ANGLO-FRENCH FORCES MEET SUCCESS IN AFRICA

ALLIES MAKING GAINS ALONG THE WESTERN FRONT

ADVANCE MADE BY THE ALLIES NEAR DIXMUDE

THE COUNCIL WILL ASK CITIZENS TO INVESTIGATE

At Mayor's Suggestion A Committee Will Be Asked For To Go Into the City Hall Staff and Financial Questions And Report At Next Meeting

There will be a request made for a citizen's committee to go into the whole subject of the city hall staff, and also to investigate the financial policy pursued by the council. This is to be asked for at the suggestion of the Mayor, and the committee will be asked to report.

At the council meeting last night, the Mayor said there was a great deal of outside criticism of the city hall staff. The council had during the last few months, reduced the staff by eight. There was still a clamor for greater retrenchment. He believed there could not be any further reduction, if efficiency was to be obtained.

He felt that in order to satisfy the public, that the Board of Trade, the Trades and Labor Council, the Real Estate Exchange and the Retailer's Association might be asked to appoint a citizen's committee to meet the council and go into the question.

There had been statements made at the council and reported, dealing with the financial situation, that did not do the city any good. He would like to see a committee composed, even of their most extreme opponents, come in and go into all the correspondence on the matter. He had no doubt as to the result.

If the council regarded this with favor, he would have the four organizations written to, and asked to take action.

Ald. Maitland said that there certainly was a feeling that the staff was too large. Outside there was only one man looking after the plank roads, and another taking care of the horses. There were about eighteen on the city hall.

Ald. Montgomery did not think it was fair to expect reductions in the city hall staff, because the Board of Works staff was reduced. He would like to have seen the action taken earlier.

The motion to ask for the committee was carried.

MR. JUSTICE GREGORY.

Who is here to hold Assize Court opening tomorrow. The above shows Hon. F. B. Gregory in the mess uniform of the 5th Regiment R. C. G. A., of which he was the commanding officer at one time.

MR. JUSTICE GREGORY IS HERE TO TAKE ASSIZES

Court Will Open Here Wednesday Morning---Johnnie May The Indian Will Be Tried Again For Murder--Trial Judge Put In Active Day Inspecting The City

On Wednesday morning the Assizes will open here. There are a number of criminal cases to come up for heading. The sittings will be taken by Mr. Justice Gregory of the Supreme Court. His Lordship arrived in the city yesterday, and after disposing of some Chambers applications, made a tour of the city, which he had not seen since the very early days, when Centre Street was the sole avenue. He visited the Drydock and was agreeably surprised to find such works here.

Takes Speedy Trial.

The charge of stealing laid against McAllister, will be disposed of on Wednesday morning by Mr. Justice Gregory, without a jury. McAllister who is charged with stealing fishing nets was committed for trial. Yesterday he elected to take speedy trial, and Wednesday was fixed for the hearing.

Jack Peters Prisoner.

Fred Peters, K. C., the city solicitor, has received a message from a relative in England, stating that his son, Jack Peters is for certain a prisoner in Germany.

Mr. Justice Gregory, before he went on the bench, served in the militia in Victoria, attaining the rank of Lieut.-Col. of the Fifth Regiment Canadian Garrison Artillery.

At the criminal Assize the following cases will be disposed of at this sitting:

Rex vs May—This is a murder trial, the accused Johnnie May, being charged with having killed Albert Taylor, a watchman at the Sealey Gulch bridge. May who is an Indian belonging to Hazelton, was tried at the last Assizes here on the same charge. Through an appeal as to the admission of certain documents into the evidence, the Court of Appeal decided upon a new trial.

Rex vs McMeekin—This is a murder trial from the interior also. The accused is charged with having killed a partner of his.

Rex vs Crosby—In this case, the accused is charged with having discharged a gun which wounded another man in the leg.

Rex vs Bell—This charge is one of sedition. The accused who is British born and of British ancestry, is accused of uttering language that was seditious against the British.

Rex vs Frizzell—The accused in this case is charged with theft at Tow Hill.

Barbers' Bylaw.

Ald. Nicol introduced at last night's council meeting, a bylaw to provide for the early closing of barber shops. The bylaw went through its various stages up, including the third reading.

Vic Tompkins Wounded.

