Little Willie.

They cut pa's trousers down for me;
I don't get nuthin' new;
I have to wear his old coat out,
His old suspenders too!
His hats and shoes don't fit me,
But s'pose they will some day,
And then they'll come to me instead
of being thrown away.

My sister Grace is twenty-two,
And she can sing and play,
And what she wears is always new—
Not stuff that's thrown away!
She puts on style, I tell yon what!
She dresses out of sight;
She's proud and haughty and she's got
A beau 'most every night.

I never get new things to wear;
I'm just a boy, you see,
And any old thing's good enough
to doctor up for me!
Most everything that I've got on
one day belonged to pa—
When sister's through with her fine
things she hands them up to me!

NOTICE.

A special meeting of the Board of License commissioners of West Lillooet will be held in the Court House, Lillooet, B. C. on Wednesday July 10th at 10 a.m., for the purpose of considering the application of Eagleson & Johnson for shotel liquor license for their premises on Cadawallader Creek, known as the Dominion House.

R. A. HUME,
Chief License Inspector.
Dated, June 29, 1901.

NEWS OF THE MINES.

BRITISH COLUMBIA'S MINING INDUSTRY.

NOTEWORTHY INCREASES IN TOTAL VALUE OF OUTPUT FOR THE YEAR 1900.

TOTAL VALUE—$16,544,751, AN INCREASE OF $3,951,620, OVER 1899. PHENOMENAL INCREASES IN LEAD, COPPER, AND GOLD.

LILLOOET DISTRICT LAST YEAR PRODUCED $88,493, AN INCREASE OVER THAT OF THE PRECEDING YEAR, OF $18,935.

The directors of the Anderson Lake Mining and Milling Co. have decided to increase the number of stamps in their Mill to twenty. The McGillivray Creek Mine has bright prospects; with twenty stamps the mine can be run almost as economically as present, while the output will be doubled. The ore is showing up better than ever before, rich pay shutes being frequently struck, while the general body of ore preserves its usual values. This mine will be one of the finest low grade propositions in the province when additional machinery is put on. The directors may purchase the old Golden Cache mill, which is still as good as new, and which can be transported across the lakes very easily.

The Prospector is in receipt of a copy of the Annual Report of the Minister of Mines. The volume is an extremely full and interesting one, containing full reports of every mining division in British Columbia and giving complete statements of the mineral output of the Province.

Considerable space in the Report is devoted to Lillooet district, the importance of which is now becoming more widely known. It is the intention of the Prospector to publish, for the benefit of its readers, and the information of miners here, that portion of the Report which deals with Lillooet. As the Report is quite lengthy only a part can published each week. We give this week the report on the placer mining of Lillooet District.

LILLOOET DISTRICT.

Report by F. Soues, Gold Commissioner

Placer Mining.

The total amount of gold obtained from placer mining in this district during the year, as ascertained from reliable buyers and mine owners, is $30,754, showing a still further falling off from that source. Mr. A W. Smith, of Lillooet, is the largest buyer of gold dust, and reports to me that he has bought 973 ounces, valued at $15,400, most of which was taken from the Fraser river by Chinese. So often has the same ground been worked over that placer mining has now been practically abandoned by white men as well as by the Indians, who can obtain good wages at other work, while even the Chinese only have resort to this occupation when there is nothing else to be done. Under the present conditions placer mining by individuals will soon be a thing of the past in this district.

LEASEHOLDS.

From the mining leaseholds worked during the past season an aggregate return of $8,531 is reported.

The Dutch Hill Company, at Big Bar has assigned its lease to a Chicago company, and the latter bring will a powerful head of water from Big Bar Creek, through steel pipes, which will permit the handling of a very much greater amount of the auriferous gravels annually.

Messrs. Glen and Richardson have secured the assistance of American capital in working their leasehold at the mouth of Bridge River. Unfortunately a freshet destroyed the dam in June, but a large amount of work has been done in readiness for next season.

The Bridge River and Lillooet Gold Mining Company has assigned its mining leases (14) on and near the Horse Shoe Bend, on the lower river, to the Bridge River Developing Company, and energetic work has been commenced under the superintendence of Mr W. W. Brown acting for the last-named company.

Twenty-five men have been employed in erecting buildings, excavating ditches &c. The main ditch, when complete, will be about three miles long, of which one mile is now finished, while a bunk house, eating-house and cabins for the men have been constructed. There are 25,000 feet of lumber on hand, in addition to a large amount already used for flumes &c.

