General News of Lillooet District

FOUND—A pair of spectacles. Apply at the Prospector office.

Found—A purse, apply at this office.

Jack Eagleson paid a visit to Lytton this week.

Mr. T. P. Reed left this week for Riske Creek, Chilcotin, where he will remain until the Fall.

C. E. Gooding, district superintendent of Government telegraph, is in town on a tour of inspection.

Mr. W. P. Wollocott and Mr. J. R. Fournier, teachers respectively in Lillooet and Seton Lake Schools leave Sunday and intend to spend the vacation in Victoria.

Dominion sports will be great.

"That boy of mine," said the angry father "is just a natural born fool." "Of course," retorted the neighbor, and there was that in his tone that made the father want to climb the fence and go after him.

Those who tried the High School Entrance Examination this week in Lillooet school, conducted under the supervision of Mr. J. K. Fournier were Dorathy Kinder, Julian Dickey, and Kitchener Bell.

"In announcing the collection," remarked the pastor, "I shall repeat that he who giveth unto the poor lendeth unto the Lord, only adding that the Lord has no use for brass buttons, except as mementos of the donors."

Mr. P. B. Lewis, proprietor of the Victoria Hotel, returned from Lytton last evening, accompanied by his sister Mrs. Robert Walsh, of London, Ontario; his daughter Miss Lewis, of Ursuline College, Chatham, Ontario, and his son from High School, London, Ont.

J. M. Mackinnon of Vancouver, arrived in town this week and left for the Fountain ranch; he was met by Mr. Hooper, the local manager, who is highly pleased with the general prospects of a bumper crop of the farm products.

The Victoria Hotel has been renovated from cellar to roof, and now presents a very handsome and comfortable appearance. The painting, decorating and extensive glass front reflects much credit on Mr. P. B. Lewis, proprietor, who has had the work under his personal supervision.

W. L. Mitchell, of Notch Hill, arrived in town Wednesday and left Thursday for the 15-mile ranch, he was accompanied by G. N. Deaver, local manager, who stated that the general outlook is very good, and there is every indication of a bumper crop this year.

You see grandma, we perforate an aperture in the apex, and a corresponding aperture in the base; and, by applying the egg to the lips and forcibly inhaling the breath, the egg is entirely discharged of its contents. "Bless my soul," cried the old lady, "what improvements they do make! Now, in my young days, we just made a hole in both ends and sucked."

War Gleanings

Paris, Official—Yesterday the Expeditionary corps in the Dardanelles attacked the Turks forces on two-thirds of the front. Summing up the report says the day ended with success along the whole line, despite the desperate nature of the struggle. We took some prisiners, among whom were several officers.

The important point is that we have captured the ground which commands the head of the ravine of Kereves Dere, which the Turks had defended with the utmost determination for several months, using all their resources to hold it.

It is reported that Serbia is concentrating a large army, and that as soon as it is ready, a general ad ance in force will be made into Austrian territory.

Heavy storms have hampered the Italian advance in the Trentino and towards Triests. Attacks on the fortresses of Malborghetto continue, and small actions in the Tyrol mountains and along the Isonzo River are chronicalled with comparatively small gains on either the Italian or Austrian side.

There is a check in the Argonne, where the Germans used asphyxiating gases in large quantities, was offset by claims of gains in the Meuse and Lorraine sectors. Big advantage claimed in the Alsace advance where Metzeral has fallen to the Gallic arms and the Latins are drawing near the permanent German fortifications on the Rhine. The fall of Souchez is predicted, which would, in great measure, open the way to an advance on Lens. Artillery battles continue along the British and Belgian fronts, but Paris special despatches intimate that the time is near when the British and Belgians with the French, may take the offensive with the hope of success.

Petrograd---It is officially announced that Russian submarines have sunk a large steamer and two sailing vessels belonging to the Turks in the Black Sea.

A Zeppelin airship was destroyed near Zeebrugge on June 22.

London, June 23.--- Lecturing at the Queen's Hall last night Hilaire Belloc said that if the Germans in the campaign in Galicia did not acquire something of a local decision, they had strategetically suffered defeat.

Even the occupation of a point so strategically important as Lemberg was not a decision, It did not permit the enemy to realize his object. It did not mean disaster for the Allies. The enemy had expended not only a great amount of munitions, but over half a million men in his advance in Galicia.

Victoria --- An application for habeas corpus on behalf of several Austrians who objected last week to internment at Fernie has been mentioned before Mr. Justice Morrison at Victoria.

If these prisoners are to be interned, intern them, and if they rebel, give them a "leaden pill" or a few inches of "cold steel," the same as they would us if we were in their country.

Weeds on Vacant Lots

Special bulletin from the Commission of Conservation.

What undoubtedly constitutes a menance to those farmers who are making an honest effort to keep their farms clean is the crop of weeds found growing on vacant lots and roadsides in and around our towns and cities. These vacant lots are often nothing more nor less than nurseries and breeding places for all kinds of weeds. This is especially true of towns where large areas adjoining have been subject to wildcat sub-divisioning and have had roadways ploughed, forming lodging places for weeds, which are allowed to grow unmolested. These produce countless numbers of seeds, to be blown and scattered by the winds over the farms. So far, bulletins, articles and advice pertaining to weed control have been directed at the farmer. A glance at the conditions found in most of our cities and towns will prove convincing that the farmer is not entirely to blame in the matter of weed seed production and distribution.

