General News of Lillooet District

What about the Dominion Day celebrations ?

Mr. F. H. Souther, of P. G. E. staff, left for his home in Sault Lake City, this morning.

"Woe to those who oppse us," says the Kaiser, It will take more than a "Whoa" to stop the Allies,

Chas. Noel, arrived in town on Wednesday evening from Bridge river; he states that things are good in that section.

Girls, says the Central Unemployed Body, may be employed as lift attendants. Another recognition of the elevating influence of women.

Miss Whitehead, Nurse at the Lillooet Hospital, returned to Lillooet this week from the coast after having spent an enjoyable holiday. Miss Whitehead was accompanied here by her sister, Miss L. Whitehead.

The officials of the Pacific Great Eastern Railway have been here in force for the past week and have reopened constuction work on the line. Work is being pushed at a goodly pace, and the rail will be laid to the town bridge by tonight.

Among the many residents of Lillooet who took advantage of the Special train to Vancouver last Saturday; —Mrs. G. Carson, Misses Whitehead, Sebring, and Reed, Mr. A. B. Greig, B.N.A. Mr. and Mrs. M. Foster.

The baseball match played here on May 24th, between the married and single, after a severe contest, resulted in a win for the single men by the score of 8 to 4. It was a very exciting game right up to the finish.

The dance which was given by the Lillooet Baseball Club, in the Santini Hall, the same evening, was a real success, some thirty couples being present. A very enjoyable time was spent by all.

Mr. and Mrs. J. M. Okoneski are at present staying at the home of Mr. and Mrs. A. F. Noel. Mrs. Okoneski sister of Mr. Noel resided here some 17 years ago, and in renewing her acquaintance with the town under its new conditions, is highly pleased at its bright prospects.

Mr. Okoneski is, in company with his wife, making a world tour. His impressions of this country are such as to lead him to view its future, especially as regards Lumber development, with much satisfaction. He himself representing large private lumber interests in Minneapolis, and being a prominent member of the Lumber Exchange of that city, as well as occupying high official positions in American lumber associations is well qualified to take a perspective view of the chances of huge developement awaiting the B.C. lumber market and in conversation with an official of the Lillooet Forest office expressed the view that this province was especially fortunate in having as Minister of Lands and Chief Forester two men (Hon W. R. Ross and H. R. McMillan) who are bent upon great achievements in connection with our forest resources.

"Music Hath Charms"

The truth of this old saying was once more demonstrated, when on Sunday last, a large audience, which assembled at the Methodist Church, was given a musical treat of no mean order.

The occasion was (as announced in last week's issue of the Prospector) the Sunday School Benefit; and the success which attended the efforts of the promters (Mrs. J. S. Bell and Mr. W. T. Bridge) amply justified the conviction that the citizens of Lillooet are fully alive to not only to the benefits conferred by Sunday Schools in the past, but to the necessity for their future maintenance.

The appreciation of a delighted assembly was shown at the handling of the Violin in "Ore Maria" and "Adoration" by Mr. Brenton (of Vancouver), as well as the able rendering by that gentleman, of two vocal solos "There is a green hill far away" and "The Promise of Life." Mrs. Asselstine's rendering of the song "Babylon" with violin and piano accompaniment was all that could be desired. Ellen Bridge was successful in her singing of "Face to Face."

But perhaps the song which "reached the heart" of the audience as much as anything was that simple and beautiful refrain "Suffer the Children to Come unto Me" sung by Mrs. J. S. Bell, the children joining in the chorus. These beautiful words set to simple music and sung by infant voices set the key note of the meeting. In the words of that command there is the whole argument for the Sunday school.

An eloquent appeal by the Chairman Mr. Adams on behalf of the Funds of the Sunday school was responded to to the tune of $16.50.

The hymns led by the piano, organ and violin were heartily enjoyed.

Heartiest thanks is due to Mrs. F. E. Anderson, for her services at the piano (kindly lent by Mr. Keen, Vancouver), and to Mr. Falkner, who presided at the organ,

Mrs. Bell and W. T. Bridge are desirous of expressing their appreciation of the attendance of such a number of local residents and to say that, should any who failed to be at the service, desire to contribute to the aforementioned fund they will gratefully receive any sum on behalf of "Lillooet's Little Learners."

War Gleanings

Italy has joined the Allies and are making good progress.

Report are to hand of the advance of the Allied forces, along practically the whole frontage.

The British submarine E-4 carrying eight torpedoes, running the gauntlet in the Dardanelles, sank two torpedo boats, one large collier, and five transports, all Turkish.

H.M.S Tuiumph has been sunk in Dardanelles, Majority of the officers and men were saved.

The American Steamship Nebraskan has been torpedoed by a German submarine off the Irish coast, The ship managed to get to port. No lives were lost,

Dominion Park Pamphlets

The Dominion Parks Branch has recently issued three publications which are noteworthy on account of the attractive form in which they are printed and the interesting matter they contain. They are: "Classified Guid to Fish and their Habitat, Rocky Mountains Park"; "The Nakimu Caves"; and "Glaciers of the Rockies and Selkirks."

