MAY 25 1915
VICTORIA, B.C.

THE PROSPECTOR

VOL. 5, NO. 30 LILLOOET, B. C., FRIDAY, MAY 21, 1915. $2 PER YEAR

General News of Lillooet District

Music at the moving picture show to-morrow night.

A movement is on foot to organize a local lacrosse team. Get into line ye sports.

Wilfred Lewis, of London, Ontario, will arrive in Lillooet shortly, to be the guest of Mr. P. Lewis of the Victoria. Wilfred is a noted "baseball fiend" and will be a welcome addition to the local nine.

The arrival of "W" is eagerly being looked forward to.

The excursion train on the Pacific Great Eastern railway, will leave Lillooet at 7.30 a.m. sharp on Saturday morning. A train is also due to arrive in Lillooet at 8.45 p.m. on Sunday.

Mr. Welch, of P.G.E. railway, passed through town this week enroute for the coast, where he will meet Hon. W. J. Bowser and the P.G.E. officials, concerning the recommencing of construction work on the line. Mr. Bowser hopes to make an announcement of the success of this endeavor almost immediately.

The Canadian Engineer says: Vancouver is in market for power sites, and mentions a point ten mile up Seaton from Lillooet, on the Pacific Great Eastern Rly. as one. There 200,000 horsepower may be developed, and by additional storage this amount could be increased to 400,000 horse-power. The cost at the power house switch-board is estimated at $35 per horse - power and $65 per horse-power in Vancouver.

Mr. Frank Keen, representing Fletcher Bros. Ltd., Vancouver, is at the Victoria Hotel. He is a player-piano expert, a recognized authority in B.C. and is engaged particularly in the sale of the Gerard Heintzman Player-Piano, Canada's Peerless, made in Canada, by Canadians, for Canadians The advent of the player-piano has revolutionized the teaching of music; it is to music what printing is to literature, it is a piano with a college education.

Mr. Keen sincerely believes the ordinary upright piano will some day disappear. Several of Lillooet's most prominent citizens have placed orders for Gerard Heintzman player-pianos.

A preliminary estimate prepared by direction of the Minister of Lands shows that the total value of the timber products of British Columbia for the year 1914 is $28,680,000 as compared with $33,600.000, the total for the previous year.

It will be remembered that the last five months of 1914, was seriously affected by the war upheaval, that conditions were unsettled for a month or two previous to the outbreak of hostilities owing to the political situation in Europe and the consequent stoppage of the flow of capital necessary to feed devlopment enterprises in Canada in common with other countries; also that the war led to internment, destruction and commandeering of tonnage. Under such circumstances affecting practically six months of last year, the decline in the figures is much less than might have been anticipated.

Sunday School Musical Service

At the Methodist church on Sunday evening May 23rd, at 7.30 p.m., a service will be held in the interests of the Sunday school. Mr. W. Adams will preside. Solos will be song by Mrs. Asselstine, Ellen Bridge, and others. Mr. Frank Keen, the distinguished Player-pianist will give a selection from his repertoir on the player-piano, which has been kindly lent for the occasion. The selection will include some or the works of Beethoven, Handel, and Rubenstein.

A short appeal on behalf of the funds of the Sunday school will be made and a collection taken up for this desirable object.

It is sincerely hoped that all who can will attend and support shis most important part of the Church's work.

J. K. More, road supt. is in town.

See Mr. Pyman's advt. on another page.

T. J. Wynn. Inspector of police, spent a couple of days here this week.

Dr. Clarke has returned to town from Kamloops where he attended "special functions" at the masonic temple.

The steel on the Pacific Great Eastern railway is to be laid to Clinton. Work is supposed to be started to-morrow.

J, C. Wilson, late of Hudson Bay Co. is making his initial visit to town on behalf of his new firm, Andrew Usher & Sons of Edinburgh, Scotland.

Mr. J. M. Mackinnon of Vancouver, has been here for the past week looking after his interests. He paid a visit to the 18-mile ranch and was surprised to see how far advanced the fruit and vegetables are in the distoict. He was accompanied by Mr. Hooper.

Lillooet War Fund.

A committee meeting of the Lillooet War Fund was held last night at Dr. H. A. Christie's office, the chair being taken by Mr. W. Adams at 7.30 p.m. The business of the committee was as to the disposal of the present monies now on hand viz: $123.38. It was moved by Mr. W, J. Abercrombie that £10 0 0 be sent to the Overseas Club Tobacco Fund, London, England, for the purchase of Tobacco and Cigarettes for the comfort of Canadians now at the front and the balance of the fund to be forwarded to the Red Cross Society of Vancouver. Seconded by Mr. S. Gibbs, motion carried.

The commitoee also decided to ask Mr. Wm. McIntyre to become an active member of the committee.

A draft has been forwarded by Hon-Sec. Le Mare to the Treasures of the Overseas Club Tobacco fund, Aldwych, London, Eng. for the sum of £10 0 0.

As the Red Cros Fund is badly in need of help, the committee are anxious to make every endeavour to collect a substantial sum to assist this noble cause.

War Gleanings

There is no definite news with regard to Italy, neither any answer from Germany, to American note, up to going to press.

Terrible onslaughters are prevailing at all the battle fronts. The Allies report they have captured miles of trenches. Heavy casualties are reported on both sides.

London, May 19.—The formation of a non-partisan Cabinet for the period of the war is an established fact. The spokesmen for the two great rival parties, Premier Asquith and Bonar Law, made statements in the House of Commons today, confirming the reports of a coalition ministry which several newspapers launched yesterday.