In the West the weed inspectors are being trained and instructed along lines that will enable them to assist the farmers in weed control, while at the same time provision by law is made to prevent a farmer from allowing his farm to become a breeding place for weeds and a menace to his neighbours. In most towns there are by-laws covering the weed problem but too often they are not enforced. Those living in towns and cities should co-operate and do their bit in the war against weeds. This is an important matter, and should receive strict attention by every town council. Action should be taken at once and not deferred until the weeds ripen and scatter their seeds.

The Vancouver Chamber of Mines has requested the various candidates who have been nominated for the Provincial Legislature to pledge themselves to support a mining policy laid down by the Chamber of Mines.

The main item of the policy is the recommendation that the portfolio of mines be separated from any other office in the Cabinet. Other recommendations are: that investigations and maps of new mineral fields should be prepared and published ; that technical education be arranged for in mining camps; that a complete survey of iron ore resources should be made; that investigations into accidents be made promptly; that an efficient policy of trail construction be adopted; that steps should be taken to promote placer and lode gold productions.

It is suggested that steps be taken to prevent fraudulent promotion of mining companies, that government aid should be given to the Chamber of mines, that local marble be specified for public buldings, and that taxation on mines be revised.—Advertiser

---

Paris---A number of Bulgarian reservists living in Swiszerland have been notified by their government to hold themselves in readyness to rejoin their regiments at a moment's notice, says a Geneva despatch to the Journal

Lillooet Nine Win Second Game

Last Sunday the Lillooet and Lytton baseball teams clashed in the second game of the home and home series, at the latter's picturesque baseball park.

Lillooet being the visitors went to bat first and were retired without a score. In Lytton's half of the first inning they scored twice, on a drop fly. The game seesawed back and forth until the fifth inning when Manager Chittick (Leu) sent Bert Craig to bat for Sandy Duguid (injured). Bert was there in a pinch and from then on, it was all Lillooet. The final score was Lytton 13, Lillooet 16.

The game was played in the teeth of a forty-mile gale and to the strains of the "Lytton Gasoline Tin Band."

Among the individual players, although they all played great ball, might be mentioned the name of the Lillooet catcher, "Kid" Armstrong, who played a brillant game. Getting no less than three hits, scoring three runs and batting in two more runs.

LYTTON	
F. Sinclair	pitcher
Buck Buchanan	catcher
Appleline	1st base

Slim Anderson	3rd base
R. Fournier	short stop
J. Eagleson	right field
S. Duguid, B. Craig	centre field
T. Hurley	left field

Two Bodies Found

Last Sunday evening the body of a man was found in the Fraser river, by E. Ostrander, opposite his ranch on the Lytton road. The authorities were informed, and Dr. H. Christie and Constable Wm. Spiller left for the scene.

The body was in a decomposed state and was interred in the adjoining bank.

Body—Age about 25, height 5 feet 7 inches, clean shaven face, weight 165 pounds and well built.

Dress—Suit of Standfields underclothing, heavy blue overalls, grey socks, pair of black lace boots about size 9 half-soled, and a black fancy leather belt.

The body of a man was found at High Bar, on Monday. Details are lacking, but it is supposed to be the body of either the Provincial Constable or the Game Warden, who were drowned just below Fort George about a month ago, through a boat capsizing.

Wanted

If W. E. Innes, Englishman, (supposed to be in the Bridge River section) will communicate with the Provincial Police, he will hear something to his benefit People in England are seeking information.

THE PROSPECTOR.

Red Backs

A clergyman was very anxious to introduce some hymn books into the church and arranged with his clerk that the latter was to give out the notice immediately after the sermon. The clerk however had a notice of his own with reference to the baptism of infants to give out; accordingly, at the close of the sermon, he rose and announced that "All those who have children whom they wish to have baptised please send in their names, at once, to the clerk." The clergyman, who was stone deaf, assumed that the clerk was giving out the hymn-book notice, and immediately arose, and said, "And I should say, for the benefit of those who haven't any, that they may be obtained at the vestry, any day, from 3 to 4 o'clock; the ordinary little ones at one shilling each, and the special ones with red backs at one shilling and fourpence."

Notice to Creditors

In the matter of the estate of Charles McCaffrey late of the town of Lillooet, British Columbia, Teamster, deceased, intestate.

TAKE notice is hereby given that letters of Administration to the above estate issued out of the Supreme Court of British Columbia to the undersigned on the 17th day of May A.D. 19I5 and notice is hereby further given that all parties having claims against the above estate are required to forward particulars of said claims to the undersigned verified by Statutory Declaration on or before the 1st day of July A.D. I9I5 after which last mentioned date the undersigned will proceed to distribute the assets of the said estate having regard to the claims filed, and will not be responsible for the payment of any claims not filed before the date above mentioned.

Dated at Lillooet, B.C, this I9th day of May I9I5.

CAROLINE McCAFFREY
Administratrix of the estate of Charles McCaffrey, deceased, intestate,
Lillooet, B.C.

Water Notice

Use and Storage

Take notice that Richard Hawkins whose address is Watson Bar, B.C. will apply for a licence to take and use 80 acre feet and to store one acre foot of water out of 1st creek on West side of Watson Bar creek, which flows in a Northerly direction and drains into Watson Bar creek about 1 mile from its mouth. The storage dam will be located at a point about 2 miles from mouth of 1st creek. The capacity of the reservoir to be created is about 1 acre ft. and it will flood about 40 acres of land. The water will be diverted from the stream at a point about 20 chains from the S.W. corner of Lot 304 Lillooet District, and will be used for irrigation purpose upon the land described as Lot 304 Lillooet District.

This notice was posted on the ground on the 1oth day of May, I9I5.

A copy of this notice and an application pursuant thereto and to the "water act, I9I4" will be filed in the office of Water Recorder at Clinton, British Columbia. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

RICHARD HAWKINS, applicant