A post card from the front to Walter Scrimgeon, written by Vic Tompkins of the First Contingent, says he is wounded, but doing well.

Born.

In this city on Monday, June 14, to Mr. and Mrs. W. D. Tippens, a son.

DR. WALL GOING TO THE FRONT

MEDICAL SUPERINTENDENT OF CITY HOSPITAL RESIGNED HIS POST

He Has Been Granted Leave By The Board Of Directors.

Dr. James T. Wall, the resident medical officer at the Prince Rupert General Hospital is leaving in a few days to join the Army Medical Corps for service at the front. He has tendered his resignation to the board, and at a meeting held yesterday, the board accepted the resignation, granting him leave early this week. He will probably get away by the end of the present week. Dr. Wall will report at Victoria to Major Hart, and expects to get off to the scene of hostilities very early, as there is said to be an urgent demand for this service.

The question of a successor to Dr. Wall will be considered at a meeting of the Board to be held next Monday. At that meeting the Board will go fully into the question of a medical officer at the institution, and decide on a line of policy.

More Troops To Be Enlisted

Major McMullin of the 68th Regiment has received instructions that another contingent of men for active service will be required from here. He is to report on how many will be available from this centre. To ascertain the number that can be sent from here, Major McMullin is ready to take the names of those who are willing to serve. Under the new regulations governing this enlistment, men with a full plate of teeth will be accepted, which will allow many who were rejected before, a chance to get away. Major McMullin is anxious to get the names of all who are willing to go at once, so as to be able to report without delay, and allow the enlisting to proceed.

Advances Made At Several Points Along The Western Front

Paris, June 14.—An official report says:—"In the sector north of Arras, we repulsed during the course of last night, several attacks against our trenches.

"On the road between Aix Nouelett and Souchez, we consolidated our position gained to the east of Lorette, and made a further advance to the right of these positions.

"To southeast of Hebuterne, we arrested by our fire an attack against our trenches. On the road from Sierre to Mailly Maillet.

"In the region of the Queenevieres farm, we made slight progress, and inflicted serious losses to the enemy.

"In Lorraine we carried our lines forward in the region of Embermenil."

COUNCIL CONSIDERS CIVIC TAX SALE

A DEADLOCK TOOK PLACE WHEN IT CAME TO VOTING

The Question Will Come Up It Is Promised By The Mayor.

The question of a tax sale for the city, came up at last night's meeting of the council. The city treasurer had prepared a report, which was recommended to the council by the Finance Committee. It set forth that there were for 1913, the sum of $30,-837 due in taxes. For 1914, there were $96,547. He suggested that a sale be made of those delinquent for

Made Advance Near Dixmude

Havre, June 14.—An official report says:—"During the night of June 12-13, offensive actions along the entire front have been marked by effective artillery fire. One of our detachments has occupied a block house near Dixmude."

Local Officer Though Wounded Led Charge

A letter received from his son, Jack by F. W. Dowling, Superindent of Dominion Telegraphs, gives some interesting side lights on the fighting at the front. Major Peck it appears was wounded in the leg, before the command to leave the trenches came. He, however, did not let that deter him, but when the charge for the orchard came to clean out the Germans, he led his men, being wounded a second time. Capt. Don Moore had several wounds. His right arm was incapacitated during the charge, but he went, took his revolver in his left hand and continued until wounded in the head. The Canadians, the letter says are the heroes of the hour at the front. They are fighting with the Guards Division, the pick of the British army.

BANK APPEARS STRONG ON BYLAWS

COUNCIL IS BUSY PASSING MEASURES TO PLEASE BANKERS

Ald. Edge Says "We're Bylawed To Death" At The Present Time.

The city council last night passed a bylaw submitted by the Bank of Montreal, relative to a $5,000 loan. It was passed admittedly on blind faith by the council. The money has already been borrowed, but the announcement was made that in future, the bank would require a bylaw. When the rate was given as "not higher than 7 per cent." Ald. Montgomery wanted to know if the rate was going up.

The Mayor said he had not heard anything about seven per cent. before. He thought it queer that such a bylaw should come into the council without the executive head of the city being informed as to a change like this.

The city clerk said he told the Mayor.

The Mayor denied it, and said if anything was said of the rate, it was not made clear to him.

Ald. Edge was asked if he knew about it, but he excused himself on the score, that "we had so much business that I did not give much attention to it." Continuing he said "I'm sick of bylaws. We're bylawed to death."

