CALGARY DISTRICT SWEPT BY FLOODS

THE BATTLE OF THE DNIESTER IS STILL IN DOUBT

RUSSIANS CLAIM VICTORY AFTER SIX-DAY BATTLE

GRANBY SMELTER IS A VERY BUSY PLANT

The Fourth Furnace At Anyox Will Be Ready About August Is Expected--Everything Running full Time

The smelter of the Granby Company at Anyox is kept running to its full capacity in order to serve the demand for copper at its present high prices. The three furnaces are kept steadily going. The fourth one is being completed and by about August it is expected it will be ready to blow in.

There are now about 1,000 men at work at the smelter and mines of the company there. No additional men are required, the company taking precautions not to have an over supply of labor at the works.

In view of the price that copper has reached, the Granby Company has taken a step to allow the men working there to derive some share in the profits. The wages of the men were voluntarily increased 50 cents a day when the advance came.

ITALIANS ARE MASSING FOR GENERAL FIGHT

The Italians are consolidating the positions won on the Isonzo front, with indications of a heavy general engagement soon, as the Austrians are massing troops.

CANADA COULD INCREASE SHELL OUTPUT TENFOLD

W. W. Butler Makes An Offer To Produce Shells At The Rate Of 400,000 Per Month.

A special London cable to The Mail and Empire says:

"Gen. Bertram's statement concerning the ability of Canada to produce tenfold the amount of munitions being made at present, is supported by Sir Thomas Shaughnessy, who points out that Canada is already supplying more shells than all the British manufacturers grouped together, and yet this is not up to ten per cent. of her capacity output.

W. W. Butler, vice-president of the Canadian Car Company, who has postponed his return to Canada, has made a proposition to the war office that the latter should, where necessary, purchase plants for the Canadian manufacturers and sell after the war if desired.

This course has already been adopted in England. Mr. Butler has made an offer to the war office to supply between two million and five million shells, delivery to begin in ninety days, at a minimum rate of 400,000 shells a month."

Princess Alice South.

The C. P. R. steamer Princess Alice called here yesterday on her way south. She had a large number of tourists aboard.

Held Picnic Yesterday.

Two Sunday School picnics were held yesterday. The Methodists went to Metlakatla and the Presbyterians to Digby. Pleasant times were spent by each group of scholars.

WILL START ENLISTING MONDAY

On Monday Major McMullin will start recruiting for another contingent for the overseas service. There are 175 men assigned to this centre, which includes the territory along the line of the G. T. P. as far as Prince George, together with the coast points in touch with here. Applications should be made at once to Major McMullin who wants to get his quota ready in as short a time as possible. Dr. Tremayne will examine the applicants. The same conditions as prevailed before, apply in this instance, except that men will be taken with dental plates. Capt. Van der Byl will likely leave Monday morning for points along the line or railway to recruit. About 75 men are said to be awaiting in Prince George.

Battle Of Dniester Is Still Matter Of Doubt Says London

London, June 26.—The battle of the Dniester, which is to decide the fate of the left wing of the Russian army in Galicia, sways back and forth along the banks of that river.

Petrograd claims a victory in the six-day battle. All attempts of the Tuetons to gain a foothold on the north bank have been frustrated, says the report from Russian headquarters.

Japanese Killed Themselves.

Tokyo, June 26.—Major Nakagima and Captain Hasimoto, Japanese officers with the Russian army at Lemberg committed hari kari when the Galician capital fell, rather than suffer dishonor by being made prisoners of war.

DOUBTFUL AS TO WHEN NEXT MOVE WILL BE MADE

London, June 26.—There is a pause on both battle fronts. It is uncertain whether Germany's next move will be against Warsaw, Paris or Calais. German activity in the Argonne district indicates an attempted drive for Paris.

Miss Johnstone, formerly of the teaching staff in Prince Rupert, is expected from Vancouver on Monday, to pay a visit here.

