OLD TIME OFFICIAL IN NORTH ON A VISIT HERE

A. W. Vowell Formerly Superintendent Of Indian Affairs In This Province Is Visiting This Northern Section

There arrived in the city by the steamer Prince Rupert yesterday morning, one of the earliest officials that served in this northern part of the province. This is "Judge" A. W. Vowell, of Victoria. Up to a few years ago he was superintendent of Indian Affairs for this province. Then the system of having inspectors for different districts was brought into vogue, and the office that he had occupied for about twenty years or more passed into disuse.

But before Judge Vowell was appointed to the office in the Indian Department, he had served with distinction under the government of the province of British Columbia. He had for twenty years or more, before that time fulfilled many important offices, being known, as he says, as the government handy man ready for all kinds of offices and filling them every one will acknowledge well. He was gold commissioner in Cassiar, and to that capacity added the one of stipendary magistrate. In this latter position he meted out justice with a firm hand.

This present trip that he is taking, is for the purpose of seeing some of the old scenes which were connected with his labors in earlier years. He has now reached the age of 74, but no one would take him for that age. He says he wants to see some of the old scenes again before he dies. With this in view, he will visit Port Essington and also Hazelton. The judge says he wants to go up in the train along the Skeena River, up which he made many tiresome and dangerous trips, and "laugh at the Skeena."

Judge Vowell is full of most interesting reminiscences of the early days in the country. In the days when he was superintendent of Indian Affairs, it was necessary to be determined. Certainly he was that. No Indian or white man could deter him from the course that he thought was the proper one to take. He would at all time deal in a determined manner with the Indians, and by so doing kept everything in order.

Many a time his missions up the Skeena were not of the most friendly character, as far as the attitude of the Indians towards him was concerned. He would, however, meet them in spite of threats and in spite of warnings. His will usually prevailed, and vexed questions were settled.

Selling Of Stock.

Pride Nash & Company, of this city will dispose of their entire stock here at a gigantic sale that opens on Tuesday morning. In the conduct of the sale, the firm is to have the assistance of R. O. Y. Leighton, of Winnipeg, managing owner of Leighton Sale & Purchase Company Limited. Mr. Leighton is combining business with pleasure here. He was on his way to Alaska and the Fair at San Francisco, when he stepped into the contract here, and has gone to work with Pride Nash & Company in disposing of the stock as quickly as possible.

Mr. Leighton is one of Canada's foremost advertising men, with headquarters at Toronto and Winnipeg. A special work of his company is to sell out large stocks of merchandise for merchants from all parts of the country. He will be with Pride Nash & Company during their great Selling Out Sale as announced in this

BACK AT FRONT.

A letter received by Pte. Ench, who went from here with Prince Rupert's first contingent, gave the information that Major Peck was again back at the Front. The letter was written July 9. He says they are all in kilts, and they find them very comfortable.

More Torpedoing Done By Germans

London, July 31.—The British steamer Iberian of the Leyland line, while returning to the United States has been torpedoed. Seven of the crew, including one American were lost.

Eight trawlers have been torpedoed in the North Sea.

Warsaw Being Evacuated Break In Russia's Line Germans Held At Bay

London, July 31.—Warsaw is now being evacuated. German aviators returning from that region report that the Russian troops are retiring eastward from there.

A hundred miles southeast of Warsaw, the Austro-German cavalry and artillery have entered Lublin, thus cutting the Lublin-Chelm Railway. This is an important Russian line of communication, between the Vistula and the Bug Rivers.

To the north the Germans are trying to sever the Warsaw-Petrograd Railway, but have so far been unsuccessful. As long as General Von Hindenberg is prevented from crossing the Bug River from the northeast, it is believed the Russian army have good chances for escaping.

A Chance For House Furnishings.

George D. Tite is putting on one of his genuine cheap sales for the benefit of the public, and to make a quick turn-over for cash. The house is so well known for the high-class of stock carried, that it is not necessary to introduce it to the buying public. There are bargains being offered in all departments. This will be a chance for purchasing high-class goods at a very modest price. The sale starts on Monday and will be continued during August. Early callers will have the fuller choice.

F. W. Dawson returned by the steamer yesterday, from a trip to the north.

HAPPY PARTY OF YOUNG LADIES FROM BROOKLYN ARE HERE

They Have Been To Alaska And Are Stopping Off In Prince Rupert.

A party of fourteen ladies from Brooklyn, N. Y. arrived here yesterday by the steamer Princess Sophia from the north. They had made the trip, from the south to Skagway, and are stopping off here for a few days before leaving for the east, by way of the G. T. P. The party, with one exception, is from Brooklyn. The exception is Miss E. Inrogen Ellsworth, of Richmond Hill, N. Y. The others in the party are Laura H. Pitt, Anna A. Quast, Mrs. E. Etomliers, Adine T. Etomliers, Mrs. Anna Otten, Edna M. Otten, Betty S. Detoy, Mrs. Robert P. Wilson, Miss Elizabeth Wilson, Mildred Seitz, Myrtle M. Vough, H. Wilhelmina Erisson, and M. Jean Hallywood. They are guests at the Hotel Prince Rupert.

The party seems to have enjoyed every minute of their journey. They are delighted with the trip, and are employing their time in Prince Rupert, so as to get the very best out of it.

On the way east they will stop off at Jasper Park, where the G. T. P. has a summer tent city established. Several days will be spent there, and then they will proceed east again.

