TURKS DISLODGED FROM POSITIONS IN CACAUSUS

THE GERMAN LINES BROKEN THROUGH IN BELGIUM

Some Severe Artillery Fighting On The Western Front

Hostile Aeroplanes Driven Back Repeatedly By British

Turks Dislodged At Lake Van Are Now In Full Retreat

Petrograd, Dec. 1.—An official report says there is no change in the situation on the western Russian front.

In the Cacausus, at Lake Van, the Turks after two days of fighting have been dislodged from two fortified positions and have retired precipitately in a westerly direction. They are being pursued by our troops, says the Russian report.

GERMAN EDITOR SOUNDS WARNING

HE POINTS TO THE FACT THAT GERMANY IS NOW BEING HELD

None Of The Allied Armies Are Showing Signs Of Collapse.

Maximilian Harden, editor of Die Zukunft, of Berlin, in a late issue of his newspaper tells his countrymen that they must expect a war of exhaustion. He ridicules the German talk about Swedish intervention and the idea that Russia will conclude a separate peace. He says he considers it no sign of strength that the German Government steadily refuses to disclose "its war aims," and blames the government for making "too much noise' about food regulations.

Herr Harden says the soil of Germany is free and her armies are everywhere in enemy territory, but that none of her enemies has been

SERIAL BONDS ARE HELD IN FAVOR

SOME ARGUMENTS PUT FORWARD ON BEHALF OF PLAN PROPOSED HERE

United States Financial Writer Strongly Endorses The Plan.

In view of the fact that a system of serial bonds, as proposed by the city treasurer, the following will be of interest:

Several letters have been published recently in the Monetary Times, of Montreal, on the relative merits of serial and sinking fund municipal bonds. One letter states that: "Sinking fund advocates were in the majority a number of years ago, before the practical disadvantages of that method had been clearly demonstrated by experience, but there are few champions of the sinking fund today, as is manifest by the constantly increasing serial loans, which have been made compulsory by a number of the

ASSISES TO OPEN THIS FORENOON

MR. JUSTICE MACDONALD WILL ARRIVE BY STEAMER TODAY

Murder Case From Port Essington Will Have Chief Interest.

The Assizes will open here today with Mr. Justice MacDonald on the bench. The most serious case to be disposed of, and the one that will attract the greatest attention, will be the trial from Port Essington for alleged murder. In this case there are three Japanese accused, their case being in the hands of Mr. Shoebotham, of Vancouver. W. E. Fisher will appear for the Crown.

There is a case of alleged sedition on the part of a resident of this city. There will also be the ordinary number of civil cases to come up for hearing at the sitting of the court.

Train Delayed.

Owing to an interruption on the line in the eastern part of the province the train from the east did not reach here on time last evening. It was expected to get in at an early hour this morning. It has made up time on this end of the road.

DISAGREEMENT WITH GERMANY

AUSTRIA REPORTED TO BE SEEKING A SEPARATE PEACE

Crisis In Political Matters In Vienna Regarded As Serious.

London, Dec. 1.—The Austrian ministers of the interior, commerce and finance have resigned as a protest against the efforts of the Kaiser to induce Emperor Franz Josef to consent to the sacrificing of Transylvania and part of Bukowina to Rumania in return for the keeping of benevolent neutrality towards the Central Powers.

Vienna is making efforts through the Vatican to obtain a separate peace. The Austrian Cabinet crisis is regarded as the most important political event of the war.

A Bucharest news despatch announces that the Rumanians will deliver an ultimatum to Austria just as soon as the Allies place 500,000 men on the field in the Balkans.

Artillery Of Allies On Western Front Proved Effective

Paris, Dec. 1.—An official report says intense artillery activity has been in evidence at divers points along the front.

In Belgium, to the east of Boesinghe, our artillery co-operating with the British artillery has done important damage to the enemy's defensive organizations. A breach of 30 meters has been opened in a German redoubt.

In Artois there was a somewhat spirited cannonade to the north of Boisenbache on the road from Angres between the Somme and the Aisne.

There was a violent bombardment of our positions at Daucourt, Marquivillers, Cessier and in the region of Roye, to which our batteries successfully replied. On the road between Chaulnes and Roye an armored train was assailed by a storm of fire from our artillery and was obliged to turn back.

The shelling of the enemy's convoy in the region of Roye appeared effective.

To the northeast of Soissons our batteries dispersed a column of infantry.

CANADA'S WAR LOAN OVERSUBSCRIBED TO A VAST EXTENT

Ottawa, Dec. 1.—Hon. W. T. White, Minister of Finance, announces that the Canadian war loan subscriptions exceed $100,000,000 whereas only fifty millions was asked for.

Canada will henceforth undertake her own financing in connection with the conducting of the war.

HARDACRE COMMITTED FOR TRIAL ON CHARGE

He Will Answer For Alleged Breaking From Custody.

Yesterday Alex. Hardacre was brought before Magistrate Carss charged with breaking from custody. His excuse was that he had got liquor and had left the jail on an opportunity presenting itself, while partially under the influence of the liquor.

He was committed for trial by the magistrate and will come up at the assizes which open today.

