LILLOOET PROSPECTOR

VOL. 6, NO. 24 LILLOOET, B. C., FRIDAY, APRIL 14, 1916. $2 PER YEAR

TWO WELL KNOWN OFFICIALS RETIRE

Mr. John Dunlop Appointed to Positions Vacated by Messrs. Phair and Saul.

Mr. Caspar Phair, who was appointed Government Agent at Lillooet on the 7th of January, 1878, has just been superannuated after 38 years service, and we see by the estimates that he receives the second largest allowance granted to any officer in the Province.

Mr. Phair also held the following offices: Sheriff for Clinton Judicial District, Registrar of Supreme Court for Clinton Judicial District, Registrar County Court of Cariboo, Registrar under the Marriage Act for Lillooet District, Registrar of Voters for Lillooet Electoral District, Coroner for County of Cariboo, Stipendary Magistrate and Judge of Small Debts Court for County of Cariboo, Commissioner for taking Affidavits within the Province, Gold Commissioner for Lillooet Mining Division, Assessor for Lillooet and Cariboo District.

Mr. Phair is a well known resident of Lillooet and during his many years in the service of the government has conducted himself in such a manner as to gain the respect and esteem of all with whom he came in contact. He leaves his many offices with an honourable record, and we are sure the people of this district will join with the Prospector in wishing him many more years of health and happiness.

Mr. William Saul, who has retired from the office of Stipendary Magistrate, was born in Dublin, Ireland, in 1836, and came to Canada when two years of age, living in Ontario for some years. He moved to B.C. in 1863, where he engaged in farming and mining, and many years ago was appointed magistrate at Clinton. He has been a resident of Lillooet for the past three years and has filled the office of Stipendary Magistrate during that time. Mr. Saul left for Clinton on Wednesday, where he will make his home.

Mr. John Dunlop, who has been appointed to most of the offices previously held by Mr. Phair, will also act as Stipendary Magistrate. He has been a prominent merchant in this district for many years and is well and favourably known. We believe he will fill his new positions with tact and ability and to the general satisfaction of the people with whom he will come in contact.

To Assist Prospectors.

A feature of the new mining legislation this year will be plans for the establishment of a sampling plant for ores. At present, testing of ore in volume has to be done at Denver, Colo., as the nearest point. The intention is to establish a large sampling plant probably in Vancouver.

Another proposal to be worked out will be that of providing experts from the mines department to go into the field and give advice and aid to prospectors when the latter bring in samples of ore which indicate that their find is worth while.

PACKING PLANT FOR LILLOOET

Messrs. Swartz Bros., Wholesale Dealers of Vancouver will Establish Plant Here.

Mr. S. A. McFarlane informs us that in conversation with Messrs. Swartz Bros., the wholesale fruit and produce dealers of Vancouver, recently, they signified their intention of putting in a packing plant in Lillooet early in June, and will be in a position to handle all kinds of fruit and vegetables from that date. This will be good news for the people of this district, who will now be able to deal directly with this firm in Lillooet instead of shipping to the coast and relying on the wholesale merchants there to look after interests. There has been much dissatisfaction in the past, and very small profits have been realized in many cases, but this will now be remedied by the installion of the plant here.

Messrs. Swartz Bros. bought a large quantity of fruit here last year and, we believe, gave good satisfaction, and we hope the growers in this district will do everything in their power to make the new venture a success.

Lillooet fruit had the reputation last year of being the best on the Vancouver market, and we believe if the growers will pay strict attention to cultivation and keeping the trees in a clean condition that reputation will be maintained, and in a few years this district will be in the first rank as a producer of fruit and vegetables in the Province. We have the climate; all that is needed is intelligent work.

Half-Way House News

From our own correspondent.

The Rev. Mr. Butler extended his bi-weekly visit to the Half-Way by spending Monday and Tuesday as the guest of Mr. and Mrs. McGillivray. He was an interested spectator at a riding exhibition and along with some others of us showed remarkable speed in corral climbing.

Mr. French was a visitor at the Half-Way last week-end and served up quite an entertainment in the musical line. His vocal abilities were greatly admired and a subject for much praiseworthy comment.

Messrs. J. Martin, inspector of schools, W. C. Cowell of Ashcroft and W. C. Keeble of Lytton were among the Half-Way's weekly guests.

Some people will dodge work, others will wait until work comes to them. But when three ladies will go four miles to wash school windows, well there--Nuff said.

WOMEN MAY GET THE VOTE

Victoria, April 13, 1916.

(Special to the Prospector.)