Mr. Brown's own lease adjoins the above property, and on this 4,000 feet, lineal, of a ditch 7 feet wide, by 3½ feet deep, have been constructed. Mr. Brown is confident of being in a position to work the company's property, as well as his own, early next season.

On other mining leases in the district no further work has been done during the past year.

LUCK IN GOLD MINES.

The Trojan mine of Calaveras County California, made several Boston men millionaires years go. It was discovered by two Germans who could scarcely speak English. They had been running truck gardens for the mining camps in Calaveras County and knew just the very simplest facts about gold and silver mining. They were Herman Becker and Laurence Trimmer. In January, 1865, Becker ane Trimmer found that some money could be made by gathering oak wood for fuel in the mountains of Calaveras County. They set out expecting to make possibly $30 or $40 each by month's work. They lived in an abandoned miner's cabin. Snow was on the ground two feet deep all about. One day they built a great bonfire of brush which, melted the snow and left an area of hot earth. Becker got a haunch of deer meat and prepared to bake it in the hot earth. He dug two feet down and came upon a bed of rock. With the prospector,s instinct he broke off a bit of the rock and examined it. An assayer at Placerville reported that it ran $600 to the ton. This mine, the Trojan, made both Becker and Trimmer rich in a year but they sold for $70,000 each what was afterward worth to the Boston shareholders $30,000 a month.

BRIEF DESPATCHES.

Mr. Mulock while in Australia looked into the postal arrangements between Canada and its sister British State. In 1898, Australia declined to adopt the penny postage rate, but the Minister has found feeling there growing in its favor, and very soon it is expected the penny postage will prevail throughout the Empire. The interchange of ideas between the two countries will be greatly promoted by the adoption of the penny rate.

President Wilson of the Trackmen's Union, has stated that there are indications now that the trouble with the Canadian Pacific Railway Company will be settled in a few days by arbitration.

General Manager McNicoll of the C.P.R. states that were it not for intimidation on the part of the striking trackmen the company could get all the men it wanted in the place of the strikers.

Eastern Canada to a large extent has been sweltering under a tropical heat wave. At Toronto the temperature registered at 97, the highest record of a June temperature for sixty years.

A destructive rainstorm has caused an immense amount of damage to property in Quebec Province. At East Angus the Royal Paper Company lost 16,000,000 feet of logs.

The Boers attacked two block houses on the Delagoa Railway near Brugespruit Bight. An armoured train arrived and scattered the Boers, killing four. It is reported that twenty casualities were carried off. Field Cornett Depriez has surrendered at Pietersburg with 64 men.

Diamonds have been discovered in New Zealand.

The postal authorities in Washington are worrying over the case of a man who advertises to cure deafness without fail for a certain sum. To those who send the required amount the advertiser sends 2,000 pills, with directions to to take not more than one a day, guaranteeing a a cure when all the pills have been used. As it will require something more than five and a half years to determine whether he is telling the truth, the authorities are puzzled as to whether they can make case against him.—Ad. Writer.

—The Dominion Day celebration at Vancouver was a great success. The results of the games were; Cricket, Vancouver beat Victoria; lacrosse, Westminster beat Vancouver 19 to 1,

DOMINION—DAY SPORTS.

The Athletic Sports held on Monday the first were not as exciting as those of last year. None of the events were so keenly contested nor so interesting to the spectator as those of previous years. The tug-of-war proved the most exciting event and aroused considerable enthusiasm. The stalwart white team won however in splendid style. The inability of both Ashcroft and Kamloops to put a base-ball team in the field was a great disappointment to everyone.

The jumping was good and throughout the events Arthur Phair proved that in him Lillooet has an athlete of whom she may be proud. Of the others Frank Riley and Bertie Phair are worthy of special mention. H. Keary and Henry Hodge acted as starters and S. Gibbs & D. Hurley as ludges.

The following is the list of events & PRIZE WINNERS

MONDAY JULY 1ST.