On Belgian Battle Front Germans Were Made To Suffer

Belgian Battlefront, Dec. 1.—An official report that has been compiled says last night was calm. Today our advanced positions were bombarded with projectiles thrown from Furnes, Pervyse, Roote, Oosetkerke, Nieuchapelle and Noordschoote, as well as at various other points along our lines. Our artillery vigorously countered the German artillery and dispersed groups of the enemy's workers by cannonading their trenches.

Yesterday our aviators several times gave chase to hostile aeroplanes, which were compelled to flee in the direction of the German lines.

AUSTRIAN CONFESSED HE TOOK PART IN PLOTS IN AMERICA

Cleveland, Dec. 1.—Officials are conducting an investigation into the confession of Dr. E. W. Ritter, who states that he took part in the plots against munitions plants in America.

Ritter is said to be Ritter Von Rettaghe, the son of an Austrian count, and the inventor of liquid fire.

HARRY BRIGGS OF THIS CITY HAS BEEN GIVEN COMMISSION

One Of The First Contingent To Leave Here Has Been Given Rank Of Lieutenant.

Word has been received in the city that Harry Briggs, who was formerly in charge of the tender at the Marine station here, and who went to the front has been promoted being given a commission. Mr. Briggs enlisted under the command of Major Peck, of this city, when the first contingent went from Prince Rupert to serve overseas.

Now comes the news that he has been given the rank of lieutenant as a reward for his excellent service. Like others who went from here, he has shown his merit on the field and has been given recognition.

MORE FISH COMING INTO PORT AGAIN

YESTERDAY QUITE A LARGE QUANTITY OF HALIBUT WAS LANDED

Alten Brought In 81,000 Pounds Which Was Largest Catch.

* *

The last few days has given indication that more fish are being got on the banks than has been the case for a little time past. The weather has been somewhat better, it is said, and some of the boats that are coming in have had very fair catches of halibut.

There is a prospect that there may be a falling off for a little now, owing to the fact that a number of the crews want to get back to their homes in the south for the Christmas time. In consequence several of the boats that are now out will not land more than the catch they are now working on.

Of the boats that came into port yesterday, the Alten had the banner catch, with 81,000 pounds. She is under the command of Capt. Bassi. The Seymour, Capt. Olsen, brought in 51,000. The Constitution had a catch of 14,000 pounds. The Zibassa, which landed the catch brought in by Capt. Parsons the day before, got out to sea yesterday. She had 19,000 on this trip. Capt. Parsons wants to make another trip before the holidays.

of the district appointed on the Advisory Board that sits at Ottawa. If this were done it was represented that there would be a very close connection with the governing body—more close than it was at present with the representative on the Board from the Province residing in the south. This will be brought to the attention of the officials.

There were a number of other minor points touched upon, such as the securing of a better shipping condition for crabs. These will all be considered by the committee, and will form the bases for some representations that may be made at the sitting.

CANADA TO GET FURTHER ORDERS

PLAN IS BEING WORKED OUT TO GIVE CANADIAN FACTORIES ADVANTAGES.

Financial Institution Will Aid In The Task That Is Being Undertaken

It is learned that a great munitions plan is being worked out in Canada which will greatly increase the capacity of Canadian factories for the producing of gun projectiles.

Messrs. Hichens and Brand, the representatives of Lloyd George in Canada, are at work on the details of the plan, while the financial and industrial leaders of the country are evincing a willingness to do what they can. When the plan is worked out it is believed there will be a great development in the munitions industry in Canada and corresponding decrease in the orders placed in the United States.

The purpose of the organization now under way is to provide for the filling of war orders on a larger scale and in the most expeditious and economical manner possible. The business will probably be financed in Canada, British bills of exchange being taken by Canadian banks or by a banking and financial syndicate organized under the government supervision. When the plan is carried out it is believed that Canada will get a large share of the British, also French and Russian orders.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

PROSPECTS BRIGHT.

The following from the Toronto News should encourage all residents of British Columbia:

British Columbia has perhaps felt the depression and the war more seriously than any other part of Canada. In Vancouver the real estate craze reached its most extravagant development and there has been a corresponding reaction. Men, who counted themselves wealthy two years ago, have lost their all if the loan companies care to close them out, and the story of their misfortune is nothing short of tragical: It is felt, however, that the worst is now being seen of the collapse. One hears that English capital is already picking up bargains, and it must not be forgotten that the bottom cannot fall out of a Province which Sir Edmund Walker once described as potentially the richest in Canada. Its timber, its coal, its silver, gold, copper, zinc and iron deposits, its agricultural areas and its fisheries give it a variety of resources perhaps not found within an area of equal size anywhere else in the world. The great bulk of these vast assets still remain in possession of the Crown, and with the additional transportation facilities furnished by the two new transcontinental railways, which have been completed across the mountains since the war began, the Pacific Coast Province must be regarded as only beginning to "arrive." These railways render extensive new areas on the coast and in the interior readily accessible from the outside world, and with the return of peace the development of the country should be materially accelerated.

Red Cross Sale.

The success attending recent Red Cross sales—in the leading millinery stores of the city will again be repeated on Friday next—December 3. Miss Barbeau's Millinery Store on Sixth Street will be converted for that day into a delicatessen and a raffle emporium. Mrs. Besner and Mrs. R. L. McIntosh will be in charge. Everybody get busy, we need the money.