Speaking in the House this afternoon on the John Place Bill for women's suffrage, Premier Bowser announced that when the Government brought in its amendments to the Elections Act in order to provide for votes for soldiers, it would also bring down a further amendment to extend the franchise to women on the same basis as men enjoy at present. This would become effective on Jan. 1st, 1917, if favoured by a majority vote on a referendum to be taken at the next general elections.

Local Items of Interest

Mr. Geo. Carson of Pavilion was in town yesterday.

Andrew Swartz has leased his ranch at 14-mile, Lytton road, for five years, to Jim Man Lee.

Mrs. Geo. Carson and Miss Sebring, of Pavilion, are visiting their mother in town.

Mr. J. Martin, school inspector, of Kamloops, visited the schools in this district this week.

Mr. W. C. Cowell, of Kamloops, Dominion Lands Agent, was a visitor in town during the week.

Mr. W. C. Keeble, a well-known resident of Lytton, renewed acquaintances in Lillooet this week.

Mrs. J. N. Cran, who has been visiting friends in New Westminster for several weeks, returned home on Sunday.

The Rev. Archdeacon Pugh held services in St. Mary's church here on Sunday and also called on many of his friends.

A new addition is being built to the Government telegraph office, which will be occupied by Mr. French as a residence when completed.

W. McIntyre, of Lillooet, arrived in the city last night on a visit to his brother Murdock, proprietor of the Coldwater hotel.—Nicola Valley News.

The brigade had a run to a fire in a shack in the lane behind the Wo Hing block yesterday. The blaze was put out before any serious damage was done.

Messrs. P. T. Power and E. A. Richardson, commercial travellers from Vancouver, registered at the Excelsior hotel Tuesday night and left for Clinton Wednesday morning.

The latest report is that the P. G. E. railway will get a train through to Lillooet some time tomorrow. We have quit guessing as to the time of its arrival, but this report is probably right.

H. Graham, Indian Agent at Lytton, was in Hope Tuesday. An important event in his life will take place on the 25th inst. Miss Miller, of All Hallows school, Yale, is the fortunate lady.—Review.

Jas. Dickey, jr., who owns the Red Creek stock ranch, about 18 miles from Lillooet, arrived from Vancouver yesterday, bringing with him a noted thoroughbred stallion, which he will use for breeding purposes on his ranch.

Mr. W. Adams has received a letter from Mr. Frank Stephens, who was a visitor here recently, informing him that the W. Baker killed in the war was from Fort George, and is not the man who held the position of constable in Lillooet some time ago.

Mr. and Mrs. A. E. Noel, who have spent the winter in Vancouver, arrived in town Sunday evening. They will spend a short time here before leaving for Bridge River. Mr. Noel informs us that capitalists from the coast and elsewhere are making many inquiries regarding mining properties in this section, and he looks for great activity during the coming summer.

Mail-Carrier's Difficulties.

Mr. W. W. Jones, postmaster at Rexmount, tells an interesting story of the difficulties he experienced in delivering the mail to the residents of Bridge River during the past winter. He was caught in the snowdrifts at Mission and was nine days breaking a trail to the summit of the mountain, where he was compelled to leave his horses from Jan. 22nd to March 28th. He made several trips to and from Lillooet, carrying the mail on his back. All the mail had arrived at Rexmount on April 3rd and was delivered two days afterwards, the mail-carrier having to make a trail three miles long above the regular road in order to get the horses through, and had a large gang of men employed for a considerable time. He thinks it will be some time in May before the road will be fit for automobile or wagon traffic.

J. K. More, general road superintendent, is expected to be in Lillooet shortly to look after the opening of the road and put it in shape for travel.

Seton Lake News

From our own correspondent.

Mr. Martin, inspector of schools, paid a visit to Seton Lake school this week and reported the progress and attendance of pupils satisfactory.

Mr. Arthur, foreman of Seton Lake Hatchery, made a flying trip of inspection into the Black Water country. It is the intention of the fisheries department to hatch trout there this year.

Mr. Fournier spent the week-end at Bryson's ranch, Pavilion, the guest of Mr. Smith, the Pavilion pedagogue.

Mrs. Prosser called on Miss Arthur at the hatchery this week.

Bridge River News.

Mrs. Morton, the only woman trapper in this section, has been very successful during the past winter and has secured ten lynx, besides several mink and muskrat and other fur-bearing animals.

Grant White is putting up a sawmill on his property on Brooke's creek, opposite Tayoughton creek.

The new machinery installed at the Pioneer mine is giving good satisfaction and the mine is now working full blast.

Messrs. Hamilton, Walker and Ferguson have completed their contract on the Wayside mine.