MINING PROFITABLE IN MANY BRANCHES NOW

Not Only Is Copper Being Sought After But Zink, Antimony and Other Metals Are Likewise In Demand

For some time to come, mining will continue to be a very profitable industry. This was the opinion expressed by A. J. Bone, the manager of the smelter at Anyox, who was in the city a few days this week. He left Friday night accompanied by J. Fred Ritchie, of this city, for the smelter town.

Mr. Bone is of the opinion that even with a return of more normal conditions following the war, there will continue to be a great demand for copper. The use of it for war purposes, is in practice a waste of the metal, as far as commercial purposes are concerned.

With a cessation of the war, there will be a shortage of the copper, as all that is available is now being used up for war purposes. When the war ceases the stocks for the ordinary uses will be exceedingly short. There will of necessity, have to be an abnormal production to meet the requirements. This Mr. Bone feels, will ensure a large production for some years to come, to meet the general needs and to restore the equilibrum.

It is not in the matter of copper alone, he says, that there is a great demand at present. Other metals are also being sought after. Zinc properties, whenever that metal appears in the ore in sufficient quantity to make it worth while to treat should be available now.

The same applies to antimony, if it can be found in a practically pure state. Such a property would give excellent returns and the field is one that could well be sought.

PRACTISING FOR MONDAY'S GAME

MEN WHO HAVE FORGOTTEN SPORTS FOR YEARS AGAIN AT WORK

Some Severe Training—A Challenge Is Out For The Winners.

There are a number of stiffened limbs among the more adult members of the community, although many of them are loath to admit it. The explanation is that the teams that are to take part in the baseball match on Monday night, have been clandestinely practising, and practising hard to make sure of victory.

The match Monday night is not likely to be the last in the series. There are other teams in the city jealous of the honors that the professionals and the merchants are trying to seize, and at least one challenge for the winners of Monday's game is on record.

This is from the Real state Baseball Team, which is under the management of M. P. McCaffery, who boasts a long service on the baseball field, and who refrains from playing with his team, only on the ground that he is a professional ball player, or something so very near to that, that it is not worth while working out the difference. His team, and he says in all his varied experience as a manager and a player, he never felt prouder of an aggregation, is as follows:

David H. Hays, pitcher.
D. Doig, catcher.
Peter McLachlan, 1st base.
G. W. Arnold, 2nd base.
Fred Button, short stop.
T. D. Pattullo, 3rd base.
G. R. Naden, right field.
M. M. Stephens, left field.
Samuel Harrison, centre field.

The Morning Journal 50 cents per month.

TORNADO SWEPT OVER CALGARY DISTRICT TORRENTIAL RAINS AND FLOODS FOLLOW

Some Lives Have Been Lost At Grassy Lake Where Twenty Thousand Worth Of Property Has Been Destroyed---Cyclone And Electric Storm At Red Cliffe Worked Devastation Wrecking Buildings And Causing Injury To About A Dozen People.

ARRIVALS AT HOTEL PRINCE RUPERT

Calgary, June 26.—What may prove the worst flood in the history of Calgary and the district, is raging in the Bow and Elbow Rivers.

The Bow River rose five feet during the night. It has been coming up during the day at the rate of four inches an hour.

Lives Lost In Storm.

Grassy Lake, June 26.—At least three lives have been lost and three others seriously injured, as a result of the tornado which swept over this town and district.

Property damage to the extent of $20,000 has also resulted. Many district buildings were destroyed and their contents of furniture, merchandise and machinery were thus exposed to torrents of rain, which accompanied the tornado.

Roofs Blown Off.

Red Cliffe, June 26.—This town presents a sorry looking sight today, following a terrific cyclone and electric storm which struck here last evening. Scarcely a house in the best residential district escaped without some damage.

No lives were lost, but a dozen people were slightly injured. The Laurel Hotel, one of the finest buildings in the town had its roof completely taken off.