Ald. Montgomery said that as no one seemed to know anything about the bylaw, he would move that the committee rise and refer this to the Finance Committee.

Ald. Maitland seconded that motion.

The Mayor thought this would be a mistake. It might make the bank feel that it was not being treated properly. He suggested making it clear that 7 per cent. was not to be paid.

Ald. Montgomery did not feel like blocking any business. He would like some information from officials.

Mr. Johnson the Treasurer, said that he felt the bylaw could be amended to 6 per cent., as the note had been accepted at 6 per cent.

The bylaw was so amended.

The city clerk said that this bylaw was submitted by Mr. Clancy to take the place of the two bylaws passed last Tuesday and Wednesday.

B. C. ELECTRIC EARNINGS

Comparison Of Takings Of The Company For Last Ten Months Shows Big Shrinkage.

"The Financial Times," Montreal, in an article dealing with the B. C. Electric Company and its condition as a result of the jitney traffic says:

"The April statement of earnings is a most emphatic demonstration of the extent of the jitney competition on the Pacific coast, together with the abnormal decline in general business conditions. The net income for the month decreased from $195,962, a year ago, to $55,308, representing a 72 per cent. shrinkage. The April figures reveal the position at the end of 10 months. It is seen that net earnings have fallen from $2,024,821 to $1,284,860, a decline of $739,961 or at the rate of 36.8 per cent.

The figures for the ten months illustrate the decline in earnings:

Net	1914	1913	Decrease

PROVINCIAL GOVERNMENT WILL BE ASKED TO AID

Representations Will Be Made Looking To Giving Better Water Supply At Government Wharf.

A report was read at the council meeting last evening, relative to the request from the superintendent of the Government wharf, for a larger supply of water there. It was reported by the city engineer, that the cost of giving a larger supply under the general plan of water supply, would be $2,200 exclusive of the pipe. There was no money available out of hydro electric funds for this.

It was recommended that the Provincial Government be approached, and asked if it could not be done by the government, the cost to be repaid by the city later. This was adopted.

W. J. McKenzie, formerly of Foley, Welch & Stewart, arrived from New Hazelton last evening.

COUNCIL CONSIDERS.

(Continued from Page One.)

1913. To this would be added the 1914 taxes delinquent, by the same people. Those delinquent for 1914 only, would not have their property put up for sale.

Ald. Kerr wanted to know if the taxes of 1913 were not disposed of at the last tax sale.

He was replied to in the negative.

The city solicitor contended that the city like other cities, had to have its taxes paid. A sale was necessary each year in order to force people to pay. He felt it would be necessary to held sales every year.

Ald. Montgomery wanted the matter to be investigated.

Ald. Maitland wanted time also. He did not want a sale if it could be avoided. There could be retrenchment he felt.

After considerable discussion, the Mayor said he objected to taxing the ratepayers who paid their taxes higher, in order to allow others to avoid paying.

Then came an amendment to the vote, to adopt the report which proposed to lay the report over for a week.

This was declared lost, on a tie vote as follows: for the amendment, Ald. Maitland, Kerr and Montgomery; against, Mayor, Ald. Edge and Nicol.

The motion was lost on a similar vote.

The Mayor said that laid the matter over.

Ald. Montgomery interjected that it killed it, as it could not come up again.

The Mayor, however, informed him that he would see that it came up.

Is Business Slow?

It probably serves you right

You are not letting the public know what you have

Advertise!
Advertise!
Advertise!

That is the Solution

That manufacturers should increase their advertising appropriations during a period of business depression and curtail during the years of prosperity, was the opinion advanced by Roger Babson, the financial and business statistician, at a meeting of the Technical Publicity Association, held in New York.

"Directors of your company regard advertising as a luxury to be cut down when business is poor," said Mr. Babson. "They give you orders what to do rather than you giving them orders.

"If you solved this advertising problem in a scientific way you would tell them what to do, the same as their lawyers and their bankers tell them.

"In a year of prosperity they are willing to give you a big advertising appropriation, and when the reaction comes they cut down to almost nothing. Take the big appropriation in the fat years and salt it away for use in the lean years.

"If you all did this the business of the country would move along more evenly; the business boom would be less, and the reaction, the area of business depression, smaller."