C. P. Dam, of the Golden Dream Mining Co., expects a large shipment of machinery as soon as the P.G.E. railway commences operating again.

Messrs. J. W. Johnston, P. Regan and J. S. Ross are spending a few days in Lillooet.

Church Services

Methodist: Sunday School at 11
Evening service 7.30
Subject: "What Human Life and Time Demands."
Duet by Mrs. Carson and Miss Sebring.
Pastor—Rev. J. R. Butler
Everybody cordially invited.

APRIL 14, 1916.

INTERNED SHIPS.

Dun's Review is probably the best barometer for indicating business conditions of the Dominion. Its report of 7th inst. is very encouraging. It shows merchandise, wholesale and retail, as improving everywhere from Montreal to Vancouver. Railway earnings and commercial failures generally indicate the trend of trade, and on these points the report is gratifying. The gross earnings of all Canadian railroads for March is 30.5 per cent. greater than for the same month last year, and the commercial failures number 35 for the week as against 40 the previous week.

There is, however, one great impediment to our progress in B.C.--the want of transportation facilities by water. As natural to expect, this shortage of vessels has increased the freight rates enormously. A few weeks ago a jump was recorded when rates on lumber to Australia increased two dollari a thousand. Now the Shipmasters' Association of the Pacific Coast announces another advance--the rate to Sydney being increased to $24.00 and to Melbourne $26.00.

This increase on freight rates has been foreseen for some time and an agitation for home shipbuilding has been started. But ships cannot be built in a day.

There are thousands of vessels belonging to Germany interned in British ports. Why not utilize some of those vessels to aid us in our extremity? There may be international reasons for not using them for this or any other purpose, but a nation like Germany that has so outraged international reasons might well be ignored in this connection. If any of them were torpedoed she would only be bringing "one of her own chickens home to roost."

It seems to us that our present Agent-General, Hon. Sir Richard McBride, who knows every phase of our commercial condition as well probably as any man living, and who has on many occasions rendered valuable service to the Empire—a fact well known in London—has a splendid opportunity of pressing our necessity on the attention of the home Government. But no matter how commanding a man's position may be he needs support. This support should be forthcoming immediately. The press of the Province should take this matter up with haste and vigor. If this is done we imagine our transportation difficulties will disappear as if by magic.

BRIDGE RIVER MINING.

The prospects for Bridge River the coming season are far brighter than most people expect. On all the properties where work is being done at present the owners are going about it in an up-to-date manner and are developing their holdings to prove what they have. A few properties are being opened up thoroughly and the owners are highly pleased with the showings so far. The increased railway facilities will also be of immense help in getting machinery on the ground at a much less expense than formerly.

The future of Bridge River as a mining district looks exceptionally bright and in a very short time more attention will be paid to it by outside capitalists owing to the richness of the yellow metal in the different sections.

Business is quiet all over the country, but this will not last long, and we may look for greatly increased activity in the Bridge River district this summer.

CAREFUL SELECTION OF DAIRY CATTLE

Not only interest but real value attaches to the question of carefully noting the individual performance of each cow in the herd. It is only after keeping a complete record that one finds such a strange contrast as this: Of two five year old cows in one herd, both fresh the same day, both dried off the same week, one gave 5,454 pounds of milk and 213 pounds of fat, the other gave only 3,570 pounds of milk and 153 pounds of fat. Most probably the owner would not have taken on a bet at the beginning of the season that the one cow could bring in over twenty-two dollars more than the other, but she did.

In another section, of two cows the same age, one gave 8,430 pounds of milk and 362 pounds of fat, but the other gave only 1,690 pounds of milk and 67 pounds of fat. Is there a difference of eighty-eight dollars in the earning power of any two cows in your herd?

Building up a profitable dairy herd includes the selection of good individual cows. The rational method is to weigh the milk and test samples regularly for fat. Write to the Dairy Division, Ottawa, for information on cow testing, so that your selection may be intelligent, so that your profits may be larger.

Thos. Somerville, of Lytton, is gazetted to be a deputy mining recorder for the Ashcroft mining division, with sub-recording office at Lytton.

Land Lease Notices

LILLOOET LAND DISTRICT
DISTRICT OF LILLOOET

Take notice that Joseph O. Trethewey, of Hanceville, B.C., occupation rancher, intends to apply for permission to lease the following described land.