TYPE OF RUGGED SENATOR FROM THE UNITED STATES

Senator Tillman Of South Carolina Passed Through The City Yesterday---He Will Return And Go East Over Line Of G.T.P.

As a passenger on board the steamer Princess Sophia yesterday, Senator Tillman of the United States, passed through the city. He has made the first trip north of Seattle, that he has ever made, going as far as Skagway by the C. P. R. steamer. He was accompanied by Miss Tillman, his daughter. In a couple of weeks time he will return to Prince Rupert, taking the G. T. P. east.

The Senator, who comes from South Carolina, is a rugged type of public man. If he is a diamond, it is an unpolished one. He is known throughout the length of the United States, and far beyond that country's bonds, for the ruggedness of his speeches at times, and his outspoken style on questions which he takes hold of.

When seen by the Journal yesterday, during his stop in the city, the Senator in no uncertain way expressed his opinion of the city of Prince Rupert. He agreed that the place

MURDER CASE IN PORT ESSINGTON

CHIEF GAMMON OF PROVINCIAL FORCE HAS GONE TO INVESTIGATE

In Fight Between Japnese And White Men Death Resulted.

On Friday night there was a disturbance in Port Essington, which according to a report resulted in the death of a white man named Pitman. Another man named Murphy was reported dangerously wounded.

Only meagre information was received by the Provincial Police yesterday morning, but there appeared to have been a fight between white men and Japanese.

Chief Gammon took the train yesterday to investigate.

Mr. and Mrs. Rathbun, lecturers in connection with the Christian Science Church, were passengers by the C. P. R. steamer yesterday on the way south, after a trip to Alaska. They were met here by a number of the local followers of that religion.

Proposal Made In Connection With Settlement Of Kitsilano Reserve.

Vancouver, July 31.—The Harbor Commissioners of this city expect to commence great improvements here soon, by the Dominion Government agreeing to the province's reversionary right in the Kitsilano Indian Reserve, and undertaking to pay British Columbia the value, this to be determined by arbitration.

Under the settlement the Harbor Board is to get property on which to erect wharves, warehouses and elevators.

NEW TRADE ROUTE.

The prospect is that Prince Rupert is to come into its place among the ports of the world at a time when trade may be more easily diverted this way, than would otherwise be the case. It is known that it is somewhat difficult to divert trade out of established routes. For that reason it was held to be doubtful at one time whether the Panama Canal route would come in for as large a share of traffic as would have been hoped for, as the convenience of the course would lead one to believe it might be used. The war has come, and with it there has been a complete upsetting of trade and trade routes. The completion of the war will undoubtedly bring about many changes in connection with the world's traffic. This may also apply to trade routes. Instead of following the old time lines, there will with the complete breaking up of these, be a tendency to adopt newer trade routes. In this way the Panam Canal will come into its own, and become quicker than might otherwise have been the case, one of the leading avenues for vessels. If that is so, there is no reason why the city of Prince Rupert should not come in for a very full share of trade.

GRAIN ELEVATORS.

There is according to the news received from Vancouver, a renewed attempt being made by the southern city to get grain elevators located there. It is probably time that this city of Prince Rupert made a move along similar lines. The city of Vancouver and the city of Victoria has had a good deal of assistance from the government, in the matter of fitting up the harbors to take care of trade. The city of Prince Rupert has had no such aid. This port will never require the same amount of assistance, it would appear inasmuch as the harbor is of an excellent character, that it will not be wanting dredging. This city might, however, if the matter of government elevators is to be considered be kept to the front. It is true that the G. T. P. announced that it was going to instal elevators here, but the G. T. P. is perhaps forced, owing to the financial situation, to alter its plans in no small way. Why might not the government come in and locate an elevator here, if that policy of government elevators is to be pursued on this coast? There is room for investigation.

TYPE OF RUGGED SENATOR.

(Continued from Page One.)

should have a future, but he thought there was a lot to do yet. He sealed his opinion in this regard, in good forcible English, due undoubtedly to the fact that a man at 68 years of age does not appreciate the climbing of the ascents that are imposed upon one in getting from the waterfront to the business centre.

As was to be expected, he was interested in the war. Asked if he thought that the United States would be brought into the war, he said that that was difficult to say. The United States, he said, would not retire from the position it has taken in the matter. If the cutting off of diplomatic relations is necessary in order to maintain its national dignity, then that step will be taken, he says.

It would appear, he says, that the German people are so obsessed with the idea of their power, that it would seem that there might be trouble yet. His own idea is that there is the appearance that the German nation is anxious to get the whole world as far as possible against it, so as to find an excuse for retiring from the fight.

Senator Tillman is a firm believer in the ultimate supremacy of the Allies against Germany. He has no hesitation in prophesying that the Kaiser will meet his fall.

The Senator was asked if there was any likelihood of the United States following the proposal made by one of the senators, that the pan handle of Alaska should be handed over to Canada. He said there was no likelihood of it. There was nothing to prevent senators proposing foolish things. As he understod the temperament of Uncle Sam, it was that there would be no further purchase of territory by him, and there would be no selling of any that was now possessed.

Alaska he felt would one time be a good country. There were great opportunities he felt for farming in various lines, such as dairying, if it were possible to get settlers from Norway, Swedent and such countries to come in and settle there. He was ready to admit, in reply to a suggestion to his interviewer, that with such great areas of land as there was in the Canadian prairies, this might be a long way off.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.
