up in every particular, is owned in Victoria by H. C. Brewster and John Beckwith has been for some time in the fishing business.

Capt. Heater is very much impressed with the possibilities of this port. He says that there is no question about this being a great fish centre. There is nothing, he thinks, that can prevent this. The position which the place has, brings it into the very best along this line. There should be an immense trade developed in the fishing business in Prince Rupert.

MANY SMALL BOATS BROUGHT IN HALIBUT

Buyers Were Kept Busy Handling The Local Catches Yesterday.

Yesterday again saw many small fishing boats unloading their catches for the different buyers. The Iskum did not unload her 26,000 pounds until yesterday morning. It sold to the Atlin Fisheries at the Government wharf. The Unity discharged her 7,000 catch yesterday also.

The Atlin Fisheries bought 3,800 pounds brought by the Canadian boat Maud. The Nantilus another Canadian brought 8,500 pounds to the same company. A third with 2,000 pounds came from the Queen Charlottes.

Movements Of Vessels.

The B. C. got away yesterday for the Naas. She will return likely today on the way south.

The Dominion Government Fisheries Protection steamer Galiano, Capt. Pope, after taking on coal cast anchor in the stream yesterday afternoon. She will leave port this morning.

The G. T. P. steamer Henriette arrived in port yesterday with mixed cargo.

The Union Steamship Company's steamer Venture left for the south last night.

Sub-Agent.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

Trade Licences

NOTICE

Pursuant to Bylaw 255 governing above, also resolution of Council dated July 12th.

All licences are due and payable on July 15, 1915, and must be paid forthwith.

Section 33 of this Bylaw provides the following:

"Any person guilty of a breach of this bylaw, or who carries on any profession, trade, occupation or calling for which a licence or tax is provided for in this bylaw, without having first taken out such licence and having paid the licence fee or tax herein provided, shall be liable on summary conviction to a penalty of twenty-five dollars ($25) together with the licence fee or tax which should have been paid, and in default of payment, to imprisonment for sixty (60) days.

The Bylaw also declares:

"It shall be the duty of every person or company holding a licence under this bylaw, to exhibit such licence at all times in a conspicuous place in his office or place of business, so that the same may be seen by the officials of the City and any person doing business with them.

I respectfully ask all persons coming under these regulations to pay licences at once.

Yours truly,
E. D. JOHNSON,
j14-5 Treasurer and Collector.

Change of Business

To whom concerned:

Having disposed of my interest in the New Wellington Coal Company, to Mr. M. P. McCaffery, who in connection with Mr. M. Albert will continue in the coal business in Prince Rupert. I take this opportunity of thanking the public for their trade and patronage during the past seven years, and bespeak for the new firm, the continuance of your good will and valued orders.

Very respectively,
J. H. ROGERS.
