Prov. Legislative Assembly
NOV 14 1905
VICTORIA, B. C.

THE PROSPECTOR.

VOL. 7, NO. 46 LILLOOET, B. C., NOV. 9, 1905 $1 PER ANNUM

LOCAL

Service next Sunday in St. Mary's Church.

Mr. Soues will be in Lillooet shortly, in connection with Court of Revision, Nov. 10, Friday, 10 a. m.

Mrs. Burkholder has come to spend the winter at Horse Shoe Bend, on Bridge River, where the 3 Messrs. Burkholder are carrying on operations in connection with hydraulic mining.

We see rockers here, and other rockers, but not every day a wicker rocking chair on a pack animal, on its way to the mines, for ladies' use exclusively.

Mr. Inglis Kelly of Barkerville, is visiting his sister, Mrs. J. B. Uren.

A piano was recently taken in Pemberton way for Mrs. Neil.

Paul Santini got a very large deer, scaling over 200 pounds, dressed. It was a beautifully developed animal The other members of party were also successful.

The Hurley residence has received its coat of paint, the scaffolding removed, and it begins to look like home. Its color is a deep cream and white trimmings, giving a cheerful appearance.

Very bad colds are common, being severely experienced by Mrs. Phair, George Forbes, Julia Dickey, the editor and other good people.

Sergeant Fulton of City Police renown, states along the Cariboo Road is the best Game region in the world. On a trip lately he met two Vancouver men who secured 250 Geese, ducks and prairie fowl, and were on the road to Bridge R. to hunt Goat.

The Same Old Cry.

Scarcity of Canadian Timber. We have heard it stated by several who are interested in the trade, that the scarcity of Canadian timber, especially for building purposes, is already beginning to be felt by a considerable increase in price. This is ascribed to the circumstance of so many vessels being devoted from the staple traffic of the Saint Lawrence in order to convey emigrants to Australia and the States, and as the weather may shut up the chance of further supplies, for some time, it is feared that those who have entered into large building contracts when timber was at a low price, will now suffer loss and embarrassment by its increased value in the market.—Liverpool Albion.—From The Globe of Jan. 8, 1853.

Over 500 Students.

President Mills of the Agricultural College, Guelph, reports that during the month of January there have been no less than 554 students on the roll, divided as follows among the different courses: Regular students, 210; short course in poultry raising, 14; short course in stock judging, 220; dairy school, 50; special weekly lectures on domestic science, 60 ladies.

Victoria's One Joke.

Queen Victoria's one recorded joke is a good one and should be preserved. The aged Duke of Wellington having paid his sovereign a visit on a very wet day, she anxiously inquired what boots he was wearing.

"The people call them 'Wellingtons.'" said the duke.

"What nonsense!" exclaimed the Queen. "Where, I should like to know, could you find a pair of Wellingtons?"

PAPERS ON HEALTH.

PREPARED FOR THE PROSPECTOR FROM THE FAMOUS WORKS OF PROFESSOR KIRK, EDINBURGH.

One of the effects of using unwholesome water is called dysentery. It may be caused by wet and cold, or improper food. It shows itself as an unusual flow from the intestines. At this stage it can be relieved in a few moments, by an injection of a little cold water. When the bowels move in such a way as threatens dysentery, to inject about a cupful of cold water will in most cases effect a cure. If the same weakening loss occur, apply the remedy again. It is seldom the third is needed if the trouble is taken in time. The cold braces the loosened bowels.

But in some cases, blood will appear at the outset, and the case be more serious. We would apply the same remedy, as yet, the only indication is sudden relaxation, wanting bracing with clean, cold water. But where there is great pain indicating an actual injury to the coats of the intestines, something more must be done. It may be necessary to use water a little above blood heat, and add as much vinegar as will make the mixture gently smarting to the corner of an eye, just as much acid as will prove healing to the injured lining, and no more. These warm, slightly acidulated injections may be repeated, if required, as long as they give any comfort and relief. It may be that the trouble has gone unchecked for days, until nervous strength is low. The injection will not do alone then. Fresh vital action can be secured by hot fomentation around the hips and lower half of the body. A soft blanket is wrung t of hot water, and wrapped around for an hour or so. If a patient seems too weak, he can be wrapped around the legs first until he receives vitality for a stronger application. Olive oil or sweet oil should be rubbed on before, and more especially after as it prevents loss of strength by evaporation. The injections if necessary should be continued. Could David Livingstone have been thus treated when he was in the African hut dying of dysentery, we cannot imagine his failing to return to old Scotland.