Mechanics May Register.

A lettergram from Hon. W. J. Bowser to W. Manson, M. P. P., gives the information that any mechanics who wish to take advantage of the offer of the British Government to go to the old land should make known their desire, so that the commissioners will know whether they should come here or not. Mechanics should leave their names with the city clerk if they wish to go. This is confiend to machinests, riveters, drillers, shipwrights, boilermakers, sheet iron workers, coppersmiths, blacksmiths and moulders.

Left For Holidays.

A number of teachers of the public school left for the south yesterday. They will spend their vacation in some instances taking special courses.

BRITISH AVIATORS ARE GETTING INTO VULNERABLE POINTS

London, June 26.—British aviators have succeeded in exploding a large German ammunition depot near Roulers, with great loss in munitions and men. Among the killed are fifty German soldiers, who were loading an ammunition train.

May Move On Warsaw.

Amsterdam, June 26.—The fact that several trains loaded with heavy guns have left Essen for the German front on the Bzura River in Poland, is believed to indicate that an attempt to capture Warsaw will be made.

A WAR TO THE FINISH.

With the war now in progress approaching nearly a year, there is not at present anything to indicate to the ordinary lay student of the situation, any immediate likelihood of an early close of hostilities. While it may be a heathenish sentiment to express, there appears to us to be an outstanding demand for a more pronounced slaughter of the enemy. The cry has gone abroad throughout the countries of the Allied powers for more ammunition for the big guns, and for still more. It would seem that a policy of lavish expenditure of all kinds of shells is in contemplation. It would appear that that is the only way to close this unholy war. When German homes are aroused by the wholesale slaughter of the members of the families, peace may be demanded, and the insane ambition of a mad despot may be crushed. Would that it could be otherwise than devastation such as this. It is evident that it cannot be. It would appear as though all that is left is to cry havoc and let slip the dogs of war in all its worst forms.

Skeena Land District — District of Queen Charlotte Islands.

TAKE NOTICE that Thomas P. O'Farrell, of Vancouver, B. C., Miner, intends to apply for permission to prospect the following described lands for coal and petroleum: Commencing at a post situated one (1) mile west of the south-west corner of Lot 2451, thence north eighty (80) chains, thence west eighty (80) chains, thence south eighty (80) chains, thence east eighty (80) chains, to point of commencement.

Dated the 27th day of February, 1915.

ap25 THOMAS P. O'FARRELL.

Correspondence

The Journal does not necessarily endorse the views expressed in this column but believes in the freest discussion of public concerns provided it is done in a proper way.

MR. ANGLE WANTS INFORMATION

To Mayor Newton:—Please define the present duties of the city clerk at a salary of $185 per month, as compared with the duties of the same person in 1910 and 1911, at a salary of $150 per month; when he at that time was city clerk, city treasurer, city purchasing agent and materially aided in the drafting of bylaws and city contracts?

Please define the duties of the present city treasurer at $200 per month, as compared with the duties of the city clerk, city treasurer and city purchasing agent of 1910 and 1911 at a salary of $150 per month? The same person performing the three-fold duties.

Please define the duties of the present city solicitor at $250 per month, with those of the city solicitor of 1911 at a salary of $150 per month—with no money in the treasury for the performance of public works or the protecting of contracts?

Please compare the $12,000 purchase of unnecessary stock for the telephone and light department of the present time, as instanced by the number of spools of cable now lying exposed to the weather near the old electric light plant—also the pile of electric poles rotting at the corner of McBride and Sixth Avenue. I ask you to compare this with the same unnecessary purchase of water pipe, steam rollers and useless culverts of the engineering department of 1911, when you took such an active stand in abusing the 1911 council and the then chairman of the board of works, with extravagance and incompetency; all of which caused the council of 1912 to rise to the occasion and expunge the whole department to the saving of some $10,000 annually. Does the saddle not gall under its present rider? or has the emoluments of office calloused the honest principles then espoused in the interest of the suffering ratepayers?