Commencing at a post planted about 7 1-2 miles in a southerly direction from pre-emption 2771 on the east side of a small creek that empties into the White river. Commencing at this post, thence north 80 chains, thence east 80 chains, thence south 80 chains, thence west 80 chains, to point of commencement, 640 acres. Joseph Ogle Trethewey, applicant

Water Notice

USE AND STORAGE

Take notice that I, Carl Milton whose address is 20-Mile Ranch, Lytton-Lillooet Road, Lytton, B.C., will apply for a license to take and use and store, one hundred inches (100) and to store 100 inches of water out of Laluwissin creek which flows westerly and drains into the Fraser river about 20 miles north of mouth of Thompson river The storage dam will be located at ~~south half~~ Sec. 22 Tp. 17. The capacity of the reservoir to be created is about 500 ac ft and it will flood about 40 acres of land. The water will be diverted from the stream at the existing ditch head and will be used for irrigation purposes upon the land described as homestead frac. S.E. & S.W. 1-4 sec. 30 Tp. 17, Rg. 27 w. of 6th M.

This notice was posted on the ground on the 15th day of November, 1915.

A copy of this notice and an application pursuant thereto and to the requirements of the "Water Act" will be filed in the office of the Water Recorder at Ashcroft B.C.

Objections may be filed with the said water Recorder or with the Comptroller of water rights, Parliament Buildings, Victoria, B.C., within thirty days after the the first appearance of this notice in a local newspaper.

The undertaking to be exercised is situated in the territory about 20 miles north of Lytton, where the Fraser river runs north to south the said land lies east of said river.

CARL MILTON,
applicant.

The date of the first publication of this notice is March 17.

WATER NOTICE

Diversion and Use

Take notice that John McIntosh Jones whose address is Big Bar, P.O. B.C. will apply for a licence to take and use 25 acre feet of water out of an unnamed spring known as French Bar Springs, which flows westerly and sinks into the ground about three-quarters of a mile east of Lot 3472, Lillooet District.

The water will be diverted from the stream at a point about three-quarters of a mile east of Lot 3472, Lillooet District. Three-quarters of a mile east of N.E. corner lot 3472, and will be used for Domestic and Irrigation purposes upon the land described as Lot 3472. Lillooet District.

A copy of this notice and an application pursuant thereto and to the "water act, 1914" will be filed in the office of Water Recorder at Clinton, British Columbia. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

J. M. JONES, applicant.

This notice was first published in the Prospector on the 8th day of October, 1915.

Water Notice

Use and Storage.

Take notice that George Henry Felker, whose address is 144 Mile House, Lac La Hache, B.C., will apply for a license to take and use 200 acre feet and to store 75 acre feet of water out of Jones Creek, which flows in a N. W. direction and drains into St. Jose River, about one mile from St. Josephs Mission. The storage-dam will be located at N W. 1-4 and N E. 1-4 of Sec. 29, Tp. 41, Cariboo District. The capacity of the reservoir to be created is about 100 acre feet, and it will flood about 25 acres of land. The water will be diverted from the stream at a point about 700 yards S.E. of the N. W. corner of N.W. 1-4 of Sec. 29, Tp. 41, Cariboo District. and will be used for irrigation purpose upon the land described as Lot 39, Cariboo District.

This notice was posted on the ground on the 8th day of March, 1916.

A copy of this notice and an application pursuant thereto and to the "Water Act, 1914." will be filed in the office of the Water Recorder at Clinton, B.C.

Objections may be filed with the said Water Recorder, or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.

GEORGE H. FELKER, Applicant.

The date of the first publication of this notice is March 24, 1916.

Production and Thrift

"CANADA from her abundance can help supply the Empire's needs, and this must be a comforting thought for those upon whom the heavy burden of directing the Empire's affairs has been laid. Gain or no gain the course before the farmers of Canada is as clear as it was last year—they must produce abundantly in order to meet the demands that may be made and I believe this to be especially true in regard to live stock, the world's supply of which must be particularly affected in this vast struggle. Stress and strain may yet be in store for us all before this tragic conflict is over, but not one of us doubts the issue, and Canadians will do their duty in the highest sense of that great word."—*HON. MARTIN BURRELL, Minister of Agriculture.*

"MODERN war is made by resources, by money, by foodstuffs, as well as by men and by munitions. While war is our first business, it is the imperative duty of every man in Canada to produce all that he can, to work doubly hard while our soldiers are in the trenches, in order that the resources of the country may not only be conserved, but increased, for the great struggle that lies before us. *'Work and Save'* is a good motto for War-time."—*SIR THOMAS WHITE, Minister of Finance.*

THE CALL OF EMPIRE COMES AGAIN IN 1916

TO CANADIAN FARMERS, DAIRYMEN, FRUIT GROWERS, GARDENERS

WHAT IS NEEDED? THESE IN PARTICULAR—

WHEAT, OATS, HAY,
BEEF, PORK, BACON,
CHEESE, EGGS, BUTTER, POULTRY,

CANNED FRUITS, FRUIT JAMS,
SUGAR, HONEY, WOOL, FLAX FIBRE,
BEANS, PEAS, DRIED VEGETABLES

We must feed ourselves, feed our soldiers, and help feed the Allies. The need is greater in 1916 than it was in 1915. The difficulties are greater, the task is heavier, the need is more urgent, the call to patriotism is louder—therefore be thrifty and produce to the limit.