1. Boys Race 8 yrs. 75 40 5z
   1st, G. Marshall. 2nd, Eagelson and Hurley.
2. " " 10 " 1.00 75 50
   1st. Joe Williams.
3. 100 yard foot race 5.00 2.00
   1st. Arthur Phair. 2nd Jim Bald.
4. 75 " 3 legged race 4.00 2.00
   1st. Billy and Tommy. 2nd. Bert Phair and W. Mackivor
5. 200 " amateur foot race 5.00 2.50
   1st. Harry Indian. 2nd. Jim Bald.
6. 75 " sack race 2.00 1.00
   No entries.
7. ¼ mile amateur foot race 5.00 3.00
   1st. Arthur Phair. 2nd. Frank
8. Running Long Jump 3.00 2.00
   1st. B F Riley. 16 ft. 7 in. 2nd Bert Phair 16 ft. ½ in.
9. " Hop Step and Jump 3.00 2.00
   1st. Arthur Phair 41 feet 4 in. 2nd. B. F. Riley 40 feet 3 in.
10. 100 yard Obstacle race 3.00 2.00
    No entries.
11. Running High Jump 3.00 2.00
    1st. B. F. Riley. 2nd. B. Phair.
12. Vaulting with pole 3.00 2.00
    No contest.
13. Throwing the Baseball 3.00 2.00
    1st. J. Russell 85 yards. 2nd. Charles Noel.
    Tug of War —Whites vs. Indians. Won by whites.

Tuesday July 2nd.

The racing events held on Tuesday were more exciting and more keenly contested than the sports of the preceding day. The horses which were entered this year were of a better quality than those of previous years. The keenest interest of the day centered in the open race in which D. Hurley's Bulger, the winner of many an exciting anb hard fought horse race, finished second o Henry Cargile's Skinny. Skinny was purchased about a year ago from a Siwash for $15.

THE WINNERS

of the various events were as follows:

1. The Cayoosh Creek Pony Race ¼ mile Dash 7.50 4.00
   5 entries, 1st. Andrew's Grey 2nd. Clinton, 3rd. Barnes and Cargile.
2. The Lillooet Stakes, ¼ mile and repeat ——10.00 5.00.
   1st. heat:-
   1st. Dick [Peters]
   2nd. Jimmie [Tyee Jimmy]
   3rd. White Horse. [Jim]
   2nd. heat:-
   1st. Dick.
   2nd. Jimmie.
3. The Scum- Scum ¼ mile Single Dash ——10.00 5.00
   1st. Skinny [Barnes and Cargile.]
   2ns. Grey [Andrews]
4. The Cyclone, ¼ mile Single Dash last horse to win 5.00 2.00
   No decision.
5. Open race ½ mile and repeat 40.00
   1st. Skinny. [Barnes]
   2nd. Bulger [Dan Hurley]
6. Consolation race 10.00
   No race.

Great credit is due our constable Mr. Hume, for the very orderly conduct of the large crowd present. Considering that considerable jubilating was being done the behavior of the crowd was remarkably good.

New York, July 2.—The unprecedent-heat in Eastern American cities is responsible for a long mortality list and much sickness.

Vancouver, July 2.—A man named W. West was instintly killed yesterday on the C.P.R. while riding a railway velocipede.

DOMINION DAY.

Last Monday, the residents of Lillooet and vicinity celebrated the 34th anniversary of Confederation. True it is that all the Provinces did not at first favor the principles involved in Confederation; yet the wave of patriotic feeling which started feebly in the Maritime Provinces, touching Prince Edward Island even tardingly, gradually gained force as it came westward until it swept the North-West Provinces and later our Province of British Columbia. This action of the Western Provinces seems to have had a good reflex influence on Prince Edward Island for, in the year 1872 she joined the rest of the Provinces in forming a great Dominion. Newfoundland alone now stands separated from the Dominion.

In our day no one doubts the wisdom and foresight of statesmen such as Lord Monck, Sir John A. MacDonald, Hon. Geo. Brown and others who worked for Confederaton against almost overwhelming odds. The opposition to Confederation surprises us now. Even at a late a date as April 25, 1893, Mr. J. A. Froude the eminent historian, says that "Constitutions were granted to Canada and to the other great Colonies with a distinct view towards their separation from the Mother Country". But the old doctrine of non-extension has given way to that of Imperial Federation, and favored treaty clauses. With a United Empire King Edward has commenced a reign of liberty and power.

The fear of being shut off from Lillooet seems to have sunk deeply into the heart of the Ashcroft Journal man, as in the issue of June the 29th, he administers what he considers a most caustic rebuke to the Prospector because it had the presumption to oppose the proposed road from Ashcroft to Lillooet via the Fountain. The tone of the article would lead one to infer the Ashcroft was an essential part of Lillooet's success; that, in fact, to be shut off from shorter communication with Ashcroft would would be as a death-knell in our ears.