Please state why two stationary engineers are required at the old electric light plant at $125 per month each, when two switchmen at $85 per month can perform the work as done in similar plants elsewhere?

Please state if there is one man in the city employ, in the electrical department that can wind an armature when necessary, or if the armature must be sent to Vancouver to be wound? If there is such a man, please state his name and what salary he draws?

Please give your reasons why the present city clerk could not be dismissed, and his sparce duties performed by Mr. Edmonds at his, Mr. Edmonds present salary? thus saving the ratepayers $185 per month.

Please give your reasons why Mr. Johnstone, the present city treasurer, should not also be dismissed and his duties performed by Mr. Vance, a thoroughly competent man, at his, Mr. Vance's present salary? thus saving another $200 per month.

Please state what use the city have for a city solicitor during these hard times, why not dispense with his services and save $250 additional per month?

Why continue to employ the present superintendent of light and phone at $200 per month when his duties can be performed by the city engineer, whose services the city should retain, and thus curtail another $200 per month?

Summary Of Saving.

City clerk, salary for 1 year	$2,220
City treasurer salary for 1 year	2,400
City solicitor salary for 1 year	3,000
City electric light salary for 1 year	2,400
Salary retrenchment old electric light plant	600
	$10,620

If, as Mayor Newton has stated to me, that my suppressed letter has been the means of causing Alderman Montgomery to introduce his present scheme so unexpectedly, it may be because he was chairman of the light and power committee when this extravagant and needless purchase of $12,000 of unnecessary phone material was purchased.

If the Mayor cannot answer these quotations intelligently to the satisfaction of the ratepayers, it may then be necessary for the city to take a hand, and appoint a commission to segregate the present fiasco.

Yours truly,

Wm. ANGLE.

Is Business Slow?

It probably serves you right

You are not letting the public know what you have

Advertise!
Advertise!
Advertise!

That is the Solution

That manufacturers should increase their advertising appropriations during a period of business depression and curtail during the years of prosperity, was the opinion advanced by Roger Babson, the financial and business statistician, at a meeting of the Technical Publicity Association, held in New York.

"Directors of your company regard advertising as a luxury to be cut down when business is poor," said Mr. Babson. "They give you orders what to do rather than you giving them orders.

"If you solved this advertising problem in a scientific way you would tell them what to do, the same as their lawyers and their bankers tell them.

"In a year of prosperity they are willing to give you a big advertising appropriation, and when the reaction comes they cut down to almost nothing. Take the big appropriation in the fat years and salt it away for use in the lean years.

"If you all did this the business of the country would move along more evenly; the business boom would be less, and the reaction, the area of business depression, smaller."

Travellers' Guide to Steamer Sailings

Regular Vessels plying out of Prince Rupert To Coast Points

In addition to intermittent and irregular sailings of vessels to and from Prince Rupert, there is an excellent service in and out of this port by the steamers running in their different services.

MONDAY

To Arrive—G. T. P. steamer from Vancouver, Victoria and Seattle at 6:30 a.m.
C. P. R. steamer from Vancouver in forenoon.
Union steamer Venture in forenoon.

To Depart:—G. T. P. steamer for Anyox at 10 a.m.
C. P. R. steamer for Skagway at noon.
Union steamer Venture for Anyox and northern B. C. points.

TUESDAY

To Arrive:—G. T. P. steamer from Anyox at 3 a.m.
Union steamer Venture from Anyox and way ports at 8 p.m.

To Depart:—G. T. P. steamer for Vancouver, Victoria and Seattle at 10 a.m.
Union steamer Venture for Vancouver at 9 p.m.

THURSDAY

To Arrive:—G. T. P. steamer from Vancouver, Victoria and Seattle at 6:30 a.m.

To Depart:—G. T. P. steamer for Vancouver, Victoria and Seattle at 10 a.m.