London, May 19—An official announcement by the British War office in connection with the appeal by Lord Kitchener, for men for the army, states it has been decided that recruits enlisting into the regular army for the duration of the war shall be accepted up to 40 years of age and that the minimum standard height for such recruits shall be 5ft 2in for the infantry. This decision applies also to enlistment into the territorial forces.

This undoubtedly is a good move and will give a good many men the opportunity they have been looking for.

Athens—The Allies have silenced the forts of Kalid Bahr, and the fall of Fort Namafa is imminent, according to advices received here, It is reported that the fleet concentrated its fire on the group of batteries composing Kalid Bahr, and aided materially in the assault by the land forces.

Dance

The Squamish base ball nine and the Lillooet team are billed to clash on the home ground on Monday, May 24th, The game is called for 2 o'clock, and should prove a very interesting one.

A dance, (under the auspices of the Lillooet Ball Club) will take place in the Santini hall. the same evening, commencing at 8.30 p.m. sharp. As this is the first dance to be given by the "Club" it is desired that all who can, will attend and make it a huge success. The admission is, gentlemen $1.00, Ladies free.

New York, May 18.—The big fleet of war ships which has been at anchor in the Hudson river for ten days steamed out to sea at 11 o'clock today with President Wilson reviewing the five mile line as it passed the Mayflower, off the Statue of Liberty.

Liquor Licence Act

(SECTION 48)

Notice is hereby given that on the 22nd day of June 1915, application will be made to the Superintendent of Provincial Police for the transfer of the licence for the sale of liquor, by retail, in and upon the premises known as the Excelsior Hotel, situate at Lillooet, B.C., from W. J. Abercrombie to Alexander C. Phair of Lillooet.

Dated at Lillooet this 21st day of May, 1915.

W. J. ABERCROMBIE,
Holder of Licence.

ALEXANDER C. PHAIR,
Applicant for Transfer.

Expansion of B.C. Lumber Trade

The lumber trade of British Columbia and the Dominion at large is likely to benefit to a tremendous extent in the near future as a result of the decision arrived at by the Department of Trade and Commerce to appoint a special trade commissioner to make a tour of the principlal lumber markets of the world in the interests of our export trade in forest products. The selection of the right man for the mission was important, and when the choice fell upon H. R. MacMillan, Chief Forester of British Columbia, there was further cause for satisfaction. Fully conversant with all details concerning our vast stores of raw material, and strongly confident of the advantages to be ultimately derived therefrom, Mr. MacMillan combines with these good qualities an earnest manner, a pleasing personality and the ability to express himself fluently. He undoubtedly is the right man for the job.

The appointment of a special lumber trade commissioner was largely due to the energetic representations made by Hon. W. R. Ross, Minister of Lands for British Columbia, and the Coast and Mountain Lumbermen's Associations, the object in view being the securing of new markets for British Columbia forest products of all kinds. The lumber industry is the chief industry in the province, containing half its industrial capital investment, employing half its labor, and defraying half its total pay-roll. Upon its welfare the general prosperity of the province depends more than anything else. The province has both a forest resource and a mill capacity capable of supplying several times the present market demand, which just now is unusually small because of the prevailing industrial depression.

British Columbia has a large share of the domestic (B.C. and Praries) trade, but supplies only an insignificant proportion of the total lumber exports from the Pacific Coast or North America to foreign markets. There are various reasons for this. It is not due to any lack of quality and quantity of timber and mills. Rather it is because in the past the demands of the domestic market have been great enough to take most of our products, and therefore but little attention has been devoted to building up a foreign market. The result is that our present foreign trade is now actually smaller than it was ten years ago. the foreign buyers are unfamiliar with our products, and nearly all the trade and shipping is controlled by the United States

Our efforts should be both to capture a fair share of the present foreign trade in lumber and also to build up a new trade---to increase the offshore demand by an aggressive and systematic campaign to advertise the merits of our various products. In the countries of the British Empire---especially the United Kingdom, South Africa, India, Australia and New Zealand---it should be expected that, other things being equal, our products should receive the preference.

It would be a great benefit if reciprocal tariffs could be arrang-

Expansion of Lumber Trade

(From page one)

ed between Canada and the rest of the Empire which would give our lumber a preference. Such an arrangement has been in force with South Africa and as a result British Columbia supplies 65 per cent. of the total Pacific Coast exports to that country. A similar proportion of Australia's trade in lumber would start every British Columbia logging camp working and every sawmill running.

Mr. MacMillan's efforts are to be chiefly devoted to locating the foreign buyers, ascertaining what they buy, acquainting them with the merits of our products, discovering new possible uses for them, learning everything possible about how the trade is conducted in the various counteries, and finally, to presenting all this information to the government in such form that it may be most useful and available to our manufacturers and shippers.

The itinerary of Mr. MacMillan's world - encircling tour as first arranged would have sent him to the Orient as a starting point, but at the last moment his route was changed to the eastward instead of westward. Leaving Victoria on April 17th he planned to visit Toronto, Ottawa, Montreal and United States cities, sailing from New York for England. He will spend about two months in the United Kingdom and France before proceeding to South Africa, through which country he will travel extensively. From there he will go to Australia and New Zealand, and thence to India, China and Japan, returning home about Christmas on the Nippon-Yusen liners, by way of Yokohama.