Now, what are the facts? Up to the time when several Asheroft gentlemen showed their good sense by investing money on McGillivray Creek, how much has Ashcroft ever invested here? We have been informed by one who is in a position to know, that the two dollars and a half which recorded the Ben D'Or was all that Ashcroft ever invested in this district. On the other hand, for years back, Ashcroft, as every one knows, derived a very considerable portion of its trade from Lillooet, and the fact that these men are so extremely anxious to side-track the Lytton road proves conclusively that this trade is badly missed.

[illegible] states that Lillooet with its present outlook needs all its friends. We, in our turn, would respectfully suggest, that Lillooet mining properties never looked better; the large amount of work done on Bridge River claims, by companies whose operations are temporarily checked by financial difficulties, shows that our faith in that country has been more than justified. The slur on Lillooet's mining prospects, implied in the words quoted above, does not look much like 'saying a good word for Lillooet'. In the article at which the editor of the Journal takes so much umbrage there was no 'wanton insult', as any one can see who reads it. The Journal almost reminds one of the Irishman at Donnybrook fair. We have no desire, however much opportunity there may be, to indulge in personalities. The term idiocy, when uttered by people getting the worst of a discussion, reflects of itself on those who make use of it.

The Journal asks if we have authority to speak for the whole district of Lillooet. We can say that we have never yet met the man in West Lillooet who, in the slightest possible degree, favored the proposed road. When we say that the road would receive no support from Lillooet we simply say what we know to be true.

THOUGHTS FROM BYRON.

TRUST IN YOURSELF.

A great deal of our most useful knowledge must be buffeted into us, and that is the chief good you will reap by mixing with society.

A great fault with young men is to trust too implicitly to the opinions of others—quite the reverse of what people generally suppose.

Trust your own judgment where you have reason to think you possess any, and a man need never be at any loss in settling this point.

Never ask any person's advice; I mean just what I say. You may ask another for information, because another may be better informed upon a given matter than you; but to ask advice is to imply that you have no judgment of your own to rely upon, and if you lack the judgment requisite for an undertaking, do not attempt it.

LOVE.

Like the measles, love is most dangerous when it comes late in life.

Love is a tickling sensation in the chest which one cannot get at to scratch.

FRIENDSHIP AND LOVE.

Friendship may, and often does, grow into love; but love never subsides into friendship.

STORIES OF CHILD LIFE.

Leo had been a very bad boy and Mamma had reproved him and told him that until he had made up his mind to be good he need not speak to her. Leo looked very black and then said, "O, well, I guess I'll go and kill myself". Mamma replied, "It might be a very good thing". Leo "Well, I'm going Mamma". [A pause.] Leo "I tell you I'm going Mamma!" Another pause. But with a sudden flood of tears the little fellow flung himself down into his mother's arms and sobbed, "Oh, hinder me mamma, hinder me.

"Say, Mamma, ain't we made of dust?" "Yes, dear". "Well why don't we get muddy when we drink?"

To punish a little girl for greediness in helping her, the mother had set her the task of eating all she had taken on her plate or be whipped. After trying to get away with it, she looked up at her father with a most serious face and asked, "Papa, which you rather, bust or be whipped?"

Wilson & Senkler, Inns of Court Building corner Hastings and Hamilton streets in the city of Vancouver, the solicitors for the above named trustee, on the 7th day of June, 1901, at the hour of three o'clock in the afternoon.

Dated this 17th day of May, A. D. 1901.

FREDERICK C. TIREMAN,
Trustee.

NOTICE.

RESERVATION OF WATER.

NOTICE is hereby given that all the unrecorded water in every river, stream or lake situated within a belt lying between the 49th and 55th parallel of north latitude, and extending easterly for a distance of one hundred (100) miles from the sea coast, is hereby reserved for the purpose of making provision for supplying power for operating pulp mills, or for other industrial purposes.

The water so reserved may be acquired from the crown under the authority of the Water Clauses Consolidation Act by any specially incorporated company, for use for the purposes above mentioned, upon such company showing to the satisfaction of the lieutenant-governor in council that it is financially and in other respects in a position to establish and carry on the operation of an industrial enterprise of a beneficial nature, and subject to such terms and conditions as the lieutenant-governor in council may direct.

A record of the reservation of water hereby provided for shall be made by each commissioner and Gold Commissioner whose district is affected thereby, such record and reservation to be subject to the provisions of section 136 of the Water Clauses Consolidation Act, 1896.

The Prospector is the best advertising medium in this section Have your ad, in at once.

A large stock of Stationery will be here in a few days, so bring in your orders for Letterheads, Envelopes, Billheads, etc.