As to food, boiled bread-and-milk will be just as good as can be desired, and no more than is felt to be wanted by the sufferer.

THE PROSPECTOR.

WEEKLY.

ADVERTISING RATES LOW AS POSSIBLE.

BY C. W. ARMSTRONG

CLINTON.

B. F. Barrickman, representing McLaughlin Bros. of Kansas Cy is in town in the interests of his firm.

S. Mandade, J. W. Kirkpatrick and other stockraisers, of Dog Creek took down a fine looking lot of cattle to Ashcroft this week. They averaged 1280 lbs.

Dr. Geo. Sanson was a visitor to town this week.

Those enterprising merchants, McDonald and McGillivray, Ltd. have purchased "The Mound," from Wm. Saul.

Mrs. A. McDonald and family have become acclimated to the advantages of Clinton weather.

Constable John McMillan was recently gazetted Deputy Game Warden for this portion of the District, and is at present out on an official trip to Bighorn Mtn.

Wm. Saul has leased the dwelling formerly occupied by S. Boyd and will reside permanently in town.

S. Boyd has taken charge at the 61-Mile House, where he will reside in future.

A. H. Pulford, who has been carrying on business as harness-maker here, has made an assignment of his real and personal property for the benefit of his creditors. It is expected that the estate will pay all liabilities in full.

The thoroughbred Percheron stallion, Colbert, winner of the first prize in the three-year-old class at the Lewis and Clark Fair at Portland, is reported as sold to a syndicate of farmers in the vicinity of Clinton. He is a beautiful animal, and has been on exhibition here for the past week. The price paid is said to be $4000.

J. Douglas and R. Green, of Victoria, passed through here on their way home, after a short trip to the Gang Ranch.

George Stuart of Ashcroft, the assignee of the Pulford estate, is here on a business trip.

W. J. West, Secretary-Treasurer of the B C Express Company, accompanied by Alex McPhail, the new Sup't, are on a tour of inspection over the line.

Rev. W. Allen left October 20 for Lac La Hache, Quesnelle and Barkerville, where he will preach before his return. There will be no service until the 19th. All young men should attend the Bible Class ;—they would find it interesting.

Louis LeBourdais is home after a visit at Lac La Hache all summer.

Miss Tottie Boyd returned to the 70-Mile after visiting a few days with Miss McMillan.

Although Kaien Island, to the south of Port Simpson, will be the nominal terminus of the Grand Trunk Pacific on this coast, it is learned on very good authority that whatever shipping business the company does will be done through the port of Vancouver for many years to come.

The Grand Trunk Pacific will enter Vancouver either on a line of its own construction or by a road built from the city to connect in the vicinity of Ft. George. The latter plan is the one most likely to be followed, and it will mean— that the Vancouver, Westminster & Yukon Railway will be pushed north via Squamish, and Pemberton Meadow country.

Entering the Province by Yellowhead Pass, the G.T.P. will follow the South Fork of the Fraser to Ft. George, where a branch line will run off to Vancouver, practically the terminus of the transcontinental system, nominally and geographically ending at Kaien Island. Construction of this branch will lay an immence and fertile, virgin, District tributary to Vancouver.

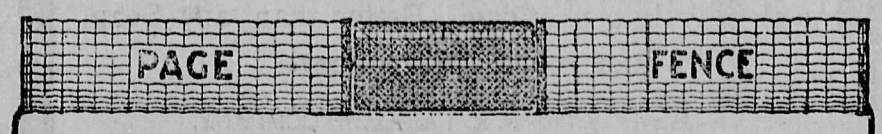
Page Woven Wire Fence

with its continuous coil (not crimped) is the best stock-holding fence made. Page No. 7 wire stands a 3,000 pounds' strain—common No. 7 wire only 1,700 pounds. Common wire will not coil—it straightens out again—it hasn't a spring temper—Page wire has.