The fish guide is written for the sportsman and naturalist rather than the scientist. It is a compilation of first-hand information for anglers by one who has fished in all the principal waters of the park. It takes up each locality, describes the best means of reaching it, the different varieties of fish which can be secured, and the best bait to use. The game fish of the Rockies include five species of trout, one of which—the Lake Minnewanka trout—has been known to run as high as 40 lbs. The Grayling, the Dolly Varden and the Cut Throat throat trout are found in many of the lakes and streams of the park and a fish hatchery has recently been established at Banff for the purpose of re-stocking those which have become depleted.

The second pamphlet gives an interesting account of the formation, character and discovery of the famous Nakimu Caves near Glacier, B.C. These interesting natural curiosities are supposed to be about 40,000 years old and consist of a series of undergrouud chambers, some of them fifty feet high and more than two hundred feet long, hollowed out partly by erosion and partly by volcanic action, and opening into each other at different levels. The walls of the caves are covered with strange florescent limestone formations and they reverberate to the roar of the underground torrents. The different chambers have been given names suggestive of their characteer, and when they lit with electricity and proper guards and handrails have been placed on the stairs and platforms, they should be among the most interesting sights in the Rockies for tourists.

"Glaciers of the Rockies and Selkirks" is by Dr. A. P. Coleman, Professor of Geology in the University of Toronto, and bears on the cover an attractive reproduction in color of a sketch of Mt. Ball, one of the picturesque

continued on Page 4

Wilhelm, no doubt, when his life ebbs out
Will ride in a flaming chariot,
Seated in state on a red hot plate
Between satan and Judas Iscariot,
Ananias will say to the devil that day
My right to precedence is done,
Put me up higher, away from the fire
To make room for that villainous hun.

The Kaiser family telephone number to date is:

Kaiser, 2L; Young Bill 2L2.

We have more on hand but we are afraid that our gentle readers could not bear more at present.

Police Lieutenant Becker is to visit the "chair" for the murder of Herman Rosenthal, at New York.

Correspondence For Prisoners of War in Germany

1. Letters (letters should be left open) postcards and postal parcles should be addressed as follows:—

Rank, initial. name.
Regiment, or other unit.
British (or Canadian, French, Belgian, or Russian) prisoner of war.
Place of internment.
Germany.

Place of internment should be stated always if possible, and parcels cannot be accepted unless place of internment is stated. All addresses must be in ink.

2 Communications should be limited to private and family news and to necessary business communications, and should not be sent too frequently. No references to the Naval, Military or Political situation or to naval or military movements or organizations are allowed. Letters or postcards containing such references will not be delivered.

3 Friends of prisoners of war are advised to send postcards in preference to letters as postcards are less likely to be delayed. If letters are sent, they should not exceed in length two sides of a sheet of note paper and should contain nothing but the sheet of note paper. On no account should the writing be crossed.

4 Letters cannot for the present be accepted for registration.

5 Postage need not be paid either on letters or parcels addressed to prisoners of war.

6 No letters should be enclosed in parcels, and newspapers must not on any account be sent. So far as is known there is no restriction on contents of parcels; tobacco may be sent and will be admitted duty free but food stuffs of a perishable nature should not be sent. Parcels should not exceed 11 lbs. in weight.

7 Remittances can be made by money order to prisoners of war. Instructions as to how to proceed can be obtained from Postmasters of Accounting Post Offices. The transmission of coin, either in letters or parcels, is expressly prohibited. Postal notes and Bank notes should not be sent.

8 It must be understood that no guarantee of the delivery of either parcels or letters can be given and that the Post Office accepts no responsibility. In any case, considerable delay may take place and failure to receive an acknowledgement should not necessarily be taken as an indication that letters and parcels sent have not been delivered.

9 So far as is known, prisoners of war in Germany are allowed to write letters or postcards from time to time; but they may not always have facilities for doing so and the fact that no communication is received from them need not give rise to anxiety.

The hen was slowly and deliberately crossing the country lane, pecking assiduously for possible morsels of food. Suddenly a motor car flashed swiftly around the corner—then vanished in a cloud of dust.

The hen picked herself up and shook herself, thoughtfully,

"Gee!" she soliloquised," some rooster that!"

Dominion Park Pamphlets

(From page one)

peaks near the Divide. Dr. Coleman is a scientist with the imagination of a poet and he has written the story of the formation and work of the Canadian glaciers with all his well known literary charm. The pamphlet should prove not only a great help to the student of glacial phenomena who visit the parks but it should inspire many Canadians with a desire to see the wonderful mountain scenery of their own country for themselves, "to put on,' as Dr. Coleman says, "warm, strong clothes and hobnailed shoes and to fill one's lungs with mountain air in a scramble up to the smowfields to see how the glacial machinery works."

The pamphlets may be obtained upon application to the Dominion Parks Branch, Ottawa, without charge.

Water Notice

Diversion and Use

Take notice that the Golden Dream Mining Co. whose address is Lillooet, will apply for a licence to take and use eight cubic feet and store nine hundred acre feet of water out of Sucker Lake, which flows northerly and drains into Bridge river at Sucker creek. The storage dam will be located at Sucker creek. The capacity of the reservoir is about , and it will flood about 24 acres of land. The water will be diverted from the stream at a point on Sucker creek about half a mile from exit from the lake and will be used for Mining purposes upon the mines described as the Marconi and Dennison mineral claims and on the Golden Dream Mining leases.

This notice was posted on the ground on the 8th day of April, 1915.

A copy of this notice and an application pursuant thereto and to the "water act, 1914" will be filed in the office of Water Recorder at Clinton, British Columbia. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in a local newspaper.