TO PUSH TRADE OUTSIDE OF CANADA

CANADIAN MANUFACTURERS HAVE UNITED TO FURTHER BUSINESS

Co-operative Effort To Be Made To Further Develop Trade.

Announcement is made that the plans whereby Canadian manufacturers and producers should have opportunity to push their wares in the world's markets have taken definite shape. Application is being made for a Federal charter for a company to be incorporated with an authorized capital of half a million dollars. Provisional directors have been named and managers appointed.

The company is to be known as the Export Association of Canada, Limited, and the head office will probably be in Montreal.

It is intended that the company shall operate on broad national lines. While the leading part in its formation is being taken by prominent members of the Canadian Manufacturers' Association, it is not proposed to limit its activities to the handling of manufactured goods, but to operate on the broadest possible basis.

The possibilities of such an organization are enormous, and if carried through successfully should have a most beneficial effect on all Canada. One of the serious factors in the industrial life of Canada has been the restricted market spread over a wide area, which made selling expenses high and added to the percentage of overhead costs. The working up of a large export trade on a permanent basis will at the same time reduce the average cost and add to the employment of labor.

It is intended to open at once an office in London, Eng., to assist in securing favorable consideration for Canadian trade in all directions when governmental assistance can properly be requested, or the influence of financial houses interested in the prosperity of Canada can effectively be brought to bear. Its functions will also be to connect up Canadian manufacturers with all the great purchasing and distributing agencies, both governmental and private, which make London their headquarters.

Attention will be directed to the French and Belgian markets which will open up, particularly during the reconstruction period, and also to the immense Russian market opening up for manufactured goods of all kinds. Further extensions of the activities of the association to markets such as those of South America, India and the Far East will be made from time to time, as the opportunity seems favorable and the resources of the association permit.

SPLENDID FOR PLUMBERS
The sale of Product No. 99 is strictly confined to the high-class supply houses. Its cost of manufacture is therefore not affected by Dept. or "price cutting store" influence that so often drives manufacturers to the use of inferior chemicals and processes. Nor is the dealer allowed to reduce the retail price under penalty of having his supply terminated.
A POWERFUL SOLVENT FOR
CLOGGED UP DRAIN PIPES
"99" destroys accumulations of lint, paper, cloths, hair, slime, grease, vegetables, soap, fruit and many others. It is harmless to fines plumbing.
DON'T ARGUE DON'T PUT OFF TEST IT
This preparation has been so generally successful in clearing drains that it is bought over and over again by those who have tried it, but inasmuch as no on can know the actual condition existing within a pipe, it is absolutely impossible for the manufacturer or the dealer to guarantee the result.

NOTICE OF CANCELLATION OF RESERVE.

NOTICE IS HEREBY GIVEN that the Reserve existing on Detention Island by reason of a Notice published in the British Columbia Gazette on he 30th of May, 1912, is hereby can elled.

R. A. RENWICK,
Deputy Minister of Lands
Department of Lands,
Victoria, B.C..

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

C. H. DICKIE ON WAY TO STEWART

WELL KNOWN MINING MAN WILL DEVELOPE ANOTHER PROPERTY

He Believes He Has Most Promising Location On Georgia Creek.

Among the arrivals in the city yesterday morning was C. H. Dickie, well known in this part of the province and elsewhere for his interest in mining. Mr. Dickie, was formerly a member of the Legislature of this province. He has shown unbounding faith in the future of mining, and spent considerable in the development of the Stewart camp.

He is now on his way to Stewart to look after the development of what he believes is going to prove a good proposition. This is a location on Georgia Creek, which is a promising section of the mining area at the northern point.

Mr. Dickie says that he firmly believes that this northern part of the province is to come into its own in a mining way. There is a bright future for it, and he has no doubt as to what the end will be . The Stewart

C. H. DICKIE.

district he thinks will come in for better things in this connection. It would appear that the section of that camp that was developed to the greatest extent, was not the richest part of the area. There are other parts like the Salmon River and the part where his property is located, that look better, and it is probable that good results will be derived.

On this visit to the north, Mr. Dickie well spend about a weeks time. He will return later in the year and put in still more time at the camp.

Transient Photographers.

At the council meeting last evening, the city solicittor reported upon the request for a higher fee being charged transient photographers. He contended that the request made by the photographers could not be put into effect under the statutes.