The Page Wire Fence Co., Limited, Walkerville, Ont. Montreal, P.Q., and St. John, N.B. 11



This is the Page standard eleven bar wire fence. Coil, spring wire (not crimped)—takes up the slack in summer, does not become too tight in winter—regulates its own tension all the time. Page uprights in one piece stand a strain of 800 pounds. Common uprights spliced at each bar break at 300 pounds. Page gates, ornamental fences, poultry netting, are standard the world over.

The Page Wire Fence Co., Limited, Walkerville, Ont. St. John, N.B. Montreal, P.Q. 12

RAILROAD NEWS

Once again corroboration is given the article published in the News-Advertiser of over one year ago, that the real terminus of the Grand Trunk Pacific will be on Burrard Inlet. When Mr. C. M. Hays and party of G.T.P. officials were on the coast last year, the matter was mentioned to him, but he gave no direct answer. The story was published in the News-Advertiser, and tho' it has been denied subsequently, it persistently crops up, and each recurring time with more foundation. The latest publication in this connection is in an evening contemporary, which announces it with all the flare of black head lines, as if it had not already appeared a number of times since first printed in these columns.

Mr. E. G. Russell, who has taken up his residence in Victoria, was one of the party which explored the Coast from Burrard Inlet to the Alaskan boundary for a suitable location for a terminus, and it was stated when the article first appeared a year ago, that he had reported in favor of Burrard Inlet.

While it may not have any connection, it has been definitely announced that the extension of the Vancouver Westm'r & Yukon to the north will be made in time to connect with the G. T. P. at Ft. George, or some other convenient point in the northern interior, which will give a direct line to Burrard Inlet. Survey parties have covered the whole of this proposed route, and Mr. John Hendry, while in the East, made satisfactory arrangements in regard to the connection.

NEWS-ADVERTISER.

HERE AND THERE

Capt. P. N. Thompson has applied for 30 acres of land in this district, at Nairn Falls on Green River, with a view of obtaining electric power for a tram line to carry timber to Squamish. A charter will be applied for, that could eventually be transferred to some company building a regular through transportation line which would use electric power instead of steam on that portion of the road.

An Englishman proposes to start a stopping-place or starting-place or something —in the shape of a shooting-lodge, near Green Lake, on Squamish trail. He will probably get a liquor licence also.

There is quite a large camp of surveyors on the Lytton Road, 14 miles above the mouth of the Thompson. They will shortly move up to the 20-mile. Their object is unknown. Some time ago a Notice appeared of application for charter for a Railway from Lytton up the Fraser. It may be that the promoters want information, and want it quick. Some are of the opinion that the C. P. R. would love to have a branch to the North at an early date. Well, if a line should run up the river, it will give us competition with the V. W. & Y.

R. Carson, Sr. of Pavilion, is not well, and his son Fred had an accident not long ago, whereby a horse fell with him causing an injury to his leg.

Thos. R. Young of Alexis creek Chilcotin, is appointed to be a Deputy Game Warden for Cariboo Electoral District in place of R. J. Bidwell, resigned.

Two brothers named Landsborough have pre-empted land in the Pemberton Meadows, one coming by Squamish and one by Lillooet, to take in supplies.

5000 TELEGRAPHERS NEEDED!

Annually, to fill the new positions created by Railroad and Telegraph companies. We want YOUNG MEN and LADIES of good habits, to **Learn Telegraphy** AND R. R. ACCOUNTING.

We furnish 75 per cent of the operators and Station Agents in America. Our six schools are the largest exclusive Telegraph Schools in THE WORLD. Established 20 years and endorsed by all leading Railway Officials.

We execute a $250 Bond to every student, to furnish him or her a position paying from $40 to $60 a month in States east of the Rocky Mountains, or from $75 to $100 per month in States west of the Rockies,—IMMEDIATELY ON GRADUATION

Students can enter at any time. No vacations. For full particulars regarding any of our schools, write direct to our executive office at Cincinnati, O. Catalogue free.