FRIDAY

To Arrive:—C. P. R. steamer from Vancouver in afternoon.
To Depart:—C. P. R. steamer for Anyox and other points in evening

SATURDAY

To Arrive:—G. T. P. steamer from Vancouver, Victoria and Seattle at 6:30 a.m.
C. P. R. steamer from Skagway in forenoon.
C. P. R. steamer from Anyox in evening.

To Depart:—G. T. P. steamer for Vancouver, Victoria and Seattle at 6 p.m.
C. P. R. steamer for Vancouver at noon.

SUNDAY

To Depart:—C. P. R. steamer for Vancouver at 6 p.m.

THROUGH TRAINS TO AND FROM PRINCE RUPERT

The G. T. P. operates a train service to and from Prince Rupert its Pacific terminus, with electric lighted standard sleeping cars, dining cars serving all meals and day coaches. On Mondays an electric lighted tourist car is attached to the through train.

The trains from here give a fast direct service with Prince George, Edmonton and Winnipeg; with close connections with all prairie centres, as well as with St. Paul, Chicago, and all eastern Canadian and United States points.

MONDAY

No. 2.—Eastbound leaves at 10:30 a.m. reaching Winnipeg 2:25 p.m. Thursday.
No. 1.—From the east arrives at 6:15 p.m., having left Winnipeg 6 p.m. Friday.

WEDNESDAY

No. 1.—From the east arrive at 6:15 p.m., having left Winnipeg at 6 p.m. Sunday.

THURSDAY

No. 2.—Eastbound leaves at 10:30 a.m., reaching Winnipeg at 2:25 p.m. Sunday.

FRIDAY

No. 1.—From the east arrives at 6:15 p.m., having left Winnipeg at 6 p.m. Tuesday.

SATURDAY

NOTICE OF CANCELLATION OF RESERVE.

NOTICE IS HEREBY GIVEN that the Reserve existing on Detention Island by reason of a Notice published in the British Columbia Gazette on the 30th of May, 1912, is hereby cancelled.

R. A. RENWICK,
Deputy Minister of Lands
Department of Lands,
Victoria, B.C..

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior.

NOTICE.

The Canadian Patriotic Fund.

Will those who need assistance from the above fund, resident in the city or district and whose breadwinner is on active service with the forces of the Empire or her Allies, kindly notify the secretary of the local organization.

Change of Business

To whom concerned:

Having disposed of my interest in the New Wellington Coal Company, to Mr. M. P. McCaffery, who in connection with Mr. M. Albert will continue in the coal business in Prince Rupert. I take this opportunity of thanking the public for their trade and patronage during the past seven years, and bespeak for the new firm, the continuance of your good will and valued orders.

Very respectively,
J. H. ROGERS.
Prince Rupert, B. C., June 12, 1915.

GARDEN COMPETITION.

The Provincial Department of Agriculture is offering cash prizes in the following classes. Three prizes to be given in each class.

1. For House Garden, where occasional employment of labor takes place for garden work. 1st. $12, 2nd. $8, 3rd. $5.

2. House Garden, where all work has been done by occupant and family. Carpentry work may be done by the owner or hired. 1st. $15, 2nd. $10, 3rd. $5.

3. Ordinary lot, without house, under cultivation. To be judged mainly from the standpoint of utility. Area under cultivation to be not less than one thousand (1,000) square feet. 1st. $25, 2nd. $15, 3rd. $10.

An entrance fee of one dollar, ($1) will be charged. Competition open to all citizens of Prince Rupert.

Final judging to take place in August, according to the season.

Plots must be staked out properly, or the lines of the garden clearly defined.

Apply by letter to

A. H. TOMLINSON,
Department of Agriculture,
Box 1693. City.

Garden owners or lot cultivators are urged to send in their names and make this a successful competition. The department reserves the right to cancel prizes not properly competed for.