"THE AGRICULTURAL WAR BOOK FOR 1916" is now in the press. To be had from The Publications Branch, Department of Agriculture, Ottawa.

Lytton News

From our own correspondent.

Coroner G. B. Baillie held an inquest Friday, April 7th, on the body of Fred Boyle, a well-known rancher of Hat Creek, who was found unconscious on the C.P.R. track near Lytton on Monday evening of last week, and who afterwards died in the Lytton hospital. No evidence was forthcoming as to what particular train was responsible for the death of Boyle, but it was surmised that it was No. 4, eastbound. The jury, of which J. H. Anthony was foreman, brought in the following verdict: That deceased came to his death on the C.P.R. track. No evidence was given as to how he was killed.

DISTRICT AND PROVINCIAL NEWS

Alex. McLean, of High Bar, an old timer who has spent the greater part of his life in that section, has gone to Kamloops to receive treatment at the hospital there.

Frank Fritz, the pioneer prospector of the 23-Mile district, came in from his claims Monday bringing with him samples of his high-grade copper ore.—West Yale Review.

Dr. Schardschmidt of Vancouver has received authority to recruit 250 men as reinforcements for the First Canadian Pioneers. Application is to be made at 525 Pender street and upper country men are especially invited to join.

The property of A. E. Burdett, of Alexis Creek, was burned down a few weeks ago. The fire is supposed to have been caused by the explosion of a lamp. The property was covered by insurance to the extent of $2,000.

A four drill compressor, hoist, two pumps and a 50-h.p. boiler arrived in Merritt last week for the Aberdeen Mining Syndicate and are being hauled to the mine and will installed within three weeks, when the new road being constructed is expected to be ready and ore shipping will be resumed.

The analysis of the sample of sugar beets grown by Chas. R. Lee of Barnhart Vale, proves beyond the shadow of a doubt that Kamloops district is well adapted for the production of sugar beets suitable for factory purposes. Capt. J. T. Robinson has offered a special cash prize of $10 for the best samples exhibited at the fall fair and keen competition is expected this year.

R. L. Clarke, the well known Nicola rancher, arrived home on Tuesday after a trip to Ontario, where he purchased for ranches in Nicola district 40 head of fine bulls. Thirty-nine are Durhams of remarkably fine breed and condition. "Bob" was assisted in his selection by the owner of some of the best pedigreed cattle in Ontario. The purchasers are the Guichons at Quilchena, Douglas Lake Cattle Co., W. M. Lauder and Mr. Clarke himself.—Nicola Valley News.

A German prisoner named Forseller was "found missing" when the roll was called at the Internment Camp at Vernon on Sunday night, and is still at large, though every effort is being made to locate him. This man is said to be a particularly dangerous alien and served for some time last year in the 54th Battalion, where he had enlisted as a Belgian. Suspicion was aroused and he was arrested as a spy, and found to be a German. It is not known how he effected his escape and apparently there is no clue to his present whereabouts.—News.

Married in Alameda.

The following account of a wedding in Alameda will be of considerable local interest, as the contracting parties are both well known here. The groom was formerly proprietor of the Excelsior hotel, while the bride is a sister of Mr. D. Hurley.

Alameda, April 3.—Miss Mabel C. Hadley of Alameda and Wm. J. Abercrombie of Vancouver are to be married tomorrow afternoon at 3 o'clock. The ceremony will be performed by the Rev. Leslie Burwer of the First Methodist church of this city at the Burwer residence on Central avenue. Mr. and Mrs. Mortin H. Hughes are to be the attendants.

The bride will be gowned in midnight blue silk and will carry lilies of the valley and bride roses. Mrs. Hughes, the matron of honor, will wear blue silk poplin.

Following the ceremony the wedding party will leave for San Francisco, where a weddiug supper will be served. Wednesday Mr. Abercrombie and his bride will sail for Vancouver on the steamer Queen. During the spring the couple expect to travel extensively, making a trip east and visiting the principal points of interest in the United States.

Miss Hadley is a well known resident of Alameda, where she has spent most of her life. Abercrombie is a Vancouver mining man and interested in numerous business lines. The future home is to be in Vancouver.
